1 **ARTICLE I**
2 **PURPOSE AND PRINCIPLE**
3

4 **Section 101: TITLE**

5 This multistate Agreement shall be referred to, cited, and known as the Streamlined Sales and
6 Use Tax Agreement.
7

8 **Section 102: FUNDAMENTAL PURPOSE**

9 It is the purpose of this Agreement to simplify and modernize sales and use tax administration in
10 the member states in order to substantially reduce the burden of tax compliance. The Agreement
11 focuses on improving sales and use tax administration systems for all sellers and for all types of
12 commerce through all of the following:

- 13 A. State level administration of sales and use tax collections.
14 B. Uniformity in the state and local tax bases.
15 C. Uniformity of major tax base definitions.
16 D. Central, electronic registration system for all member states.
17 E. Simplification of state and local tax rates.
18 F. Uniform sourcing rules for all taxable transactions.
19 G. Simplified administration of exemptions.
20 H. Simplified tax returns.
21 I. Simplification of tax remittances.
22 J. Protection of consumer privacy.
23

24 **Section 103: TAXING AUTHORITY PRESERVED**

25 This Agreement shall not be construed as intending to influence a member state to impose a tax
26 on or provide an exemption from tax for any item or service. However, if a member state
27 chooses to tax an item or exempt an item from tax, that state shall adhere to the provisions
28 concerning definitions as set out in Article III of this Agreement.
29

1 **Section 104: DEFINED TERMS**

2 This Agreement defines terms for use within the Agreement and for application in the sales and
3 use tax laws of the member states. The definition of a term is not intended to influence the
4 interpretation or application of that term with respect to other tax types.

5
6 An alphabetical list of all the terms defined in the Agreement and their location in the Agreement
7 is found in Appendix B of this Agreement, the Index of Definitions. Terms defined for use
8 within this Agreement are set out in Article II of the Agreement. Many of the uniform
9 definitions for application in the sales and use tax laws of the member states are set out in
10 Appendix C of this Agreement, the Library of Definitions. Definitions that are not set out in
11 Appendix C are defined when applied in a particular section of the Agreement and are set out in
12 that section of the Agreement. The appendices have the same effect as the Articles in the
13 Agreement.

14
15 **Section 105: TREATMENT OF VENDING MACHINES**

16 The provisions of the Agreement do not apply to vending machines sales. The Agreement does
17 not restrict how a member state taxes vending machine sales.

18

1 **ARTICLE II**
2 **DEFINITIONS**
3

4 The following definitions apply in this Agreement:

5 **Section 201: AGENT**

6 A person appointed by a seller to represent the seller before the member states.

7 **Section 202: CERTIFIED AUTOMATED SYSTEM (CAS)**

12 An agent certified under the Agreement to perform all the seller's sales and use tax functions,
13 other than the seller's obligation to remit tax on its own purchases.

14 **Section 204: ENTITY-BASED EXEMPTION**

15 An exemption based on who purchases the product or who sells the product. An exemption that
16 is available to all individuals shall not be considered an entity-based exemption.

17 *Compiler's note: On October 1, 2005 Section 204 was amended by adding the second sentence. Each member state*

A seller registered under the Agreement that has sales in at least five member states, has total annual sales revenue of at least five hundred million dollars, has a proprietary system that calculates the amount of tax due each jurisdiction, and has entered into a performance agreement with the member states that establishes a tax performance standard for the seller. As used in this definition, a seller includes an affiliated group of sellers using the same proprietary system.

Compiler’s note: On September 30, 2009 Section 207 was amended by adding ”registered under the Agreement” after the first “seller.” The amendment became effective upon its adoption.

Section 207.1: MODEL 4 SELLER

6 *Compiler's note: On October 1, 2005 Section 214 was amended as follows: "An exemption based on a specified use*
7 *of the product by the purchaser's use of the product."* Each member state shall comply with the October 1, 2005
8 *amendment to this section no later than January 1, 2008.*

9

1 **ARTICLE III**

2 **REQUIREMENTS EACH STATE MUST ACCEPT TO PARTICIPATE**

3

4 **Section 301: STATE LEVEL ADMINISTRATION**

5 Each member state shall provide state level administration of sales and use taxes. The state level
6 administration may be performed by a member state's Tax Commission, Department of Revenue,
7 or any other single entity designated by state law. Sellers are only required to register with, file
8 returns with, and remit funds to the state level authority. Each member state shall provide for
9 collection of any local taxes and distribution of them to the appropriate taxing jurisdictions.
10 Each member state shall conduct, or authorize others to conduct on its behalf, all audits of the
11 sellers registered under the Agreement for that state's tax and the tax of its local jurisdictions,
12 and local jurisdictions shall not conduct independent sales or use tax audits of sellers registered
13 under the Agreement.

14

15 **Section 302: STATE AND LOCAL TAX BASES**

16 Through December 31, 2005, if a member state has local jurisdictions that levy a sales or use tax,
17 all local jurisdictions in the state shall have a common tax base. After December 31, 2005, the
18 tax base for local jurisdictions shall be identical to the state tax base unless otherwise prohibited
19 by federal law. This section does not apply to sales or use taxes levied on the retail sale or
20 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile
21 homes.

22

23 **Section 303: SELLER REGISTRATION**

24 Each member state shall participate in an online sales and use tax registration system in
25 cooperation with the other member states. Under this system:

- 26 A. A seller registering under the Agreement shall be registered in each of the member states.
27 B. A model 2, model 3, or model 4 seller may elect to be registered in one or more states as
28 a seller which anticipates making no sales into such state(s) if it has not had sales into
29 such state(s) for the preceding 12 months. Such election does not relieve the seller of its

1 agreement pursuant to Section 401 (B) to collect taxes on all sales into such states or its
2 liability for remitting to the proper states any taxes collected.

3 C. The member states agree not to require the payment of any registration fees or other
4 charges for a seller to register in a state in which the seller has no legal requirement to
5 register.

6 D. A written signature from the seller is not required.

7 E. An agent may register a seller under uniform procedures adopted by the member states.

8 F. A seller may cancel its registration under the system at any time under uniform
9 procedures adopted by the governing board. Cancellation does not relieve the seller of its
10 liability for remitting to the proper states any taxes collected.

11 G. Nothing in this section shall be construed to relieve a seller or any legal obligation it may
12 have under a state's laws to register in that state or its obligation to collect and remit
13 taxes for at least thirty-six months in a state and meet all other requirements for amnesty
14 set out in Section 402 of this Agreement in order to be eligible for amnesty in such state.

15 H. Whenever a state joins the Agreement, sellers registered under the Agreement shall be
16 registered in the new state as follows:

17 1. Model 1 sellers will be automatically registered in such state.

18 2. Model 2, model 3 and model 4 sellers will be automatically registered in the
19 new state but may elect to be registered as a seller which anticipates making no
20 sales into the new state.

21 I. Upon registration, the governing board shall provide to the seller information regarding
22 the requirements and options for filing a simplified electronic return and for filing
23 remittances in any member state. Member states may provide information to sellers
24 concerning other tax return filing options in that state.

25 J. The governing board shall cause the system for registering under the Agreement to
26 include a feature that allows sellers registered under the Agreement to update relevant
27 registration data in the system and have such updated data provided to all member states.
28 The governing board shall establish conditions and procedures to allow states which are
29 not members of the Agreement to participate in the registration system.

1 K. The provisions of Subsections B and H of this section shall become effective on January
2 1, 2010.

3 *Compiler's note: On September 30, 2009 Section 303 was amended by deleting "is" and inserting "shall be" in*
4 *subsection A, the addition of a new subsection B, renumbering the preexisting B, C, D and E, and the addition of*
5 *subsections G, H, I, J, and K. This amendment became effective upon its adoption.*

7 **Section 304: NOTICE FOR STATE TAX CHANGES**

8 A. Each member state shall lessen the difficulties faced by sellers when there is a change in
9 a state sales or use tax rate or base by making a reasonable effort to do all of the
10 following:

- 11 1. Provide sellers with as much advance notice as practicable of a rate change.
- 12 2. Limit the effective date of a rate change to the first day of a calendar quarter.
- 13 3. Notify sellers of legislative changes in the tax base and amendments to sales and
14 use tax rules and regulations.

15 B. Failure of a seller to receive notice or failure of a member state to provide notice or limit
16 the effective date of a rate change shall not relieve the seller of its obligation to collect
17 sales or use taxes for that member state.

18 C. Each member state failing to provide for at least thirty days between the enactment of
19 the statute providing for a rate change and the effective date of such rate change shall
20 relieve the seller of liability for failing to collect tax at the new rate if:

- 21 1. the seller collected tax at the immediately preceding effective rate; and
- 22 2. the seller's failure to collect at the newly effective rate does not extend beyond
23 thirty days after the date of enactment of the new rate.

24 D. Notwithstanding subsection C, if the member state establishes the seller fraudulently
25 failed to collect at the new rate or solicits purchasers based on the immediately
26 preceding effective rate this relief does not apply.

27 E. Member states may provide for relief of liability for failing to collect tax as a result of a
28 tax change beyond the liability relief required by subsection C.

29 *Compiler's note: On September 5, 2008 Section 304 was amended by the addition of subsection C, D and E. This*
30 *amendment became effective upon its adoption.*

Section 305: LOCAL RATE AND BOUNDARY CHANGES

Each member state that has local jurisdictions that levy a sales or use tax shall:

- A. Provide that local rate changes will be effective only on the first day of a calendar quarter after a minimum of sixty days’ notice to sellers.
- B. Apply local sales tax rate changes to purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog only on the first day of a calendar quarter after a minimum of one hundred twenty days’ notice to sellers.
- C. For sales and use tax purposes only, apply local jurisdiction boundary changes only on the first day of a calendar quarter after a minimum of sixty days’ notice to sellers.
- D. Provide and maintain a database that describes boundary changes for all taxing jurisdictions. This database shall include a description of the change and the effective date of the change for sales and use tax purposes.
- E. Provide and maintain a database of all sales and use tax rates for all of the jurisdictions levying taxes within the state. For the identification of states, counties, cities, and parishes, codes corresponding to the rates must be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology. For the identification of all other jurisdictions, codes corresponding to the rates must be in the format determined by the governing board.
- F. Provide and maintain a database that assigns each five digit and nine digit zip code within a member state to the proper tax rates and jurisdictions. The state must apply the lowest combined tax rate imposed in the zip code area if the area includes more than one tax rate in any level of taxing jurisdictions. If a nine digit zip code designation is not available for a street address or if a seller or CSP is unable to determine the nine digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five digit zip code area. For the purposes of this section, there is a rebuttable presumption that a seller or CSP has exercised due diligence if the seller has attempted to determine the nine digit zip code

1 designation by utilizing software approved by the governing board that makes this
2 designation from the street address and the five digit zip code applicable to a purchase.

3 G. Have the option of providing address-based boundary database records for assigning
4 taxing jurisdictions and their associated rates which shall be in addition to the
5 requirements of subsection (F) of this section. The database records must be in the same
6 approved format as the database records pursuant to subsection (F) of this section and
7 must meet the requirements developed pursuant to the federal Mobile
8 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119(a)). The governing board may
9 allow a member state to require sellers that register under this Agreement to use an
10 address-based database provided by that member state. If any member state develops
11 address-based assignment database records pursuant to the Agreement, a seller or CSP
12 may use those database records in place of the five and nine-digit zip code database
13 records provided for in subsection (F) of this section. If a seller or CSP is unable to
14 determine the applicable rate and jurisdiction using an address-based database record
15 after exercising due diligence, the seller or CSP may apply the nine digit zip code
16 designation applicable to a purchase. If a nine-digit zip code designation is not available
17 for a street address or if a seller or CSP is unable to determine the nine digit zip code
18 designation applicable to a purchase after exercising due diligence to determine the
19 designation, the seller or CSP may apply the rate for the five digit zip code area. For the
20 purposes of this section, there is a rebuttable presumption that a seller or CSP has
21 exercised due diligence if the seller or CSP has attempted to determine the tax rate and
22 jurisdiction by utilizing software approved by the governing board that makes this
23 assignment from the address and zip code information applicable to the purchase.

24 H. States that have met the requirements of subsection (F) may also elect to certify vendor
25 provided address-based databases for assigning tax rates and jurisdictions. The
26 databases must be in the same approved format as the database records pursuant to (G)
27 of this section and must meet the requirements developed pursuant to the federal Mobile
28 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119 (a)). If a state certifies a
29 vendor address-based database, a seller or CSP may use that database in place of the

1 database provided for in subsection (F) or (G) of this section. Vendors providing
2 address-based databases may request certification of their databases from the governing
3 board. Certification by the governing board does not replace the requirement that the
4 databases be certified by the states individually.

- 5 I. Make databases provided pursuant to subsections (E), (F), (G) and (H) available to a
6 seller or CSP by the first day of the month prior to the first day of a calendar quarter.
7 Databases must be in a format approved by the governing board and available on each
8 state's website or other location determined by the governing board.

9 *Compiler's note: On October 1, 2005 the following amendments were made to Section 305:*

- 10 1. *In Section 305 (F) "or CSP" was added after each "seller." In addition, in two places "~~of a~~*
11 *~~purchaser~~" was replaced with "applicable to a purchase."*
- 12 2. *Section 305 (G) was amended as follows: "~~Participate with other member states in the~~*
13 *~~development of an~~ Have the option of providing address-based ~~system~~ database records for*
14 *assigning taxing jurisdictions and their associated rates which shall be in addition to the*

3 **Section 306: RELIEF FROM CERTAIN LIABILITY**

4 Each member state shall relieve sellers and CSPs using databases pursuant to subsections (F),
5 (G) and (H) of Section 305 from liability to the member state and local jurisdictions for having
6 charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP
7 relying on erroneous data provided by a member state on tax rates, boundaries, or taxing
8 jurisdiction assignments. After providing adequate notice as determined by the governing board,
9 a member state that provides an address-based database for assigning taxing jurisdictions
10 pursuant to Section 305, subsection (G) or (H) may cease providing liability relief for errors
11 resulting from the reliance on the database provided by the member state under the provisions of
12 Section 305, subsection (F). If a seller demonstrates that requiring the use of the address-based
13 database would create an undue hardship, a member state and the governing board may extend
14 the relief from liability to such seller for a designated period of time.

15 *Compiler's note: On October 1, 2005 Section 306 was amended as follows: "Each member state shall relieve sellers*
16 *and CSPs using databases pursuant to subsections (F), (G) and (H) from liability to the member state and local*
17 *jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or*
18 *CSP relying on erroneous data provided by a member state on tax rates, boundaries, or taxing jurisdiction*
19 *assignments. After providing adequate notice as determined by the governing board, a ~~A~~ *member state that provides*

24 *address-based database would create an undue hardship, a member state and the governing board may extend the*
25 *relief from liability to such seller for a designated period of time."**

26 *The amendment to this section became effective upon adoption.*

27
28 **Section 307: DATABASE REQUIREMENTS AND EXCEPTIONS**

29 A. The electronic databases provided for in Section 305, subsections (D), (E), (F), and (G)
30 shall be in a downloadable format approved by the governing board. The databases may
31 be directly provided by the state or provided by a vendor as designated by the state. A
32 database provided by a vendor as designated by a state shall be applicable to and subject

1 to all provisions of Sections 305, 306 and this section. These databases must be
2 provided at no cost to the user of the database.

3 B. The provisions of Section 305, subsections (F) and (G) do not apply when the purchased
4 product is received by the purchaser at the business location of the seller.

5 C. The databases provided by Section 305, subsections (D), (E), (F), and (G) are not a
6 requirement of a state prior to entering into the Agreement. A seller that did not have a
7 requirement to register in a state prior to registering pursuant to this Agreement or a CSP
8 shall not be required to collect sales or use taxes for a state until the first day of the
9 calendar quarter commencing more than sixty days after the state has provided the
10 databases required by Section 305, subsections (D), (E), and (F). Provided, for the initial
11 implementation of the Agreement pursuant to Section 701, a CSP shall be required to
12 collect sales or use taxes for each member state, subject to the provisions of Section 705,
13 pursuant to the terms of the operating agreement entered into between the CSP and the
14 governing board in order to provide adequate time for testing and loading of the
15 databases.

16 *Compiler's note: On October 1, 2005 the following amendments were made to Section 307:*

17 *Section 307 (A) was amended by adding the last three sentences.*

18 *Section 307 (C) was amended by adding "and (G)" after "(F)," deleting the second sentence (~~The governing board~~
19 ~~shall establish the effective dates for availability and use of the databases.~~) and adding the last two sentences.*

20 *The amendment to this section became effective upon adoption.*

22 **Section 308: STATE AND LOCAL TAX RATES**

23 A. No member state shall have multiple state sales and use tax rates on items of personal
24 property or services, except that a member state may impose a single additional rate,
25 which may be zero, on food and food ingredients and drugs as defined by state law
26 pursuant to the Agreement. In addition, if federal law prohibits the imposition of local
27 tax on a product that is subject to state tax, the state may impose an additional rate on
28 such product, provided such rate achieves tax parity for similar products.

29 B. A member state that has local jurisdictions that levy a sales or use tax shall not have
30 more than one local sales tax rate or more than one local use tax rate per local

1 jurisdiction. If the local jurisdiction levies both a sales tax and use tax, the local rates
2 must be identical.

- 3 C. The provisions of this section do not apply to sales or use taxes levied on electricity,
4 piped natural or artificial gas, or other heating fuels delivered by the seller, or the retail
5 sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured
6 homes, or mobile homes.

7 *Compiler's note: On April 18, 2006 Section 308A was amended by deleting "~~after December 31, 2005~~" following*
8 *"or services" and by adding the second sentence. The amendment to this section became effective upon adoption.*
9

10 **Section 309: APPLICATION OF GENERAL SOURCING RULES AND EXCLUSIONS**
11 **FROM THE RULES**

- 12 A. Each member state shall agree to require sellers to source the retail sale of a product in
13 accordance with Section 310. The provisions of Section 310 apply regardless of the
14 characterization of a product as tangible personal property, a digital good, or a service.
15 The provisions of Section 310 only apply to determine a seller's obligation to pay or
16 collect and remit a sales or use tax with respect to the seller's retail sale of a product.
17 These provisions do not affect the obligation of a purchaser or lessee to remit tax on the
18 use of the product to the taxing jurisdictions of that use.
- 19 B. Sections 310 and 312 do not apply to sales or use taxes levied on the following:
- 20 1. The retail sale or transfer of watercraft, modular homes, manufactured homes, or mobile
21 homes. These items must be sourced according to the requirements of each member state.
 - 22 2. The retail sale, excluding lease or rental, of motor vehicles, trailers, semi-trailers, or
23 aircraft that do not qualify as transportation equipment, as defined in Section 310,
24 subsection (D). The retail sale of these items shall be sourced according to the
25 requirements of each member state, and the lease or rental of these items must be sourced
26 according to Section 310, subsection (C).
 - 27 3. Telecommunications services and ancillary services, as set out in Section 315, and Internet
28 access service shall be sourced in accordance with Section 314.
 - 29 4. Florist sales as defined by each member state. Such sales must be sourced according to the
30 requirements of each member state.

1 *Compiler's note: On October 1, 2005 Section 309 (B)(4) was amended by deleting 2005 and inserting 2007. The*
2 *amendment to this section became effective upon adoption. Compiler's note: On December 14, 2006 Section 309*
3 *(b) was amended as follows: "~~Section Sections 310 and 312 does do~~", and 309 (B) (3) was amended by adding*
4 *"and ancillary services" following "services" and "and Internet access service" before "shall".*
5 *Compiler's note: On June 23, 2007 the date in subsection B 4 was changed from "December 31, 2007" to*
6 *December 31, 2009."*
7 *Compiler's note: On September 5, 2008 Section 309 (B)(4) was amended to delete "Until December 31, 2009," at*
8 *the beginning of the first sentence and to replace "Prior to this date, these items" at the start of the second sentence*
9 *with "Such sales." The amendment became effect upon its adoption.*

11 **Section 310: GENERAL SOURCING RULES**

- 12 A. Except as provided in Section 310.1, the retail sale, excluding lease or rental, of a
13 product shall be sourced as follows:
- 14 1. When the product is received by the purchaser at a business location of the seller,
15 the sale is sourced to that business location.
 - 16 2. When the product is not received by the purchaser at a business location of the
17 seller, the sale is sourced to the location where receipt by the purchaser (or the
18 purchaser's donee, designated as such by the purchaser) occurs, including the
19 location indicated by instructions for delivery to the purchaser (or donee), known
20 to the seller.
 - 21 3. When subsections (A)(1) and (A)(2) do not apply, the sale is sourced to the
22 location indicated by an address for the purchaser that is available from the
23 business records of the seller that are maintained in the ordinary course of the
24 seller's business when use of this address does not constitute bad faith.
 - 25 4. When subsections (A)(1), (A)(2), and (A)(3) do not apply, the sale is sourced to
26 the location indicated by an address for the purchaser obtained during the
27 consummation of the sale, including the address of a purchaser's payment
28 instrument, if no other address is available, when use of this address does not
29 constitute bad faith.
 - 30 5. When none of the previous rules of subsections (A)(1), (A)(2), (A)(3), or (A)(4)
31 apply, including the circumstance in which the seller is without sufficient

1 information to apply the previous rules, then the location will be determined by the
2 address from which tangible personal property was shipped, from which the digital
3 good or the computer software delivered electronically was first available for
4 transmission by the seller, or from which the service was provided (disregarding
5 for these purposes any location that merely provided the digital transfer of the
6 product sold).

7 B. The lease or rental of tangible personal property, other than property identified in
8 subsection (C) or subsection (D), shall be sourced as follows:

- 9 1. For a lease or rental that requires recurring periodic payments, the first periodic
10 payment is sourced the same as a retail sale in accordance with the provisions of
11 subsection (A). Periodic payments made subsequent to the first payment are
12 sourced to the primary property location for each period covered by the payment.
13 The primary property location shall be as indicated by an address for the property
14 provided by the lessee that is available to the lessor from its records maintained in
15 the ordinary course of business, when use of this address does not constitute bad
16 faith. The property location shall not be altered by intermittent use at different
17 locations, such as use of business property that accompanies employees on business
18 trips and service calls.
- 19 2. For a lease or rental that does not require recurring periodic payments, the payment
20 is sourced the same as a retail sale in accordance with the provisions of subsection
21 (A).
- 22 3. This subsection does not affect the imposition or computation of sales or use tax on
23 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
24 property for lease.

25 C. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not
26 qualify as transportation equipment, as defined in subsection (D), shall be sourced as
27 follows:

- 28 1. For a lease or rental that requires recurring periodic payments, each periodic
29 payment is sourced to the primary property location. The primary property location

1 shall be as indicated by an address for the property provided by the lessee that is
2 available to the lessor from its records maintained in the ordinary course of
3 business, when use of this address does not constitute bad faith. This location shall
4 not be altered by intermittent use at different locations.

5 2. For a lease or rental that does not require recurring periodic payments, the payment
6 is sourced the same as a retail sale in accordance with the provisions of subsection
7 (A).

8 3. This subsection does not affect the imposition or computation of sales or use tax on
9 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
10 property for lease.

11 D. The retail sale, including lease or rental, of transportation equipment shall be sourced
12 the same as a retail sale in accordance with the provisions of subsection (A),
13 notwithstanding the exclusion of lease or rental in subsection (A). “Transportation
14 equipment” means any of the following:

15 1. Locomotives and railcars that are utilized for the carriage of persons or property in
16 interstate commerce.

17 2. Trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001
18 pounds or greater, trailers, semi-trailers, or passenger buses that are:

- 19 a. Registered through the International Registration Plan; and
- 20 b. Operated under authority of a carrier authorized and certificated by
21 the U.S. Department of Transportation or another federal authority to
22 engage in the carriage of persons or property in interstate commerce.

23 3. Aircraft that are operated by air carriers authorized and certificated by the U.S.
24 Department of Transportation or another federal or a foreign authority to
25 engage in the carriage of persons or property in interstate or foreign commerce.

26 4. Containers designed for use on and component parts attached or secured on the
27 items set forth in subsections (D)(1) through (D)(3).

7 **Section 310.1: ELECTION FOR ORIGIN-BASED SOURCING (Effective January 1, 2010)**
8

9 A. A member state that has local jurisdictions that levy or receive sales or use taxes may elect to
10 source the retail sale of tangible personal property and digital goods pursuant to the
11 provisions of this section in lieu of the provisions of subsection A (2), (3) and (4) of Section
12 310 if they comply with all provisions of subsection C of this section and the only exception
13 to Section 310 is the exception provided for in subsection B of this section.

14 B. A member state may source retail sales, excluding lease or rental, of tangible personal
15 property or digital goods to the location where the order is received by the seller if:

- 16 1. The order is received in the same state by the seller where receipt of the product by
17 the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs;
- 18 2. Location where receipt of the product by the purchaser occurs is determined pursuant
19 to Section 310A (2), (3) and (4); and
- 20 3. At the time the order is received, the recordkeeping system of the seller used to
21 calculate the proper amount of sales or use tax to be imposed captures the location
22 where the order is received.

23 C. A member state electing to source sales pursuant to this section shall comply with all of the
24 following:

- 25 1. When the location where the order is received by the seller and the location where the
26 receipt of the product by the purchaser (or the purchaser's donee, designated as such
27 by the purchaser) occurs as determined pursuant to Section 310A (2), (3) and (4) are
28 in different states, the sale must be sourced pursuant to the provisions of Section 310.
- 29 2. When the product is sourced pursuant to this section to the location where the order is
30 received by the seller, only the sales tax for the location where the order is received
31 by the seller may be levied. No additional sales or use tax based on the location

1 where the product is delivered to the purchaser may be levied. The purchaser shall
2 not be entitled to any refund if the combined state and local rate or rates at the
3 location where the product is received by the purchaser is lower than the rate where
4 the order is received by the seller.

