1 **ARTICLE I**
2 **PURPOSE AND PRINCIPLE**
3

4 **Section 101: TITLE**

5 This multistate Agreement shall be referred to, cited, and known as the Streamlined Sales and
6 Use Tax Agreement.
7

8 **Section 102: FUNDAMENTAL PURPOSE**

9 It is the purpose of this Agreement to simplify and modernize sales and use tax administration in
10 the member states in order to substantially reduce the burden of tax compliance. The Agreement
11 focuses on improving sales and use tax administration systems for all sellers and for all types of
12 commerce through all of the following:

- 13 A. State level administration of sales and use tax collections.
14 B. Uniformity in the state and local tax bases.
15 C. Uniformity of major tax base definitions.
16 D. Central, electronic registration system for all member states.
17 E. Simplification of state and local tax rates.
18 F. Uniform sourcing rules for all taxable transactions.
19 G. Simplified administration of exemptions.
20 H. Simplified tax returns.
21 I. Simplification of tax remittances.
22 J. Protection of consumer privacy.
23

24 **Section 103: TAXING AUTHORITY PRESERVED**

25 This Agreement shall not be construed as intending to influence a member state to impose a tax
26 on or provide an exemption from tax for any item or service. However, if a member state
27 chooses to tax an item or exempt an item from tax, that state shall adhere to the provisions
28 concerning definitions as set out in Article III of this Agreement.
29

1 **Section 104: DEFINED TERMS**

2 This Agreement defines terms for use within the Agreement and for application in the sales and
3 use tax laws of the member states. The definition of a term is not intended to influence the
4 interpretation or application of that term with respect to other tax types.

5
6 An alphabetical list of all the terms defined in the Agreement and their location in the Agreement
7 is found in Appendix B of this Agreement, the Index of Definitions. Terms defined for use
8 within this Agreement are set out in Article II of the Agreement. Many of the uniform
9 definitions for application in the sales and use tax laws of the member states are set out in
10 Appendix C of this Agreement, the Library of Definitions. Definitions that are not set out in
11 Appendix C are defined when applied in a particular section of the Agreement and are set out in
12 that section of the Agreement. The appendices have the same effect as the Articles in the
13 Agreement.

14
15 **Section 105: TREATMENT OF VENDING MACHINES**

16 The provisions of the Agreement do not apply to vending machines sales. The Agreement does
17 not restrict how a member state taxes vending machine sales.

18

1 **ARTICLE II**
2 **DEFINITIONS**
3

4 The following definitions apply in this Agreement:

5 **Section 201: AGENT**

6 A person appointed by a seller to represent the seller before the member states.

7 **Section 202: CERTIFIED AUTOMATED SYSTEM (CAS)**

10 of the transaction.

11 **Section 203: CERTIFIED SERVICE PROVIDER (CSP)**

12 An agent certified under the Agreement to perform all the seller's sales and use tax functions,
13 other than the seller's obligation to remit tax on its own purchases.

14 **Section 204: ENTITY-BASED EXEMPTION**

15 An exemption based on who purchases the product or who sells the product. An exemption that
16 is available to all individuals shall not be considered an entity-based exemption.

17 *Compiler's note: On October 1, 2005 Section 204 was amended by adding the second sentence. Each member state*
18 *shall comply with the October 1, 2005 amendment to this section no later than January 1, 2008.*

19 **Section 205: MODEL 1 SELLER**

20 A seller registered under the Agreement that has selected a CSP as its agent to perform all the
21 seller's sales and use tax functions, other than the seller's obligation to remit tax on its own
22 purchases.

23 *Compiler's note: On September 30, 2009 Section 205 was amended by adding "registered under the Agreement"*
24 *after the first "seller." The amendment became effective upon its adoption.*

26 A seller registered under the Agreement that has selected a CAS to perform part of its sales and
27 use tax functions, but retains responsibility for remitting the tax.

As used in this definition, a seller includes an affiliated group of sellers using the same proprietary system.

8 *amendment to this section no later than January 1, 2008.*

9

1 **ARTICLE III**

2 **REQUIREMENTS EACH STATE MUST ACCEPT TO PARTICIPATE**

3
4 **Section 301: STATE LEVEL ADMINISTRATION**

5 A. Each member state shall provide state level administration of sales and use taxes subject to
6 the Agreement. The state level administration may be performed by a member state's Tax
7 Commission, Department of Revenue, or any other single entity designated by state law. Sellers
8 and purchasers are only required to register with, file returns with, and remit funds to the state
9 level authority. The state level authority of a member state shall provide for collection of any
10 local taxes and distribution of them to the appropriate taxing jurisdictions. The state level
11 authority shall conduct, or others may be authorized to conduct on its behalf, subject to the
12 provisions of subsection B, all audits of the sellers and purchasers for that state's tax and the tax
13 of its local jurisdictions. Except as provided herein, local jurisdictions shall not conduct
14 independent sales or use tax audits of sellers and purchasers.

15
16 B. If authorized by its state law, nothing in this section prohibits the state level authority from
17 authorizing audits of taxpayers to be conducted or performed by others on behalf of the state
18 level authority so long as: (1) the person is conducting the audit for all taxes due and not just for
19 taxes due to a specific local taxing jurisdiction, (2) the person is subject to the same
20 confidentiality provisions (and other protections afforded to a taxpayer) as a person working for
21 the state level authority, (3) absent fraud, a refund claim filed subsequent to the audit that covers
22 part of the audit period or mutual consent, the audit does not cover an audit period already
23 conducted by the state level authority or another person acting on its behalf and (4) the audit is
24 subject to the same administrative and appeal procedures granted to audits conducted by the state
25 level authority.

26 *Compiler's note: On April 30, 2010 Section 301 was amended by adding subsection B and amending the first*
27 *subsection as follows:*

28 *A. Each member state shall provide state level administration of sales and use taxes subject to the Agreement. The*
29 *state level administration may be performed by a member state's Tax Commission, Department of Revenue, or any*
30 *other single entity designated by state law. Sellers and purchasers are only required to register with, file returns*

1 with, and remit funds to the state level authority. ~~Each~~The state level authority of a member state shall provide for
2 collection of any local taxes and distribution of them to the appropriate taxing jurisdictions. Each member~~The state~~
3 level authority shall conduct, or ~~authorize~~others may be authorized to conduct on its behalf, subject to the
4 provisions of subsection B, all audits of the sellers and purchasers registered under the Agreement for that state's
5 tax and the tax of its local jurisdictions.~~Except as provided herein, and~~ local jurisdictions shall not conduct
6 independent sales or use tax audits of sellers and purchasers registered under the Agreement.
7 This amendment became effective upon its adoption.

8

9 **Section 302: STATE AND LOCAL TAX BASES**

10 Through December 31, 2005, if a member state has local jurisdictions that levy a sales or use tax,
11 all local jurisdictions in the state shall have a common tax base. After December 31, 2005, the
12 tax base for local jurisdictions shall be identical to the state tax base unless otherwise prohibited
13 by federal law. This section does not apply to sales or use taxes levied on the retail sale or
14 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile
15 homes.

16

17 **Section 303: SELLER REGISTRATION**

18 Each member state shall participate in an online sales and use tax registration system in
19 cooperation with the other member states. Under this system:

- 20 A. A seller registering under the Agreement shall be registered in each of the member states.
- 21 B. A model 2, model 3, or model 4 seller may elect to be registered in one or more states as
22 a seller which anticipates making no sales into such state(s) if it has not had sales into
23 such state(s) for the preceding 12 months. Such election does not relieve the seller of its
24 agreement pursuant to Section 401 (B) to collect taxes on all sales into such states or its
25 liability for remitting to the proper states any taxes collected.
- 26 C. The member states agree not to require the payment of any registration fees or other
27 charges for a seller to register in a state in which the seller has no legal requirement to
28 register.
- 29 D. A written signature from the seller is not required.
- 30 E. An agent may register a seller under uniform procedures adopted by the member states.

- 1 F. A seller may cancel its registration under the system at any time under uniform
2 procedures adopted by the governing board. Cancellation does not relieve the seller of its
3 liability for remitting to the proper states any taxes collected.
- 4 G. Nothing in this section shall be construed to relieve a seller or any legal obligation it may
5 have under a state’s laws to register in that state or its obligation to collect and remit
6 taxes for at least thirty-six months in a state and meet all other requirements for amnesty
7 set out in Section 402 of this Agreement in order to be eligible for amnesty in such state.
- 8 H. Whenever a state joins the Agreement, sellers registered under the Agreement shall be
9 registered in the new state as follows:
 - 10 1. Model 1 sellers will be automatically registered in such state.
 - 11 2. Model 2, model 3 and model 4 sellers will be automatically registered in the
12 new state but may elect to be registered as a seller which anticipates making no
13 sales into the new state.
- 14 I. Upon registration, the governing board shall provide to the seller information regarding
15 the requirements and options for filing a simplified electronic return and for filing
16 remittances in any member state. Member states may provide information to sellers
17 concerning other tax return filing options in that state.
- 18 J. The governing board shall cause the system for registering under the Agreement to
19 include a feature that allows sellers registered under the Agreement to update relevant
20 registration data in the system and have such updated data provided to all member states.
21 The governing board shall establish conditions and procedures to allow states which are
22 not members of the Agreement to participate in the registration system.
- 23 K. The provisions of Subsections B and H of this section shall become effective on January
24 1, 2010.

