Subject: Direct Sellers
Dean:

Harley Duncan has referred your inquiry about Streamlined and direct sellers to me. In the course of implementing the Streamlined agreement, including registration and amnesty provisions, we have received inquiries from direct sellers and certified service providers about how direct sellers should register and claim amnesty. We are aware of state/direct seller agreements where the distributor and not the seller collects the tax. We have decided to form a working group to discuss these issues surrounding direct sellers. We would welcome your participation. If you have suggestions for who should be involved or what should be discussed, we would welcome that too.