- 5 3. A member state may not require a seller to utilize a recordkeeping system which
6 captures the location where an order is received to calculate the proper amount of
7 sales or use tax to be imposed.
- 8 4. A purchaser shall have no additional liability to the state for tax, penalty or interest on
9 a sale for which the purchaser remits tax to the seller in the amount invoiced by the
10 seller if such invoice amount is calculated at either the rate applicable to the location
11 where receipt by the purchaser occurs or at the rate applicable to the location where
12 the order is received by the seller. A purchaser may rely on a written representation
13 by the seller as to the location where the order for such sale was received by the
14 seller. When the purchaser does not have a written representation by the seller as to
15 the location where the order for such sale was received by the seller, the purchaser
16 may use a location indicated by a business address for the seller that is available from
17 the business records of the purchaser that are maintained in the ordinary course of the
18 purchaser's business to determine the rate applicable to the location where the order
19 was received.
- 20 5. The location where the order is received by or on behalf of the seller means the
21 physical location of a seller or third party such as an established outlet, office location
22 or automated order receipt system operated by or on behalf of the seller where an
23 order is initially received by or on behalf of the seller and not where the order may be
24 subsequently accepted, completed or fulfilled. An order is received when all of the
25 information necessary to the determination whether the order can be accepted has
26 been received by or on behalf of the seller. The location from which a product is
27 shipped shall not be used in determining the location where the order is received by
28 the seller.

1 6. Such member state shall provide for direct pay permits pursuant to Section 326 of this
2 Agreement and the requirements of this subsection. Purchasers which remit sales and
3 use tax pursuant to such a permit shall remit tax at the rate in effect for the location
4 where receipt of the product by the purchaser occurs or the product is first used as
5 determined by state law. A member state may establish reasonable thresholds at
6 which level the member state will consider direct pay applications, provided the
7 threshold must be based upon purchases with no distinction between taxable and non-
8 taxable purchases. The member state shall establish a process for application for a
9 direct pay permit as provided herein. The member state may require the applicant to
10 demonstrate:

- 11 a. Ability to comply with the sales and use tax laws of the state,
- 12 b. A showing of a business purpose for seeking direct payment permit
13 and how the permit will benefit tax compliance, and
- 14 c. Proof of good standing under the tax laws of the state.

15 The member state shall review all permit applications in a timely manner so that
16 applicants receive notification of authorization or denial within one hundred twenty
17 (120) days. The member state may not limit direct pay applicants to businesses
18 engaged in manufacturing or businesses that do not know the ultimate use of the
19 product at the time of the purchase.

- 20 7. When taxable services are sold with tangible personal property or digital products
21 pursuant to a single contract or in the same transaction, are billed on the same billing
22 statement(s), and, because of the application of this section, would be sourced to
23 different jurisdictions, a member state shall elect either origin sourcing or destination
24 sourcing to determine a single situs for that transaction. Such member state election
25 is required until such time as the governing board adopts a uniform methodology to
26 address such sales.
- 27 8. A member state that elects to source the sale of tangible personal property and digital
28 goods pursuant to the provisions of this section shall inform the governing board of
29 such election.

1 D. Compliance with the provisions of this section shall satisfy a state's eligibility for
2 membership in this Agreement as follows:

- 3 1. If a state is in substantial compliance with each of the provisions of this Agreement
4 other than sourcing of sales of tangible personal property and digital goods as
5 provided in Section 310 and elects to source sales of tangible personal property and
6 digital goods pursuant to this section, such state may become an associate member
7 state in the same manner as provided for states to become full member states pursuant
8 to Article VIII of this Agreement.
- 9 2. A state which becomes an associate member state pursuant to this subsection shall
10 automatically become a full member state, provided that at least five (5) states which
11 are not full member states on December 31, 2007, have been found to be in
12 substantial compliance with each of the provisions of the Agreement other than
13 sourcing sales of tangible personal property and digital goods pursuant to Section 310
14 of the Agreement and have notified the governing board of an election pursuant to
15 paragraph 8 of subsection C of this section to source sales pursuant to this section and
16 have been found to be in substantial compliance with the provisions of this section.
- 17 3. The provisions of this section shall be fully effective for all purposes on or after
18 January 1, 2010.

19 *Compiler's note: On December 12, 2007 Section 310.1 was adopted. This section becomes effective on and after*
20 *January 1, 2010. On September 30, 2009 Section 310.1 was amended to delete "On or after January 1, 2010, a" in*
21 *D 2 and to delete the following after "2010" in D 3: ", provided that at least five (5) states which are not full*
22 *member states on December 31, 2007, have been found to be in substantial compliance with each of the provisions*
23 *of the Agreement other than sourcing sales of tangible personal property and digital goods pursuant to Section 310*

26 *provisions of this section. States electing to source sales under this section after that time may become full member*
27 *states if all other requirements for membership are satisfied". This amendment became effective upon its adoption.*
28

29 **Section 311: GENERAL SOURCING DEFINITIONS**

30 For the purposes of Section 310, subsection (A), the terms "receive" and "receipt" mean:

- 31 A. Taking possession of tangible personal property,

1 B. Making first use of services, or

2 C. Taking possession or making first use of digital goods, whichever comes first.

3 The terms "receive" and "receipt" do not include possession by a shipping company on behalf of
4 the purchaser.

5

6 **Section 312: MULTIPLE POINTS OF USE (Repealed on December 14, 2006)**

7 *Compiler's note: The following is the section that would have gone into effect on January 1, 2008 had it not been*
8 *repealed:*

9

10 *Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit*
11 *that knows at the time of its purchase of a digital good, computer software, or a service that the digital*
12 *good, computer software, or service will be concurrently available for use in more than one jurisdiction*
13 *shall deliver to the seller in conjunction with its purchase an exemption certificate claiming multiple points*
14 *of use or meet the requirements of Section 312, subsections (B) or (C). Computer software, for purposes of*
15 *this section includes, but is not limited to computer software delivered electronically, by load and leave, or*
16 *in tangible form. Computer software received in-person by a business purchaser at a business location of*
17 *the seller is not included.*

18 *Upon receipt of an exemption certificate claiming multiple points of use, the seller is relieved of all obligation*
19 *to collect, pay, or remit the applicable tax and the purchaser shall be obligated to collect, pay, or remit the*
20 *applicable tax on a direct pay basis.*

21 *A purchaser delivering an exemption certificate claiming multiple points of use may use any reasonable, but*
22 *consistent and uniform, method of apportionment that is supported by the purchaser's books and records as*
23 *they exist at the time the transaction is reported for sales or use tax purposes.*

24 *A purchaser delivering an exemption certificate claiming multiple points of use shall report and pay the*
25 *appropriate tax to each jurisdiction where concurrent use occurs. The tax due will be calculated as if the*
26 *apportioned amount of the digital good, computer software or service had been delivered to each*
27 *jurisdiction to which the sale is apportioned pursuant to Section 312, subdivision (A)(2).*

28 *The exemption certificate claiming multiple points of use will remain in effect for all future sales by the seller to*
29 *the purchaser (except as to the subsequent sale's specific apportionment that is governed by the principles*
30 *of Section 312, subdivisions (A)(2) and (A)(3)) until it is revoked in writing.*

31 *Notwithstanding Section 312, subsection (A), when the seller knows that the product will be concurrently*
32 *available for use in more than one jurisdiction, but the purchaser does not provide an exemption certificate*
33 *claiming multiple points of use as required in subsection (A), the seller may work with the purchaser to*
34 *produce the correct apportionment. The purchaser and seller may use any reasonable, but consistent and*
35 *uniform, method of apportionment that is supported by the seller's and purchaser's business records as*

1 they exist at the time the transaction is reported for sales or use tax purposes. If the purchaser certifies to
2 the accuracy of the apportionment and the seller accepts the certification, the seller shall collect and remit
3 the tax pursuant to Section 312, subdivision (A)(3). In the absence of bad faith, the seller is relieved of any
4 further obligation to collect tax on any transaction where the seller has collected tax pursuant to the
5 information certified by the purchaser.

6 When the seller knows that the product will be concurrently available for use in more than one jurisdiction and
7 the purchaser does not have a direct pay permit and does not provide the seller with an exemption
8 certificate claiming multiple points of use exemption as required in Section 312, subsection (A), or
9 certification pursuant to Section 312, subsection (B), the seller shall collect and remit the tax based on the
10 provisions of Section 310.

11 A holder of a direct pay permit shall not be required to deliver an exemption certificate claiming multiple points
12 of use to the seller. A direct pay permit holder shall follow the provisions of Section 312 subdivisions (A)(2)
13 and (A)(3) of this section in apportioning the tax due on a digital good, computer software, or a service
14 that will be concurrently available for use in more than one jurisdiction.

15 Nothing in this section shall limit a person's obligation for sales or use tax to any state in which the qualifying
16 purchases are concurrently available for use, nor limit a person's ability under local, state, federal, or
17 constitutional law, to claim a credit for sales or use taxes legally due and paid to other jurisdictions.

18
19 *Compiler's note: The following is the section as first enacted:*

20
21 Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit that
22 knows at the time of its purchase of a digital good, computer software delivered electronically, or a service that the
23 digital good, computer software delivered electronically, or service will be concurrently available for use in more
24 than one jurisdiction shall deliver to the seller in conjunction with its purchase a form disclosing this fact ("*Multiple*
25 *Points of Use or MPU*" Exemption Form).

26 A. Upon receipt of the MPU Exemption Form, the seller is relieved of all obligation to collect, pay, or remit
27 the applicable tax and the purchaser shall be obligated to collect, pay, or remit the applicable tax on a
28 direct pay basis.

29 B. A purchaser delivering the MPU Exemption Form may use any reasonable, but consistent and uniform,
30 method of apportionment that is supported by the purchaser's business records as they exist at the time of
31 the consummation of the sale.

32 C. The MPU Exemption Form will remain in effect for all future sales by the seller to the purchaser (except
33 as to the subsequent sale's specific apportionment that is governed by the principle of subsection (B) and
34 the facts existing at the time of the sale) until it is revoked in writing.

1 D. *A holder of a direct pay permit shall not be required to deliver a MPU Exemption Form to the seller. A*
2 *direct pay permit holder shall follow the provisions of subsection (B) in apportioning the tax due on a*

5 **Section 313: DIRECT MAIL SOURCING**

6 A. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
7 “advertising and promotional direct mail:”

9 with either:

10 a. A direct pay permit.

11 b. An Agreement certificate of exemption claiming “direct mail” (or other
12 written statement approved, authorized or accepted by the state); or

13 c. Information showing the jurisdictions to which the “advertising and
14 promotional direct mail” is to be delivered to recipients.

15 2. If the purchaser provides the permit, certificate or statement referred to in
16 subparagraph a or b of paragraph 1 of subsection A of this section, the seller, in the absence of
17 bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction
18 involving “advertising and promotional direct mail” to which the permit, certificate or statement
19 applies. The purchaser shall source the sale to the jurisdictions to which the “advertising and
20 promotional direct mail” is to be delivered to the recipients and shall report and pay any
21 applicable tax due.

22 3. If the purchaser provides the seller information showing the jurisdictions to which
23 the “advertising and promotional direct mail” is to be delivered to recipients, the seller shall
24 source the sale to the jurisdictions to which the “advertising and promotional direct mail” is to be
25 delivered and shall collect and remit the applicable tax. In the absence of bad faith, the seller is
26 relieved of any further obligation to collect any additional tax on the sale of “advertising and
27 promotional direct mail” where the seller has sourced the sale according to the delivery
28 information provided by the purchaser.

29 4. If the purchaser does not provide the seller with any of the items listed in
30 subparagraphs a, b or c of paragraph 1 of subsection A of this section, the sale shall be sourced

1 according to Section 310.A.5. The state to which the “advertising and promotional direct mail”
2 is delivered may disallow credit for tax paid on sales sourced under this paragraph.

3 B. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
4 “other direct mail.”

5 1. Except as otherwise provided in this paragraph, sales of “other direct mail” are
6 sourced in accordance with Section 310.A.3.

7 2. A purchaser of “other direct mail” may provide the seller with either:

8 a. A direct pay permit; or

9 b. An Agreement certificate of exemption claiming “direct mail” (or other
10 written statement approved, authorized or accepted by the state).

11 3. If the purchaser provides the permit, certificate or statement referred to in
12 subparagraph a or b of paragraph 2 of subsection B of this section, the seller, in the absence of
13 bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction
14 involving “other direct mail” to which the permit, certificate or statement apply.

15 Notwithstanding paragraph 1 subsection B, the sale shall be sourced to the jurisdictions to which
16 the “other direct mail” is to be delivered to the recipients and the purchaser shall report and pay
17 applicable tax due.

18 C. For purposes of this section:

19 1. “Advertising and promotional direct mail” means:

20 a. printed material that meets the definition of “direct mail,” in Appendix C,
21 Part 1;

22 b. the primary purpose of which is to attract public attention to a product,
23 person, business or organization, or to attempt to sell, popularize or secure
24 financial support for a product, person, business or organization. As used in this
25 subsection, the word “product” means tangible personal property, a product
26 transferred electronically or a service.

27 2. “Other direct mail” means any direct mail that is not “advertising and promotional
28 direct mail” regardless of whether “advertising and promotional direct mail” is included in the
29 same mailing. The term includes, but is not limited to:

1 a. Transactional direct mail that contains personal information specific to the
2 addressee including, but not limited to, invoices, bills, statements of account,

8 newsletters and informational pieces.

9 Other direct mail does not include the development of billing information or the
10 provision or any data processing service that is more than incidental.

11 D. 1. a. This section applies to a transaction characterized under state law as the
12 sale of services only if the service is an integral part of the production and distribution of printed
13 material that meets the definition of “direct mail.”

14 b. This section does not apply to any transaction that includes the
15 development of billing information or the provision of any data processing service that is more
16 than incidental regardless of whether “advertising and promotional direct mail” is included in the
17 same mailing.

18 2. If a transaction is a “bundled transaction” that includes “advertising and
19 promotion direct mail,” this section apply only if the primary purpose of the transaction is the
20 sale of products or services that meet the definition of “advertising and promotional direct mail.”

21 3. Nothing in this section shall limit any purchaser’s:

22 a. Obligation for sales or use tax to any state to which the direct mail is
23 delivered,

24 b. Right under local, state, federal or constitutional law, to a credit for sales
25 or use taxes legally due and paid to other jurisdictions, or

26 c. Right to a refund of sales or use taxes overpaid to any jurisdiction.

27 4. This section applies for purposes of uniformly sourcing “direct mail” transactions

22 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS**

23 For the purpose of Section 314, the following definitions apply:

- 24 A. "Air-to-Ground Radiotelephone service" means a radio service, as that term is
25 defined in 47 CFR 22.99, in which common carriers are authorized to offer and
26 provide radio telecommunications service for hire to subscribers in aircraft.
- 27 B. “Ancillary services” means services that are associated with or incidental to the
28 provision of “telecommunications services”, including but not limited to “detailed
29 telecommunications billing”, “directory assistance”, “vertical service”, and “voice
30 mail services”.

- 1 C. "Call-by-call Basis" means any method of charging for telecommunications services
2 where the price is measured by individual calls.
- 3 D. "Communications Channel" means a physical or virtual path of communications over
4 which signals are transmitted between or among customer channel termination
5 points.
- 6 E. "Customer" means the person or entity that contracts with the seller of
7 telecommunications services. If the end user of telecommunications services is not
8 the contracting party, the end user of the telecommunications service is the customer
9 of the telecommunication service, but this sentence only applies for the purpose of
10 sourcing sales of telecommunications services under Section 314. "Customer" does
11 not include a reseller of telecommunications service or for mobile
12 telecommunications service of a serving carrier under an agreement to serve the
13 customer outside the home service provider's licensed service area.
- 14 F. "Customer Channel Termination Point" means the location where the customer either
15 inputs or receives the communications.
- 16 G. "End user" means the person who utilizes the telecommunication service. In the case
17 of an entity, "end user" means the individual who utilizes the service on behalf of the
18 entity.
- 19 H. "Home service provider" means the same as that term is defined in Section 124(5) of
20 Public Law 106-252 (Mobile Telecommunications Sourcing Act).
- 21 I. "Mobile telecommunications service" means the same as that term is defined in
22 Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).
- 23 J. "Place of primary use" means the street address representative of where the
24 customer's use of the telecommunications service primarily occurs, which must be
25 the residential street address or the primary business street address of the customer.
26 In the case of mobile telecommunications services, "place of primary use" must be
27 within the licensed service area of the home service provider.
- 28 K. "Post-paid calling service" means the telecommunications service obtained by
29 making a payment on a call-by-call basis either through the use of a credit card or

1 payment mechanism such as a bank card, travel card, credit card, or debit card, or by
2 charge made to a telephone number which is not associated with the origination or
3 termination of the telecommunications service. A post-paid calling service includes
4 a telecommunications service, except a prepaid wireless calling service, that would
5 be a prepaid calling service except it is not exclusively a telecommunication service.

6 L. "Prepaid calling service" means the right to access exclusively telecommunications
7 services, which must be paid for in advance and which enables the origination of
8 calls using an access number or authorization code, whether manually or
9 electronically dialed, and that is sold in predetermined units or dollars of which the
10 number declines with use in a known amount.

11 M. "Prepaid wireless calling service" means a telecommunications service that provides
12 the right to utilize mobile wireless service as well as other non-telecommunications
13 services, including the download of digital products delivered electronically, content
14 and ancillary services, which must be paid for in advance that is sold in
15 predetermined units or dollars of which the number declines with use in a known
16 amount.

17 N. "Private communication service" means a telecommunication service that entitles the
18 customer to exclusive or priority use of a communications channel or group of
19 channels between or among termination points, regardless of the manner in which
20 such channel or channels are connected, and includes switching capacity, extension
21 lines, stations, and any other associated services that are provided in connection with
22 the use of such channel or channels.

23 O. "Service address" means:

24 1. The location of the telecommunications equipment to which a customer's call is
25 charged and from which the call originates or terminates, regardless of where
26 the call is billed or paid.

27 2. If the location in subsection (O)(1) is not known, service address means the
28 origination point of the signal of the telecommunications services first
29 identified by either the seller's telecommunications system or in information

1 received by the seller from its service provider, where the system used to
2 transport such signals is not that of the seller.

3 3. If the location in subsection (O)(1) and subsection (O)(2) are not known, the
4 service address means the location of the customer's place of primary use.

5 *Compiler's note: On April 16, 2005 Section 315 (J) was amended by inserting “, except a prepaid wireless calling
6 service,” after “telecommunications service in the second sentence. The former 315 (L) and (M) were renumbered
7 315 (M) and (N) and a new Section 315 (L) was inserted. The cross references in 315 (N) were changed to account
8 for the renumbering. Member states shall comply with amendments to this section no later than January 1, 2008.*

9 *Compiler's note: On December 14, 2006 Section 315 was amended to add a new subsection B “ancillary services”
10 and a renumbering of the remaining subsections and cross references.*

11 **Section 316: ENACTMENT OF EXEMPTIONS**

13 A. A member state shall enact entity-based, use-based and product-based exemptions in
14 accordance with the provisions of this section and shall utilize common definitions in
15 accordance with the provisions of Section 327 and Library of Definitions in Appendix C
16 of this Agreement.

17 B. (1) A member state may enact a product-based exemption without restriction if Part II of
18 the Library of Definitions does not have a definition for such product.

19 (2) A member state may enact a product-based exemption for a product if Part II of the
20 Library of Definitions has a definition for such product and the member state utilizes in
21 the exemption the product definition in a manner consistent with Part II of the Library of
22 Definitions and Section 327 of this Agreement.

23 (3) A member state may enact a product-based exemption exempting all items included
24 within a definition in Part II of the Library of Definitions but shall not exempt specific
25 items included within the product definition unless the product definition sets out an
26 exclusion for such item.

27 C. (1) A member state may enact an entity-based or a use-based exemption for a product
28 without restriction if Part II of the Library of Definitions does not have a definition for
29 such product.

30 (2) A member state may enact an entity-based or a use-based exemption for a product if
31 Part II of the Library of Definitions has a definition for such product and the member

1 state utilizes in the exemption the product definition in a manner consistent with Part II of
2 the Library of Definitions and Section 327 of this Agreement.

3 (3) A member state may enact an entity-based exemption for an item if Part II of the
4 Library of Definitions does not have a definition for such item but has a definition for a
5 product that includes such item.

6 (4) A member state may not enact a use-based exemption for an item which effectively
7 constitutes a product-based exemption if Part II of the Library of Definitions has a
8 definition for a product that includes such item.

9 (5) A member state may enact a use-based exemption for an item if Part II of the Library
10 of Definitions has a definition for a product that includes such item, if not prohibited in
11 Subsection (C) (4) of this section and if consistent with the definition in Part II of the
12 Library of Definitions.

13 For purposes of complying with the requirements in this section, the inclusion of a product
14 within the definition of tangible personal property is disregarded.

15 *Compiler's note: On October 1, 2005 all of Section 316 was repealed and replaced with the current language. The*
16 *following language was repealed:*

17 *A member state may enact a product-based exemption without restriction if the Agreement does not have a definition*
18 *for the product or for a term that includes the product. If the Agreement has a definition for the product or for a*
19 *term that includes the product, a member state may exempt all items included within the definition but shall not*
20 *exempt only part of the items included within the definition unless the Agreement sets out the exemption for part of*
21 *the items as an acceptable variation.*

22 *A member state may enact an entity-based or a use-based exemption without restriction if the Agreement does not*
23 *have a definition for the product whose use or purchase by a specific entity is exempt or for a term that includes the*
24 *product. If the Agreement has a definition for the product whose use or specific purchase is exempt, a member state*
25 *may enact an entity-based or a use-based exemption that applies to that product as long as the exemption utilizes the*
26 *Agreement definition of the product. If the Agreement does not have a definition for the product whose use or*
27 *specific purchase is exempt but has a definition for a term that includes the product, a member state may enact an*
28 *entity-based or a use-based exemption for the product without restriction.*

29 *For purposes of complying with the requirements in this section, the inclusion of a product within the definition of*
30 *tangible personal property is disregarded.*

31
32 *The following was the section prior to January 1, 2008.*

- 1 A. *A member state may enact a product-based exemption without restriction if the Agreement does not have a*
2 *definition for the product or for a term that includes the product. If the Agreement has a definition for the*
3 *product or for a term that includes the product, a member state may exempt all items included within the*
4 *definition but shall not exempt only part of the items included within the definition unless the Agreement*
5 *sets out the exemption for part of the items as an acceptable variation.*
- 6 B. *A member state may enact an entity-based or a use-based exemption without restriction if the Agreement*
7 *does not have a definition for the product whose use or purchase by a specific entity is exempt or for a*
8 *term that includes the product. If the Agreement has a definition for the product whose use or specific*
9 *purchase is exempt, a member state may enact an entity-based or a use-based exemption that applies to*
10 *that product as long as the exemption utilizes the Agreement definition of the product. If the Agreement*
11 *does not have a definition for the product whose use or specific purchase is exempt but has a definition for*
12 *a term that includes the product, a member state may enact an entity-based or a use-based exemption for*
13 *the product without restriction.*
- 14 C. *For purposes of complying with the requirements in this section, the inclusion of a product within the*

Section 317: ADMINISTRATION OF EXEMPTIONS

- 17 A. Each member state shall observe the following provisions when a purchaser claims an
18 exemption:
19
 - 20 1. The seller shall obtain identifying information of the purchaser and the reason for
21 claiming a tax exemption at the time of the purchase as determined by the governing
22 board.
 - 23 2. A purchaser is not required to provide a signature to claim an exemption from tax
24 unless a paper exemption certificate is used.
 - 25 3. The seller shall use the standard form for claiming an exemption electronically as
26 adopted by the governing board.
 - 27 4. The seller shall obtain the same information for proof of a claimed exemption
28 regardless of the medium in which the transaction occurred.
 - 29 5. A member state may utilize a system wherein the purchaser exempt from the payment
30 of the tax is issued an identification number that shall be presented to the seller at the
31 time of the sale.

1 6. The seller shall maintain proper records of exempt transactions and provide them to a
2 member state when requested.

3 7. A member state shall administer use-based and entity-based exemptions when
4 practicable through a direct pay permit, an exemption certificate, or another means
5 that does not burden sellers.

6 8. After December 31, 2007, in the case of drop shipment sales, member states must
7 allow a third party vendor (e.g., drop shipper) to claim a resale exemption based on an
8 exemption certificate provided by its customer/re-seller or any other acceptable
9 information available to the third party vendor evidencing qualification for a resale
10 exemption, regardless of whether the customer/re-seller is registered to collect and
11 remit sales and use tax in the state where the sale is sourced.

12 B. Each member state shall relieve sellers that follow the requirements of this section from
13 the tax otherwise applicable if it is determined that the purchaser improperly claimed an
14 exemption and to hold the purchaser liable for the nonpayment of tax. This relief from
15 liability does not apply to a seller who fraudulently fails to collect tax; to a seller who
16 solicits purchasers to participate in the unlawful claim of an exemption; to a seller who
17 accepts an exemption certificate when the purchaser claims an entity-based exemption
18 when (1) the subject of the transaction sought to be covered by the exemption certificate
19 is actually received by the purchaser at a location operated by the seller and (2) the state
20 in which that location resides provides an exemption certificate that clearly and
21 affirmatively indicates (graying out exemption reason types on the uniform form and
22 posting it on a state's web site is an indicator) that the claimed exemption is not
23 available in that state; or to a seller who accepts an exemption certificate claiming
24 multiple points of use for tangible personal property other than computer software for
25 which an exemption claiming multiple points of use is acceptable under Section 312.