25 *Compiler’s note: On September 30, 2009 Section 303 was amended by deleting “is” and inserting “shall be” in*
26 *subsection A, the addition of a new subsection B, renumbering the preexisting B, C, D and E, and the addition of*
27 *subsections G, H, I, J, and K. This amendment became effective upon its adoption.*

Section 304: NOTICE FOR STATE TAX CHANGES

- A. Each member state shall lessen the difficulties faced by sellers when there is a change in a state sales or use tax rate or base by making a reasonable effort to do all of the following:
 - 1. Provide sellers with as much advance notice as practicable of a rate change.
 - 2. Limit the effective date of a rate change to the first day of a calendar quarter.
 - 3. Notify sellers of legislative changes in the tax base and amendments to sales and use tax rules and regulations.
- B. Failure of a seller to receive notice or failure of a member state to provide notice or limit the effective date of a rate change shall not relieve the seller of its obligation to collect sales or use taxes for that member state.
- C. Each member state failing to provide for at least thirty days between the enactment of the statute providing for a rate change and the effective date of such rate change shall relieve the seller of liability for failing to collect tax at the new rate if:
 - 1. the seller collected tax at the immediately preceding effective rate; and
 - 2. the seller’s failure to collect at the newly effective rate does not extend beyond thirty days after the date of enactment of the new rate.
- D. Notwithstanding subsection C, if the member state establishes the seller fraudulently failed to collect at the new rate or solicits purchasers based on the immediately preceding effective rate this relief does not apply.
- E. Member states may provide for relief of liability for failing to collect tax as a result of a tax change beyond the liability relief required by subsection C.

Compiler’s note: On September 5, 2008 Section 304 was amended by the addition of subsection C, D and E. This amendment became effective upon its adoption.

Section 305: LOCAL RATE AND BOUNDARY CHANGES

Each member state that has local jurisdictions that levy a sales or use tax shall:

- A. Provide that local rate changes will be effective only on the first day of a calendar quarter after a minimum of sixty days’ notice to sellers.

- 1 B. Apply local sales tax rate changes to purchases from printed catalogs wherein the
2 purchaser computed the tax based upon local tax rates published in the catalog only on
3 the first day of a calendar quarter after a minimum of one hundred twenty days' notice to
4 sellers.
- 5 C. For sales and use tax purposes only, apply local jurisdiction boundary changes only on
6 the first day of a calendar quarter after a minimum of sixty days' notice to sellers.
- 7 D. Provide and maintain a database that describes boundary changes for all taxing
8 jurisdictions. This database shall include a description of the change and the effective
9 date of the change for sales and use tax purposes.
- 10 E. Provide and maintain a database of all sales and use tax rates for all of the jurisdictions
11 levying taxes within the state. For the identification of states, counties, cities, and
12 parishes, codes corresponding to the rates must be provided according to Federal
13 Information Processing Standards (FIPS) as developed by the National Institute of
14 Standards and Technology. For the identification of all other jurisdictions, codes
15 corresponding to the rates must be in the format determined by the governing board.
- 16 F. Provide and maintain a database that assigns each five digit and nine digit zip code
17 within a member state to the proper tax rates and jurisdictions. The state must apply the
18 lowest combined tax rate imposed in the zip code area if the area includes more than one
19 tax rate in any level of taxing jurisdictions. If a nine digit zip code designation is not
20 available for a street address or if a seller or CSP is unable to determine the nine digit zip
21 code designation applicable to a purchase after exercising due diligence to determine the
22 designation, the seller or CSP may apply the rate for the five digit zip code area. For the
23 purposes of this section, there is a rebuttable presumption that a seller or CSP has
24 exercised due diligence if the seller has attempted to determine the nine digit zip code
25 designation by utilizing software approved by the governing board that makes this
26 designation from the street address and the five digit zip code applicable to a purchase.
- 27 G. Have the option of providing address-based boundary database records for assigning
28 taxing jurisdictions and their associated rates which shall be in addition to the
29 requirements of subsection (F) of this section. The database records must be in the same

1 approved format as the database records pursuant to subsection (F) of this section and
2 must meet the requirements developed pursuant to the federal Mobile
3 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119(a)). The governing board may
4 allow a member state to require sellers that register under this Agreement to use an
5 address-based database provided by that member state. If any member state develops
6 address-based assignment database records pursuant to the Agreement, a seller or CSP
7 may use those database records in place of the five and nine-digit zip code database
8 records provided for in subsection (F) of this section. If a seller or CSP is unable to
9 determine the applicable rate and jurisdiction using an address-based database record
10 after exercising due diligence, the seller or CSP may apply the nine digit zip code
11 designation applicable to a purchase. If a nine-digit zip code designation is not available
12 for a street address or if a seller or CSP is unable to determine the nine digit zip code
13 designation applicable to a purchase after exercising due diligence to determine the
14 designation, the seller or CSP may apply the rate for the five digit zip code area. For the
15 purposes of this section, there is a rebuttable presumption that a seller or CSP has
16 exercised due diligence if the seller or CSP has attempted to determine the tax rate and
17 jurisdiction by utilizing software approved by the governing board that makes this
18 assignment from the address and zip code information applicable to the purchase.

19 H. States that have met the requirements of subsection (F) may also elect to certify vendor
20 provided address-based databases for assigning tax rates and jurisdictions. The
21 databases must be in the same approved format as the database records pursuant to (G)
22 of this section and must meet the requirements developed pursuant to the federal Mobile
23 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119 (a)). If a state certifies a
24 vendor address-based database, a seller or CSP may use that database in place of the
25 database provided for in subsection (F) or (G) of this section. Vendors providing
26 address-based databases may request certification of their databases from the governing
27 board. Certification by the governing board does not replace the requirement that the
28 databases be certified by the states individually.

1 I. Make databases provided pursuant to subsections (E), (F), (G) and (H) available to a
2 seller or CSP by the first day of the month prior to the first day of a calendar quarter.
3 Databases must be in a format approved by the governing board and available on each
4 state's website or other location determined by the governing board.

5 *Compiler's note: On October 1, 2005 the following amendments were made to Section 305:*

- 6 1. In Section 305 (F) "or CSP" was added after each "seller." In addition, in two places "~~of a~~
7 ~~purchaser~~" was replaced with "applicable to a purchase."
- 8 2. Section 305 (G) was amended as follows: "~~Participate with other member states in the~~
9 ~~development of an~~ Have the option of providing address-based ~~system~~ database records for
10 assigning taxing jurisdictions and their associated rates which shall be in addition to the
11 requirements of subsection (F) of this section. The ~~system~~ database records must be in the same
12 approved format as the database records pursuant to subsection (F) of this section and must meet
13 the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act (~~4~~
14 U.S.C. Sec. 119) (4 U.S.C.A. Sec.119 (a)). The governing board may allow a member state to
15 require sellers that register under this Agreement to use an address-based ~~system~~ database
16 provided by that member state. If any member state develops ~~an~~ address-based assignment ~~system~~
17 database records pursuant to the ~~Mobile Telecommunications Sourcing Act Agreement~~, a seller or
18 CSP may use ~~that system~~ those database records in place of the ~~system~~ five and nine-digit zip code
19 database records provided for in subsection (F) of this section. If a seller or CSP is unable to
20 determine the applicable rate and jurisdiction using an address-based database record after
21 exercising due diligence, the seller or CSP may apply the nine digit zip code designation
22 applicable to a purchase. If a nine-digit zip code designation is not available for a street address
23 or if a seller or CSP is unable to determine the nine digit zip code designation applicable to a
24 purchase after exercising due diligence to determine the designation, the seller or CSP may apply
25 the rate for the five digit zip code area. For the purposes of this section, there is a rebuttable
26 presumption that a seller or CSP has exercised due diligence if the seller or CSP has attempted to
27 determine the tax rate and jurisdiction by utilizing software approved by the governing board that
28 makes this assignment from the address and zip code information applicable to the purchase".
- 29 3. Section305 (H) was added.

30 *The amendment to this section became effective upon adoption.*

31 *Compiler's note: On June 23, 2007 subsection I was added.*

32

1 **Section 306: RELIEF FROM CERTAIN LIABILITY**

2 Each member state shall relieve sellers and CSPs using databases pursuant to subsections (F),
3 (G) and (H) of Section 305 from liability to the member state and local jurisdictions for having
4 charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP
5 relying on erroneous data provided by a member state on tax rates, boundaries, or taxing
6 jurisdiction assignments. After providing adequate notice as determined by the governing board,
7 a member state that provides an address-based database for assigning taxing jurisdictions
8 pursuant to Section 305, subsection (G) or (H) may cease providing liability relief for errors
9 resulting from the reliance on the database provided by the member state under the provisions of
10 Section 305, subsection (F). If a seller demonstrates that requiring the use of the address-based
11 database would create an undue hardship, a member state and the governing board may extend
12 the relief from liability to such seller for a designated period of time.

13 *Compiler's note: On October 1, 2005 Section 306 was amended as follows: "Each member state shall relieve sellers*
14 *and CSPs using databases pursuant to subsections (F), (G) and (H) from liability to the member state and local*
15 *jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or*

24 *The amendment to this section became effective upon adoption.*

25
26 **Section 307: DATABASE REQUIREMENTS AND EXCEPTIONS**

27 A. The electronic databases provided for in Section 305, subsections (D), (E), (F), and (G)
28 shall be in a downloadable format approved by the governing board. The databases may
29 be directly provided by the state or provided by a vendor as designated by the state. A
30 database provided by a vendor as designated by a state shall be applicable to and subject

1 to all provisions of Sections 305, 306 and this section. These databases must be
2 provided at no cost to the user of the database.

3 B. The provisions of Section 305, subsections (F) and (G) do not apply when the purchased
4 product is received by the purchaser at the business location of the seller.

5 C. The databases provided by Section 305, subsections (D), (E), (F), and (G) are not a
6 requirement of a state prior to entering into the Agreement. A seller that did not have a
7 requirement to register in a state prior to registering pursuant to this Agreement or a CSP
8 shall not be required to collect sales or use taxes for a state until the first day of the
9 calendar quarter commencing more than sixty days after the state has provided the
10 databases required by Section 305, subsections (D), (E), and (F). Provided, for the initial
11 implementation of the Agreement pursuant to Section 701, a CSP shall be required to
12 collect sales or use taxes for each member state, subject to the provisions of Section 705,
13 pursuant to the terms of the operating agreement entered into between the CSP and the
14 governing board in order to provide adequate time for testing and loading of the
15 databases.

