Thanks Steve, I just wanted everyone to know that I agree with Frank and think these things should already be in the agreement. Thanks

Steve

As we have previously discussed, we think it is very important to have the Streamlined Sales Tax Agreement amended to (1) require the states to give 60 days' notice before implementing any rate changes (as is currently required for local rate changes), and (2) provide for single, uniform sales tax remission dates, so as to eliminate the weekly remittances that a few states (e.g., Illinois and Ohio) now require.

I would like your help in getting these issues on the agenda for the August SSTP meeting, and, more importantly, getting these changes incorporated in the Agreement as quickly as possible.

Please let me know your thoughts on what we can do to get this accomplished.

Thanks.

Frank