26 C. Each state shall relieve a seller of the tax otherwise applicable if the seller obtains a fully
27 completed exemption certificate or captures the relevant data elements required under
28 the Agreement within 90 days subsequent to the date of sale.

- 1 1. If the seller has not obtained an exemption certificate or all relevant data elements as
2 provided in Section 317, subsection (C) the seller may, within 120 days subsequent to
3 a request for substantiation by a member state, either prove that the transaction was
4 not subject to tax by other means or obtain a fully completed exemption certificate
5 from the purchaser, taken in good faith. For purposes of this section, member states
6 may continue to apply their own standards of good faith until such time as a uniform
7 standard for good faith is defined in the Agreement.
- 8 2. Nothing in this section shall affect the ability of member states to require purchasers to
9 update exemption certificate information or to reapply with the state to claim certain
10 exemptions.
- 11 3. Notwithstanding the aforementioned, each member state shall relieve a seller of the
12 tax otherwise applicable if it obtains a blanket exemption certificate for a purchaser
13 with which the seller has a recurring business relationship. States may not request
14 from the seller renewal of blanket certificates or updates of exemption certificate
15 information or data elements when there is a recurring business relationship between
16 the buyer and seller. For purposes of this section a recurring business relationship
17 exists when a period of no more than twelve months elapses between sales
18 transactions.

25 **Section 318: UNIFORM TAX RETURNS**

26 Each member state shall:

- 28 A. Require that only a single tax return for each taxing period for each seller be filed for
29 the member state to include all the taxing jurisdictions within the member state.
- 30 B. Require that returns be due no sooner than the twentieth day of the month following
31 the month in which the transaction occurred.

1 C. Make available to all sellers, whether or not registered under the Agreement, except
2 sellers of products qualifying for exclusion from the provisions of Section 308 of this
3 Agreement, a simplified return that is filed electronically as follows:

4 1. The simplified electronic return (hereinafter SER) shall be in a form approved by
5 the governing board and shall contain only those fields approved by the governing
6 board. The SER shall contain two parts. Part 1 shall contain information relating
7 to remittances and allocations and part 2 shall contain information relating to
8 exempt sales.

9 2. Each member state must notify the governing board if it requires the submission
10 of the part 2 information. Provided, no state may require the submission of part 2
11 information from a model 4 seller which has no legal requirement to register in
12 such state.

13 3. Returns shall be required as follows;

14 a. Certified service providers must file a SER in all member states on behalf
15 of model 1 sellers. Certified service providers, on behalf of such sellers, shall
16 file the audit reports provided for in Article V of the governing board's rules
17 and procedures for such states, and in addition, shall be required to file part 1
18 of the SER each month for each member state. A state shall allow a model 1
19 seller to file both part 1 and the part 2 of the SER. A model 1 seller which
20 chooses to file both part 1 and the part 2 of the SER shall still be required to
21 file the audit reports provided for in Article V of the governing board's rules
22 and procedures.

23 b. Model 2 and model 3 sellers must file a SER in all member states other
24 than states for which they have indicated that they anticipate making no sales.
25 Such sellers shall file part 1 or the SER every month for all states in which
26 they anticipate making sales. Such sellers need not file part 2 information
27 until January 1, 2012. After such date they shall have the following options
28 for meeting their obligation to furnish part 2 information:

- 1 i) File part 2 of the SER together with part 1 of the SER every
2 month; or
3 ii) File part 2 of the SE at the same time part 1 of the SER for the
4 month of December is due. Part 2 information filed pursuant to
5 this option shall cover the month of December and all previous
6 months of the same calendar year and shall only require annual and
7 not monthly totals.

8 Such sellers shall only be required to file part 2 of the SER for any
9 state which has notified the governing board that it will require the
10 submission of the part 2 information pursuant to paragraph 2 of
11 this subsection.

- 12 c. No later than January 1, 2011, every member state shall allow
13 model 4 sellers to file a SER. Such sellers shall file part 1 of the SER
14 every month unless a state allows less frequent filing. Model 4 sellers
15 which have a legal requirement to register in such state shall have the
16 following options for meeting their obligation to furnish part 2
17 information:

- 18 i) File part 2 of the SER together with part 1 of the SER; or
19 ii) File part 2 of the SER at the same time part 1 of the SER
20 for the month of December is due. Part 2 information filed
21 pursuant to this option shall cover the months of December and all
22 previous months of the same calendar year and shall only require
23 annual and not monthly totals.

24 Such sellers shall only be required to file part 2 of the SER for any
25 state which has notified the governing board that it will require the
26 submission of the part 2 information pursuant to paragraph 2 of
27 this subsection. Model 4 sellers which elect not to file a SER shall
28 file returns in the form and pursuant to schedules afforded to

1 sellers not registered under the Agreement according to the
2 requirements of each member state.

3 d. No later than January 1, 2013 every member state shall allow
4 sellers not registered under the Agreement that are registered in the state to
5 file a SER. Such sellers shall file part 1 of the SER every month unless a
6 state allows less frequent filing and shall have the following options for
7 meeting their obligation to furnish part 2 information:

8 i) File part 2 of the SER together with part 1 of the SER; or

9 ii) File part 2 of the SER at the same time part 1 of the SER
10 for the month of December is due. Part 2 information filed
11 pursuant to this option shall cover the month of December and all
12 previous months of the same calendar year and shall only require
13 annual and not monthly totals.

14 Such seller shall only be required to file part 2 of the SER for any
15 state which has notified the governing board that it will require the
16 submission of the part 2 information pursuant to paragraph 2 of this
17 subsection.

18 4. A state which requires the submission of part 2 information pursuant to
19 paragraph 2 of this subsection may provide an exemption from this requirement to
20 a seller under terms and conditions set out by the state.

21 5. A state may require a seller which elects to file a SER to give at least three
22 months notice of the seller's intent to discontinue filing a SER.

23 D. Not after January 1, 2010 require the filing of a return from a seller that is registered under
24 the Agreement which has indicated at the time of registration that it anticipates making no
25 sales which would be sourced to the state under the Agreement. A seller shall lose such
26 exemption upon making any taxable sales into such state and shall file a return in the month
27 following such sale. A state may, but is not required to, allow a seller to regain such filing
28 exemption upon such terms and condition as the state may impose

- 1 E. Adopt a standardized transmission process to allow for receipt of uniform tax returns and
2 other formatted information as approved by the governing board. Such a process will
3 provide for the filing of separate returns for multiple legal entities in a single transmission
4 for each state and will not include any requirement for manual entry or input by the seller of
5 any of the aforementioned information. This process will allow a certified service provider,
6 a tax preparer, or any other person authorized to do so, to file returns for more than one
7 seller in a single electronic transmission. However, sellers filing returns for multiple legal
8 entities may only do so for affiliated legal entities.
- 9 F. After January 1, 2010 give notice to a seller registered under this Agreement which has no
10 legal requirement to register in the state, or a failure to file a required return and a minimum
11 of thirty days to file thereafter prior to establishing a liability amount for taxes based solely
12 on the seller's failure to timely file a return. Provided, a member state may establish a
13 liability amount for taxes based solely on the seller's failure to timely file a return if such
14 seller has a history of non-filing or late filing.
- 15 G. Nothing in this section shall prohibit a state from allowing additional return options or the
16 filing of returns less frequently.

17 *Compiler's note: On September 20, 2009 Section 318 was amended as follows: "Each member state shall:*

- 18 A. *Require that only ~~one~~ a single tax return for each taxing period for each seller be filed for the member*

3 model 4 seller which has no legal requirement to register in such state.
- 4 3. Returns shall be required as follows:
- 5 a) Certified service providers must file a SER in all member states on behalf of model 1
6 sellers. Certified service providers, on behalf of such sellers, shall file the audit
7 reports provided for in Article V of the governing board's rules and procedures for
8 such states, and in addition, shall be required to file part 1 of the SER each month
9 for each member state. A state shall allow a model 1 seller to file both part 1 and
10 the part 2 of the SER. A model 1 seller which chooses to file both part 1 and the part
11 2 of the SER shall still be required to file the audit reports provided for in Article V
12 of the governing board's rules and procedures.
- 13 b) Model 2 and model 3 sellers must file a SER in all member states other than states
14 for which they have indicated that they anticipate making no sales. Such sellers
15 shall file part 1 or the SER every month for all states in which they anticipate making
16 sales. Such sellers need not file part 2 information until January 1, 2012. After such
17 date they shall have the following options for meeting their obligation to furnish part
18 2 information:
- 19 i. File part 2 of the SER together with part 1 of the SER every month; or
20 ii. File part 2 of the SE at the same time part 1 of the SER for the month of
21 December is due. Part 2 information filed pursuant to this option shall
22 cover the month of December and all previous months of the same calendar
23 year and shall only require annual and not monthly totals.
- 24 Such sellers shall only be required to file part 2 of the SER for any state which
25 has notified the governing board that it will require the submission of the part 2
26 information pursuant to paragraph 2 of this subsection.
- 27 C. No later than January 1, 2011, every member state shall allow model 4 sellers to
28 file a SER. Such sellers shall file part 1 of the SER every month unless a state allows less
29 frequent filing. Model 4 sellers which have a legal requirement to register in such state
30 shall have the following options for meeting their obligation to furnish part 2
31 information:
- 32 i) File part 2 of the SER together with part 1 of the SER; or
33 ii) File part 2 of the SER at the same time part 1 of the SER for the month
34 of December is due. Part 2 information filed pursuant to this option shall cover the

1 months of December and all previous months of the same calendar year and shall only
2 require annual and not monthly totals.

3 Such sellers shall only be required to file part 2 of the SER for any state which has
4 notified the governing board that it will require the submission of the part 2 information
5 pursuant to paragraph 2 of this subsection. Model 4 sellers which elect not to file a SER
6 shall file returns in the form and pursuant to schedules afforded to sellers not registered
7 under the Agreement according to the requirements of each member state.

8 d. No later than January 1, 2013 every member state shall allow sellers not
9 registered under the Agreement that are registered in the state to file a SER. Such sellers
10 shall file part 1 of the SER every month unless a state allows less frequent filing and shall
11 have the following options for meeting their obligation to furnish part 2 information:

12 i) File part 2 of the SER together with part 1 of the SER; or

13 ii) File part 2 of the SER at the same time part 1 of the SER for the month
14 of December is due. Part 2 information filed pursuant to this option shall cover the
15 month of December and all previous months of the same calendar year and shall only

20 4. A state which requires the submission of part 2 information pursuant to paragraph 2 of this
21 subsection may provide an exemption from this requirement to a seller under terms and conditions set out
22 by the state.

23 5. A state may require a seller which elects to file a SER to give at least three months notice of the
24 seller's intent to discontinue filing a SER.

28 upon making any taxable sales into such state and shall file a return in the month following such sale.
29 A state may, but is not required to, allow a seller to regain such filing exemption upon such terms and
30 condition as the state may impose, which does not have a legal requirement to register in the member
31 state, and is not a Model 1, 2, or 3 seller, to submit its sales and use tax returns as follows:

32 1. Upon registration, a member state shall provide to the seller the returns required by that state.

33 2. A member state may require a seller to file a return anytime within one year of the month of initial
34 registration, and future returns may be required on an annual basis in succeeding years.

1 3. In addition to the returns required in subsection (D)(2), a member state may require sellers to submit
2 returns in the month following any month in which they have accumulated state and local tax funds for
3 the state in the amount of one thousand dollars or more.

4 E. Participate with other member states in developing a more ~~Adopt a standardized transmission process to~~

9 This process will allow a certified service provider, a tax preparer, or any other person authorized to do so, to
10 file returns for more than one seller in a single electronic transmission. However, sellers filing returns for
11 multiple legal entities may only do so for affiliated legal entities.

12 F. Require, at each member state's discretion, all Model 1, 2, and 3 sellers to file returns electronically. It is
13 the intent of the member states that all member states have the capability of receiving electronically filed
14 returns by January 1, 2004 After January 1, 2010 give notice to a seller registered under this Agreement
15 which has no legal requirement to register in the state, or a failure to file a required return and a minimum of
16 thirty days to file thereafter prior to establishing a liability amount for taxes based solely on the seller's
17 failure to timely file a return. Provided, a member state may establish a liability amount for taxes based
18 solely on the seller's failure to timely file a return if such seller has a history of non-filing or late filing.

19 G. Nothing in this section shall prohibit a state from allowing additional return options or the filing of returns
20 less frequently." The amendment to this section became effective upon adoption.

22 **Section 319: UNIFORM RULES FOR REMITTANCES OF FUNDS**

23 Each member state shall:

- 24 A. Require only one remittance for each return except as provided in this subsection. If any
25 additional remittance is required, it may only be required from sellers that collect more
26 than thirty thousand dollars in sales and use taxes in the member state during the
27 preceding calendar year as provided herein. The state shall allow the amount of any
28 additional remittance to be determined through a calculation method rather than actual
29 collections. Any additional remittances shall not require the filing of an additional return.
- 30 B. Require, at each member state's discretion, all remittances in payment of taxes reported
31 on the approved simplified return format to be remitted electronically.
- 32 C. Allow for electronic payments by all remitters by both ACH Credit and ACH Debit.

- 1 D. Provide an alternative method for making "same day" payments if an electronic funds
2 transfer fails.
- 3 E. Provide that if a due date falls on a legal banking holiday in a member state, the taxes are
4 due to that state on the next succeeding business day.
- 5 F. Require that any data that accompanies a remittance be formatted using uniform tax type
6 and payment type codes approved by the governing board.
- 7 G. Adopt a standardized transmission process approved by the governing board that allows
8 for the remittance in a single electronic transmission of a single (bulk) payment for taxes
9 reported on multiple SERs by affiliated entities, certified service providers or preparers.
10 Each state shall comply with this provision no later than two years after the governing
11 board approves such a standardized transmission process.

12 *Compiler's note: On October 1, 2005 the second sentence in subsection A was amended as follows: "The state shall
13 allow the amount of the any additional remittance shall to be determined through a calculation method rather than
14 actual collections. Any additional remittances and shall not require the filing of an additional return." The
15 amendment to this section became effective upon adoption.*

21 *The amendment so this section became effective upon adoption.*

23 **Section 320: UNIFORM RULES FOR RECOVERY OF BAD DEBTS**

24 Each member state shall use the following to provide a deduction for bad debts to a seller. To
25 the extent a member state provides a bad debt deduction to any other party, the same procedures
26 will apply. Each member state shall:

- 27 A. Allow a deduction from taxable sales for bad debts. Any deduction taken that is
28 attributed to bad debts shall not include interest.
- 29 B. Utilize the federal definition of "bad debt" in 26 U.S.C. Sec. 166 as the basis for
30 calculating bad debt recovery. However, the amount calculated pursuant to 26 U.S.C.
31 Sec. 166 shall be adjusted to exclude: financing charges or interest; sales or use taxes

1 charged on the purchase price; uncollectable amounts on property that remain in the
2 possession of the seller until the full purchase price is paid; expenses incurred in
3 attempting to collect any debt, and repossessed property.

4 C. Allow bad debts to be deducted on the return for the period during which the bad debt is
5 written off as uncollectable in the claimant's books and records and is eligible to be
6 deducted for federal income tax purposes. For purposes of this subsection, a claimant
7 who is not required to file federal income tax returns may deduct a bad debt on a return
8 filed for the period in which the bad debt is written off as uncollectable in the claimant's
9 books and records and would be eligible for a bad debt deduction for federal income tax
10 purposes if the claimant was required to file a federal income tax return.

11 D. Require that, if a deduction is taken for a bad debt and the debt is subsequently collected
12 in whole or in part, the tax on the amount so collected must be paid and reported on the
13 return filed for the period in which the collection is made.

14 E. Provide that, when the amount of bad debt exceeds the amount of taxable sales for the
15 period during which the bad debt is written off, a refund claim may be filed within the
16 member state's otherwise applicable statute of limitations for refund claims; however, the
17 statute of limitations shall be measured from the due date of the return on which the bad
18 debt could first be claimed.

19 F. Where filing responsibilities have been assumed by a CSP, allow the service provider to
20 claim, on behalf of the seller, any bad debt allowance provided by this section. The CSP
21 must credit or refund the full amount of any bad debt allowance or refund received to the
22 seller.

23 G. Provide that, for the purposes of reporting a payment received on a previously claimed
24 bad debt, any payments made on a debt or account are applied first proportionally to the
25 taxable price of the property or service and the sales tax thereon, and secondly to interest,
26 service charges, and any other charges.

27 H. In situations where the books and records of the party claiming the bad debt allowance
28 support an allocation of the bad debts among the member states, permit the allocation.

1 **Section 321: CONFIDENTIALITY AND PRIVACY PROTECTIONS UNDER MODEL 1**

- 2 A. The purpose of this section is to set forth the member states' policy for the protection of
3 the confidentiality rights of all participants in the system and of the privacy interests of
4 consumers who deal with Model 1 sellers.
- 5 B. As used in this section, the term "confidential taxpayer information" means all
6 information that is protected under a member state's laws, regulations, and privileges; the
7 term "personally identifiable information" means information that identifies a person; and
8 the term "anonymous data" means information that does not identify a person.
- 9 C. The member states agree that a fundamental precept in Model 1 is to preserve the privacy
10 of consumers by protecting their anonymity. With very limited exceptions, a CSP shall
11 perform its tax calculation, remittance, and reporting functions without retaining the
12 personally identifiable information of consumers.
- 13 D. The governing board may certify a CSP only if that CSP certifies that:
- 14 1. Its system has been designed and tested to ensure that the fundamental precept of
15 anonymity is respected;
 - 16 2. That personally identifiable information is only used and retained to the extent
17 necessary for the administration of Model 1 with respect to exempt purchasers and
18 proper identification of taxing jurisdictions;
 - 19 3. It provides consumers clear and conspicuous notice of its information practices,
20 including what information it collects, how it collects the information, how it uses the
21 information, how long, if at all, it retains the information and whether it discloses the
22 information to member states. Such notice shall be satisfied by a written privacy
23 policy statement accessible by the public on the official web site of the CSP;
 - 24 4. Its collection, use and retention of personally identifiable information will be limited
25 to that required by the member states to ensure the validity of exemptions from
26 taxation that are claimed by reason of a consumer's status or the intended use of the
27 goods or services purchased and for documentation of the correct assignment of taxing
28 jurisdictions; and

1 5. It provides adequate technical, physical, and administrative safeguards so as to protect
2 personally identifiable information from unauthorized access and disclosure.

3 E. Each member state shall provide public notification to consumers, including their exempt
4 purchasers, of the state's practices relating to the collection, use and retention of
5 personally identifiable information.

6 F. When any personally identifiable information that has been collected and retained is no
7 longer required for the purposes set forth in subsection (D)(4), such information shall no
8 longer be retained by the member states.

9 G. When personally identifiable information regarding an individual is retained by or on
10 behalf of a member state, such state shall provide reasonable access by such individual to
11 his or her own information in the state's possession and a right to correct any inaccurately
12 recorded information.

13 H. If anyone other than a member state, or a person authorized by that state's law or the
14 Agreement, seeks to discover personally identifiable information, the state from whom
15 the information is sought should make a reasonable and timely effort to notify the
16 individual of such request.

17 I. This privacy policy is subject to enforcement by member states' attorneys general or other
18 appropriate state government authority.

19 J. Each member states' laws and regulations regarding the collection, use, and maintenance
20 of confidential taxpayer information remain fully applicable and binding. Without
21 limitation, the Agreement does not enlarge or limit the member states' authority to:

- 22 1. Conduct audits or other review as provided under the Agreement and state law.
- 23 2. Provide records pursuant to a member state's Freedom of Information Act, disclosure
24 laws with governmental agencies, or other regulations.
- 25 3. Prevent, consistent with state law, disclosures of confidential taxpayer information.
- 26 4. Prevent, consistent with federal law, disclosures or misuse of federal return
27 information obtained under a disclosure agreement with the Internal Revenue Service.
- 28 5. Collect, disclose, disseminate, or otherwise use anonymous data for governmental
29 purposes.

1 K. This privacy policy does not preclude the governing board from certifying a CSP whose
2 privacy policy is more protective of confidential taxpayer information or personally
3 identifiable information than is required by the Agreement.

4 *Compiler's note: On September 5, 2008 Section 321(D)(2) was amended to add "and proper identification of taxing*
5 *jurisdictions" after "purchasers" and Section 321(D)(4) was amended to add "and for documentation of the correct*
6 *assignment of taxing jurisdictions" after "purchased." The amendment became effective upon its adoption.*

8 **Section 322: SALES TAX HOLIDAYS**

9 A. If a member state allows for temporary exemption periods, commonly referred to as sales
10 tax holidays, the member state shall:

- 11 1. Not apply an exemption unless the items to be exempted are specifically defined in
12 Part II or Part III(B) of the Library of Definitions and the exemptions are uniformly
13 applied to state and local sales and use taxes.
- 14 2. Provide notice of the exemption period at least sixty days' prior to the first day of the
15 calendar quarter in which the exemption period will begin.
- 16 3. Not apply an entity or use based exemption to items except a member state may limit
17 a product based exemption to items purchased for personal or non-business use.
- 18 4. Not require a seller to obtain an exemption certificate or other certification from a
19 purchaser for items to be exempted during a sales tax holiday.

20 B. A member state may establish a sales tax holiday that utilizes price thresholds set by
21 such state and the provisions of the Agreement on the use of thresholds shall not
22 apply to exemptions provided by a state during a sales tax holiday. In order to
23 provide uniformity, a price threshold established by a member state for exempt
24 items shall include only items priced below the threshold. A member state shall not
25 exempt only a portion of the price of an individual item during a sales tax holiday.

26 C. The following procedures are to be used by member states in administering a sales
27 tax holiday exemption:

- 28 1. Layaway sales - A sale of eligible property under a layaway sale qualifies for
29 exemption if:

- a. final payment on a layaway order is made by, and the property is given to, the purchaser during the exemption period; or
 - b. the purchaser selects the property and the retailer accepts the order for the item during the exemption period, for immediate delivery upon full payment, even if delivery is made after the exemption period.
2. Bundled sales - Member states will follow the same procedure during the sales tax holiday as agreed upon for handling a bundled sale at other times.
3. Coupons and discounts - A discount by the seller reduces the sales price of the property and the discounted sales price determines whether the sales price is within a sales tax holiday price threshold of a member state. A coupon that reduces the sales price is treated as a discount if the seller is not reimbursed for the coupon amount by a third-party. If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular item and the purchaser has purchased both eligible property and taxable property, the seller should allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in that same transaction.
4. Splitting of items normally sold together - Articles that are normally sold as a single unit must continue to be sold in that manner. Such articles cannot be priced separately and sold as individual items in order to obtain the exemption. For example, a pair of shoes cannot have each shoe sold separately so that the sales price of each shoe is within a sales tax holiday price threshold.
5. Rain checks - A rain check allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Eligible property that customers purchase during the exemption period with use of a rain check will qualify for the exemption regardless of when the rain check was issued. Issuance of a rain check during the exemption period will not

1 qualify eligible property for the exemption if the property is actually
2 purchased after the exemption period.

3 6. Exchanges - The procedure for an exchange in regards to a sales tax holiday is
4 as follows:

5 a. If a customer purchases an item of eligible property during the
6 exemption period, but later exchanges the item for a similar eligible
7 item, even if a different size, different color, or other feature, no
8 additional tax is due even if the exchange is made after the exemption
9 period.

10 b. If a customer purchases an item of eligible property during the
11 exemption period, but after the exemption period has ended, the
12 customer returns the item and receives credit on the purchase of a
13 different item, the appropriate sales tax is due on the sale of the newly
14 purchased item.

15 c. If a customer purchases an item of eligible property before the
16 exemption period, but during the exemption period the customer
17 returns the item and receives credit on the purchase of a different item
18 of eligible property, no sales tax is due on the sale of the new item if
19 the new item is purchased during the exemption period.

20 7. Delivery charges - Delivery charges, including shipping, handling and service
21 charges, are part of the sales price of eligible property unless a member state
22 defines "sales price" to exclude such charges. For the purpose of determining
23 a sales tax holiday price threshold, if all the property in a shipment qualifies as
24 eligible property and the sales price for each item in the shipment is within the
25 sales tax holiday price threshold, then the seller does not have to allocate the
26 delivery, handling, or service charge to determine if the price threshold is
27 exceeded. The shipment will be considered a sale of eligible products. If the
28 shipment includes eligible property and taxable property (including an eligible

1 item with a sales price in excess of the price threshold), the seller should
2 allocate the delivery charge by using:

- 3 a. a percentage based on the total sales prices of the taxable property
4 compared to the total sales prices of all property in the shipment; or
- 5 b. a percentage based on the total weight of the taxable property compared to
6 the total weight of all property in the shipment.

7 The seller must tax the percentage of the delivery charge allocated to the
8 taxable property but does not have to tax the percentage allocated to the
9 eligible property.