16 *Compiler's note: On October 1, 2005 the following amendments were made to Section 307:*

17 *Section 307 (A) was amended by adding the last three sentences.*

18 *Section 307 (C) was amended by adding "and (G)" after "(F)," deleting the second sentence (~~The governing board~~
19 ~~shall establish the effective dates for availability and use of the databases.~~) and adding the last two sentences.*

20 *The amendment to this section became effective upon adoption.*

21

22 **Section 308: STATE AND LOCAL TAX RATES**

23 A. No member state shall have multiple state sales and use tax rates on items of personal
24 property or services, except that a member state may impose a single additional rate,
25 which may be zero, on food and food ingredients and drugs as defined by state law
26 pursuant to the Agreement. In addition, if federal law prohibits the imposition of local
27 tax on a product that is subject to state tax, the state may impose an additional rate on
28 such product, provided such rate achieves tax parity for similar products.

29 B. A member state that has local jurisdictions that levy a sales or use tax shall not have
30 more than one local sales tax rate or more than one local use tax rate per local

1 jurisdiction. If the local jurisdiction levies both a sales tax and use tax, the local rates
2 must be identical.

- 3 C. The provisions of this section do not apply to sales or use taxes levied on electricity,
4 piped natural or artificial gas, or other heating fuels delivered by the seller, or the retail
5 sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured
6 homes, or mobile homes.

7 *Compiler's note: On April 18, 2006 Section 308A was amended by deleting "~~after December 31, 2005~~" following*
8 *"or services" and by adding the second sentence. The amendment to this section became effective upon adoption.*
9

10 **Section 309: APPLICATION OF GENERAL SOURCING RULES AND EXCLUSIONS**
11 **FROM THE RULES**

- 12 A. Each member state shall agree to require sellers to source the retail sale of a product in
13 accordance with Section 310 or Section 310.1. Except as provided in Section 310.1, the
14 provisions of Section 310 apply to all sales regardless of the characterization of a
15 product as tangible personal property, a digital good, or a service. Except as otherwise
16 provided in this Agreement, the provisions of Section 310 and Section 310.1 only apply
17 to determine a seller's obligation to pay or collect and remit a sales or use tax with
18 respect to the seller's retail sale of a product. These provisions do not affect the
19 obligation of a purchaser or lessee to remit tax on the use of the product to the taxing
20 jurisdictions of that use.

- 21 B. Sections 310 and 310.1 do not apply to sales or use taxes levied on the following:

- 22 1. The retail sale or transfer of watercraft, modular homes, manufactured homes, or mobile
23 homes. These items must be sourced according to the requirements of each member state.
24 2. The retail sale, excluding lease or rental, of motor vehicles, trailers, semi-trailers, or
25 aircraft that do not qualify as transportation equipment, as defined in Section 310,
26 subsection (D). The retail sale of these items shall be sourced according to the
27 requirements of each member state, and the lease or rental of these items must be sourced
28 according to Section 310, subsection (C).
29 3. Telecommunications services and ancillary services, as set out in Section 315, and Internet
30 access service shall be sourced in accordance with Section 314.

1 4. Florist sales as defined by each member state. Such sales must be sourced according to the
2 requirements of each member state.

3 5. The retail sale of products and services qualifying as direct mail shall be sourced in
4 accordance with Section 313.

5 *Compiler's note: On October 1, 2005 Section 309 (B)(4) was amended by deleting 2005 and inserting 2007. The*
6 *amendment to this section became effective upon adoption.*

7 *Compiler's note: On December 14, 2006 Section 309 (b) was amended as follows: "~~Section~~ Sections 310 and 312*
8 *~~does do~~", and 309 (B) (3) was amended by adding "and ancillary services" following "services" and "and Internet*
9 *access service" before "shall".*

10 *Compiler's note: On June 23, 2007 the date in subsection B 4 was changed from "December 31, 2007" to*

12 *Compiler's note: On September 5, 2008 Section 309 (B)(4) was amended to delete "Until December 31, 2009," at*
13 *the beginning of the first sentence and to replace "Prior to this date, these items" at the start of the second sentence*
14 *with "Such sales." The amendment became effect upon its adoption.*

15 *Compiler's note: On October 7, 2010, subsection A was amended by inserting "or Section 310.1" at the end of the*
16 *first sentence and after "Section 310" in third sentence; the first clause was added in the second and third*
17 *sentences; and "to all sales" was added after "apply" in the second sentence. In addition, number 5 was added to*
18 *subsection B. The amendments to this section became effective upon their adoption.*

20 **Section 310: GENERAL SOURCING RULES**

21 A. Except as provided in Section 310.1, the retail sale, excluding lease or rental, of a
22 product shall be sourced as follows:

23 1. When the product is received by the purchaser at a business location of the seller,
24 the sale is sourced to that business location.

25 2. When the product is not received by the purchaser at a business location of the
26 seller, the sale is sourced to the location where receipt by the purchaser (or the
27 purchaser's donee, designated as such by the purchaser) occurs, including the
28 location indicated by instructions for delivery to the purchaser (or donee), known
29 to the seller.

30 3. When subsections (A)(1) and (A)(2) do not apply, the sale is sourced to the
31 location indicated by an address for the purchaser that is available from the

1 business records of the seller that are maintained in the ordinary course of the
2 seller's business when use of this address does not constitute bad faith.

3 4. When subsections (A)(1), (A)(2), and (A)(3) do not apply, the sale is sourced to
4 the location indicated by an address for the purchaser obtained during the
5 consummation of the sale, including the address of a purchaser's payment
6 instrument, if no other address is available, when use of this address does not
7 constitute bad faith.

8 5. When none of the previous rules of subsections (A)(1), (A)(2), (A)(3), or (A)(4)
9 apply, including the circumstance in which the seller is without sufficient
10 information to apply the previous rules, then the location will be determined by the
11 address from which tangible personal property was shipped, from which the digital
12 good or the computer software delivered electronically was first available for
13 transmission by the seller, or from which the service was provided (disregarding
14 for these purposes any location that merely provided the digital transfer of the
15 product sold).

16 B. The lease or rental of tangible personal property, other than property identified in
17 subsection (C) or subsection (D), shall be sourced as follows:

18 1. For a lease or rental that requires recurring periodic payments, the first periodic
19 payment is sourced the same as a retail sale in accordance with the provisions of
20 subsection (A). Periodic payments made subsequent to the first payment are
21 sourced to the primary property location for each period covered by the payment.
22 The primary property location shall be as indicated by an address for the property
23 provided by the lessee that is available to the lessor from its records maintained in
24 the ordinary course of business, when use of this address does not constitute bad
25 faith. The property location shall not be altered by intermittent use at different
26 locations, such as use of business property that accompanies employees on business
27 trips and service calls.

1 2. For a lease or rental that does not require recurring periodic payments, the payment
2 is sourced the same as a retail sale in accordance with the provisions of subsection
3 (A).

4 3. This subsection does not affect the imposition or computation of sales or use tax on
5 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
6 property for lease.

7 C. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not
8 qualify as transportation equipment, as defined in subsection (D), shall be sourced as
9 follows:

10 1. For a lease or rental that requires recurring periodic payments, each periodic
11 payment is sourced to the primary property location. The primary property location
12 shall be as indicated by an address for the property provided by the lessee that is
13 available to the lessor from its records maintained in the ordinary course of
14 business, when use of this address does not constitute bad faith. This location shall
15 not be altered by intermittent use at different locations.

16 2. For a lease or rental that does not require recurring periodic payments, the payment
17 is sourced the same as a retail sale in accordance with the provisions of subsection
18 (A).

19 3. This subsection does not affect the imposition or computation of sales or use tax on
20 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
21 property for lease.

22 D. The retail sale, including lease or rental, of transportation equipment shall be sourced
23 the same as a retail sale in accordance with the provisions of subsection (A),
24 notwithstanding the exclusion of lease or rental in subsection (A). “Transportation
25 equipment” means any of the following:

26 1. Locomotives and railcars that are utilized for the carriage of persons or property in
27 interstate commerce.

28 2. Trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001
29 pounds or greater, trailers, semi-trailers, or passenger buses that are:

- a. Registered through the International Registration Plan; and
 - b. Operated under authority of a carrier authorized and certificated by the U.S. Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.
3. Aircraft that are operated by air carriers authorized and certificated by the U.S. Department of Transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.
 4. Containers designed for use on and component parts attached or secured on the items set forth in subsections (D)(1) through (D)(3).

Compiler's note: The Governing Board issued an interpretation of the definition of Section 310A on September 20, 2007. That interpretation can be found in the Library of Interpretations.

Compiler's note: On December 12, 2007 Section 310 (A) was amended as follows: "~~The~~ Except as provided in Section 310.1, the retail sale, excluding lease or rental, of a product shall be sourced as follows:". The amendment was effective upon its adoption.

Section 310.1: ELECTION FOR ORIGIN-BASED SOURCING

- A. A member state that has local jurisdictions that levy or receive sales or use taxes may elect to source the retail sale of tangible personal property and digital goods pursuant to the provisions of this section in lieu of the provisions of subsection A (2), (3) and (4) of Section 310 if they comply with all provisions of subsection C of this section and the only exception to Section 310 is the exception provided for in subsection B of this section.
- B. A member state may source retail sales, excluding lease or rental, of tangible personal property or digital goods to the location where the order is received by the seller if:
 1. The order is received in the same state by the seller where receipt of the product by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs;
 2. Location where receipt of the product by the purchaser occurs is determined pursuant to Section 310A (2), (3) and (4); and

1 3. At the time the order is received, the recordkeeping system of the seller used to
2 calculate the proper amount of sales or use tax to be imposed captures the location
3 where the order is received.