10 8. Order date and back orders - For the purpose of a sales tax holiday, eligible
11 property qualifies for exemption if:

- 12 a. the item is both delivered to and paid for by the customer during the
13 exemption period; or
- 14 b. the customer orders and pays for the item and the seller accepts the order
15 during the exemption period for immediate shipment, even if delivery is
16 made after the exemption period. The seller accepts an order when the
17 seller has taken action to fill the order for immediate shipment. Actions to
18 fill an order include placement of an "in date" stamp on a mail order or
19 assignment of an "order number" to a telephone order. An order is for
20 immediate shipment when the customer does not request delayed
21 shipment. An order is for immediate shipment notwithstanding that the
22 shipment may be delayed because of a backlog of orders or because stock
23 is currently unavailable to, or on back order by, the seller.

24 9. Returns - For a 60-day period immediately after the sales tax holiday
25 exemption period, when a customer returns an item that would qualify for the
26 exemption, no credit for or refund of sales tax shall be given unless the
27 customer provides a receipt or invoice that shows tax was paid, or the seller
28 has sufficient documentation to show that tax was paid on the specific item.
29 This 60-day period is set solely for the purpose of designating a time period

1 during which the customer must provide documentation that shows that sales
2 tax was paid on returned merchandise. The 60-day period is not intended to
3 change a seller's policy on the time period during which the seller will accept
4 returns.

- 5 10. Different time zones - The time zone of the seller's location determines the authorized
6 time period for a sales tax holiday when the purchaser is located in one time zone and
7 a seller is located in another.

8 *Compiler's note: On September 5, 2008 Section 322(A)(1) was amended to delete the obsolete date and to replace*
9 *"the Agreement" with "Part II or Part III(B) of the Library of Definitions." In addition, subdivisions 3 and 4 were*
10 *added. The amendment became effective upon its adoption.*

11
12 **Section 323: CAPS AND THRESHOLDS**

- 13 A. No member state may have caps or thresholds on the application of state sales or use tax
14 rates or exemptions that are based on the value of the transaction or item or have caps
15 that are based on the application of the rates unless the member state assumes the
16 administrative responsibility in a manner that places no additional burden on the retailer.
- 17 B. No member state that has local jurisdictions that levy a sales or use tax may place caps or
18 thresholds on the application of local rates or use tax rates or exemptions that are based
19 on the value of the transaction or item.
- 20 C. The provisions of this section do not apply to sales or use taxes levied on the retail sale or
21 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or
22 mobile homes or to instances where the burden of administration has been shifted from
23 the retailer.
- 24 D. For states that have a cap or threshold on clothing before January 1, 2006 the provisions
25 of this section do not apply to sales or use tax thresholds for exemptions that are based
26 on the value of "essential clothing" except as provided in the Library of Definitions.

27 *Compiler's note: On February 26, 2009 Section 323C was amended as follows:*

28 ~~A—Each No member state shall:~~

- 29 ~~1.—Not may have caps or thresholds on the application of state sales or use tax rates or exemptions that are~~
30 ~~based on the value of the transaction or item after December 31, 2005. A member state may continue to~~
31 ~~have caps and thresholds until that date.~~

1 2. ~~Not or~~ have caps that are based on the application of the rates unless the member state assumes the
2 administrative responsibility in a manner that places no additional burden on the retailer.

3 B ~~Each No~~ member state that has local jurisdictions that levy a sales or use tax ~~shall not may~~ place caps or
4 thresholds on the application of local rates or use tax rates or exemptions that are based on the value of the
5 transaction or item ~~after December 31, 2005. A member state may continue to have caps and thresholds until~~
6 ~~that date.~~

7 C The provisions of this section do not apply to sales or use taxes levied on the retail sale or transfer of motor
8 vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes or to instances where the
9 burden of administration has been shifted from the retailer.

10 D For states that have a cap or threshold on clothing before January 1, 2006 the provisions of this section do not
11 apply to sales or use tax thresholds for exemptions that are based on the value of "essential clothing" except as
12 provided in the Library of Definitions.

13 This provision became effective upon its approval.

15 **Section 324: ROUNDING RULE**

16 A. After December 31, 2005, each member state shall adopt a rounding algorithm that
17 meets the following criteria:

- 18 1. Tax computation must be carried to the third decimal place, and
- 19 2. The tax must be rounded to a whole cent using a method that rounds up to the next
20 cent whenever the third decimal place is greater than four.

21 B. Each state shall allow sellers to elect to compute the tax due on a transaction on an
22 item or an invoice basis, and shall allow the rounding rule to be applied to the
23 aggregated state and local taxes. No member state shall require a seller to collect tax
24 based on a bracket system.

26 **Section 325: CUSTOMER REFUND PROCEDURES**

27 A. These customer refund procedures are provided to apply when a state allows a purchaser
28 to seek a return of over-collected sales or use taxes from the seller.

29 B. Nothing in this section shall either require a state to provide, or prevent a state from
30 providing, a procedure by which a purchaser may seek a refund directly from the state
31 arising out of sales or use taxes collected in error by a seller from the purchaser.

1 Nothing in this section shall operate to extend any person's time to seek a refund of sales
2 or use taxes collected or remitted in error.

3 C. These customer refund procedures provide the first course of remedy available to
4 purchasers seeking a return of over-collected sales or use taxes from the seller. A cause
5 of action against the seller for the over-collected sales or use taxes does not accrue until
6 a purchaser has provided written notice to a seller and the seller has had sixty days to
7 respond. Such notice to the seller must contain the information necessary to determine
8 the validity of the request.

9 D. In connection with a purchaser's request from a seller of over-collected sales or use
10 taxes, a seller shall be presumed to have a reasonable business practice, if in the
11 collection of such sales or use taxes, the seller: i) uses either a provider or a system,
12 including a proprietary system, that is certified by the state; and ii) has remitted to the
13 state all taxes collected less any deductions, credits, or collection allowances.

14 15 **Section 326: DIRECT PAY PERMITS**

16 Each member state shall provide for a direct pay authority that allows the holder of a direct pay
17 permit to purchase otherwise taxable goods and services without payment of tax to the supplier
18 at the time of purchase. The holder of the direct pay permit will make a determination of the
19 taxability and then report and pay the applicable tax due directly to the tax jurisdiction. Each
20 state can set its own limits and requirements for the direct pay permit. The governing board shall
21 advise member states when setting state direct pay limits and requirements, and shall consider
22 use of the Model Direct Payment Permit Regulation as developed by the Task Force on EDI
23 Audit and Legal Issues for Tax Administration.

24 25 **Section 327: LIBRARY OF DEFINITIONS**

26 Each member state shall utilize common definitions as provided in this section. The terms
27 defined are set out in the Library of Definitions, in Appendix C of this Agreement. A member
28 state shall adhere to the following principles:

- 1 A. If a term defined in the Library of Definitions appears in a member state’s sales and
2 use tax statutes or administrative rules or regulations, the member state shall enact or
3 adopt the Library definition of the term in its statutes or administrative rules or
4 regulations in substantially the same language as the Library definition.
- 5 B. A member state shall not use a Library definition in its sales or use tax statutes or
6 administrative rules or regulations that is contrary to the meaning of the Library
7 definition.
- 8 C. Except as specifically provided in Sections 316 and 332 and the Library of
9 Definitions, a member state shall impose a sales or use tax on all products or services
10 included within each Part II or Part III(B) definition or exempt from sales or use tax
11 all products or services within each such definition. Provided, the requirements of
12 this subsection shall only apply to Part III(B) definitions to the extent that such
13 definitions are used in the administration of a sales tax holiday.

14 *Compiler’s note: The Governing Board issued an interpretation of Section 327C on August 29, 2006. That*
15 *interpretation can be found in the Library of Interpretations.*

16 *Compiler’s note: On September 5, 2008 Section 327C was amended by adding “and 332” in the first line; by adding*
17 *“Part II or Part III(B)” after “each” in line three; by adding “such” after “each” in line four; and by adding the*
18 *last sentence. This amendment became effective upon its adoption.*

19

20 **Section 328: TAXABILITY MATRIX**

- 21 A. To ensure uniform application of terms defined in the Library of Definitions each member
22 state shall complete a taxability matrix adopted by the governing board. The member
23 state’s entries in the matrix shall be provided and maintained in a database that is in a
24 downloadable format approved by the governing board. A member state shall provide
25 notice of changes in the taxability of the products or services listed in the taxability matrix
26 as required by the governing board.
- 27 B. A member state shall relieve sellers and CSPs from liability to the member state and its
28 local jurisdictions for having charged and collected the incorrect amount of sales or use tax
29 resulting from the seller or CSP relying on erroneous data provided by the member state in
30 the taxability matrix.

1 C. If a state levies sales and use tax on a specified digital product and provides an exemption
2 for an item within the definition of such specified digital product pursuant to Section 332
3 (H) of this Agreement, such exemption must be noted in the taxability matrix.

4 D. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement
5 shall, in a format approved by the Governing Board, give notice in the taxability matrix of
6 the products for which a tax exemption is provided.

7 *Compiler's note: Section 328 was amended as follows on September 20, 2007. The amendment was effective on*
8 *January 1, 2008:*

9 A. *To ensure uniform application of terms defined in the Library of Definitions each member state shall*
10 *complete a taxability matrix adopted by the governing board. The member state's entries in the matrix shall*
11 *be provided and maintained in a database that is in a downloadable format approved by the governing*
12 *board. A member state shall provide notice of changes in the taxability of the products or services listed in*
13 *the taxability matrix as required by the governing board.*

14 B. ~~*Until such time as sufficient additional definitions are adopted to provide for a uniform application of the*~~
15 ~~*definition of tangible personal property, each member state shall certify to the Governing Board its tax*~~
16 ~~*treatment of photographs delivered electronically. This information shall be included in the taxability*~~
17 ~~*matrix. A uniform application of the definition of tangible personal property requires an amendment to*~~
18 ~~*Section 327 of this Agreement. Notice of changes in the taxability of such goods shall be made in the same*~~
19 ~~*manner as required for notice of changes in the taxability of other products or services listed in the*~~
20 ~~*taxability matrix.*~~

21 ~~*A member state shall relieve sellers and CSPs from liability to the member state and its local jurisdictions*~~
22 ~~*for having charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP*~~
23 ~~*relying on erroneous data provided by the member state in the taxability matrix or in the certification of the*~~
24 ~~*state's tax treatment of photographs delivered electronically.*~~

25 ~~*D. If a state levies sales and use tax on a specified digital product and provides an exemption for an item*~~
26 ~~*within the definition of such specified digital product pursuant to Section 332 (H) of this Agreement, such*~~
27 ~~*exemption must be noted in the taxability matrix.*~~

28 ~~*E. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement shall, in a format*~~
29 ~~*approved by the Governing Board, give notice in the taxability matrix of the products for which a tax*~~
30 ~~*exemption is provided.*~~

31 ~~*F. For purposes of this section, the term "transferred electronically" means obtained by the purchaser by*~~
32 ~~*means other than tangible storage media.*~~

33 *Compiler's note: On September 5, 2008 subsection (F) was repealed. This amendment became effective upon its*
34 *adoption.*

Section 329: EFFECTIVE DATE FOR RATE CHANGES

Each member state shall provide that the effective date of rate changes for services covering a period starting before and ending after the statutory effective date shall be as follows:

- A. For a rate increase, the new rate shall apply to the first billing period starting on or after the effective date.
- B. For a rate decrease, the new rate shall apply to bills rendered on or after the effective date.

Section 330: BUNDLED TRANSACTIONS

- A. A member state shall adopt and utilize to determine tax treatment, the core definition for a “bundled transaction” in Appendix C, Part I of the Library of Definitions in the Agreement.
 - B. Member states are not restricted in their tax treatment of bundled transactions except as otherwise provided in the Agreement. Member states are not restricted in their ability to treat some bundled transactions differently from other bundled transactions.
 - C. In the case of a bundled transaction that includes any of the following:
 - telecommunication service, ancillary service, internet access, or audio or video programming service:
1. If the price is attributable to products that are taxable and products that are nontaxable, the portion of the price attributable to the nontaxable products may be subject to tax unless the provider can identify by reasonable and verifiable standards such portion from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, non-tax purposes.
 2. If the price is attributable to products that are subject to tax at different tax rates, the total price may be treated as attributable to the products subject to tax at the highest tax rate unless the provider can identify by reasonable and verifiable standards the portion of the price attributable to the products subject to tax at the lower rate from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, non-tax purposes.

- 1 3. The provisions of this section shall apply unless otherwise provided by federal law.
- 2 D. In the case of a transaction that includes an “optional computer software maintenance
- 3 contract” for prewritten computer software and the state otherwise has not
- 4 specifically imposed tax on the retail sale of computer software maintenance
- 5 contracts, the following provisions apply:
- 6 1. If an optional computer software maintenance contract only obligates the vendor
- 7 to provide upgrades and updates, it will be characterized as a sale of prewritten
- 8 computer software.
- 9 2. If an optional computer software maintenance contract only obligates the vendor
- 10 to provide support services, it will be characterized as a sale of services and a
- 11 state may use any of the methods provided under subsection (D)(3) to determine
- 12 the taxable and nontaxable or exempt portions.
- 13 3. If an optional computer software maintenance contract is a bundled transaction in
- 14 which both taxable and nontaxable or exempt products that are not separately
- 15 itemized on the invoice or similar billing document, then states shall elect one of
- 16 the following tax treatments:
- 17 a. The contract shall be characterized as all taxable;
- 18 b. The contract shall be characterized as all taxable unless the seller can
- 19 demonstrate, using a reasonable method as of the time of sale, the portion
- 20 of the contract that is for nontaxable or exempt products;
- 21 c. The contract shall be characterized as all nontaxable or exempt; or
- 22 d. The contract shall be characterized as twenty, thirty, forty or fifty percent
- 23 taxable or eighty, seventy, sixty and fifty percent nontaxable or exempt
- 24 respectively, as selected by each member state.
- 25 4. With respect to states that elect the method described in subparagraph 3(b):
- 26 a. Such states may prescribe the use of such reasonable methods as it deems
- 27 appropriate, and
- 28 b. The method selected by the seller shall be binding on the purchaser.
- 29

1 *Compiler's note: Section 330 was added on April 16, 2005. Member States shall comply with the provisions of this*
2 *Section no later than January 1, 2008.*

3 *Compiler's note: Section 330 D was added on December 6, 2008. This provision became effective upon its*
4 *adoption.*

5
6 **Section 331: RELIEF FROM CERTAIN LIABILITY FOR PURCHASERS**
7

8 A. A member state shall relieve a purchaser from liability for penalty to that member state
9 and its local jurisdictions for having failed to pay the correct amount of sales or use tax in
10 the following circumstances:

- 11 1. A purchaser's seller or CSP relied on erroneous data provided by that member
12 state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability
13 matrix completed by that member state pursuant to Section 328; or
- 14 2. A purchaser holding a direct pay permit relied on erroneous data provided by that
15 member state on tax rates, boundaries, taxing jurisdiction assignments, or in the
16 taxability matrix completed by that member state pursuant to Section 328.
- 17 3. A purchaser relied on erroneous data provided by that member state in the
18 taxability matrix completed by that member state pursuant to Section 328.
- 19 4. A purchaser using databases pursuant to subsections (F), (G) and (H) of Section
20 305 relied on erroneous data provided by that member state on tax rates,
21 boundaries, or taxing jurisdiction assignments. After providing adequate notice as
22 determined by the governing board, a member state that provides an address-
23 based database for assigning taxing jurisdictions pursuant to Section 305,
24 subsection (G) or (H) may cease providing liability relief for errors resulting from
25 the reliance on the database provided by the member state under the provisions of
26 Section 305, subsection (F).

27 B. Except where prohibited by a member state's constitution, a member state shall also
28 relieve a purchaser from liability for tax and interest to that member state and its local
29 jurisdictions for having failed to pay the correct amount of sales or use tax in the
30 circumstances described in Section 331 A, provided that, with respect to reliance on the
31 taxability matrix completed by that member state pursuant to Section 328, such relief is

1 limited to the state's erroneous classification in the taxability matrix of terms included in
2 the Library of Definitions as "taxable" or "exempt," "included in sales price" or
3 "excluded from sales price" or "included in the definition" or "excluded from the
4 definition".

5 C. For purposes of this section, the term "penalty" means an amount imposed for
6 noncompliance that is not fraudulent, willful, or intentional which is in addition to the
7 correct amount of sales or use tax and interest.

8 D. A member state may allow relief on terms and conditions more favorable to a purchaser
9 than the terms required by this section.

10 E. The provisions of this section are effective on and after January 1, 2009, however, to the
11 extent any relief under this section does not require a legislative change in a member state, such
12 relief must be granted effective immediately.

13 *Compiler's note: Section 331 was added on August 29, 2006. Member States shall comply with the provisions of*
14 *this Section no later than January 1, 2009.*

15 *Compiler's note: On December 14, 2006 Section 331 was amended by inserting "provided that" in lieu of "except"*
16 *after "Section 331 A," and to add the clause following "Section 328" in B, and by adding the clause starting with*
17 *"however" in E.*

19 **Section 332: SPECIFIED DIGITAL PRODUCTS**

20 A. A member state shall not include "specified digital products", "digital audio-visual
21 works", "digital audio works" or "digital books" within its definition of "ancillary
22 services", "computer software", "telecommunication services" or "tangible personal
23 property." This restriction shall apply regardless of whether the "specified digital
24 product" is sold to a purchaser who is an end user or with less than the right of permanent
25 use granted by the seller or use which is conditioned upon continued payment from the
26 purchaser. Until January 1, 2010, the exclusion of "specified digital products" from the
27 definition of "tangible personal property" shall have no implication on the classification
28 of products "transferred electronically" which are not included within the definition of
29 "specified digital products" as being included in, or excluded from, the definition of
30 "tangible personal property."

1 B. For purpose of Section 327(C) and the taxability matrix, “Digital Audio-Visual Works”,
2 “Digital Audio Works”, and “Digital Books” are separate definitions.

3 C. If a state imposes a sales or use tax on products “transferred electronically” separately
4 from its imposition of tax on “tangible personal property”, that state will not be required
5 to use the terms “specified digital products”, “digital audio visual works”, “digital audio
6 works”, or “digital books”, or enact an additional or separate sales or use tax levy on any
7 “specified digital product.”

8 D.
9 1. A statute imposing a tax on “specified digital products,” “digital audio-visual
10 works,” “digital audio works” or “digital books” and, after January 1, 2010, on any
11 other product “transferred electronically” shall be construed as only imposing the
12 tax on a sale to a purchaser who is an end user unless the statute specifically
13 imposes and separately enumerates the tax on a sale to a purchaser who is not an
14 end user. For purposes of this paragraph, an “end user” includes any person other
15 than a person who receives by contract a product “transferred electronically” for
16 further commercial broadcast, rebroadcast, transmission, retransmission, licensing,
17 relicensing, distribution, redistribution or exhibition of the product, in whole or in
18 part, to another person or persons.

19 A person that purchases products “transferred electronically” or the code for
20 “specified digital products” for the purpose of giving away such products or code
21 shall not be considered to have engaged in the distribution or redistribution of such
22 products or code and shall be treated as an end user.

23 2. A statute imposing a tax on “specified digital products,” “digital audio-visual
24 works,” “digital audio works” or “digital books” and, after January 1, 2010, on any
25 other product “transferred electronically” shall be construed as only imposing tax
26 on a sale with the right of permanent use granted by the seller unless the statute
27 specifically imposes and separately enumerates the tax on a sale with the right of
28 less than permanent use granted by the seller. For purposes of this paragraph
29 “permanent” means perpetual or for an indefinite or unspecified length of time. A

1 right of permanent use shall be presumed to have been granted unless the
2 agreement between the seller and the purchaser specifies or the circumstances
3 surrounding the transaction suggest or indicate that the right to use terminates on
4 the occurrence of a condition subsequent.

5 3. A statute imposing a tax on “specified digital products,” “digital audio-visual
6 works,” “digital audio works” or “digital books” and, after January 1, 2010, on any
7 other product “transferred electronically” shall be construed as only imposing tax
8 on a sale which is not conditioned upon continued payment from the purchaser
9 unless the statute specifically imposes and separately enumerates the tax on a sale
10 which is conditioned upon continued payment from the purchaser.

11 4. A member state which imposes a sales or use tax on the sale of a product
12 “transferred electronically” to a person other than end user or on a sale with the
13 right of less than permanent use granted by the seller or which is conditioned upon
14 continued payment from the purchaser shall so indicate in its taxability matrix in a
15 format approved by the Governing Board.

16 E. Nothing in this section or the definition of “specified digital products” shall limit a state’s
17 right to impose a sales or use tax or exempt from sales or use tax any products or services
18 that are outside the definition of “specified digital products.”

19 F. A state may treat a subscription to products “transferred electronically” differently than a
20 non-subscription purchase of such product. For purposes of this section, “subscription”
21 means an agreement with a seller that grants a consumer the right to obtain products
22 transferred electronically from within one or more product categories having the same tax
23 treatment, in a fixed quantity or for a fixed period of time, or both.

24 G. The tax treatment of a “digital code” shall be the same as the tax treatment of the
25 “specified digital product” or product “transferred electronically” to which the “digital
26 code” relates. The retail sale of the “digital code” shall be considered the transaction for
27 purposes of the Agreement. For purposes of this section, “digital code” means a code,
28 which provides a purchaser with a right to obtain one or more such products having the
29 same tax treatment. A “digital code” may be obtained by any means, including email or

1 by tangible means regardless of its designation as “song code”, “video code”, or “book
2 code.”

3 H. Notwithstanding the provisions of Section 316 of this Agreement, a member state may
4 provide a product based exemption for specific items within the definition of “specified
5 digital products”, provided such items which are not “transferred electronically” must
6 also be granted a product based exemption by the member state.

7 I. For purposes of this section, the term “transferred electronically” means obtained by the
8 purchaser by means other than tangible storage media.

9 *Compiler’s note: Section 332 was added on September 20, 2007 and became effective on January 1, 2008.*

10 *Compiler’s note: Subsection G was amended on April 2, 2008 by adding “or product “transferred electronically””*
11 *after “specified digital product” in the first sentence and by deleting ““specified digital products” from within one*
12 *or more specified digital product categories” and inserting “such products” in the third sentence.*

14 **Section 333: USE OF SPECIFIED DIGITAL PRODUCTS (Effective January 1, 2010)**

15 A member state shall not include any product transferred electronically in its definition of
16 “tangible personal property.” “Ancillary services”, “computer software”, and
17 “telecommunication services” shall be excluded from the term “products transferred
18 electronically.” For purposes of this section, the term “transferred electronically” means
19 obtained by the purchaser by means other than tangible storage media.

20 *Compiler’s note: Section 332 was added on September 20, 2007 and became effective on January 1, 2010.*

22 **Section 334: PROHIBITED REPLACEMENT TAXES**

1 **ARTICLE IV**
2 **SELLER REGISTRATION**
3

4 **Section 401: SELLER PARTICIPATION**

- 5 A. The member states shall provide an online registration system that will allow sellers to
6 register in all the member states.
- 7 B. By registering, the seller agrees to collect and remit sales and use taxes for all taxable
8 sales into the member states, including member states joining after the seller's
9 registration. Withdrawal or revocation of a member state shall not relieve a seller of its
10 responsibility to remit taxes previously or subsequently collected on behalf of the state.
- 11 C. In member states where the seller has a requirement to register prior to registering under
12 the Agreement, the seller may be required to provide additional information to complete
13 the registration process or the seller may choose to register directly with those states.
- 14 D. A member state or a state that has withdrawn or been expelled shall not use registration
15 with the central registration system and the collection of sales and use taxes in the
16 member states as a factor in determining whether the seller has nexus with that state for
17 any tax at any time.
- 18

19 **Section 402: AMNESTY FOR REGISTRATION**

- 20 A. Subject to the limitations in this section:
- 21 1. A member state shall provide amnesty for uncollected or unpaid sales or use tax to a
22 seller who registers to pay or to collect and remit applicable sales or use tax on sales
23 made to purchasers in the state in accordance with the terms of the Agreement,
24 provided that the seller was not so registered in that state in the twelve-month period
25 preceding the effective date of the state's participation in the Agreement.
- 26 2. The amnesty will preclude assessment for uncollected or unpaid sales or use tax
27 together with penalty or interest for sales made during the period the seller was not
28 registered in the state, provided registration occurs within twelve months of the
29 effective date of the state's participation in the Agreement.

1 3. Amnesty similarly shall be provided by any additional state that joins the Agreement
2 after the seller has registered.

3 B. The amnesty is not available to a seller with respect to any matter or matters for which
4 the seller received notice of the commencement of an audit and which audit is not yet
5 finally resolved including any related administrative and judicial processes.

6 C. The amnesty is not available for sales or use taxes already paid or remitted to the state or
7 to taxes collected by the seller.

8 D. The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of
9 a material fact, as long as the seller continues registration and continues payment or
10 collection and remittance of applicable sales or use taxes for a period of at least thirty-six
11 months. Each member state shall toll its statute of limitations applicable to asserting a
12 tax liability during this thirty-six month period.

13 E. The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a
14 seller and not to sales or use taxes due from a seller in its capacity as a buyer.

15 F. A member state may allow amnesty on terms and conditions more favorable to a seller
16 than the terms required by this section.

20 *Board issued two interpretations of Section 402 on December 14, 2006. Those interpretations can be found in the*
21 *Library of Interpretations.*

23 **Section 403: METHOD OF REMITTANCE**

24 When registering, the seller may select one of the following methods of remittances or other
25 method allowed by state law to remit the taxes collected:

26 A. MODEL 1, wherein a seller selects a CSP as an agent to perform all the seller's sales or
27 use tax functions, other than the seller's obligation to remit tax on its own purchases.