4 C. A member state electing to source sales pursuant to this section shall comply with all of the
5 following:

6 1. When the location where the order is received by the seller and the location where the
7 receipt of the product by the purchaser (or the purchaser's donee, designated as such
8 by the purchaser) occurs as determined pursuant to Section 310A (2), (3) and (4) are
9 in different states, the sale must be sourced pursuant to the provisions of Section 310.

10 2. When the sale is sourced pursuant to this section to the location where the order is
11 received by the seller, only the sales tax for the location where the order is received
12 by the seller may be levied. No additional sales or use tax based on the location
13 where the product is delivered to the purchaser may be levied on that sale. The
14 purchaser shall not be entitled to any refund if the combined state and local rate or
15 rates at the location where the product is received by the purchaser is lower than the
16 rate where the order is received by the seller.

17 3. A member state may not require a seller to utilize a recordkeeping system which
18 captures the location where an order is received to calculate the proper amount of
19 sales or use tax to be imposed.

20 4. A purchaser shall have no additional liability to the state for tax, penalty or interest on
21 a sale for which the purchaser remits tax to the seller in the amount invoiced by the
22 seller if such invoice amount is calculated at either the rate applicable to the location
23 where receipt by the purchaser occurs or at the rate applicable to the location where
24 the order is received by the seller. A purchaser may rely on a written representation
25 by the seller as to the location where the order for such sale was received by the
26 seller. When the purchaser does not have a written representation by the seller as to
27 the location where the order for such sale was received by the seller, the purchaser
28 may use a location indicated by a business address for the seller that is available from
29 the business records of the purchaser that are maintained in the ordinary course of the

1 purchaser's business to determine the rate applicable to the location where the order
2 was received.

3 5. The location where the order is received by or on behalf of the seller means the
4 physical location of a seller or third party such as an established outlet, office location
5 or automated order receipt system operated by or on behalf of the seller where an
6 order is initially received by or on behalf of the seller and not where the order may be
7 subsequently accepted, completed or fulfilled. An order is received when all of the
8 information from the purchaser necessary to the determination whether the order can
9 be accepted has been received by or on behalf of the seller. The location from which
10 a product is shipped shall not be used in determining the location where the order is
11 received by the seller.

12 6. Such member state shall provide for direct pay permits pursuant to Section 326 of this
13 Agreement and the requirements of this subsection. Purchasers which remit sales and
14 use tax pursuant to such a permit shall remit tax at the rate in effect for the location
15 where receipt of the product by the purchaser occurs or the product is first used as
16 determined by state law. A member state may establish reasonable thresholds at
17 which level the member state will consider direct pay applications, provided the
18 threshold must be based upon purchases with no distinction between taxable and non-
19 taxable purchases. The member state shall establish a process for application for a
20 direct pay permit as provided herein. The member state may require the applicant to
21 demonstrate:

- 22 a. Ability to comply with the sales and use tax laws of the state,
- 23 b. A showing of a business purpose for seeking direct payment permit
24 and how the permit will benefit tax compliance, and
- 25 c. Proof of good standing under the tax laws of the state.

26 The member state shall review all permit applications in a timely manner so that
27 applicants receive notification of authorization or denial within one hundred twenty
28 (120) days. The member state may not limit direct pay applicants to businesses

1 engaged in manufacturing or businesses that do not know the ultimate use of the
2 product at the time of the purchase.

3 7. When taxable services are sold with tangible personal property or digital products
4 pursuant to a single contract or in the same transaction, are billed on the same billing
5 statement(s), and, because of the application of this section, would be sourced to
6 different jurisdictions, a member state shall elect either origin sourcing or destination
7 sourcing to determine a single situs for that transaction. Such member state election
8 is required until such time as the governing board adopts a uniform methodology to
9 address such sales.

10 8. A member state that elects to source the sale of tangible personal property and digital
11 goods pursuant to the provisions of this section shall inform the governing board of
12 such election.

13 D. Compliance with the provisions of this section shall satisfy a state's eligibility for
14 membership in this Agreement as follows:

15 1. If a state is in substantial compliance with each of the provisions of this Agreement
16 other than sourcing of sales of tangible personal property and digital goods as
17 provided in Section 310 and elects to source sales of tangible personal property and
18 digital goods pursuant to this section, such state may become an associate member
19 state in the same manner as provided for states to become full member states pursuant
20 to Article VIII of this Agreement.

21 2. A state which becomes an associate member state pursuant to this subsection shall
22 automatically become a full member state, provided that at least five (5) states which
23 are not full member states on December 31, 2007, have been found to be in
24 substantial compliance with each of the provisions of the Agreement other than
25 sourcing sales of tangible personal property and digital goods pursuant to Section 310
26 of the Agreement and have notified the governing board of an election pursuant to
27 paragraph 8 of subsection C of this section to source sales pursuant to this section and
28 have been found to be in substantial compliance with the provisions of this section.

1 3. The provisions of this section shall be fully effective for all purposes on or after
2 January 1, 2010.

3 *Compiler's note: On December 12, 2007 Section 310.1 was adopted. This section becomes effective on and after*
4 *January 1, 2010. On September 30, 2009 Section 310.1 was amended to delete "On or after January 1, 2010, a" in*
5 *D 2 and to delete the following after "2010" in D 3: ", provided that at least five (5) states which are not full*

12 *Compiler's note: On October 7, 2010 "product" was replaced by "sale" in the first sentence of C 2; "on that sale"*
13 *was added to the end of the second sentence in C2; and "from the purchaser" was added to the second sentence in*
14 *C 5. The amendments to this section were effective upon their adoption.*

15 **Section 311: GENERAL SOURCING DEFINITIONS**

17 For the purposes of Section 310, subsection (A), the terms "receive" and "receipt" mean:

- 18 A. Taking possession of tangible personal property,
- 19 B. Making first use of services, or
- 20 C. Taking possession or making first use of digital goods, whichever comes first.

21 The terms "receive" and "receipt" do not include possession by a shipping company on behalf of
22 the purchaser.

23 **Section 312: MULTIPLE POINTS OF USE (Repealed on December 14, 2006)**

25 *Compiler's note: The following is the section that would have gone into effect on January 1, 2008 had it not been*
26 *repealed:*

27 *Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit*
28 *that knows at the time of its purchase of a digital good, computer software, or a service that the digital*
29 *good, computer software, or service will be concurrently available for use in more than one jurisdiction*
30 *shall deliver to the seller in conjunction with its purchase an exemption certificate claiming multiple points*

32 *this section includes, but is not limited to computer software delivered electronically, by load and leave, or*
33

1 in tangible form. Computer software received in-person by a business purchaser at a business location of
2 the seller is not included.

3 Upon receipt of an exemption certificate claiming multiple points of use, the seller is relieved of all obligation
4 to collect, pay, or remit the applicable tax and the purchaser shall be obligated to collect, pay, or remit the
5 applicable tax on a direct pay basis.

6 A purchaser delivering an exemption certificate claiming multiple points of use may use any reasonable, but
7 consistent and uniform, method of apportionment that is supported by the purchaser's books and records as
8 they exist at the time the transaction is reported for sales or use tax purposes.

9 A purchaser delivering an exemption certificate claiming multiple points of use shall report and pay the
10 appropriate tax to each jurisdiction where concurrent use occurs. The tax due will be calculated as if the
11 apportioned amount of the digital good, computer software or service had been delivered to each
12 jurisdiction to which the sale is apportioned pursuant to Section 312, subdivision (A)(2).

13 The exemption certificate claiming multiple points of use will remain in effect for all future sales by the seller to
14 the purchaser (except as to the subsequent sale's specific apportionment that is governed by the principles
15 of Section 312, subdivisions (A)(2) and (A)(3)) until it is revoked in writing.

16 Notwithstanding Section 312, subsection (A), when the seller knows that the product will be concurrently
17 available for use in more than one jurisdiction, but the purchaser does not provide an exemption certificate
18 claiming multiple points of use as required in subsection (A), the seller may work with the purchaser to
19 produce the correct apportionment. The purchaser and seller may use any reasonable, but consistent and
20 uniform, method of apportionment that is supported by the seller's and purchaser's business records as
21 they exist at the time the transaction is reported for sales or use tax purposes. If the purchaser certifies to
22 the accuracy of the apportionment and the seller accepts the certification, the seller shall collect and remit
23 the tax pursuant to Section 312, subdivision (A)(3). In the absence of bad faith, the seller is relieved of any
24 further obligation to collect tax on any transaction where the seller has collected tax pursuant to the
25 information certified by the purchaser.

26 When the seller knows that the product will be concurrently available for use in more than one jurisdiction and
27 the purchaser does not have a direct pay permit and does not provide the seller with an exemption
28 certificate claiming multiple points of use exemption as required in Section 312, subsection (A), or
29 certification pursuant to Section 312, subsection (B), the seller shall collect and remit the tax based on the
30 provisions of Section 310.

31 A holder of a direct pay permit shall not be required to deliver an exemption certificate claiming multiple points
32 of use to the seller. A direct pay permit holder shall follow the provisions of Section 312 subdivisions (A)(2)
33 and (A)(3) of this section in apportioning the tax due on a digital good, computer software, or a service
34 that will be concurrently available for use in more than one jurisdiction.

1 *Nothing in this section shall limit a person’s obligation for sales or use tax to any state in which the qualifying*
2 *purchases are concurrently available for use, nor limit a person’s ability under local, state, federal, or*
3 *constitutional law, to claim a credit for sales or use taxes legally due and paid to other jurisdictions.*
4

5 *Compiler’s note: The following is the section as first enacted:*

6
7 *Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit that*
8 *knows at the time of its purchase of a digital good, computer software delivered electronically, or a service that the*
9 *digital good, computer software delivered electronically, or service will be concurrently available for use in more*
10 *than one jurisdiction shall deliver to the seller in conjunction with its purchase a form disclosing this fact ("Multiple*
11 *Points of Use or MPU" Exemption Form).*

12 A. *Upon receipt of the MPU Exemption Form, the seller is relieved of all obligation to collect, pay, or remit*
13 *the applicable tax and the purchaser shall be obligated to collect, pay, or remit the applicable tax on a*
14 *direct pay basis.*

15 B. *A purchaser delivering the MPU Exemption Form may use any reasonable, but consistent and uniform,*
16 *method of apportionment that is supported by the purchaser's business records as they exist at the time of*
17 *the consummation of the sale.*

18 C. *The MPU Exemption Form will remain in effect for all future sales by the seller to the purchaser (except*
19 *as to the subsequent sale's specific apportionment that is governed by the principle of subsection (B) and*
20 *the facts existing at the time of the sale) until it is revoked in writing.*

21 D. *A holder of a direct pay permit shall not be required to deliver a MPU Exemption Form to the seller. A*
22 *direct pay permit holder shall follow the provisions of subsection (B) in apportioning the tax due on a*
23 *digital good or a service that will be concurrently available for use in more than one jurisdiction.*

26 **Section 313: DIRECT MAIL SOURCING**

27 A. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
28 “advertising and promotional direct mail:”

29 1. A purchaser of “advertising and promotional direct mail” may provide the seller
30 with either:

31 a. A direct pay permit.

32 b. An Agreement certificate of exemption claiming “direct mail” (or other
33 written statement approved, authorized or accepted by the state); or

1 c. Information showing the jurisdictions to which the “advertising and
2 promotional direct mail” is to be delivered to recipients.

3 2. If the purchaser provides the permit, certificate or statement referred to in
4 subparagraph a or b of paragraph 1 of subsection A of this section, the seller, in the absence of
5 bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction
6 involving “advertising and promotional direct mail” to which the permit, certificate or statement
7 applies. The purchaser shall source the sale to the jurisdictions to which the “advertising and
8 promotional direct mail” is to be delivered to the recipients and shall report and pay any
9 applicable tax due.

10 3. If the purchaser provides the seller information showing the jurisdictions to which
11 the “advertising and promotional direct mail” is to be delivered to recipients, the seller shall
12 source the sale to the jurisdictions to which the “advertising and promotional direct mail” is to be
13 delivered and shall collect and remit the applicable tax. In the absence of bad faith, the seller is
14 relieved of any further obligation to collect any additional tax on the sale of “advertising and
15 promotional direct mail” where the seller has sourced the sale according to the delivery
16 information provided by the purchaser.

17 4. If the purchaser does not provide the seller with any of the items listed in
18 subparagraphs a, b or c of paragraph 1 of subsection A of this section, the sale shall be sourced
19 according to Section 310.A.5. The state to which the “advertising and promotional direct mail”
20 is delivered may disallow credit for tax paid on sales sourced under this paragraph.

21 B. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
22 “other direct mail.”

23 1. Except as otherwise provided in this paragraph, sales of “other direct mail” are
24 sourced in accordance with Section 310.A.3.

25 2. A purchaser of “other direct mail” may provide the seller with either:

26 a. A direct pay permit; or

27 b. An Agreement certificate of exemption claiming “direct mail” (or other
28 written statement approved, authorized or accepted by the state).

1 3. If the purchaser provides the permit, certificate or statement referred to in
2 subparagraph a or b of paragraph 2 of subsection B of this section, the seller, in the absence of
3 bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction
4 involving “other direct mail” to which the permit, certificate or statement apply.
5 Notwithstanding paragraph 1 subsection B, the sale shall be sourced to the jurisdictions to which
6 the “other direct mail” is to be delivered to the recipients and the purchaser shall report and pay
7 applicable tax due.

8 C. For purposes of this section:

9 1. “Advertising and promotional direct mail” means:

10 a. printed material that meets the definition of “direct mail,” in Appendix C,
11 Part 1;

12 b. the primary purpose of which is to attract public attention to a product,
13 person, business or organization, or to attempt to sell, popularize or secure
14 financial support for a product, person, business or organization. As used in this
15 subsection, the word “product” means tangible personal property, a product
16 transferred electronically or a service.

17 2. “Other direct mail” means any direct mail that is not “advertising and promotional
18 direct mail” regardless of whether “advertising and promotional direct mail” is included in the
19 same mailing. The term includes, but is not limited to:

20 a. Transactional direct mail that contains personal information specific to the
21 addressee including, but not limited to, invoices, bills, statements of account,
22 payroll advices;

23 b. Any legally required mailings including, but not limited to, privacy
24 notices, tax reports and stockholder reports; and

25 c. Other non-promotional direct mail delivered to existing or former
26 shareholders, customers, employees, or agents including, but not limited to,
27 newsletters and informational pieces.

28 Other direct mail does not include the development of billing information or the
29 provision of any data processing service that is more than incidental.

1 D. 1. a. This section applies to a transaction characterized under state law as the
2 sale of services only if the service is an integral part of the production and distribution of printed
3 material that meets the definition of “direct mail.”

4 b. This section does not apply to any transaction that includes the
5 development of billing information or the provision of any data processing service that is more
6 than incidental regardless of whether “advertising and promotional direct mail” is included in the
7 same mailing.

8 2. If a transaction is a “bundled transaction” that includes “advertising and
9 promotion direct mail,” this section applies only if the primary purpose of the transaction is the
10 sale of products or services that meet the definition of “advertising and promotional direct mail.”

11 3. Nothing in this section shall limit any purchaser’s:

12 a. Obligation for sales or use tax to any state to which the direct mail is
13 delivered,

14 b. Right under local, state, federal or constitutional law, to a credit for sales
15 or use taxes legally due and paid to other jurisdictions, or

16 c. Right to a refund of sales or use taxes overpaid to any jurisdiction.

17 4. This section applies for purposes of uniformly sourcing “direct mail” transactions
18 and does not impose requirements on states regarding the taxation of products that meet the
19 definition of “direct mail” or to the application of sales for resale or other exemptions.

20 *Compiler’s note: On September 30, 2009 Section 313 was replaced in its entirety. The following is the section as it*
21 *was previously:*

22 A. *“Notwithstanding Section 310, a purchaser of direct mail that is not a holder of a direct pay permit shall*

28 *to the purchaser until it is revoked in writing.*

29 *2. Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is*
30 *delivered to recipients, the seller shall collect the tax according to the delivery information provided*
31 *by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to*

1 *collect tax on any transaction where the seller has collected tax pursuant to the delivery information*
2 *provided by the purchaser.*

- 3 B. *If the purchaser of direct mail does not have a direct pay permit and does not provide the seller with*
4 *either a Direct Mail Form or delivery information, as required by subsection (A) of this section, the seller*
5 *shall collect the tax according to Section 310, subsection (A)(5). Nothing in this paragraph shall limit a*
6 *purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.*

8 *shall not be required to provide a Direct Mail Form or delivery information to the seller."*

13 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS**

14 For the purpose of Section 314, the following definitions apply:

15 A. "Air-to-Ground Radiotelephone service" means a radio service, as that term is
16 defined in 47 CFR 22.99, in which common carriers are authorized to offer and
17 provide radio telecommunications service for hire to subscribers in aircraft.

18 B. "Ancillary services" means services that are associated with or incidental to the
19 provision of "telecommunications services", including but not limited to "detailed
20 telecommunications billing", "directory assistance", "vertical service", and "voice
21 mail services".

22 C. "Call-by-call Basis" means any method of charging for telecommunications services
23 where the price is measured by individual calls.

24 D. "Communications Channel" means a physical or virtual path of communications over
25 which signals are transmitted between or among customer channel termination
26 points.

27 E. "Customer" means the person or entity that contracts with the seller of
28 telecommunications services. If the end user of telecommunications services is not
29 the contracting party, the end user of the telecommunications service is the customer
30 of the telecommunication service, but this sentence only applies for the purpose of

1 sourcing sales of telecommunications services under Section 314. "Customer" does
2 not include a reseller of telecommunications service or for mobile
3 telecommunications service of a serving carrier under an agreement to serve the
4 customer outside the home service provider's licensed service area.

5 F. "Customer Channel Termination Point" means the location where the customer either
6 inputs or receives the communications.

7 G. "End user" means the person who utilizes the telecommunication service. In the case
8 of an entity, "end user" means the individual who utilizes the service on behalf of the
9 entity.

10 H. "Home service provider" means the same as that term is defined in Section 124(5) of
11 Public Law 106-252 (Mobile Telecommunications Sourcing Act).

12 I. "Mobile telecommunications service" means the same as that term is defined in
13 Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

14 J. "Place of primary use" means the street address representative of where the
15 customer's use of the telecommunications service primarily occurs, which must be
16 the residential street address or the primary business street address of the customer.
17 In the case of mobile telecommunications services, "place of primary use" must be
18 within the licensed service area of the home service provider.

19 K. "Post-paid calling service" means the telecommunications service obtained by
20 making a payment on a call-by-call basis either through the use of a credit card or
21 payment mechanism such as a bank card, travel card, credit card, or debit card, or by
22 charge made to a telephone number which is not associated with the origination or
23 termination of the telecommunications service. A post-paid calling service includes
24 a telecommunications service, except a prepaid wireless calling service, that would
25 be a prepaid calling service except it is not exclusively a telecommunication service.

26 L. "Prepaid calling service" means the right to access exclusively telecommunications
27 services, which must be paid for in advance and which enables the origination of
28 calls using an access number or authorization code, whether manually or

1 electronically dialed, and that is sold in predetermined units or dollars of which the
2 number declines with use in a known amount.

3 M. "Prepaid wireless calling service" means a telecommunications service that provides
4 the right to utilize mobile wireless service as well as other non-telecommunications
5 services, including the download of digital products delivered electronically, content
6 and ancillary services, which must be paid for in advance that is sold in
7 predetermined units or dollars of which the number declines with use in a known
8 amount.

9 N. "Private communication service" means a telecommunication service that entitles the
10 customer to exclusive or priority use of a communications channel or group of
11 channels between or among termination points, regardless of the manner in which
12 such channel or channels are connected, and includes switching capacity, extension
13 lines, stations, and any other associated services that are provided in connection with
14 the use of such channel or channels.