28 B. MODEL 2, wherein a seller selects a CAS to use which calculates the amount of tax due
29 on a transaction.

1 C. MODEL 3, wherein a seller utilizes its own proprietary automated sales tax system that
2 has been certified as a CAS.

3

4 **Section 404: REGISTRATION BY AN AGENT**

5 A seller may be registered by an agent. Such appointment shall be in writing and submitted to a
6 member state if requested by the member state.

4 **Section 501: CERTIFICATION OF SERVICE PROVIDERS AND AUTOMATED**
5 **SYSTEMS**

6 A. The governing board shall certify automated systems and service providers to aid in the
7 administration of sale and use tax collections.

8 B. The governing board may certify a person as a CSP if the person meets all of the
9 following requirements:

- 10 1. The person uses a CAS;
- 11 2. The person integrates its CAS with the system of a seller for whom the person
12 collects tax so that the tax due on a sale is determined at the time of the sale;
- 13 3. The person agrees to remit the taxes it collects at the time and in the manner specified
14 by the member states;
- 15 4. The person agrees to file returns on behalf of the sellers for whom it collects tax;
- 16 5. The person agrees to protect the privacy of tax information it obtains in accordance
17 with Section 321 of the Agreement; and
- 18 6. The person enters into a contract with the member states and agrees to comply with
19 the terms of the contract.

20 C. The governing board may certify a software program as a CAS if the governing board
21 determines that the program meets all of the following requirements:

- 22 1. It determines the applicable state and local sales and use tax rate for a transaction, in
23 accordance with Sections 309 to 315, inclusive;
- 24 2. It determines whether or not an item is exempt from tax;
- 25 3. It determines the amount of tax to be remitted for each taxpayer for a reporting
26 period;
- 27 4. It can generate reports and returns as required by the governing board; and
- 28 5. It can meet any other requirement set by the governing board.

1 D. The governing board may establish one or more sales tax performance standards for
2 Model 3 sellers that meet the eligibility criteria set by the governing board and that
3 developed a proprietary system to determine the amount of sales and use tax due on
4 transactions.
5

6 **Section 502: STATE REVIEW AND APPROVAL OF CERTIFIED AUTOMATED**
7 **SYSTEM SOFTWARE AND CERTAIN LIABILITY RELIEF**

8 A. Each member state shall review software submitted to the governing board for
9 certification as a CAS under Section 501. Such review shall include a review to
10 determine that the program accurately reflects the taxability of the product categories
11 included in the program. Upon approval by the state, the state shall certify to the
12 governing board its acceptance of the determination of the taxability of the product
13 categories included in the program.

14 B. Each member state shall relieve CSPs and model 2 sellers from liability to the member
15 state and local jurisdictions for not collecting sales or use taxes resulting from the CSP or
16 model 2 seller relying on the certification provided by the member state.

17 C. Each member state shall provide relief from liability to CSPs for not collecting sales and
18 use taxes in the same manner as provided to sellers under the provisions of section 317.

19 D. The governing board and the member states shall not be responsible for classification of
20 an item or transaction within the product categories certified. The relief from liability
21 provided in this section shall not be available for a CSP or model 2 seller that has
22 incorrectly classified an item or transaction into a product category certified by a member
23 state. This paragraph shall not apply to the individual listing of items or transactions
24 within a product definition approved by the governing board or the member states.

25 E. If a member state determines that an item or transaction is incorrectly classified as to its
26 taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The
27 CSP or model 2 seller shall have ten (10) days to revise the classification after receipt of
28 notice from the member state of the determination. Upon expiration of the ten (10) days,

1 CSP or model 2 seller shall be liable for the failure to collect the correct amount of sales
2 or use taxes due and owing to the member state.

3 *Compiler's note: Section 502 was added on January 13, 2006. Member States shall comply with the provisions of*
4 *this Section no later than January 1, 2008.*

5 *Compiler's note: On June 23, 2007 subsections A and D were amended as follows:*

6 2. Each member state shall review software submitted to the governing board for certification as a CAS
7 under Section 501. Such review shall include a review to determine that the program ~~adequately~~

9 categories included in the program. Upon ~~completion of the review~~ approval by the state, the state
10 shall certify to the governing board its acceptance of the ~~classifications made by the system~~
11 determination of the taxability of the product categories included in the program.

12 5. The governing board and the member states shall not be responsible for classification of an item
13 or transaction within the ~~product-based exemptions~~ product categories certified. The relief from

3 **TAX COLLECTION**

4
5 **Section 601: MONETARY ALLOWANCE UNDER MODEL 1**

- 6 A. Each member state shall provide a monetary allowance to a CSP in Model 1 in
7 accordance with the terms of the contract between the governing board and the CSP.
8 The details of the monetary allowance will be provided through the contract process.
9 The governing board shall require that such allowance be funded entirely from money
10 collected in Model 1.
- 11 B. The contract between the governing board and a CSP may base the monetary allowance
12 to a CSP on one or more of the following:
- 13 1. A base rate that applies to taxable transactions processed by the CSP.
 - 14 2. For a period not to exceed twenty-four months following a voluntary seller's
15 registration through the Agreement's central registration process, a percentage of tax
16 revenue generated for a member state by the voluntary seller for each member state
17 for which the seller does not have a requirement to register to collect the tax.

18
19 **Section 602: MONETARY ALLOWANCE FOR MODEL 2 SELLERS**

20 The member states initially anticipate that they will provide a monetary allowance to sellers
21 under Model 2 based on the following:

- 22 A. All sellers shall receive a base rate for a period not to exceed twenty-four months
23 following the commencement of participation by a seller. The base rate will be set
24 after the base rate has been established for Model 1. This allowance will be in
25 addition to any discount afforded by each member state at the time.
- 26 B. The member states anticipate a monetary allowance to a Model 2 Seller based on the
27 following:
- 28 1. For a period not to exceed twenty-four months following a voluntary seller's
29 registration through the Agreement's central registration process, a percentage of tax

1 revenue generated for a member state by the voluntary seller for each member state
2 for which the seller does not have a requirement to register to collect the tax.

- 3 2. Following the conclusion of the twenty-four month period, a seller will only be
4 entitled to a vendor discount afforded under each member state's law at the time the
5 base rate expires.
6

7 **Section 603: MONETARY ALLOWANCE FOR MODEL 3 SELLERS AND ALL OTHER**
8 **SELLERS THAT ARE NOT UNDER MODELS 1 OR 2**

9 The member states anticipate that they will provide a monetary allowance to sellers under Model
10 3 and to all other sellers that are not under Models 1 or 2 based on the following:

- 11 A. For a period not to exceed twenty-four months following a voluntary seller's
12 registration through the Agreement's central registration process, a percentage of tax
13 revenue generated for a member state by the voluntary seller for each member state
14 for which the seller does not have a requirement to register to collect the tax.
15 B. Vendor discounts afforded under each member state's law.
16

17 **Section 604: ADDITIONAL MONETARY ALLOWANCE REQUIRED FOR MEMBERS**
18 **MAKING CERTAIN ELECTION (Effective January 1, 2010)**

19 In addition to the monetary allowance provided pursuant to Sections 601, 602 and 603 of this
20 Agreement, each state that makes the election by Section 310.1 of this Agreement, upon
21 becoming a full member state, shall provide reasonable compensation for the incremental
22 expenses incurred in establishing or maintaining a uniform origin system for administering,
23 collection and remitting sales and use taxes on origin-based sales.

24 *Compiler's note: On December 12, 2007 was adopted. This section becomes effective on January 1, 2010.*

1 **ARTICLE VII**

2 **AGREEMENT ORGANIZATION**

3
4 **Section 701: EFFECTIVE DATE**

5 The Agreement shall become binding and take effect when at least ten states comprising at least twenty
6 percent of the total population, as determined by the 2000 Federal census, of all states imposing a state
7 sales tax as of October 1, 2005 have petitioned for membership and have either been found to be in
8 compliance with the requirements of the Agreement pursuant to Section 805 or have been found to be an
9 associate member pursuant to Section 704. The Agreement shall take effect on the first day of a
10 calendar quarter at least sixty days after the tenth state is found in compliance or is found to be an
11 associate member.

12 *Compiler's note: On April 16, 2005 Section 701 was amended by inserting "either" after "and have" in the first sentence;*
13 *inserting "or have been found to be an associate member pursuant to Section 704" at the end of the first sentence; and*
14 *deleting ", but cannot take effect prior to July 1, 2003" and inserting "or is found to be an associate member" at the end of*
15 *the second sentence. The April 16, 2005 amendments to this section were effective upon adoption.*

16 *Compiler's note: On April 18, 2006 Section 701 was amended by inserting "as of October 1, 2005" after "sales tax." The*

21 membership and certificate of compliance to the Co-Chairs of the Streamlined Sales Tax Implementing
22 States. The certificate of compliance shall meet the requirements of Section 802. If some changes to a
23 state's statutes, rules, regulations, or other authorities have been adopted, but are not yet in effect, the
24 petition for membership shall include the date on which those changes will be effective. A petitioning
25 state shall also provide a copy of its petition for membership and certificate of compliance to each of the
26 Streamlined Sales Tax Implementing States. A petitioning state shall also post a copy of its petition for
27 membership and certificate of compliance on that state's web site.

28
29 Upon receipt of the requisite number of petitions as provided in Section 701, the Co-Chairs shall
30 convene and preside over a meeting of the petitioning states for the purpose of determining if the

1 petitioning states are in compliance with the Agreement. The meeting shall be convened as soon as
2 practicable after receipt of the requisite number of petitions provided in Section 701. An affirmative
3 vote of three-fourths of the other petitioning states is necessary for a petitioning state to be found in
4 compliance with the Agreement. A petitioning state shall not vote on its own petition for membership.
5

6 The Co-Chairs shall provide the public with an opportunity to comment prior to any vote on a state's
7 petition for membership.

8 *Compiler's note: On April 16, 2005 this section was amended by deleting "that has adopted changes to its statutes, rules,
9 regulations, or other authorities necessary to bring a state into compliance as provided in Section 805," after "a state" in

11 "changes" in the third sentence; and deleting ", but shall not be earlier than the date the relevant statutes, rules, regulations,
12 or other authorities of the requisite number of petitioning states are effective" after "Section 701" in the second sentence in
13 the second paragraph. The April 16, 2005 amendments to this section were effective upon adoption.*
14

15 **Section 703: STREAMLINED SALES TAX IMPLEMENTING STATES**

16 A. From the time of ratification of this Agreement until the provisions of Section 701 have been met, the
17 Streamlined Sales Tax Implementing States shall maintain responsibility for the Agreement, including
18 the disposition of all proposed amendments to the Agreement. If the provisions of Section 701 have
19 been met with the use of associate members as defined in Section 704, the Streamlined Sales Tax
20 Implementing States shall be responsible for the disposition of all proposed amendments to and
21 interpretations of the Agreement until such time as the provisions of Section 701 have been met without

25 follow the provisions as set forth in Article IX, Section 901.
26

27 C. For a period of not less than six months nor longer than one year after the provisions of Section 701
28 are met without the use of associate members, the Streamlined Sales Tax Implementing States shall
29 provide advice to the governing board of the Agreement and shall be consulted by the governing board
30 before amending the Agreement.

1 D. Upon the expiration of the duties of the Streamlined Sales Tax Implementing States as set forth in
2 subsection C, any state that previously held Implementing State status shall become an advisor state to
3 the governing board.

- 4 1. Advisor states shall serve in an *ex officio* capacity on the governing board, with non-
5 voting status, but may speak to any matter presented to the governing board for
6 consideration.
- 7 2. Each state's delegation to the Streamlined Sales Tax Implementing States may serve as
8 the state's delegation to the governing board as established herein or the state may
9 appoint a new delegation, of up to four representatives, who shall be members of state or
10 local government.
- 11 3. Representatives of advisor states may serve on standing committees of the governing
12 board except they may not serve as officers or directors on the executive committee or as
13 members on the finance committee or the compliance review and interpretations
14 committee.
- 15 4. A state that was not previously an implementing state may become an advisor state by:
 - 16 a. Enacting legislation authorizing the state's participation in interstate discussions
17 to develop a simplified sales and use tax system; or
 - 18 b. Executing a memorandum of understanding or similar written document by the
19 governor and legislative leaders expressing the intent of the state to participate in
20 interstate discussions to develop a simplified sales and use tax system.

21 Any question over whether or not a state qualifies as an advisor state shall be
22 resolved by a majority vote of the governing board.

23 E. Neither the governing board nor a member state may share or grant any advisor state access to any
24 seller information from the seller's registration pursuant to Section 401. Neither the governing
25 board nor a member state may share or grant any advisor state access to any seller information
26 from an audit conducted by the governing board or a member state on behalf of the governing
27 board.

28 F. An advisor state may not participate in a closed session of the governing board or a governing
29 board committee.

1 *Compiler's note: On April 16, 2005 Section 703 was amended by inserting the second sentence in 703 (A) and inserting*
2 *"without the use of associate members" after "are met" in 703 (C). The April 16, 2005 amendments to this section were*
3 *effective upon adoption. On August 29, 2006 Section 703 was amended by inserting subsection D. The August 29, 2006*
4 *amendment to this section was effective upon adoption.*

5
6 **Section 704: CONSIDERATION OF PETITIONS**

7 A. A petitioning state that is found to be in compliance pursuant to Section 805 of the Agreement
8 and the changes to their statutes, rules, regulations or other authorities necessary to bring them
9 into compliance are in effect shall be designated a member state.

10
11 B. A petitioning state that is found to be in compliance pursuant to Section 805 of the Agreement
12 and the changes to their statutes, rules, regulations or other authorities necessary to bring them
13 into compliance are not in effect, but are scheduled to take effect on or before January 1, 2008,
14 shall be designated an associate member. Provided the statutes, rules, regulations or other
15 authorities remain in effect, the state shall automatically become a member state upon the
16 effective date of the conforming legislation.

17
18 C. A petitioning state that fails to receive an affirmative vote of three-fourths of the petitioning
19 states as required under Section 702 may request associate membership. If such a request is
20 made, the petitioning states may grant such membership by majority vote upon a finding that the
21 state has achieved substantial compliance with the terms of the Agreement taken as a whole, but
22 not necessarily each provision as required by Section 805, measured qualitatively, and there is a
23 reasonable expectation that the state will achieve compliance by January 1, 2008. A state that is
24 granted associate membership by this section shall be required to re-petition for full membership
25 under the requirements of the Agreement.

26 *Compiler's note: On April 16, 2005 Section 704 was added and was effective upon adoption.*

1 1. An associate member may not vote on amendments to or interpretations of the Agreement when
2 the provisions of Section 701 have been met without the use of associate members; and

3 2. An associate member may not vote to determine if a petitioning state is in compliance with the
4 Agreement pursuant to Section 804 of the Agreement.

5 3. A representative of an associate member state shall not be eligible to serve on the compliance
6 review and interpretations committee.

7
8 B. A state which is an associate member on January 1, 2007, shall retain such status until: 1) the
9 state rescinds its election under Section 310.1 and the governing board finds such state to be in
10 compliance pursuant to Section 805, at which time the state shall become a full member state; 2) the
11 state has become a full member state pursuant to Section 310.1 D. 2; or 3) the governing board
12 determines that the state is not in substantial compliance with the Agreement, as amended by Section
13 310.1 at which time the state shall forfeit its status as an associate member. The president of the
14 governing board shall provide an associate member state with the reasons why such state is not in
15 compliance with the Agreement. Forfeiture of its status as an associate member does not preclude a
16 state from re-petitioning for membership pursuant to Section 801.

17
18 C. Notwithstanding any provision of this Agreement to the contrary, a seller may, but is not
19 required to collect sales or use tax on sales into an associate member state unless the seller is otherwise
20 required to collect such taxes under applicable law. Notwithstanding the provisions of Section 401 (B),
21 a seller that volunteers to collect tax in an associate member state is not required to collect tax in any
22 other associate member state. An associate member shall be responsible for payment of costs as
23 provided in Article VI for those sellers that volunteer to collect tax in an associate member state.

24
25 D. Neither the governing board nor a member state may share or grant access to an associate
26 member state any seller information from the seller's registration pursuant to Section 401. Neither the
27 governing board nor a member state may share or grant access to an associate member state any seller
28 information from an audit conducted by the governing board or a member state on behalf of the
29 governing board unless the associate member state is a party to the audit.

1
2 E. An associate member shall be responsible for the payment of the petition fee and the annual cost
3 allocation as determined by the Streamlined Sales Tax Implementing States or governing board.
4

5 F. An associate member state shall provide amnesty pursuant to the provisions of Section 402,
6 provided, the amnesty shall be in effect from the date the associate member status is attained until 12
7 months after the associate member state becomes a full member state.

8 *Compiler's note: On April 16, 2005 Section 705 was added and was effective upon adoption.*

9 *Compiler's note: On June 23, 2007 Section 705 was amended as follows:*

21 been found in compliance by December 31, 2007 shall forfeit its status as an associate member. No state may be an
22 associate member after December 31, 2007. The Co-Chairs of the Streamlined Sales Tax Implementing States president of
23 the governing board shall provide an associate member state with the reasons why such state is not in compliance with the
24 Agreement. Forfeiture of its status as an associate member does not preclude a state from re-petitioning for membership
25 pursuant to Section 801.

26 *F. An associate member state shall provide amnesty pursuant to the provisions of Section 402, provided, the amnesty shall be*

2 election under Section 310.1 and the governing board finds such state to be in compliance pursuant to Section 805, at which
3 time the state shall become a full member state; 2) the state has become a full member state pursuant to Section 310.1 D. 2;
4 or 3) the governing board determines that the state is not in substantial compliance with the Agreement, as amended by

ARTICLE VIII
STATE ENTRY AND WITHDRAWAL

Section 801: ENTRY INTO AGREEMENT

A. After the effective date of the Agreement, a state may apply to become a party to the Agreement by submitting a petition for membership and certificate of compliance to the governing board. The petition for membership shall include such state’s proposed date of entry. The petitioning state’s proposed date of entry shall be on the first day of a calendar quarter. The proposed date of entry shall be a date on which all provisions necessary for the state to be in compliance with the Agreement are in place and effective.

B. The petitioning state shall provide a copy of its petition for membership and the certificate of compliance to each member state when the petitioning state submits its petition for membership to the governing board. A petitioning state shall also post a copy of its petition for membership and certificate of compliance on that state’s web site.

C. A state that petitions for membership after January 1, 2007, that is found to be in compliance pursuant to Sections 804 and 805 of the Agreement except that the changes to their statutes, rules, regulations or other authorities necessary to bring them into compliance are not yet in effect, shall be designated an associate member effective on the first day of the calendar quarter that is not more than twelve months before its proposed date of entry as a member state. Such twelve month period may be extended to eighteen months if the governing board, by unanimous vote approves such extension. Such extension shall be granted only if the petitioning state can present adequate justification of the necessity for the future effective date and that the application of the future effective date beyond twelve months is limited to the provisions of the law for which such necessity is demonstrated. Such states shall be subject to the annual recertification requirement set forth in Section 803 of this Agreement for all issues other than the delayed effective date issues identified at the time the state becomes an associate member.

1 Extensions of effective date delays beyond those identified at the time the state becomes an
2 associate member shall require the state to submit a statement of non-compliance pursuant to
3 Section 803. Provided the statutes, rules, regulations or other authorities remain in effect, the
4 state shall automatically become a member state on the state's proposed date of entry.
5

6 D. A state which becomes an associate member after January 1, 2007 shall forfeit its status as an
7 associate member on the date provided for compliance pursuant to subsection C of this section, if the
8 state's laws are not in compliance at that time. A state that forfeits its status as an associate member
9 because it has extended its effective date for required law changes beyond the date set forth in its
10 petition for membership may not file another petition for membership for a period of twelve months
11 after such state forfeits its status as an associate member.

12 *Compiler's note: On June 23, 2007 subsections A and B were numbered and subsections C and D were added. These*
13 *changes became effective upon their adoption.*
14

15 **Section 802: CERTIFICATE OF COMPLIANCE**

16 The certificate of compliance shall be signed by the chief executive of the state's tax agency. The
17 certificate of compliance shall document compliance with the provisions of the Agreement and cite
18 applicable statutes, rules, regulations, or other authorities evidencing such compliance.
19

20 **Section 803: ANNUAL RE-CERTIFICATION OF MEMBER STATES**

21 Each member state shall annually re-certify that such state is in compliance with the Agreement. Each
22 member state shall make a re-certification to the governing board on or before August 1 of each year
23 after the year of the state's entry. In its annual re-certification, the state shall include any changes in its
24 statutes, rules, regulations, or other authorities that could affect its compliance with the terms of the
25 Agreement. The re-certification shall be signed by the chief executive of the state's tax agency.
26

27 A member state that cannot re-certify its compliance with the Agreement shall submit a statement of
28 non-compliance to the governing board. The statement of non-compliance shall include any action or
29 decision that takes such state out of compliance with the Agreement and the steps it will take to return to

1 compliance. The governing board shall promulgate rules and procedures to respond to statements of
2 noncompliance in accordance with Section 809.

3
4 Each member state shall post its annual re-certification or statement of non-compliance on that state's
5 web site.

6
7 **Section 804: REQUIREMENTS FOR MEMBERSHIP APPROVAL**

8 The governing board shall determine if a petitioning state is in compliance with the Agreement. A
9 three-fourths vote of the entire governing board is required to approve a state's petition for membership.
10 The governing board shall provide public notice and opportunity for comment prior to voting on a
11 state's petition for membership. A state's membership is effective on the proposed date of entry in its
12 petition for membership or the first day of the calendar quarter after its petition is approved by the
13 governing board, whichever is later, and is at least sixty days after its petition is approved.

14
15 **Section 805: COMPLIANCE**

16 A state is in compliance with the Agreement if the effect of the state's laws, rules, regulations, and
17 policies is substantially compliant with each of the requirements set forth in the Agreement.

18
19 **Section 806: AGREEMENT ADMINISTRATION**

20 Authority to administer the Agreement shall rest with the governing board comprised of representatives
21 of each member state. Each member state may appoint up to four representatives to the governing
22 board. The representatives shall be members of the executive or legislative branches of the state or of a
23 local government of that state. Each member state shall be entitled to one vote on the governing board.
24 Except as otherwise provided in the Agreement, all actions taken by the governing board shall require an
25 affirmative vote of a majority of the governing board present and voting. The governing board shall
26 determine its meeting schedule, but shall meet at least once annually. The governing board shall provide
27 a public comment period at each meeting to provide members of the public an opportunity to address the
28 board on matters relevant to the administration or operation of the Agreement. The governing board
29 shall provide public notice of its meetings at least thirty days in advance of such meetings. The

1 governing board shall promulgate rules establishing the public notice requirements for holding
2 emergency meetings on less than thirty day's notice. The governing board may meet electronically.

3
4 The governing board is responsible for the administration and operation of the Agreement, including the
5 appointment of all manner of committees. The governing board may employ staff, advisors, consultants
6 or agents. The governing board may issue interpretive opinions and promulgate such rules it deems
7 necessary to carry out its responsibilities. Rules may take one of two forms: procedural rules, which
8 shall require an affirmative vote of a majority of the governing board present and voting to adopt; and
9 interpretative rules which shall require an affirmative vote of three-fourths of the entire governing board
10 to adopt. The governing board may take any action that is necessary and proper to fulfill the purposes of
11 the Agreement. The governing board may allocate the cost of administration of the Agreement among
12 the member states.

13
14 The governing board may assign committees certain duties, including, but not limited to:

- 15 A. Responding to questions regarding the administration of the Agreement;
- 16 B. Preparing certification requirements and coordinating the certification process for CSPs;
- 17 C. Coordinating joint audits;
- 18 D. Issuing requests for proposals;
- 19 E. Coordinating contracts with member states and providers; and
- 20 F. Maintaining records for the governing board.

21 *Compiler's note: On August 29, 2006 the second paragraph of Section 806 was amended as follows:*

22 *"The governing board is responsible for the administration and operation of the Agreement, including the appointment of all*
23 *manner of committees. The governing board may employ staff, advisors, consultants or agents. The governing board may*
24 *issue interpretive opinions and promulgate such rules and procedures it deems necessary to carry out its responsibilities.*

Section 807: OPEN MEETINGS

Each meeting of the governing board and the minutes thereof shall be open to the public except as provided herein. Meetings of the governing board may be closed only for one or more of the following:

- A. Personnel issues.
- B. Information required by the laws of any member state to be protected from public disclosure. In the meeting, the governing board shall excuse any attendee to whom confidential taxpayer information cannot be disclosed under the law of any member state.
- C. Proprietary information requested by any business to be protected from disclosure.
- D. The consideration of issues incident to competitive bidding, requests for information, or certification, the disclosure of which would defeat the public interest in a fair and competitive process.
- E. The consideration of pending litigation in a member state the discussion of which in a public session would, in the judgment of the member state engaged in the litigation, adversely affect its interests. In the meeting, the governing board shall excuse any attendee to whom confidential taxpayer information cannot be disclosed under the law of any member state.
- F. The consideration of pending litigation in which the governing board is a party the discussion of which in a public session would, in the judgment of the governing board, adversely affect its interests. In the meeting, the governing board shall excuse any attendee to whom confidential taxpayer information cannot be disclosed under the law of any member state.

A closed session of the governing board may be convened by the chair or by a majority vote of the governing board. When a closed session is convened, the reason for the closed session shall be noted in a public session. Any actions taken in the closed session shall be reported immediately upon the reconvening of a public session.

Compiler’s note: On April 16, 2005 Section 807 (F) was added and was effective upon its adoption.