15 O. "Service address" means:

16 1. The location of the telecommunications equipment to which a customer's call is
17 charged and from which the call originates or terminates, regardless of where
18 the call is billed or paid.

19 2. If the location in subsection (O)(1) is not known, service address means the
20 origination point of the signal of the telecommunications services first
21 identified by either the seller's telecommunications system or in information
22 received by the seller from its service provider, where the system used to
23 transport such signals is not that of the seller.

24 3. If the location in subsection (O)(1) and subsection (O)(2) are not known, the
25 service address means the location of the customer's place of primary use.

26 *Compiler's note: On April 16, 2005 Section 315 (J) was amended by inserting " , except a prepaid wireless calling*
27 *service," after "telecommunications service in the second sentence. The former 315 (L) and (M) were renumbered*
28 *315 (M) and (N) and a new Section 315 (L) was inserted. The cross references in 315 (N) were changed to account*
29 *for the renumbering. Member states shall comply with amendments to this section no later than January 1, 2008.*

1 *Compiler's note: On December 14, 2006 Section 315 was amended to add a new subsection B "ancillary services"*
2 *and a renumbering of the remaining subsections and cross references.*

3
4 **Section 316: ENACTMENT OF EXEMPTIONS**

5 A. A member state shall enact entity-based, use-based and product-based exemptions in
6 accordance with the provisions of this section and shall utilize common definitions in
7 accordance with the provisions of Section 327 and Library of Definitions in Appendix C
8 of this Agreement.

9 B. (1) A member state may enact a product-based exemption without restriction if Part II of
10 the Library of Definitions does not have a definition for such product.

11 (2) A member state may enact a product-based exemption for a product if Part II of the
12 Library of Definitions has a definition for such product and the member state utilizes in
13 the exemption the product definition in a manner consistent with Part II of the Library of
14 Definitions and Section 327 of this Agreement.

15 (3) A member state may enact a product-based exemption exempting all items included
16 within a definition in Part II of the Library of Definitions but shall not exempt specific
17 items included within the product definition unless the product definition sets out an
18 exclusion for such item.

19 C. (1) A member state may enact an entity-based or a use-based exemption for a product
20 without restriction if Part II of the Library of Definitions does not have a definition for
21 such product.

22 (2) A member state may enact an entity-based or a use-based exemption for a product if
23 Part II of the Library of Definitions has a definition for such product and the member
24 state utilizes in the exemption the product definition in a manner consistent with Part II of
25 the Library of Definitions and Section 327 of this Agreement.

26 (3) A member state may enact an entity-based exemption for an item if Part II of the
27 Library of Definitions does not have a definition for such item but has a definition for a
28 product that includes such item.

1 (4) A member state may not enact a use-based exemption for an item which effectively
2 constitutes a product-based exemption if Part II of the Library of Definitions has a
3 definition for a product that includes such item.

4 (5) A member state may enact a use-based exemption for an item if Part II of the Library
5 of Definitions has a definition for a product that includes such item, if not prohibited in
6 Subsection (C) (4) of this section and if consistent with the definition in Part II of the
7 Library of Definitions.

8 For purposes of complying with the requirements in this section, the inclusion of a product
9 within the definition of tangible personal property is disregarded.

10 *Compiler's note: On October 1, 2005 all of Section 316 was repealed and replaced with the current language. The*
11 *following language was repealed:*

12 *A member state may enact a product-based exemption without restriction if the Agreement does not have a definition*
13 *for the product or for a term that includes the product. If the Agreement has a definition for the product or for a*
14 *term that includes the product, a member state may exempt all items included within the definition but shall not*
15 *exempt only part of the items included within the definition unless the Agreement sets out the exemption for part of*
16 *the items as an acceptable variation.*

17 *A member state may enact an entity-based or a use-based exemption without restriction if the Agreement does not*
18 *have a definition for the product whose use or purchase by a specific entity is exempt or for a term that includes the*
19 *product. If the Agreement has a definition for the product whose use or specific purchase is exempt, a member state*
20 *may enact an entity-based or a use-based exemption that applies to that product as long as the exemption utilizes the*
21 *Agreement definition of the product. If the Agreement does not have a definition for the product whose use or*
22 *specific purchase is exempt but has a definition for a term that includes the product, a member state may enact an*
23 *entity-based or a use-based exemption for the product without restriction.*

24 *For purposes of complying with the requirements in this section, the inclusion of a product within the definition of*
25 *tangible personal property is disregarded.*

26
27 *The following was the section prior to January 1, 2008.*

28 A. *A member state may enact a product-based exemption without restriction if the Agreement does not have a*
29 *definition for the product or for a term that includes the product. If the Agreement has a definition for the*
30 *product or for a term that includes the product, a member state may exempt all items included within the*
31 *definition but shall not exempt only part of the items included within the definition unless the Agreement*
32 *sets out the exemption for part of the items as an acceptable variation.*

33 B. *A member state may enact an entity-based or a use-based exemption without restriction if the Agreement*
34 *does not have a definition for the product whose use or purchase by a specific entity is exempt or for a*

10 **Section 317: ADMINISTRATION OF EXEMPTIONS**

- 11 A. Each member state shall observe the following provisions when a purchaser claims an
12 exemption:
- 13 1. The seller shall obtain identifying information of the purchaser and the reason for
14 claiming a tax exemption at the time of the purchase as determined by the governing
15 board.
 - 16 2. A purchaser is not required to provide a signature to claim an exemption from tax
17 unless a paper exemption certificate is used.
 - 18 3. The seller shall use the standard form for claiming an exemption electronically as
19 adopted by the governing board.
 - 20 4. The seller shall obtain the same information for proof of a claimed exemption
21 regardless of the medium in which the transaction occurred.
 - 22 5. A member state may utilize a system wherein the purchaser exempt from the payment
23 of the tax is issued an identification number that shall be presented to the seller at the
24 time of the sale.
 - 25 6. The seller shall maintain proper records of exempt transactions and provide them to a
26 member state when requested.
 - 27 7. A member state shall administer use-based and entity-based exemptions when
28 practicable through a direct pay permit, an exemption certificate, or another means
29 that does not burden sellers.
 - 30 8. In the case of drop shipment sales, member states must allow a third party vendor
31 (e.g., drop shipper) to claim a resale exemption based on an exemption certificate

1 provided by its customer/re-seller or any other acceptable information available to the
2 third party vendor evidencing qualification for a resale exemption, regardless of
3 whether the customer/re-seller is registered to collect and remit sales and use tax in the
4 state where the sale is sourced.

5 B. Each member state shall relieve sellers that follow the requirements of this section from
6 the tax otherwise applicable if it is determined that the purchaser improperly claimed an
7 exemption and to hold the purchaser liable for the nonpayment of tax. This relief from
8 liability does not apply to a seller who fraudulently fails to collect tax; to a seller who
9 solicits purchasers to participate in the unlawful claim of an exemption; to a seller who
10 accepts an exemption certificate when the purchaser claims an entity-based exemption
11 when (1) the subject of the transaction sought to be covered by the exemption certificate
12 is actually received by the purchaser at a location operated by the seller and (2) the state
13 in which that location resides provides an exemption certificate that clearly and
14 affirmatively indicates (graying out exemption reason types on the uniform form and
15 posting it on a state's web site is an indicator) that the claimed exemption is not
16 available in that state.

17 C. Each state shall relieve a seller of the tax otherwise applicable if the seller obtains a fully
18 completed exemption certificate or captures the relevant data elements required under
19 the Agreement within 90 days subsequent to the date of sale. A member state may
20 provide for a period longer than 90 days for the seller to obtain necessary information.

21 D.

26 faith which means that the seller obtain a certificate that claims an exemption that
27 (i) was statutorily available on the date of the transaction in the jurisdiction where
28 the transaction is sourced, (ii) could be applicable to the item being purchased,
29 and (iii) is reasonable for the purchaser's type of business; or

1 b. Obtain other information establishing that the transaction was not subject to the
2 tax.

3 A member state may provide for a period longer than 120 days for sellers to
4 obtain the necessary information.

5
6 2. If the seller obtains the information described in subsection D 1 of this section,
7 the member state shall relieve the seller of any liability for the tax o the transaction unless
8 it is discovered through the audit process that the seller had knowledge or had reason to
9 know at the time such information was provided that the information relating to the
10 exemption claimed was materially false or the seller otherwise knowingly participated in
11 activity intended to purposefully evade the tax that is properly due o the transaction. The
12 state must establish that the seller had knowledge or had reason to know at the time the
13 information was provided that the information was materially false.

14 E. Nothing in this section shall affect the ability of member states to require purchasers to
15 update exemption certificate information or to reapply with the state to claim certain
16 exemptions.

17 F. Each member state shall relieve a seller of the tax otherwise applicable if it obtains a
18 blanket exemption certificate from a purchaser with which the seller has a recurring
19 business relationship. Notwithstanding the provisions of subsection E of this section, a
20 member state may not request from the seller renewal of blanket certificates or updates of
21 exemption certificate information or data elements when there is a recurring business
22 relationship between the buyer and seller. For purposes of this section a recurring
23 business relationship exists when a period of no more than twelve months elapses
24 between sales transactions.

25 G. Each state shall post on its website the uniform paper exemption certificate (streamlined
26 sales and use tax exemption certificate) as revised and adopted by the Governing Board,
27 with any applicable graying out of non-applicable exemption types (pursuant to
28 subsection B of this Section and Rule 317.1.A.5.a.). Every state shall conform to the
29 amendment in subdivision D of this section by July 31, 2010.

25 that the seller obtain a certificate that claims an exemption that (i) was statutorily available on the
26 date of the transaction in the jurisdiction where the transaction is sourced, (ii) could be applicable
27 to the item being purchased, and (iii) is reasonable for the purchaser’s type of business; or

28 b. Obtain other information establishing that the transaction was not subject to the tax.
29 A member state may provide for a period longer than 120 days for sellers to obtain the necessary
30 information.

31 2. If the seller obtains the information described in subsection D 1 of this section, the member state
32 shall relieve the seller of any liability for the tax o the transaction unless it is discovered through the audit
33 process that the seller had knowledge or had reason to know at the time such information was provided
34 that the information relating to the exemption claimed was materially false or the seller otherwise
35 knowingly participated in activity intended to purposefully evade the tax that is properly due o the

1 transaction. The state must establish that the seller had knowledge or had reason to know at the time the
2 information was provided that the information was materially false.

3 E. Nothing in this section shall affect the ability of member states to require purchasers to update exemption
4 certificate information or to reapply with the state to claim certain exemptions.

17 month; or
- 18 ii) File part 2 of the SER at the same time part 1 of the SER for the
19 month of December is due. Part 2 information filed pursuant to
20 this option shall cover the month of December and all previous
21 months of the same calendar year and shall only require annual and
22 not monthly totals.

23 Such sellers shall only be required to file part 2 of the SER for any
24 state which has notified the governing board that it will require the
25 submission of the part 2 information pursuant to paragraph 2 of
26 this subsection.

27 c. No later than January 1, 2011, every member state shall allow

14 possession of the seller until the full purchase price is paid; expenses incurred in
15 attempting to collect any debt, and repossessed property.
- 16 C. Allow bad debts to be deducted on the return for the period during which the bad debt is
17 written off as uncollectable in the claimant’s books and records and is eligible to be
18 deducted for federal income tax purposes. For purposes of this subsection, a claimant
19 who is not required to file federal income tax returns may deduct a bad debt on a return
20 filed for the period in which the bad debt is written off as uncollectable in the claimant’s
21 books and records and would be eligible for a bad debt deduction for federal income tax
22 purposes if the claimant was required to file a federal income tax return.
- 23 D. Require that, if a deduction is taken for a bad debt and the debt is subsequently collected
24 in whole or in part, the tax on the amount so collected must be paid and reported on the
25 return filed for the period in which the collection is made.
- 26 E. Provide that, when the amount of bad debt exceeds the amount of taxable sales for the
27 period during which the bad debt is written off, a refund claim may be filed within the
28 member state’s otherwise applicable statute of limitations for refund claims; however, the
29 statute of limitations shall be measured from the due date of the return on which the bad
30 debt could first be claimed.

- 1 F. Where filing responsibilities have been assumed by a CSP, allow the service provider to
2 claim, on behalf of the seller, any bad debt allowance provided by this section. The CSP
3 must credit or refund the full amount of any bad debt allowance or refund received to the
4 seller.
- 5 G. Provide that, for the purposes of reporting a payment received on a previously claimed
6 bad debt, any payments made on a debt or account are applied first proportionally to the
7 taxable price of the property or service and the sales tax thereon, and secondly to interest,
8 service charges, and any other charges.
- 9 H. In situations where the books and records of the party claiming the bad debt allowance
10 support an allocation of the bad debts among the member states, permit the allocation.

13 **Section 321: CONFIDENTIALITY AND PRIVACY PROTECTIONS UNDER MODEL 1**

- 14 A. The purpose of this section is to set forth the member states' policy for the protection of
15 the confidentiality rights of all participants in the system and of the privacy interests of
16 consumers who deal with Model 1 sellers.
- 17 B. As used in this section, the term "confidential taxpayer information" means all
18 information that is protected under a member state's laws, regulations, and privileges; the
19 term "personally identifiable information" means information that identifies a person; and
20 the term "anonymous data" means information that does not identify a person.
- 21 C. The member states agree that a fundamental precept in Model 1 is to preserve the privacy
22 of consumers by protecting their anonymity. With very limited exceptions, a CSP shall
23 perform its tax calculation, remittance, and reporting functions without retaining the
24 personally identifiable information of consumers.
- 25 D. The governing board may certify a CSP only if that CSP certifies that:
26 1. Its system has been designed and tested to ensure that the fundamental precept of
27 anonymity is respected;

- 1 2. That personally identifiable information is only used and retained to the extent
2 necessary for the administration of Model 1 with respect to exempt purchasers and
3 proper identification of taxing jurisdictions;
- 4 3. It provides consumers clear and conspicuous notice of its information practices,
5 including what information it collects, how it collects the information, how it uses the
6 information, how long, if at all, it retains the information and whether it discloses the
7 information to member states. Such notice shall be satisfied by a written privacy
8 policy statement accessible by the public on the official web site of the CSP;
- 9 4. Its collection, use and retention of personally identifiable information will be limited
10 to that required by the member states to ensure the validity of exemptions from
11 taxation that are claimed by reason of a consumer's status or the intended use of the
12 goods or services purchased and for documentation of the correct assignment of taxing
13 jurisdictions; and
- 14 5. It provides adequate technical, physical, and administrative safeguards so as to protect
15 personally identifiable information from unauthorized access and disclosure.
- 16 E. Each member state shall provide public notification to consumers, including their exempt
17 purchasers, of the state's practices relating to the collection, use and retention of
18 personally identifiable information.
- 19 F. When any personally identifiable information that has been collected and retained is no
20 longer required for the purposes set forth in subsection (D)(4), such information shall no
21 longer be retained by the member states.
- 22 G. When personally identifiable information regarding an individual is retained by or on
23 behalf of a member state, such state shall provide reasonable access by such individual to
24 his or her own information in the state's possession and a right to correct any inaccurately
25 recorded information.
- 26 H. If anyone other than a member state, or a person authorized by that state's law or the
27 Agreement, seeks to discover personally identifiable information, the state from whom
28 the information is sought should make a reasonable and timely effort to notify the
29 individual of such request.

- 1 I. This privacy policy is subject to enforcement by member states' attorneys general or other
2 appropriate state government authority.
- 3 J. Each member states' laws and regulations regarding the collection, use, and maintenance
4 of confidential taxpayer information remain fully applicable and binding. Without
5 limitation, the Agreement does not enlarge or limit the member states' authority to:
- 6 1. Conduct audits or other review as provided under the Agreement and state law.
 - 7 2. Provide records pursuant to a member state's Freedom of Information Act, disclosure
8 laws with governmental agencies, or other regulations.
 - 9 3. Prevent, consistent with state law, disclosures of confidential taxpayer information.
 - 10 4. Prevent, consistent with federal law, disclosures or misuse of federal return
11 information obtained under a disclosure agreement with the Internal Revenue Service.
 - 12 5. Collect, disclose, disseminate, or otherwise use anonymous data for governmental
13 purposes.
- 14 K. This privacy policy does not preclude the governing board from certifying a CSP whose
15 privacy policy is more protective of confidential taxpayer information or personally
16 identifiable information than is required by the Agreement.

17 *Compiler's note: On September 5, 2008 Section 321(D)(2) was amended to add "and proper identification of taxing*
18 *jurisdictions" after "purchasers" and Section 321(D)(4) was amended to add "and for documentation of the correct*
19 *assignment of taxing jurisdictions" after "purchased." The amendment became effective upon its adoption.*

20

21 **Section 322: SALES TAX HOLIDAYS**

- 22 A. If a member state allows for temporary exemption periods, commonly referred to as sales
23 tax holidays, the member state shall:
- 24 1. Not apply an exemption unless the items to be exempted are specifically defined in
25 Part II or Part III(B) of the Library of Definitions and the exemptions are uniformly
26 applied to state and local sales and use taxes.
 - 27 2. Provide notice of the exemption period at least sixty days' prior to the first day of the
28 calendar quarter in which the exemption period will begin.
 - 29 3. Not apply an entity or use based exemption to items except a member state may limit
30 a product based exemption to items purchased for personal or non-business use.

1 4. Not require a seller to obtain an exemption certificate or other certification from a
2 purchaser for items to be exempted during a sales tax holiday.

3 B. A member state may establish a sales tax holiday that utilizes price thresholds set by
4 such state and the provisions of the Agreement on the use of thresholds shall not
5 apply to exemptions provided by a state during a sales tax holiday. In order to
6 provide uniformity, a price threshold established by a member state for exempt
7 items shall include only items priced below the threshold. A member state shall not
8 exempt only a portion of the price of an individual item during a sales tax holiday.

9 C. The following procedures are to be used by member states in administering a sales
10 tax holiday exemption:

11 1. Layaway sales - A sale of eligible property under a layaway sale qualifies for
12 exemption if:

13 a. final payment on a layaway order is made by, and the property is given
14 to, the purchaser during the exemption period; or

15 b. the purchaser selects the property and the retailer accepts the order for
16 the item during the exemption period, for immediate delivery upon full
17 payment, even if delivery is made after the exemption period.

18 2. Bundled sales - Member states will follow the same procedure during the sales
19 tax holiday as agreed upon for handling a bundled sale at other times.

20 3. Coupons and discounts - A discount by the seller reduces the sales price of the
21 property and the discounted sales price determines whether the sales price is
22 within a sales tax holiday price threshold of a member state. A coupon that
23 reduces the sales price is treated as a discount if the seller is not reimbursed
24 for the coupon amount by a third-party. If a discount applies to the total
25 amount paid by a purchaser rather than to the sales price of a particular item
26 and the purchaser has purchased both eligible property and taxable property,
27 the seller should allocate the discount based on the total sales prices of the
28 taxable property compared to the total sales prices of all property sold in that
29 same transaction.