26

Section 808: WITHDRAWAL OF MEMBERSHIP OR EXPULSION OF A MEMBER

With respect to each member state, the Agreement shall continue in full force and effect until a member state withdraws its membership or is expelled. A member state’s withdrawal or expulsion cannot be

1 effective until the first day of a calendar quarter after a minimum of sixty days' notice. A member state
2 shall submit notice of its intent to withdraw from the Agreement to the governing board and the chief
3 executive of each member state's tax agency. The member state shall provide public notice of its intent
4 to withdraw and post its notice of intent to withdraw on its web site. The withdrawal by or expulsion of
5 a state does not affect the validity of the Agreement among other member states. A state that withdraws
6 or is expelled from the Agreement remains liable for its share of any financial or contractual obligations
7 that were incurred by the governing board prior to the effective date of that state's withdrawal or
8 expulsion. The appropriate share of any financial or contractual obligation shall be determined by the
9 state and the governing board in good faith based on the relative benefits received and burdens incurred
10 by the parties.

11
12 **Section 809: SANCTION OF MEMBER STATES**

13 A. If a member state is found to be out of compliance with the Agreement, the governing board may
14 consider sanctions against the state. The sanctions that the governing board may impose include
15 expulsion from the Agreement, or other penalties as determined by the governing board. The adoption
16 of a resolution to sanction a member state for noncompliance with the Agreement shall require the
17 affirmative vote of three-fourths of the entire governing board, excluding the state that is the subject of
18 the resolution. The member state that is the subject of the resolution shall not vote on such resolution.
19 Resolutions seeking sanctions shall be acted upon by the governing board within a reasonable period of
20 time as set forth in the governing board's rules. The governing board shall provide an opportunity for
21 public comment prior to action on a proposed sanction.

22
23 B. No member state shall be sanctioned for failing to comply with any amendment to the
24 Agreement adopted under section 901 of the Agreement or an interpretation or interpretative rule
25 adopted under section 902 of the Agreement, if compliance with the amendment, interpretation or
26 interpretive rule requires the state to make a statutory change, until the later of the first day of January at
27 least two years after the adoption of the amendment or interpretive rule or the first day of a calendar
28 quarter following the end of one full session of the state's legislature.

1 C. No member state shall be sanctioned for failing to be in compliance with any term of the
2 Agreement that the state has adopted, in substantially identical form, in its statutes if its noncompliance
3 is a result of a judicial ruling in that state that interprets that term of the Agreement in a manner
4 inconsistent with an interpretation by, or interpretive rule of, the governing board adopted under section
5 902 of the Agreement and the member state comes into compliance with the interpretation of the
6 governing board by amending its statutes before the later of the first day of January at least two years
7 after the issuance of the judicial decision or the first day of a calendar quarter following one full session
8 of the state's legislature.

9 *Compiler's note: On December 14, 2006 Section 809 was amended by adding subsections B and C. The amendment to this*
10 *section was effective upon its adoption.*

11

12 **Section 810: STATE AND LOCAL ADVISORY COUNCIL**

13 The governing board shall create a State and Local Government Advisory Council to advise the
14 governing board on matters pertaining to the administration of the Agreement. The membership shall
15 include at least one representative from each state that is a participating member of the Streamlined
16 Sales Tax Project pursuant to the Operating Rules of the Project as designated by that state. In addition,
17 the governing board shall appoint local government officials to the State and Local Government
18 Advisory Council. The governing board may appoint other state officials as it deems appropriate.
19 Matters pertaining to the administration of the Agreement shall include, but not be limited to, admission
20 of states into membership, noncompliance, and interpretations, revisions or additions to the Agreement.
21 The State and Local Government Advisory Council shall advise and assist the Business Advisory
22 Council in the functions noted in Section 811.

23 *Compiler's note: On April 16, 2005 Section 810 was amended by deleting "and Taxpayer" after "Business" in the last*

28 governing board on matters pertaining to the administration of the Agreement. These matters shall
29 include, but not be limited to, admission of states into membership, noncompliance, and interpretations,

1 revisions or additions to the Agreement. The Business Advisory Council shall advise and assist the
2 State and Local Government Advisory Council in the functions noted in Section 810.

3 *Compiler's note: On April 16, 2005 Section 811 was amended by deleting "AND TAXPAYER" from the title line; deleting*

5 Amendments to the Agreement may be brought before the governing board by any member state. The
6 Agreement may be amended by a three-fourths vote of the entire governing board. The governing board
7 shall give the Governor and presiding officer of each house of each member state notice of proposed
8 amendments to the Agreement at least thirty days prior to consideration. The governing board shall give
9 public notice of proposed amendments to the Agreement at least thirty days prior to consideration. The
10 governing board shall provide an opportunity for public comment prior to action on an amendment to
11 the Agreement.

12 *Compiler's note: On June 18, 2008 Section 901 was amended by deleting "sixty" in the second and third sentences and*
13 *inserting "thirty." The amendment to this section was effective upon its adoption.*

14
15 **Section 902: INTERPRETATIONS OF AGREEMENT**

16 Matters involving interpretation of the Agreement, including all definitions in the Library of Definitions,
17 may be brought before the governing board by any member state or by any other person. Interpretations
18 may take the form of interpretive opinions, or interpretive rules. An interpretive opinion is issued when
19 the requester submits specific facts and asks how certain provisions in the Agreement would apply to
20 those facts, similar to a private letter ruling. An interpretive rule is issued to clarify language in the
21 Agreement and applies more generally, similar to rules and regulations issued to clarify statutory
22 language. Both forms of interpretations shall require a three-fourths vote of the entire governing board.
23 The governing board shall publish all interpretations issued under this section. Interpretations shall be
24 considered part of the Agreement and shall have the same effect as the Agreement. The governing
25 board shall act on requests for interpretation of the Agreement within a reasonable period of time and
26 under guidelines and procedures as set forth in the governing board's rules. The governing board may
27 determine that it will not issue an interpretation. The governing board shall provide an opportunity for
28 public comment prior to issuing an interpretation of the Agreement. The governing board shall give
29 notice of a proposed interpretive rule to the member states and the public as provided in Section 901 of
30 the Agreement, except that notice must be given at least thirty days prior to consideration.

1 *Compiler's note: On August 29, 2006 Section 902 was amended by adding the second, third, fourth, and last sentences. The*

3 *upon its approval.*

4 *Compiler's note: On September 5, 2008 Section 902 was amended by adding ",including all definitions in the Library of*
5 *Definitions," after "Agreement" in the first line. The amendment to this section was effective upon its adoption.*

6

7 **Section 903: DEFINITION REQUESTS**

8 In addition to the requests for interpretations authorized under Section 902 of this Agreement,
9 any member state or any other person may make requests for additional definitions or for
10 interpretations on how an individual product or service fits within a Part II or Part III(B)
11 definition. Requests shall be submitted in writing as determined by the governing board. Such
12 requests shall be referred to the Advisory Council created in Section 810 or other group under
13 guidelines and procedures as set forth in the governing board's rules. The entity to which the
14 request was referred shall post notice of the request and provide for input from the public and the
15 member states as directed by the governing board. Within one hundred eighty days after
16 receiving the request, they shall report to the governing board one of the following
17 recommendations:

- 18 A. That no action be taken on the request;
- 19 B. That a proposed amendment to the Library be submitted;
- 20 C. That an interpretation request be submitted; or
- 21 D. That additional time is needed to review the request.

22

23 If either an amendment or an interpretation is recommended, the entity to which the request was
24 referred shall provide the appropriate language as required by the governing board. The
25 governing board shall take action on the recommendation of the entity to which the request was
26 referred at the next meeting of the governing board pursuant to the notice requirements of
27 Section 806. Action by the governing board to approve a recommendation for no action shall be
28 considered the final disposition of the request. Nothing in this paragraph shall prohibit a state
29 from directly submitting a proposed amendment or an interpretation request to the governing
30 board pursuant to Section 901 or Section 902.

1 *Compiler's note: On September 5, 2008 Section 903 was amended by adding "In addition to the requests for interpretations*
2 *authorized under Section 902 of this Agreement, any" at the beginning and "Part II or Part III(B)" before "definition" at the*
3 *end of the first sentence. The amendment to this section was effective upon its adoption.*

2 LIBRARY OF DEFINITIONS

3
4 **Part I** Administrative definitions including tangible personal property. Terms included
5 in this Part are core terms that apply in imposing and administering sales and use taxes.

6
7 **Part II** Product definitions. Terms included in this Part are used to impose sales and use
8 taxes, exempt items from sales and use taxes or to impose tax on items by narrowing an
9 exemption that otherwise includes these items.

10 *Compiler's note: On September 5, 2008 the description of Part II was amended to add "impose sales and use taxes"*
11 *before the comma. The amendment became effective upon its adoption.*

12
13 **Part III** Sales tax holiday definitions. Terms included in this Part are core terms that
14 apply in imposing and administering sales and use taxes during sales tax holidays.

15
16 PART I

17
18 Administrative Definitions

19
20 A "**bundled transaction**" is the retail sale of two or more products, except real property and
21 services to real property, where (1) the products are otherwise distinct and identifiable, and (2)
22 the products are sold for one non-itemized price. A "bundled transaction" does not include the
23 sale of any products in which the "sales price" varies, or is negotiable, based on the selection by
24 the purchaser of the products included in the transaction.

25
26 (A) "Distinct and identifiable products" does not include:

- 27 1. Packaging – such as containers, boxes, sacks, bags, and bottles – or other
28 materials – such as wrapping, labels, tags, and instruction guides – that
29 accompany the "retail sale" of the products and are incidental or immaterial to

1 the “retail sale” thereof. Examples of packaging that are incidental or immaterial
2 include grocery sacks, shoeboxes, dry cleaning garment bags and express
3 delivery envelopes and boxes.

- 4 2. A product provided free of charge with the required purchase of another product.
5 A product is “provided free of charge” if the “sales price” of the product
6 purchased does not vary depending on the inclusion of the product “provided free
7 of charge.”
- 8 3. Items included in the member state’s definition of “sales price,” pursuant to
9 Appendix C of the Agreement.

10 (B) The term “one non-itemized price” does not include a price that is separately identified by
11 product on binding sales or other supporting sales-related documentation made available to the
12 customer in paper or electronic form including, but not limited to an invoice, bill of sale, receipt,
13 contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or
14 price list.

15 (C) A transaction that otherwise meets the definition of a “bundled transaction” as defined
16 above, is not a “bundled transaction” if it is:

17 (1) The “retail sale” of tangible personal property and a service where the tangible personal
18 property is essential to the use of the service, and is provided exclusively in connection with the
19 service, and the true object of the transaction is the service; or

20 (2) The “retail sale” of services where one service is provided that is essential to the use or
21 receipt of a second service and the first service is provided exclusively in connection with the
22 second service and the true object of the transaction is the second service; or

23 (3) A transaction that includes taxable products and nontaxable products and the “purchase
24 price” or “sales price” of the taxable products is de minimis.

25 (a) De minimis means the seller’s “purchase price” or “sales price” of the taxable
26 products is ten percent (10%) or less of the total “purchase price” or “sales price” of the
27 bundled products.

28 (b) Sellers shall use either the “purchase price” or the “sales price” of the products to
29 determine if the taxable products are de minimis. Sellers may not use a combination of the

1 “purchase price” and “sales price” of the products to determine if the taxable products are de
2 minimis.

3 (c) Sellers shall use the full term of a service contract to determine if the taxable
4 products are de minimis; or

5 (4) The “retail sale” of exempt tangible personal property and taxable tangible personal
6 property where:

7 (a) the transaction includes “food and food ingredients”, “drugs”, “durable medical
8 equipment”, “mobility enhancing equipment”, “over-the-counter drugs”, “prosthetic devices” (all
9 as defined in Appendix C) or medical supplies; and

10 (b) where the seller's “purchase price” or “sales price” of the taxable tangible personal
11 property is fifty percent (50%) or less of the total “purchase price” or “sales price” of the
12 bundled tangible personal property. Sellers may not use a combination of the “purchase price”
13 and “sales price” of the tangible personal property when making the fifty percent (50%)
14 determination for a transaction.

15 *Compiler’s note: On April 16, 2005 the definition of a “bundled transaction” was added. Member States shall*
16 *comply with this definition no later than January 1, 2008.*

17
18 **“Delivery charges”** means charges by the seller of personal property or services for preparation
19 and delivery to a location designated by the purchaser of personal property or services including,
20 but not limited to, transportation, shipping, postage, handling, crating, and packing.

21 A. A member state may exclude all delivery charges from the sales price of all personal
22 property and services, or choose to exclude from the sales price of personal property or services
23 one or more of the following components, and may amend the definition of delivery charges
24 accordingly:

25 1. Handling, crating, packing, preparation for mailing or delivery, and similar
26 charges; or

27 2. Transportation, shipping, postage, and similar charges.

28 B. In addition, a member state may treat “delivery charges” for “direct mail” differently than
29 it treats “delivery charges” for other personal property or services. A member state may exclude
30 all “delivery charges” from the “sales price” for “direct mail” or choose to exclude from the

1 “sales price” of “direct mail” one or more of the following components, an may amend the
2 definition of “delivery charges” accordingly:

- 3 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;
- 4 2. Transportation, shipping, and similar charges; or
- 5 3. Postage.

6 C. Unless a seller separately states the “delivery charges” or components of “delivery
7 charges” on the invoice or similar billing document given to the purchaser, those non-separately
8 stated charges will not qualify for the exclusion from “sales price.” No member state may
9 require a seller to separately state any “delivery charge” or component thereof.

10 D. The exclusion of “delivery charges” for “direct mail” shall apply to any sale involving the
11 delivery or mailing of: “direct mail;” printed material that would otherwise be “direct mail” that
12 results from a transaction that a state considers the sale of a service; or printed material delivered
13 or mailed to a mass audience when the costs of the printed materials are not billed directly to the
14 recipients and is the result of a transaction that includes the development of billing information
15 or the provision of data processing services.

16 E. If a shipment includes exempt property and taxable property, the seller should allocate
17 the delivery charge by using:

- 18 1. A percentage based on the total sales prices of the taxable property compared to the
19 total sales prices of all property in the shipment; or
- 20 2. A percentage based on the total weight of the taxable property compared to the
21 total weight of all property in the shipment.

22 The seller must tax the percentage of the delivery charge allocated to the taxable property but
23 does not have to tax the percentage allocated to the exempt property.

24 *Compiler’s note: On September 20, 2007 the definition of ”delivery charges” was amended as follows: “A member
25 state may exclude from “delivery charges” any of the following, ~~the charges for delivery of “direct mail”~~ if the
26 charges are separately stated on an invoice or similar billing document given to the purchaser;*

27 *A Handling, crating, packing, preparation for mailing or delivery, and similar charges;*

28 *B Transportation, shipping, postage, and similar charges, or*

29 *C The “delivery charges” for “direct mail.”*

30 *This amendment became effective upon its adoption.*

1 *Compiler's note: On December 6, 2008 the definition of "delivery charges" was amended by adding the following*
2 *to subsection C: "The exclusion of "delivery charges" for "direct mail" shall apply to any sale involving the*
3 *delivery or mailing of "direct mail" or printed material that would otherwise be direct mail that results from a*
4 *transaction that a state considers the sales of a service."* This provision became effective upon its adoption.

5 *Compiler's note: On May 12, 2009 the definition of "delivery charges" was amended as follows:*

6 **"Delivery charges"** means charges by the seller of personal property or services for preparation and delivery to a
7 location designated by the purchaser of personal property or services including, but not limited to, transportation,
8 shipping, postage, handling, crating, and packing.

9 A. A member state may exclude ~~from "delivery charges" any of the following, if the charges are separately~~
10 ~~stated on an invoice or similar billing document given to the purchaser all delivery charges from the sales price of~~
11 ~~all personal property and services, or choose to exclude from the sales price of personal property or services one or~~
12 ~~more of the following components, and may amend the definition of delivery charges accordingly:~~

13 ~~A.1.~~ Handling, crating, packing, preparation for mailing or delivery, and similar charges; or

14 ~~B.2.~~ Transportation, shipping, postage, and similar charges, ~~or~~

15 ~~C.~~ ~~The "delivery charges" for "direct mail." The exclusion of "delivery charges" for "direct mail"~~
16 ~~shall apply to any sale involving the delivery or mailing of "direct mail" or printed material that would~~
17 ~~otherwise be direct mail that results from a transaction that a state considers the sales of a service.~~

18 B. In addition, a member state may treat "delivery charges" for "direct mail" differently than it treats
19 "delivery charges" for other personal property or services. A member state may exclude all "delivery charges"
20 from the "sales price" for "direct mail" or choose to exclude from the "sales price" of "direct mail" one or more
21 of the following components, ~~an~~ may amend the definition of "delivery charges" accordingly:

22 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;

23 2. Transportation, shipping, and similar charges; or

24 3. Postage.

25 C. Unless a seller separately states the "delivery charges" or components of "delivery charges" on the
26 invoice or similar billing document given to the purchaser, those non-separately stated charges will not qualify for
27 the exclusion from "sales price." No member state may require a seller to separately state any "delivery charge"
28 or component thereof.

29 D. The exclusion of "delivery charges" for "direct mail" shall apply to any sale involving the delivery or
30 mailing of: "direct mail;" printed material that would otherwise be "direct mail" that results from a transaction
31 that a state considers the sale of a service; or printed material delivered or mailed to a mass audience when the
32 costs of the printed materials are not billed directly to the recipients and is the result of a transaction that includes
33 the development of billing information or the provision of data processing services.

34 E. If a shipment includes exempt property and taxable property, the seller should allocate the delivery charge
35 by using:

1 ~~A.1.~~ a percentage based on the total sales prices of the taxable property compared to the total sales
2 prices of all property in the shipment; or
3 ~~B. 2.~~ a percentage based on the total weight of the taxable property compared to the total weight of all
4 property in the shipment.

5 *The seller must tax the percentage of the delivery charge allocated to the taxable property but does not have to tax*
6 *the percentage allocated to the exempt property.”*
7 *This amendment became effective upon its adoption.*

8
9 **“Direct mail”** means printed material delivered or distributed by United States mail or other
10 delivery service to a mass audience or to addressees on a mailing list provided by the purchaser
11 or at the direction of the purchaser when the cost of the items are not billed directly to the
12 recipients. “Direct mail” includes tangible personal property supplied directly or indirectly by
13 the purchaser to the direct mail seller for inclusion in the package containing the printed material.
14 “Direct mail” does not include multiple items of printed material delivered to a single address.

15 *Compiler’s note: The Governing Board issued interpretations of “direct mail” on December 14, 2006 and*
16 *September 5, 2008. Those interpretations can be found in the Library of Interpretations.*

17
18 **"Lease or rental"** means any transfer of possession or control of tangible personal property for
19 a fixed or indeterminate term for consideration. A lease or rental may include future options to
20 purchase or extend.

21 A. Lease or rental does not include:

- 22 1. A transfer of possession or control of property under a security agreement or
23 deferred payment plan that requires the transfer of title upon completion of the
24 required payments;
25 2. A transfer or possession or control of property under an agreement that requires
26 the transfer of title upon completion of required payments and payment of an
27 option price does not exceed the greater of one hundred dollars or one percent of
28 the total required payments; or
29 3. Providing tangible personal property along with an operator for a fixed or
30 indeterminate period of time. A condition of this exclusion is that the operator is
31 necessary for the equipment to perform as designed. For the purpose of this

1 subsection, an operator must do more than maintain, inspect, or set-up the
2 tangible personal property.

3 B. Lease or rental does include agreements covering motor vehicles and trailers where the
4 amount of consideration may be increased or decreased by reference to the amount
5 realized upon sale or disposition of the property as defined in 26 USC 7701(h)(1).

6 C. This definition shall be used for sales and use tax purposes regardless if a transaction is
7 characterized as a lease or rental under generally accepted accounting principles, the
8 Internal Revenue Code, the [state commercial code], or other provisions of federal, state
9 or local law.

10 D. This definition will be applied only prospectively from the date of adoption and will
11 have no retroactive impact on existing leases or rentals. This definition shall neither
12 impact any existing sale-leaseback exemption or exclusions that a state may have, nor
13 preclude a state from adopting a sale-leaseback exemption or exclusion after the
14 effective date of the Agreement.

15
16 **“Purchase price”** applies to the measure subject to use tax and has the same meaning as sales
17 price.

18
19 **“Retail sale or Sale at retail”** means any sale, lease, or rental for any purpose other than for
20 resale, sublease, or subrent.

21
22 **“Sales price”** applies to the measure subject to sales tax and means the total amount of
23 consideration, including cash, credit, property, and services, for which personal property or
24 services are sold, leased, or rented, valued in money, whether received in money or otherwise,
25 without any deduction for the following:

26 A. The seller's cost of the property sold;

27 B. The cost of materials used, labor or service cost, interest, losses, all costs of
28 transportation to the seller, all taxes imposed on the seller, and any other expense
29 of the seller;

- 1 C. Charges by the seller for any services necessary to complete the sale, other than
- 2 delivery and installation charges;
- 3 D. Delivery charges;
- 4 E. Installation charges; and
- 5 F. Credit for any trade-in, as determined by state law.

6 States may exclude from “sales price” the amounts received for charges included in paragraphs
7 (C) through (F) above, if they are separately stated on the invoice, billing, or similar document
8 given to the purchaser. States may exclude from (C) above, “telecommunications nonrecurring”
9 charges if they are separately stated on the invoice, billing, or similar documents. A state doing
10 so must define “telecommunications nonrecurring charges” as follows:

11 *Compiler’s note: The following was in effect through December 31, 2007.*

12 *“Sales price” applies to the measure subject to sales tax and means the total amount of consideration, including*
13 *cash, credit, property, and services, for which personal property or services are sold, leased, or rented, valued in*
14 *money, whether received in money or otherwise, without any deduction for the following:*

- 15 A. *The seller’s cost of the property sold;*
- 16 B. *The cost of materials used, labor or service cost, interest, losses, all costs of*
17 *transportation to the seller, all taxes imposed on the seller, and any other expense of*
18 *the seller;*
- 19 C. *Charges by the seller for any services necessary to complete the sale, other than*
20 *delivery and installation charges;*
- 21 D. *Delivery charges;*
- 22 E. *Installation charges;*
- 23 F. *The value of exempt personal property given to the purchaser where taxable and*
24 *exempt personal property have been bundled together and sold by the seller as a*
25 *single product or piece of merchandise; and*
- 26 G. *Credit for any trade-in, as determined by state law.*

27 *States may exclude from “sales price” the amounts received for charges included in paragraphs (C) through (G)*
28 *above, if they are separately stated on the invoice, billing, or similar document given to the purchaser.*

29 *“Sales price” shall not include:*

- 30 A. *Discounts, including cash, term, or coupons that are not reimbursed by a third party that are*
31 *allowed by a seller and taken by a purchaser on a sale;*

- 1 B. *Interest, financing, and carrying charges from credit extended on the sale of personal property or*
2 *services, if the amount is separately stated on the invoice, bill of sale or similar document given to*
3 *the purchaser; and*
- 4 C. *Any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of*
5 *sale or similar document given to the purchaser.*

6

7 **“Telecommunications nonrecurring charges”** means an amount billed for the installation,
8 connection, change or initiation of “telecommunications service” received by the customer.

9

10 “Sales price” shall not include:

- 11 A. Discounts, including cash, term, or coupons that are not reimbursed by a third party
12 that are allowed by a seller and taken by a purchaser on a sale;
- 13 B. Interest, financing, and carrying charges from credit extended on the sale of
14 personal property or services, if the amount is separately stated on the invoice, bill
15 of sale or similar document given to the purchaser; and
- 16 C. Any taxes legally imposed directly on the consumer that are separately stated on the
17 invoice, bill of sale or similar document given to the purchaser.

18

19 “Sales price” shall include consideration received by the seller from third parties if:

- 20 A. The seller actually receives consideration from a party other than the purchaser and the
21 consideration is directly related to a price reduction or discount on the sale;
- 22 B. The seller has an obligation to pass the price reduction or discount through to the
23 purchaser;
- 24 C. The amount of the consideration attributable to the sale is fixed and determinable by the
25 seller at the time of the sale of the item to the purchaser; and
- 26 D. One of the following criteria is met:
- 27 1. The purchaser presents a coupon, certificate or other documentation to the seller to
28 claim a price reduction or discount where the coupon, certificate or documentation is
29 authorized, distributed or granted by a third party with the understanding that the

1 third party will reimburse any seller to whom the coupon, certificate or
2 documentation is presented;

- 3 2. The purchaser identifies himself or herself to the seller as a member of a group or
4 organization entitled to a price reduction or discount (a “preferred customer” card
5 that is available to any patron does not constitute membership in such a group), or
6 3. The price reduction or discount is identified as a third party price reduction or
7 discount on the invoice received by the purchaser or on a coupon, certificate or other
8 documentation presented by the purchaser.
9

10 States may also exclude from “sales price” either employee discounts that are reimbursed by a
11 third party on sales of motor vehicles, or manufacturer rebates on motor vehicles, or both.

12 *Compiler’s note: On April 16, 2005 the following amendments were made to the definition of “Sales*
13 *Price”.*

14 *Deleting “F. The value of exempt personal property given to the purchaser where taxable and exempt*
15 *personal property have been bundled together and sold by the seller as a single product or piece of*
16 *merchandise;” and renumbering “G” to “F”.*

17 *Changing the cross reference to reflect the renumbering, inserting the second and third sentences in the*
18 *paragraph following (F), and inserting the definition of “telecommunications nonrecurring charges”.*

19 *Inserting all of the material starting with “Sales price” shall include consideration received by the seller*
20 *from third parties”.*

21 *Member states shall comply with the changes to this definition no later than January 1, 2008.*
22

23 **“Tangible personal property”** means personal property that can be seen, weighed, measured,
24 felt, or touched, or that is in any other manner perceptible to the senses. “Tangible personal
25 property” includes electricity, water, gas, steam, and prewritten computer software.

26 *Compiler’s note: The Governing Board issued an interpretation of the definition of “tangible personal property” on*
27 *May 12, 2009. That interpretation can be found in the Library of Interpretations.*

14 administer the “essential clothing” threshold consistent with the provisions of Section 322,

18 state to provide exemptions for certain subcategories of the more broadly defined terms. A
19 member state that specifically imposes tax on, or exempts from tax, local telephone or local
20 telecommunications service may define “local service” in any manner in accordance with
21 Section 327 of the Agreement, except as limited by other sections of this Agreement.

A. Administrative Definitions:

"**Eligible property**" means an item of a type, such as clothing, that qualifies for a sales tax holiday exemption in a member state.

"**Layaway sale**" means a transaction in which property is set aside for future delivery to a customer who makes a deposit, agrees to pay the balance of the purchase price over a period of time, and, at the end of the payment period, receives the property. An order is accepted for layaway by the seller, when the seller removes the property from normal inventory or clearly identifies the property as sold to the purchaser.

"**Rain check**" means the seller allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock.

B. Product Definitions:

"**Disaster Preparedness Supply**" means an item purchased in preparation or response to a disaster, including any fire, flood, storm, tidal wave, earthquake, or similar public calamity, whether man-made, resulting from war, or resulting from natural causes. "Disaster Preparedness Supply" shall include the following categories of items: 1) general disaster preparedness supplies; 2) disaster preparedness safety supplies; 3) disaster preparedness food-related supplies; and 4) disaster preparedness fastening supplies.

A member state that wishes to exempt "disaster preparedness supplies" during a sales tax holiday may:

1. exempt all disaster preparedness qualified supplies; or
2. exempt specified classifications of supplies.

1 A member state may not exempt specific items within a classification, without exempting the
2 entire classification of supplies.

3 **“Disaster Preparedness General Supply”** is a general purpose item that may be used in
4 preparation or response to a disaster. The term is mutually exclusive of the terms “disaster
5 preparedness safety supplies,” “disaster preparedness food-related supplies,” and “disaster
6 preparedness fastening supplies,” and may be taxed differently. The following is an all-inclusive
7 list:

- 8 1. Batteries (excluding automobile and marine batteries) AAA, AA, C, D, 6 volt or 9 volt;
- 9 2. Cellular telephone batteries and chargers;

21 fastening supplies,” and may be taxed differently. The following is an all-inclusive list:

- 22 1. Carbon monoxide detectors;
- 23 2. Smoke detectors;
- 24 3. Fire extinguishers; and
- 25 4. First aid kits.

26 **“Disaster Preparedness Food-Related Supply”** is a food or food related item that may be used
27 in preparation or response to a disaster. The term is mutually exclusive of the terms “disaster
28 preparedness general supplies,” “disaster preparedness safety supplies,” and “disaster

1 preparedness fastening supplies,” and may be taxed differently. The following is an all-inclusive
2 list:

- 3 1. Artificial ice;
- 4 2. Water storage container;

- 6 4. Bottled water.

7 **“Disaster Preparedness Fastening Supply”** is a fastening item or an item used for securing
8 property or covering property that may be used in preparation or response to a disaster. The term
9 is mutually exclusive of the terms “disaster preparedness general supplies,” “disaster
10 preparedness safety supplies,” and “disaster preparedness food-related supplies,” and may be

24 Energy that are authorized to carry the Energy Star label. Covered products are those listed at
25 www.energystar.gov or successor address.

26 A member state that wishes to exempt “Energy Star qualified products” during a sales tax
27 holiday may:

- 28 1. exempt all Energy Star Qualified Products, or
- 29 2. exempt specified Energy Star Qualified Products, or
- 30 3. exempt specified classifications as categorized on the Energy Star product listing.

1 **“School supply”** is an item commonly used by a student in a course of study. The term is

1 26. Scissors; and

2 27. Writing tablets.

3 **“School art supply”** is an item commonly used by a student in a course of study for artwork.

2 **LIBRARY OF INTERPRETATIONS**

3
4 **Interpretation 2006-01**
5 **(Adopted April 18, 2006)**
6

7 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
8 and Interpretations Committee this 2nd day of February, 2006 in accordance with Article IX, Rule
9 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

10
11 The party requesting the interpretation is RSM McGladrey, Inc. of Cedar Rapids, Iowa. The
12 request was made by letter dated November 23, 2005, and was made pursuant to the provisions
13 for expedited consideration contained in Rule 902 at subsection H.
14

15 **Issue:**
16

17 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
18 specific question presented was whether amnesty is available to a seller for tax not collected, if
19 the seller has collected an amount of tax in a state, but failed to remit it. The seller otherwise
20 meets the qualifications prescribed in section 402. The issue was presented with an
21 acknowledgement that tax collected must be remitted with applicable penalties and interest as a
22 precondition to receiving amnesty.
23

24 **Public Comment:**
25

26 No written public comments were received.
27

28 **Recommendation:**
29

30 By unanimous consent the Compliance Review and Interpretations Committee submits to the
31 Governing Board a recommendation that a seller who has collected tax in a member state may
32 obtain amnesty for taxes not collected in that state or any member state in accordance with the
33 terms of Agreement section 402. The Committee further recommends that tax collected from
34 purchasers in a member state must be remitted with applicable penalty and interest to that
35 member state as a condition of receiving amnesty. This condition is in addition to those
36 conditions specifically enumerated in section 402 of the Agreement.
37

38 **Rationale:**
39

40 A plain reading of Agreement section 402 requires a state to provide amnesty for “uncollected or
41 unpaid sales or use tax”. A similar plain reading of the disqualifying language contained in
42 subsection 402C limits disqualification to “sales or use taxes already paid or remitted to the state

1 or to taxes collected by the seller.” As the seller has not collected the taxes at issue, amnesty is
2 available despite the fact that the seller collected taxes on other sales which will not qualify for
3 amnesty.

10 **Interpretation 2006-02**
11 **(Adopted April 18, 2006)**

12
13 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
14 and Interpretations Committee this 2nd day of February 2006 in accordance with Article IX, Rule
15 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

16
17 The party requesting the interpretation is Department of Treasury, State of Michigan, of Lansing
18 Michigan. The request was made by letter dated January 4, 2006, and was made pursuant to the
19 provisions for expedited consideration contained in Rule 902 H.

20
21 Issue:

22
23 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
24 questions presented related to when a seller is considered registered under the Agreement for
25 purposes of eligibility for amnesty when a seller has registered through the central registration
26 system and indicated that it will make use of a model 1 or model 2 seller for those periods when
27 a certified service provider (CSP) or a certified automated system (CAS) have not been deemed
28 available by the Executive Committee of the Governing Board. The specific questions presented
29 are as follows:

- 30 1. When will a model 1 or model 2 seller be deemed to have “registered under the
31 Agreement” as provided in Section 211 of the Agreement?
32 2. When will a model 1 or model 2 seller be required to begin collecting and
33 remitting sales or use taxes to member states as provided in Section 401(B) of the
34 Agreement?
35 3. When will a model 1 or model 2 seller be denied amnesty because they have
36 received a notice of the commencement of an audit as provided in Section 402(B)
37 of the

38 Agreement?

39
40 Public Comment:

41
42 No written public comments were received.

43
44 Recommendation:

1
2 By unanimous consent the Compliance Review and Interpretations Committee submits to the
3 Governing Board the following recommendations:

- 4 1. A model 1 or model 2 seller will be “registered under the Agreement”:
5 a. on a date that follows the act of making application for registration
6 through the central registration system, and
7 b. the date that they begin, or are required to begin, collecting a member
8 state’s sales or use tax.
9 2. A model 1 or model 2 seller will be required to begin collecting and remitting
10 sales or use taxes in a member state on the first day of the calendar month after
11 60 days notice that adequate CSP or CAS services are available as determined
12 by the Executive Committee of the Governing Board.
13 3. A model 1 or model 2 seller will be denied amnesty in a member state pursuant
14 to Section 402(B) as having received a notice of audit only if that notice of audit
15 is received on a date that precedes the date the seller made application for
16 registration through the central registration system.
17

18 Rationale:

19
20 The basis for the recommended interpretations is the inability of a model 1 or model 2 seller to
21 collect and remit sales and use taxes until these technology models are deemed to be available
22 for use by the Executive Committee of the Governing Board. A registration through the central
23 registration system should not be considered complete until a model 1 or model 2 seller begins to
24 collect or is required to begin to collect a member states’ sales or use tax. These interpretations
25 are consistent with the Position on Amnesty adopted by the Governing Board on November 9,
26 2005.

34 **(Adopted April 18, 2006)**
35

36 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
37 and Interpretations Committee this 16th day of February 2006 in accordance with Article IX,
38 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
39 Inc.
40

41 The party requesting the interpretation is the State of Indiana, Tom Conley, Indiana Delegate,

43 was made pursuant to the provisions for expedited consideration contained in Rule 902 H.
44

1 Issue:
2

3 The issue presented is an interpretation of Agreement Article III, Section 310, Subsection C,
4 Clause 1 pertaining to sourcing of initial lease payments made to dealers. The quoted section of
5 the agreement reads as follows:
6

7 For a lease or rental that requires recurring periodic payments, each periodic payment is
8 sourced to the primary property location. The primary property location shall be as
9 indicated by an address for the property provided by the lessee that is available to the
10 lessor from its records maintained in the ordinary course of business, when use of this
11 address does not constitute bad faith. This location shall not be altered by intermittent
12 use at different locations.
13

14 Indiana is requesting an interpretation on the sourcing of initial payments (down payments,
15 rebates or other potentially taxable receipts) paid to the seller at the time the lease is negotiated
16 between the seller and purchaser. Are these payments considered a recurring periodic payment
17 and sourced in accordance with Section 310(C)?
18

19 Recommendation:
20

21 By unanimous consent the Compliance Review and Interpretations Committee submits to the
22 Governing Board the following recommendation:
23

24 Article III, Section 310, Subsection C, of the Agreement should be interpreted to include
25 payments received at the inception of a lease (down payments, rebates or other potentially
26 taxable receipts) as periodic payments and sourced to the primary property location consistent
27 with the sourcing of the remaining periodic payments.
28

29 Rationale:
30

31 The committee contacted the automobile associations of their various states. The associations
32 reported that their leasing organizations vary in the way that the receipts collected at the
33 inception of the lease are currently sourced. Some source the receipts to the primary property
34 location while others source the receipts to the dealer's location. The committee believed that
35 the intent of the original sourcing rule was to establish a single location for sourcing all
36 payments. The proposed interpretation would be consistent with what we believed to be the
37 intent of the rule. The interpretation would also eliminate the confusion that currently seems to
38 exist related to this issue.

45 **Interpretation 2006-04**

(Adopted April 18, 2006)

This Interpretation Recommendation is made to the Governing Board by the Compliance Review and Interpretations Committee this 13th day of April 2006 in accordance with Article IX, Rule 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

The party requesting the interpretation is Brinker International on behalf of the National Association of Convenience Stores, Council on State Taxation, Darden Restaurants, Food Marketing Institute, Indiana Grocery & Convenience Store Association, Marathon Petroleum Company, Marsh Supermarket Pharmacy, Minnesota Grocers Association, Speedway, Starbucks Coffee, Target, Utah Food Industry Association and Yum! Brands, Incorporated. The request was made by letter dated January 9, 2006, and was made pursuant to the provisions for expedited consideration contained in Rule 902 at subsection H.

Issue:

The issue presented is an interpretation of definition of “food sold with eating utensils provided by the seller” found in section C of the prepared food definition found in Appendix C, Part II.

Public Comment”

Public comments were received from both industry and state agencies.

Recommendation:

The Compliance Review and Interpretations Committee submits to the Governing Board a recommendation that the definition of “food sold with eating utensils” be interpreted as specified in the State and Local Advisory Council paper on “Prepared Food Re-Visited Updated April 13, 2006.” This paper was distributed with Diane Hardt’s e-mail dated April 13, 2006 with revised documents for the Streamlined Sales Tax Governing Board meeting in Indianapolis, Indiana on April 18, 2006. Committee members have agreed, by a vote of five to one, that they can support the proposal as presented, provided states are given adequate time to promulgate regulations, make legislative changes, or prepare other published guidance as each state determines is necessary to adopt the language proposed.

Rationale:

The Compliance Review and Interpretations Committee finds itself in a difficult situation with this request for interpretation and its subsequent determination of support of the proposal.

All members recognize the need to come to agreement on how to interpret the subject language. Committee members, as well as other states and business representatives involved in the discussions, have indicated support for the proposal. The Committee commends business members and state members for their diligent efforts in bringing this proposal to the table.

1
2 Concern was expressed by some Committee members that the language in the proposal goes
3 beyond an interpretation of the existing language in the definition and, in some states, would
4 require legislative changes. Committee member, Tony Mastin, noted that using the Black's Law
5 Dictionary definition of the word "provided" would be an allowable interpretation of the current
6 language. Business representatives expressed concern that using a dictionary definition would
7 not provide the necessary guidance to administer the provision and would result in states
8 adopting different interpretations of the meaning of the phrase.
9

10 The Committee is seeking advice from the Governing Board on whether this interpretation goes
11 beyond the scope of an interpretation of the current definition. If so, the Committee asks for
12 advice from the Governing Board on how to proceed. The options discussed, if this is not an
13 interpretation, were either an amendment to the Agreement or a rule.

20 State and Local Advisory Council
21 Prepared Food Re-Visited
22 Updated April 13, 2006
23
24

25 SSTP approved several interpretations of the food definitions at its meeting on January 6, 2005.
26 The approved interpretations are included in an Issue Paper titled "Food Definition Issues" on
27 the Streamlined web site at www.streamlinedsalestax.org. SSTP interpreted "provided by the
28 seller" with respect to utensils as:
29

- 30 B. Utensils need only be made available to purchasers if a seller's sales of prepared food in
31 A and B of the definition (except items 1 through 3 that a state chooses to exclude), soft
32 drinks, and alcohol beverages at an establishment are more than 75% of the seller's total
33 sales at the establishment.
34
35 C. For sellers other than in 1., the seller's customary practice is to give the utensil to the
36 purchaser, except that plates, glasses, or cups necessary for the purchaser to receive the
37 food or food ingredients need only be made available.
38

39 Also, SSTP addressed utensils provided by persons other than the seller and resold by a seller as
40 follows:
41

42 Although a person other than the seller may have originally placed the utensil in
43 the package, the seller provides it to the purchaser when it transfers the package to
44 the purchaser. Therefore, in the examples provided (caterer sells a boxed lunch

1 with utensils to a concessionaire who sells the boxed lunch; food manufacturer
2 packages ready-to-eat lunch with utensils and sells to a grocer who sells the
3 lunch), utensils are provided by the seller.
4

5 The Food Marketing Institute and a number of interested parties submitted a request for
6 interpretation to the Compliance Review and Interpretations Committee (CRIC) on January 6,
7 2006. CRIC has requested the State and Local Advisory Council (SLAC) of the Streamlined
8 Governing Board to further address the prepared food interpretation issue.
9

10 At the SLAC meeting on January 7-8, 2006, a work group discussed concerns about the SSTP
11 approved interpretation and identified solutions. Business representatives reviewed those
12 solutions and recommended minor changes. The proposed interpretation is as follows:
13

- 14 1. We will maintain the 75% test for sellers but modify how the numerator and
15 denominator are calculated so that like businesses (single purpose coffee shop v.
16 coffee shop in a bookstore) are treated the same.
17
- 18 2. The numerator would include sales of (a) prepared food if under A and B of the
19 definition of prepared food; and (b) food where plates, bowls, glasses or cups are
20 necessary to receive the food (e.g., dispensed milk, salad bar). Alcoholic beverages
21 are not included in the numerator.
22
- 23 3. The denominator would include sales of all food and food ingredients, including
24 prepared food, candy, dietary supplements, and soft drinks. Alcoholic beverages are
25 not included in the denominator.
26
- 27 4. For sellers with a sales percentage of 75% or less, utensils are provided by the seller
28 if the seller's practice for the item (as represented by the seller) is to physically give
29 or hand the utensil to the purchaser, except that plates, bowls, glasses, or cups
30 necessary for the purchaser to receive the food (e.g., dispensed milk, salad bar) need
31 only be made available.
32
- 33 5. For sellers with a sales percentage greater than 75%, utensils are provided by the
34 seller if they are made available to purchasers.
35
- 36 6. For sellers with a sales percentage greater than 75% and who sell items that contain
37 four (4) or more servings packaged as one item sold for a single price, an item does
38 not become prepared food due to the seller having utensils available. However, if the
39 seller provides utensils for the item as in 4 above, then the item is considered
40 prepared food. Whenever available, serving sizes will be determined based on a
41 label on an item sold. If no label is available, a seller will reasonably determine the
42 number of servings in an item.
43

1 The party requesting the interpretation is George S. Isaacson of Brann & Isaacson, of Lewiston
2 Maine. The request was made by letter dated March 31, 2006, and was made pursuant to the
3 provisions for expedited consideration contained in Rule 902 at subsection H.
4

5 Issue:
6

7 The first issue presented is an interpretation of the definition of “clothing” found in Appendix C,
8 Part II of the Streamlined Sales and Use Tax Agreement. The specific question is: Do articles of
9 human wearing apparel suitable for general use that are made from fur or hide on the pelt (i.e.,
10 animal skins with hair, fleece or fur fibers attached) constitute “clothing” within the meaning of
11 the Agreement?
12

13 The second issue presented is an interpretation of Section 327(C) of the Agreement which
14 requires a member state to impose sales or use tax on all products or services included within
15 each definition or to exempt from sales or use tax all products or services within each definition.
16 The specific question is, if human wearing apparel made from fur and suitable for general use
17 constitutes “clothing” as defined in the SSUTA, must a member state, under Section 327 of the
18 Agreement, treat fur clothing in the same manner as all other clothing?
19

20 The third issue presented is whether Minnesota’s general exemption from sales and use tax for
21 clothing, and the imposition of a separate gross revenues tax on fur clothing results in Minnesota
22 being in violation of Section 327 (C) of the agreement.
23

24 Public Comment:
25

26 No written public comments were received.
27

28 Recommendation:
29

30 By unanimous consent the Compliance Review and Interpretations Committee submits to the
31 Governing Board the following recommendations regarding the above three issues:

- 32 (1) Appendix C, Part II of the Streamlined Sales and Use Tax Agreement defines clothing as
33 human wearing apparel suitable for general use. An article made from fur or hide on the
34 pelt that is wearing apparel suitable for general use, is not excluded from the definition of
35 clothing.
36
- 37 (2) Clothing made with fur must be treated in the same manner as other clothing. A state can
38 choose to impose the sales tax on all articles of clothing, or it may choose to exempt all
39 articles of clothing. A state cannot choose to apply the sales tax to some articles of
40 clothing and exempt other articles of clothing.
41
- 42 (3) The third question concerns whether Minnesota is in violation of Section 327 (C) of the
43 Agreement. The Agreement pertains only to sales and use taxes. Imposition of

1 Minnesota's gross revenue tax on articles of fur clothing does not constitute a violation of
2 Section 327 (C) of the Agreement.

3
4 Rationale:

- 5
6 (1) The committee reviewed the definition of clothing and determined that articles of
7 clothing made from fur or hide on the pelt are not excluded from the definition of
8 clothing. There is no language in the definition or the Agreement that qualifies or restricts
9 the definition of clothing based on the materials that are used to produce the clothing.
10
11 (2) The committee reviewed Section 327 of the Agreement. Section 327 requires that except
12 as specifically provided in Section 316 and any applicable definition, a member state
13 must either impose its sales and use taxes on all products or services within a definition,
14 or exempt all products or services within a definition.
15
16 (3) Minnesota exempts all clothing from the sales and use tax. Minnesota does not impose a
17 sales tax on articles of clothing made with fur or hide on the pelt (Minnesota Statutes,
18 Chapter 297A (General Sales and Use Taxes)). Minnesota imposes a separate gross
19 revenues tax on fur clothing (Minnesota Statutes, Chapter 295 (Gross Revenues and
20 Gross Receipts Taxes)). This is not in violation of any provision of the Agreement. It is a
21 separate tax from the sales tax and is imposed on the gross receipts of the furrier for sales
22 in Minnesota. Article I, Section 104 of the agreement provides that the definition of a
23 term is not intended to influence the interpretation or application of that term with respect
24 to other tax types.

34 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
35 and Interpretations Committee this 22nd day of June, 2006 in accordance with Article IX, Rule
36 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
37

38 The party requesting the interpretation is William Riesenberger of the Ohio Department of
39 Taxation, Sales and Use Tax Division. The request was made by letter dated January 25, 2006.
40 Expedited consideration available under Rule 902, subsection H was not requested.
41

42 Issue:
43

1 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
2 question presented was whether a company that has a physical presence in a state continues to be
3 eligible for amnesty in that same state if it deregisters in the other member and associate member
4 states. Amnesty was originally granted under section 402 of the agreement when the company
5 registered to collect tax through the streamlined sales tax central registration system.

10
11 Recommendation:

12
13 By unanimous consent the Compliance Review and Interpretations Committee submits to the
14 Governing Board a recommendation that a seller who has deregistered to collect tax in any
15 member state within thirty-six months of its registration is no longer eligible for amnesty in any
16 member state or associate member state under section 402 of the Agreement including states
17 where the seller has a physical presence.

18
19 Rationale:

20
21 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
22 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
23 the terms of the agreement. In addition, section 402D states the amnesty is fully effective as
24 long as the seller continues registration and continues payment or collection and remittance of
25 applicable sales or use taxes for a period of at least thirty-six months. A seller that deregisters
26 within thirty-six months of its registration does not meet the requirements of Section 402D and,
27 therefore, forfeits the amnesty provided under the agreement in all member and associate
28 member states including any state where registration is continued. Notice of deregistration is
29 made through the central registration system to all member and associate member states.

36 **Interpretation 2006-07**
37 **(Adopted August 29, 2006)**

38
39 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
40 and Interpretations Committee this 24th day of August, 2006 in accordance with Article IX, Rule
41 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

42
43 The party requesting the interpretation is the Software Finance & Tax Executives Council
44 (SoFTEC) represented by Mark Nebergall of 1150 17th Street NW # 601, Washington DC 20036.

1 The request was made on the prescribed form on April 11, 2006 and was made pursuant to the
2 provisions for consideration contained in Rule 902 at subsection (D). SoFTEC provided
3 supplemental information in support of the interpretation and to provide clarification of the scope
4 of the interpretation request.

5
6 Issue:
7

8 SoFTEC raises three issues associated with Section 312A, Multiple Points of Use, effective on
9 and after January 1, 2008, of the Streamlined Sales and Use Tax Agreement (SSUTA). Each of
10 the issues involves the interpretation of the phrase “concurrently available for use in more than
11 one jurisdiction” and its application to three specific fact patterns involving the sale of software
12 and service. We list the fact patterns first and then the issues associated with each fact pattern
13 exactly as presented in the interpretation request.
14

15 Fact Pattern (1): Software Company sells software that can be loaded onto Customer’s
16 server and can be accessed and used concurrently by Customer’s employees located in
17 several states. The only copy of the software received by the Customer is the one loaded
18 onto the Customer’s server. No subsequent copies of the software are made and sent to
19 employees in other states.
20

21 Fact Pattern (2): Software is loaded onto Software Company’s server and Software
22 Company sells access to the software to Customer. Customer’s employees gain concurrent
23 access to the software from multiple locations. No copy of the software is ever delivered to
24 the Customer.
25

26 Fact Pattern (3): A copy of a computer program is licensed by Software Company to
27 Customer along with the right to make multiple copies of the software which will be
28 delivered to Customer’s users/employees in multiple jurisdictions.
29

30 Issue (1): “Is software loaded onto a server located in a single state that can be accessed by
31 users in several states “concurrently available for use in more than one jurisdiction” within
32 the meaning of Section 312A of the Agreement?”

33 Issue (2): “Is delivery of a copy of the computer program to the customer necessary to
34 invoke the “concurrently available for use in more than one jurisdiction” language of Section
35 312A?”

36 Issue (3): “Is a license of a copy of a computer program that allows the licensee/customer to
37 make copies of the software that will be used in more than one jurisdiction by the customer
38 “concurrently available for use in more than one jurisdiction” within the meaning of Section
39 312A?”

40 Public Comment:

1 Public comment was received from both industry and state agencies.

2 Recommendation:

3 By unanimous vote the Compliance Review and Interpretations Committee submits to the
4 Governing Board the following interpretation recommendation regarding the above three issues.
5 It is important to note that the committee's recommendation departs from SoFTEC's proposed
6 interpretation as it relates to issues one and three by incorporating clarifications provided by
7 SoFTEC in supplemental memorandums. This interpretation recommendation does not take a
8 position on whether the transactions described in the fact patterns are sales of computer software
9 or whether they are sales of services since this distinction is not important to the question of
10 whether the purchases are considered to be concurrently available for use in multiple
11 jurisdictions.

12 It is also important to note that regardless of the fact situation, a seller is not relieved of its
13 obligation to collect and remit sales or use tax on otherwise taxable transactions, unless the
14 purchaser delivers to the seller an exemption form claiming direct pay or multiple points of use.

- 15 1. The purchase of software loaded onto a server located in a single state that will be
16 available for access by employees in multiple jurisdictions is concurrently available
17 for use in more than one jurisdiction within the meaning of Section 312A of the
18 Agreement if the purchaser knows at the time of its purchase that the software will be
19 concurrently available for use in multiple jurisdictions.
- 20 2. Delivery of a copy of a computer program is not necessary to invoke the
21 "concurrently available for use in more than one jurisdiction" language of Section
22 312A.
- 23 3. The purchase of a license of a copy of a computer program that allows the
24 licensee/customer to make copies of the software that will be used in more than one
25 jurisdiction by the customer is concurrently available for use in more than one
26 jurisdiction within the meaning of Section 312A of the Agreement if the purchaser
27 knows at the time of its purchase that the software will be concurrently available for
28 use in multiple jurisdictions.

29 Rationale:

- 30 1. The critical component of Section 312A is the direction provided to both the
31 seller and purchaser. The term "concurrently available for use" has clear
32 meaning: "concurrently" (occurring at the same time); "available for use"
33 (that **can** be used). Applying the clear meaning of the term "concurrently
34 available for use" to the specific fact pattern described, the purchased item is
35 considered to be concurrently available for use in multiple jurisdictions
36 within the meaning of Section 312A.

1 The Compliance Review and Interpretations Committee submits to the Governing Board a
2 recommendation that a seller who deregisters to collect tax in a member state within thirty-six
3 months of that state becoming a member is no longer eligible for amnesty in that new member
4 state under Section 402 of the agreement. However, the seller retains amnesty with all member
5 states in which they were registered for at least thirty-six months, provided they meet all of the
6 other requirements of Section 402 of the agreement.

7 Rationale:

8 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
9 a seller that registered to pay or to collect and remit applicable sales or use tax in accordance
10 with the terms of the agreement. In addition, Section 402D states that the amnesty is fully
11 effective as long as the seller continues registration and continues payment or collection and
12 remittance of applicable sales or use taxes for a period of at least thirty-six months. Each
13 member state shall toll its statute of limitations applicable to asserting a tax liability during this
14 thirty-six month period.

15 A seller that deregisters within thirty-six months of the date that a state becomes a member does
16 not meet the requirements of section 402D and, therefore, forfeits the amnesty provided under
17 the agreement for that member state. Assuming that all other requirements of Section 402 are
18 met, the seller retains amnesty in the initial member states since they met the thirty-six month
19 registration requirement in those states.

23 **Interpretation 2006-09**
24 **(Adopted December 14, 2006)**
25

26 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
27 and Interpretations Committee this 14th day of September, 2006 in accordance with Article IX,
28 Rule 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
29

30 The party requesting the interpretation is Suzanne Beaudelaire of Ernst & Young, LLP. The
31 request was made on the prescribed form dated August 16, 2006, and was made pursuant to the
32 provisions for expedited consideration contained in Rule 902 at subsection H.
33

34 Issue:
35

36 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
37 question presented was whether companies (predecessor companies) would be eligible for
38 amnesty under Agreement section 402 if another company (successor company) acquired the
39 assets and liabilities of the predecessor companies and then registered to collect sales/use tax

1 through the SST central registration system. According to facts presented in the request, the
2 predecessor companies no longer exist, but would qualify for amnesty under Agreement section
3 402 if they still existed and they registered through the central registration system.
4

5 Public Comment:
6

7 No written public comments were received. Ms. Beaudelaire's discussion and response to the
8 committee's questions during the September 14, 2006 meeting were the only oral comments
9 presented to the committee. Other issues regarding liability for sales/use tax related to
10 predecessor companies were raised during the discussion, but the following recommendation is
11 limited to the specific question addressed in Ms. Beaudelaire's request.
12

13 Recommendation:
14

15 By unanimous consent the Compliance Review and Interpretations Committee submits to the
16 Governing Board a recommendation that predecessor companies that do not register through the
17 central registration system are not eligible for amnesty under Agreement section 402.
18

19 Rationale:
20

21 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
22 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
23 the terms of the agreement. The agreement language is clear that amnesty is not available to
24 companies that do not register under the agreement.

33

34 **Interpretation 2006-11**
35 **(Adopted December 14, 2006)**
36

37 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
38 and Interpretations Committee this 26th day of October 2006 in accordance with Article IX, Rule
39 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
40

41 The party requesting the interpretation is Mr. John Nugent of the Rhode Island Division of
42 Taxation. The request was made on the prescribed form dated October 6, 2006, and was made
43 pursuant to the provisions for expedited consideration contained in Rule 902 H.
44

1 Issue:
2

3 The issue presented is an interpretation of Interpretation 2006-04 adopted on April 18, 2006 by
4 the Governing Board defining the term “food sold with eating utensils provided by the seller” for
5 purposes of the prepared food definition in the Agreement. The specific issue involves the
6 following language which is referred to as a “bulk serving” in the remainder of this document:
7

8 “For sellers with a sales percentage greater than 75% and who sell items that contain four
9 (4) or more servings packaged as one item sold for a single price, an item does not
10 become prepared food due to the seller having utensils available.”
11

12 The questions presented was whether the packaging by a seller of four or more bakery products
13 individually selected by a purchaser and sold for a single price meets the definition of “bulk
14 serving” as defined above.
15

16 Public Comment:
17

18 Written public comments were received and are incorporated herein.
19

20 Recommendation:
21

22 By unanimous consent the Compliance Review and Interpretations Committee submits to the
23 Governing Board the recommendation that packaging by a seller of four or more bakery products
24 individually selected by the purchaser and sold for a single price constitutes a bulk serving.
25

26 Rationale:
27

28 Section VI of Interpretation 2006-04 provides, in part, the following:

29 “For sellers with a sales percentage greater than 75% and who sell items that contain four (4) or
30 more servings packaged as one item sold for a single price, an item does not become prepared
31 food due to the seller having utensils available...”
32

33 The “bulk servings” of Interpretation 2006-04 does not provide by whom the item must be
34 packaged, or that the item must be pre-packaged. Thus, for bakery products, all that is required is
35 that the item ultimately sold to the purchaser be a package of bakery products consisting of four
36 or more servings sold for a single price. The fact that the servings are individually selected by the
37 purchaser and packaged by the seller or the purchaser does not affect the transaction. The item
38 does not constitute prepared food even when sold by a seller whose sales percentage is greater
39 than 75% and who makes eating utensils available.
40

41 The Committee wishes to note that if the seller charges for each individual serving in the
42 package, the sale would not be of “one item sold for a single price.” It should be noted that the
43 same provision in Section VI of Interpretation 2006-04, which we are referring to as “bulk
44 serving,” does treat “bulk servings” as prepared food when the seller’s practice for the item (as

1 represented by the seller) is to physically hand the utensil to the purchaser, except that plates,
2 bowls, glasses, or cups necessary for the purchaser to receive food need only be made available.

9 **Interpretation 2006-12**
10 **(Adopted December 14, 2006)**

11
12 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
13 and Interpretations Committee this 26th day of October, 2006 in accordance with Article IX, Rule
14 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

15
16 The party requesting the interpretation is McCarter & English, LLP. The request was made on
17 the prescribed form on October 6, 2006 and was made pursuant to the provisions for
18 consideration contained in Rule 902, subsection (H).

19
20 Issue:

21
22 The issue presented is an interpretation of the definition of “direct mail” found in Appendix C,
23 Part I of the Agreement. The specific question is whether billing invoices, return envelopes and
24 any additional marketing materials are included in the definition of “direct mail.” The definition
25 in question reads as follows:

26
27 “Direct mail” means printed material delivered or distributed by United States mail or other
28 delivery service to a mass audience or to addresses on a mailing list provided by the
29 purchaser or at the direction of the purchaser when the cost of the items are not billed directly
30 to the recipients. “Direct Mail” includes tangible personal property supplied directly or
31 indirectly by the purchaser to the direct mail seller for inclusion in the package containing the
32 printed material. “Direct mail” does not include multiple items of printed material delivered
33 to a single address.

34 The Interpretation Request provided the following background facts. A company in the business
35 of printing and mailing billing statements for clients in a wide variety of industries receives
36 customer data electronically and prints statements, letters, invoices and additional pages on
37 preprinted paper or forms to meet the client’s specifications. The printed material is sorted,
38 folded and inserted into envelopes, bundled based on zip codes and given to the United States
39 Postal Service for delivery. The mailed packet typically also will include a return envelope,
40 coupons and other marketing materials.

41
42 Public Comment:

1 Written public comments were received from a state agency.

2 Recommendation:

3 By majority vote, the Compliance Review and Interpretations Committee submits to the
4 Governing Board a recommendation that billing invoices, return envelopes and any additional
5 marketing materials included with the mailing are included in the definition of direct mail
6 provided the sale meets the criteria set out in the definition of direct mail. Joseph VanDevender,
7 Indiana Department of Revenue, abstained from the vote on this recommendation due to a
8 potential conflict of interest.

9 The criteria requires that the sale is of printed material delivered or distributed to a mass
10 audience or to addresses on a mailing list provided by the purchaser or at the direction of the
11 purchaser when the cost of the items are not billed directly to the recipients.

12 It is important to note that this definition applies only for the purposes of determining proper
13 sourcing, and for determining whether delivery charges are included in the taxable sales price of
14 the direct mail.

15 Rationale:

16 A plain reading of the definition of direct mail supports the recommendation that billing
17 invoices, return envelopes and additional marketing materials included with the printed material
18 meets the definition of direct mail. However, the discussion surrounding this interpretation
19 request indicates that there is a misunderstanding about the intended use of the definition of
20 “direct mail.”

21 The definition is placed in the Administrative Definitions section of the Agreement purposely,
22 because it is not intended to be a product definition. The definition was created only to define the
23 term as used in the Direct Mail Sourcing provisions found in Section 313, and for the exclusion
24 from “delivery charges” allowed for charges for delivery of “direct mail.”

25 States may tax or exempt any service or sale of printed material included in the definition of
26 “direct mail” in any way they choose. For example, a state may impose sales and use tax on
27 charges to print billing invoices, and exempt charges to print advertising material, both of which
28 are included in the definition of direct mail. However, if the sale is taxable and includes mailing
29 or delivering the printed material to a mass audience or to addresses on a mailing list as stated in
30 the definition, it must be sourced under the provisions of Section 313, and the exclusion for
31 delivery charges allowed applies if a member state has adopted that exclusion.

3 **Interpretation 2007-01**
4 **(Adopted June 23, 2007)**

5 This Interpretative Opinion Recommendation is made to the Governing Board by the
6 Compliance Review and Interpretations Committee on March 29, 2007, in accordance with
7 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
8 Governing Board, Inc.
9

10 The party requesting the interpretation is Mr. Phil Schlesinger of Avalara. The request was made
11 on the prescribed form on February 12, 2007, and was made pursuant to the provisions for
12 consideration contained in Rule 902, subsection (H).
13

14 Issue:
15

16 The issue presented is an interpretation of the definition of “drug” in Appendix C, Part II of the
17 Agreement. The specific question is whether the word “drug” is limited to an item or liquid that
18 is consumed internally by the person or used externally on a person, or does it possibly extend
19 beyond this in the context of item B of the definition to include medical supplies such as
20 “Infectious Disease Testing Kits” that are intended to be used in the diagnosis of a disease.
21

22 Public Comment:

23 No written public comments were received.

24 Recommendation:

25 The Compliance Review and Interpretations Committee submits to the Governing Board a
26 recommendation that infectious disease testing kits do not meet the definition of “drug.”
27 However, reagents, which are a component of the infectious disease test kits, do meet the
28 definition of “drug.” The infectious disease test kits are made up of two or more distinct and
29 identifiable products and are sold for one non-itemized price, which may or may not be a
30 bundled transaction, depending on the tax laws in the state to which the sale is sourced. Since
31 this will vary from state to state, the Committee recommends that each state make a
32 determination of whether the sale of infectious disease test kits are taxable transactions according
33 to the laws of their state.

34 Rationale:

35 The definition of “drug” found in Appendix C, Part II, of the Agreement does not require the
36 item to be internally consumed or externally applied to the patient in order for the definition to
37 apply. However, in order to qualify as a drug it must meet at least one of the provisions provided
38 in A, B, or C of the definition, and it must also meet the basic definition in the first paragraph:
39 “Drug” means a compound, substance or preparation, and any component of a compound,

1 substance or preparation, other than “food and food ingredients,” “dietary supplements” or
2 “alcoholic beverages.”

3 To take the position that an item qualifies as a drug merely because the item is intended to be
4 used in the diagnosis, cure, mitigation, treatment, or prevention of disease, as described in B of
5 the definition, would expand the definition of drug to include much of what is defined as durable
6 medical equipment. For example, dialysis equipment is used in the treatment of disease, but is
7 not a drug, because it is not a “compound, substance or preparation.”

8 The infectious disease test kits in question contain a chemical (reagents) and other items such as
9 slides, plastic trays and droppers. The chemicals are also sold separately from the kits.
10 Committee members agree that the chemicals meet the definition of “drug,” but the other items
11 in the kit do not. Since the infectious disease test kits contain two or more distinct and
12 identifiable products and are sold for one non-itemized price, the sale of the test kits may be a
13 bundled transaction. Business representatives pointed out that the test kits in question are just
14 one of many different test kits sold by various manufacturers for use by medical professionals.
15 Each type of kit sold will contain different items with different costs for the components, so the
16 results may differ for each type of kit. To make a determination about a specific test kit, one
17 must know the contents of the kit and the seller’s purchase price or sales price of each item
18 included in the kit. Whether sales and use tax applies to the sale of a bundled transaction, or to
19 the sale of a transaction that meets the de minimis test, is based on the laws in the state to which
20 the sale is sourced.

24 **Interpretation 2007-02**
25 **(Adopted September 20, 2007)**
26

27 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
28 and Interpretations Committee this 7th day of June, 2007 in accordance with Article IX, Rule
29 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
30

31 The party requesting the interpretation is Lafarge North America. The request was made by
32 letter dated May 14, 2007, and was made pursuant to the provisions for expedited consideration
33 contained in Rule 902 at subsection H.
34

35 Issue:
36

37 The issue presented is an interpretation of Agreement section 310 (General Sourcing Rules).
38 The specific question presented was whether the seller’s location is considered the destination
39 when the terms of the sale are FOB (Free on Board) Plant (origin) regardless of whether the

1 customer picks up the product in their own or vehicle or sends a third party to pick up the
2 product.

3
4 Recommendation:

5
6 By unanimous consent the Compliance Review and Interpretations Committee submits to the
7 Governing Board a recommendation that a sale is not considered “received” by the purchaser and
8 therefore not sourced to the seller’s location when a third party shipping company picks up the
9 product on behalf of the purchaser.

10
11 Rationale:

12
13 A plain reading of Agreement section 310(A) states that the retail sale of a product shall be
14 sourced to the business location when the product is received by the purchaser at the business
15 location. Section 311 of the Agreement states that the term “receive” as used in Section 310(A)
16 does not “include possession by a shipping company on behalf of the purchaser.” The terms of
17 the sale as FOB (origin) are irrelevant in determining sourcing under the Agreement. Since the
18 source of the sale in the proposed fact scenario is not determined under subsection (A)(1) of
19 Section 310, the seller must follow the subsequent paragraphs of subsection A to determine the
20 source of the sale.

36
37 Issue:

38
39 The issue presented is an interpretation of the definition of candy. The question presented was
40 whether flour includes flour substitutes and if the presence of a flour substitute within a food
41 product would prevent that food product from meeting the definition of candy.

42
43 Public Comment:
44

1 No written public comments were received.

2
3 Recommendation:

4
5 By unanimous consent the Compliance Review and Interpretations Committee submits to the
6 Governing Board a recommendation that the same labeling standards used by the food industry
7 be used to determine what constitutes flour for the purpose of defining candy. A product does
8 not contain flour unless the product label specifically lists “flour” as an ingredient.

9
10 Rationale:

11
12 The definition of candy found in Appendix C, Part II of the Streamlined Sales and Use Tax
13 Agreement states candy shall not include any preparation containing flour, but does not define
14 what constitutes flour. It is reasonable to accept the food industry’s labeling standards and not
15 consider any ingredient to be flour unless it is listed as such on the product label.

28 Board, Inc.

29
30 The party requesting the interpretation is Mr. Drew Gruenburg, Senior Vice President of the
31 Society of American Florists of Alexandria, Virginia. The request was made on January 30,
32 2008.

33
34 Issue:

35
36 Significant numbers of floral orders are placed through arrangements whereby a florist in one
37 location (“Accepting Florist”) takes an order from a customer to deliver floral orders (flowers,
38 floral arrangements, potted plants, floral containers or any other article common to the floral
39 business) to a third party recipient in another location. The Accepting Florist transmits a floral
40 order to another florist (“Delivering Florist”) for delivery to the third party recipient. The
41 question presented asks who is the seller for sales and use tax purposes, the Accepting Florist or
42 the Delivering Florist.

43
44 Public Comment:

1
2 Additional written comments were received from Mr. Paul Goodman representing the Society of
3 American Florists.

4
5 Recommendation:

6
7 By unanimous consent of the participating members, the Compliance Review and Interpretations
8 Committee submits to the Governing Board a recommendation that the seller in the scenario
9 described is the Accepting Florist.

10
11 Rationale:

12
13 The Governing Board took action at its inaugural meeting on October 1, 2005 related to a similar
14 request for interpretation from the floral industry. That action was recorded in the minutes of the
15 meeting as: “A motion for an interpretation of who is the seller for floral orders through floral
16 delivery networks was moved by South Dakota, seconded by Oklahoma and passed.” No other
17 formal record of this action has been located. Action on this interpretation recommendation will
18 create a record through the same process by which subsequent interpretations have been handled.

19
20 Agreement Section 212 defines the term “seller” as “a person making sales, leases, or rentals of
21 personal property or services.” This definition was established for application within the
22 Agreement, therefore the provisions of the Agreement applicable to the Library of Definitions,
23 including Section 327, do not apply.

24
25 Agreement Section 309.B.4 provides that the general sourcing provisions of Section 310 do not
26 apply to sales or use taxes levied on florist sales until December 31, 2009. Issues of sourcing are
27 separate and distinct, and are not addressed in this interpretation recommendation in any way.

34 **Interpretative Opinion 2008-2**
35 **(Adopted September 5, 2008)**

36
37 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
38 Review and Interpretations Committee this day of June 5, 2008 in accordance with Article IX,
39 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
40 Inc.

41
42 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
43 represented by Mark Nebergall. The request was made on April 7, 2008.

1 Issue:

2
3 SoFTEC raises an issue associated with the direct mail definition in Appendix C of the
4 Agreement. The fact pattern presented involves a company in the data processing business. The
5 company electronically receives accounts receivable information from its customers, processes
6 the information on its computers to develop billing information, and creates billing statements.
7 The company prints and mails the billing statements along with return envelopes to the
8 individual account holders. The issue presented is whether this activity constitutes “direct mail”
9 as the term is defined by the Agreement in those states that treat this activity as a data processing
10 or billing service.

11
12 Public Comment:

13
14 No state or public written comments were received.

15
16 Recommendation:

17
18 By a vote of five to two, the Compliance Review and Interpretations Committee submits to the
19 Governing Board a recommendation that the transactions outlined in the issue section above are
20 not direct mail.

21
22 Rationale:

23
24 The Agreement defines “direct mail” as “printed material delivered or distributed by United
25 States mail or other delivery service to a mass audience or to addresses on a mailing list provided
26 by the purchaser or at the direction of the purchaser when the cost of the items are not billed
27 directly to the recipients.” Although printed material is distributed in the fact pattern, the
28 development of the billing information is the majority of the work performed. Many states take
29 the position that this transaction is a sale of a service and not of tangible personal property. It is
30 necessary to look at the transaction and how it is characterized. In those states that treat the
31 transaction as a sale of a service, it would not be a sale of direct mail as printed material is not
32 what is being sold.

37 and John Doyle. This interpretation was not supported by Myles Vosberg and Dale Vettel.

38
39 **Interpretative Opinion 2009-1**
40 **(Adopted May 12, 2009)**

41
42 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
43 Review and Interpretations Committee this day of January 15, 2009 in accordance with Article

1 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
2 Board, Inc.

3 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
4 represented by Mark Nebergall. The request was made on January 11, 2008.

5 Issue:

6 SoFTEC raises an issue associated with the purchase of additional software licenses. The fact
7 pattern presented involves a purchaser acquiring prewritten computer software under a license
8 that limits its ability to use the software in one of three ways: (1) the license only permits the
9 purchaser to make a set number of copies, (2) the license only permits a set number of users to
10 use the software concurrently, or (3) the license only permits the purchaser to load the software
11 onto a computer with a specified computing power. If the purchaser wants to make additional
12 copies of the software, allow additional users to use the software concurrently, or to migrate the
13 software to more powerful computer, it must upgrade the license and pay an additional license
14 fee. Once the fee is paid, the seller provides the purchaser by telephone with an alphanumeric
15 code which, when entered into the computer, permits the making of additional copies of the
16 software, permits additional concurrent users, or causes the software to function on the more
17 powerful machine. The seller delivers no additional software to the purchaser. The issue
18 presented is whether a software license upgrade (as opposed to an upgrade of the software itself)
19 constitute “tangible personal property” or “computer software” where the only thing delivered to
20 the purchaser is an alphanumeric code.

22 Public Comment:

23

24 No state or public written comments were received.

25

26 Recommendation:

27

28 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
29 Governing Board a recommendation that the interpretation proposed by the requester not be
30 accepted.

31

32 Rationale:

33

34 The Agreement defines “tangible personal property” as” personal property that can be seen,
35 weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses” and
36 “includes electricity, water, gas, steam, and prewritten computer software.” Although no
37 physical software or other tangible personal property is distributed in the fact pattern, the
38 additional license to use the software is the essence of the transaction, not the alphanumeric
39 code. The alphanumeric code merely facilitates the additional use of the software. The
40 additional license to use the software should be treated the same as the original purchase of the
41 software license.

5 **Interpretative Opinion 2009-2**
6 **(Adopted September 30, 2009)**
7

8 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
9 Review and Interpretations Committee this day of July 2, 2009 in accordance with Article IX,
10 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
11 Inc.
12

13 The party requesting the interpretation is Woodman’s Food Markets, Inc. represented by Steve
14 Kaukl. The request was made on April 10, 2009.
15

16 Issue:
17

18 Woodman’s Food Markets, Inc. raises a question associated with the definition of soft drinks.
19 The State of Illinois currently considers fruit flavored cocktail mixes to be soft drinks because
20 they can be directly consumed as a non-alcoholic fruit flavored ready to drink beverage. Fruit
21 flavored cocktail mixes contain no alcohol. The example given was Jose Cuervo Margarita Mix,
22 which contains no fruit juice and no alcohol. The intended use for the product is to combine it
23 with liquor to produce an alcoholic cocktail. The issue presented is whether fruit flavored
24 cocktail mixes are soft drinks under the Agreement definitions. The requester proposes that an
25 interpretation be made that fruit flavored cocktail drinks are not soft drinks.
26

27 Public Comment:
28

29 No state or public written comments were received.
30

31 Recommendation:
32

33 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
34 Governing Board a recommendation that the interpretation proposed by the requester not be
35 accepted.
36

37 Rationale:
38

39 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
40 artificial sweeteners. The definition provides that “soft drinks” do not include beverages that
41 include greater than fifty percent of vegetable or fruit juice by volume. The definitions in the
42 Agreement are meant to be objective tests to determine the classification of an item and the
43 intent of the user is not relevant. Fruit flavored cocktail mixes meet the definition of “soft drink”
44 and should be classified as such.

16

17 Issue:

18
19 Woodman’s Food Markets, Inc. raises an issue associated with the definition of soft drinks.
20 Ready to drink ice tea can come in an unsweetened and unflavored state. The example given
21 was Lipton PureLeaf Iced Tea. The issue presented is whether unsweetened and unflavored
22 ready to drink iced tea would be considered soft drinks under the Agreement definitions. The
23 requester proposes that an interpretation be made that unsweetened and unflavored ready to drink
24 iced tea are not soft drinks.
25

26 Public Comment:

27
28 No state or public written comments were received.
29

30 Recommendation:

31
32 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
33 Governing Board a recommendation that the interpretation proposed by the requester be
34 accepted.
35

36 Rationale:

37
38 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
39 artificial sweeteners. Unsweetened, unflavored ready to drink iced tea does not meet the
40 definition as it contains no sweeteners and falls under the food definition.

12
13 Issue:

14
15 Woodman's Food Markets, Inc. raises an issue with regard to the definition of candy. Certain
16 baking ingredients have the characteristics of candy but are not intended to be consumed as
17 candy. The example given was M&M's Baking Bits which are intended to be used as an
18 ingredient in the making of cookies and other baked desserts. The issue presented is whether
19 baking ingredients such as M&M's Baking Bits meet the definition of candy under the
20 Agreement definitions. The requester proposes that an interpretation be made that such baking
21 ingredients are not candy.

22
23 Public Comment:

24
25 No state or public written comments were received.

26
27 Recommendation:

28
29 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
30 Governing Board a recommendation that the interpretation proposed by the requester not be
31 accepted.

32
33 Rationale:

34
35 The Agreement defines "candy" to mean a preparation of sugar, honey, or other natural or
36 artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings
37 in the form of bars, drops, or pieces. The definitions in the Agreement are meant to be objective
38 tests to determine the classification of an item and the intent of the user is not relevant. Baking
39 ingredients such as M&M's Baking Bits meet the definition of candy and should be classified as
40 such.