- 1 4. Splitting of items normally sold together - Articles that are normally sold as a
2 single unit must continue to be sold in that manner. Such articles cannot be
3 priced separately and sold as individual items in order to obtain the
4 exemption. For example, a pair of shoes cannot have each shoe sold
5 separately so that the sales price of each shoe is within a sales tax holiday
6 price threshold.
- 7 5. Rain checks - A rain check allows a customer to purchase an item at a certain
8 price at a later time because the particular item was out of stock. Eligible
9 property that customers purchase during the exemption period with use of a
10 rain check will qualify for the exemption regardless of when the rain check
11 was issued. Issuance of a rain check during the exemption period will not
12 qualify eligible property for the exemption if the property is actually
13 purchased after the exemption period.
- 14 6. Exchanges - The procedure for an exchange in regards to a sales tax holiday is
15 as follows:
- 16 a. If a customer purchases an item of eligible property during the
17 exemption period, but later exchanges the item for a similar eligible
18 item, even if a different size, different color, or other feature, no
19 additional tax is due even if the exchange is made after the exemption
20 period.
- 21 b. If a customer purchases an item of eligible property during the
22 exemption period, but after the exemption period has ended, the
23 customer returns the item and receives credit on the purchase of a
24 different item, the appropriate sales tax is due on the sale of the newly
25 purchased item.
- 26 c. If a customer purchases an item of eligible property before the
27 exemption period, but during the exemption period the customer
28 returns the item and receives credit on the purchase of a different item

1 of eligible property, no sales tax is due on the sale of the new item if
2 the new item is purchased during the exemption period.

3 7. Delivery charges - Delivery charges, including shipping, handling and service
4 charges, are part of the sales price of eligible property unless a member state
5 defines "sales price" to exclude such charges. For the purpose of determining
6 a sales tax holiday price threshold, if all the property in a shipment qualifies as
7 eligible property and the sales price for each item in the shipment is within the
8 sales tax holiday price threshold, then the seller does not have to allocate the
9 delivery, handling, or service charge to determine if the price threshold is
10 exceeded. The shipment will be considered a sale of eligible products. If the
11 shipment includes eligible property and taxable property (including an eligible
12 item with a sales price in excess of the price threshold), the seller should
13 allocate the delivery charge by using:

- 14 a. a percentage based on the total sales prices of the taxable property
15 compared to the total sales prices of all property in the shipment; or
- 16 b. a percentage based on the total weight of the taxable property compared to
17 the total weight of all property in the shipment.

18 The seller must tax the percentage of the delivery charge allocated to the
19 taxable property but does not have to tax the percentage allocated to the
20 eligible property.

21 8. Order date and back orders - For the purpose of a sales tax holiday, eligible
22 property qualifies for exemption if:
23 a. the item is both delivered to and paid for by the customer during the
24 exemption period; or
25 b. the customer orders and pays for the item and the seller accepts the order
26 during the exemption period for immediate shipment, even if delivery is
27 made after the exemption period. The seller accepts an order when the
28 seller has taken action to fill the order for immediate shipment. Actions to
29 fill an order include placement of an "in date" stamp on a mail order or

1 assignment of an "order number" to a telephone order. An order is for
2 immediate shipment when the customer does not request delayed
3 shipment. An order is for immediate shipment notwithstanding that the
4 shipment may be delayed because of a backlog of orders or because stock
5 is currently unavailable to, or on back order by, the seller.

6 9. Returns - For a 60-day period immediately after the sales tax holiday
7 exemption period, when a customer returns an item that would qualify for the
8 exemption, no credit for or refund of sales tax shall be given unless the
9 customer provides a receipt or invoice that shows tax was paid, or the seller
10 has sufficient documentation to show that tax was paid on the specific item.
11 This 60-day period is set solely for the purpose of designating a time period
12 during which the customer must provide documentation that shows that sales
13 tax was paid on returned merchandise. The 60-day period is not intended to
14 change a seller's policy on the time period during which the seller will accept
15 returns.

16 10. Different time zones - The time zone of the seller's location determines the authorized
17 time period for a sales tax holiday when the purchaser is located in one time zone and
18 a seller is located in another.

19 *Compiler's note: On September 5, 2008 Section 322(A)(1) was amended to delete the obsolete date and to replace*
20 *"the Agreement" with "Part II or Part III(B) of the Library of Definitions." In addition, subdivisions 3 and 4 were*
21 *added. The amendment became effective upon its adoption.*

22 23 **Section 323: CAPS AND THRESHOLDS**

- 24 A. No member state may have caps or thresholds on the application of state sales or use tax
25 rates or exemptions that are based on the value of the transaction or item or have caps
26 that are based on the application of the rates unless the member state assumes the
27 administrative responsibility in a manner that places no additional burden on the retailer.
- 28 B. No member state that has local jurisdictions that levy a sales or use tax may place caps or
29 thresholds on the application of local rates or use tax rates or exemptions that are based
30 on the value of the transaction or item.

- 1 C. The provisions of this section do not apply to sales or use taxes levied on the retail sale or
2 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or
3 mobile homes or to instances where the burden of administration has been shifted from
4 the retailer.
- 5 D. For states that have a cap or threshold on clothing before January 1, 2006 the provisions
6 of this section do not apply to sales or use tax thresholds for exemptions that are based
7 on the value of “essential clothing” except as provided in the Library of Definitions.

8 *Compiler’s note: On February 26, 2009 Section 323C was amended as follows:*

9 ~~A—Each No member state shall:~~

- 10 ~~1. Not may have caps or thresholds on the application of state sales or use tax rates or exemptions that are~~
11 ~~based on the value of the transaction or item after December 31, 2005. A member state may continue to~~
12 ~~have caps and thresholds until that date.~~
- 13 ~~2. Not or have caps that are based on the application of the rates unless the member state assumes the~~
14 ~~administrative responsibility in a manner that places no additional burden on the retailer.~~

15 B ~~Each No member state that has local jurisdictions that levy a sales or use tax shall not may place caps or~~
16 ~~thresholds on the application of local rates or use tax rates or exemptions that are based on the value of the~~
17 ~~transaction or item after December 31, 2005. A member state may continue to have caps and thresholds until~~
18 ~~that date.~~

19 C *The provisions of this section do not apply to sales or use taxes levied on the retail sale or transfer of motor*
20 *vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes or to instances where the*
21 *burden of administration has been shifted from the retailer.*

22 D *For states that have a cap or threshold on clothing before January 1, 2006 the provisions of this section do not*
23 *apply to sales or use tax thresholds for exemptions that are based on the value of “essential clothing” except as*
24 *provided in the Library of Definitions.*

25 *This provision became effective upon its approval.*

26 **Section 324: ROUNDING RULE**

- 27 A. After December 31, 2005, each member state shall adopt a rounding algorithm that
28 meets the following criteria:
- 29 1. Tax computation must be carried to the third decimal place, and
30 2. The tax must be rounded to a whole cent using a method that rounds up to the next
31 cent whenever the third decimal place is greater than four.

1 B. Each state shall allow sellers to elect to compute the tax due on a transaction on an
2 item or an invoice basis, and shall allow the rounding rule to be applied to the
3 aggregated state and local taxes. No member state shall require a seller to collect tax
4 based on a bracket system.
5

6 **Section 325: CUSTOMER REFUND PROCEDURES**

7 A. These customer refund procedures are provided to apply when a state allows a purchaser
8 to seek a return of over-collected sales or use taxes from the seller.

9 B. Nothing in this section shall either require a state to provide, or prevent a state from
10 providing, a procedure by which a purchaser may seek a refund directly from the state
11 arising out of sales or use taxes collected in error by a seller from the purchaser.
12 Nothing in this section shall operate to extend any person's time to seek a refund of sales
13 or use taxes collected or remitted in error.

14 C. These customer refund procedures provide the first course of remedy available to
15 purchasers seeking a return of over-collected sales or use taxes from the seller. A cause
16 of action against the seller for the over-collected sales or use taxes does not accrue until
17 a purchaser has provided written notice to a seller and the seller has had sixty days to
18 respond. Such notice to the seller must contain the information necessary to determine
19 the validity of the request.

20 D. In connection with a purchaser's request from a seller of over-collected sales or use
21 taxes, a seller shall be presumed to have a reasonable business practice, if in the
22 collection of such sales or use taxes, the seller: i) uses either a provider or a system,
23 including a proprietary system, that is certified by the state; and ii) has remitted to the
24 state all taxes collected less any deductions, credits, or collection allowances.
25

26 **Section 326: DIRECT PAY PERMITS**

27 Each member state shall provide for a direct pay authority that allows the holder of a direct pay
28 permit to purchase otherwise taxable goods and services without payment of tax to the supplier
29 at the time of purchase. The holder of the direct pay permit will make a determination of the

1 taxability and then report and pay the applicable tax due directly to the tax jurisdiction. Each
2 state can set its own limits and requirements for the direct pay permit. The governing board shall
3 advise member states when setting state direct pay limits and requirements, and shall consider
4 use of the Model Direct Payment Permit Regulation as developed by the Task Force on EDI
5 Audit and Legal Issues for Tax Administration.

7 **Section 327: LIBRARY OF DEFINITIONS**

8 Each member state shall utilize common definitions as provided in this section. The terms
9 defined are set out in the Library of Definitions, in Appendix C of this Agreement. A member
10 state shall adhere to the following principles:

11 A. If a term defined in the Library of Definitions appears in a member state's sales and
12 use tax statutes or administrative rules or regulations, the member state shall enact or
13 adopt the Library definition of the term in its statutes or administrative rules or
14 regulations in substantially the same language as the Library definition.

15 B. A member state shall not use a Library definition in its sales or use tax statutes or
16 administrative rules or regulations that is contrary to the meaning of the Library
17 definition.

18 C. Except as specifically provided in Sections 316 and 332 and the Library of
19 Definitions, a member state shall impose a sales or use tax on all products or services
20 included within each Part II or Part III(B) definition or exempt from sales or use tax
21 all products or services within each such definition. Provided, the requirements of
22 this subsection shall only apply to Part III(B) definitions to the extent that such
23 definitions are used in the administration of a sales tax holiday.

24 *Compiler's note: The Governing Board issued an interpretation of Section 327C on August 29, 2006. That*
25 *interpretation can be found in the Library of Interpretations.*

26 *Compiler's note: On September 5, 2008 Section 327C was amended by adding "and 332" in the first line; by adding*
27 *"Part II or Part III(B)" after "each" in line three; by adding "such" after "each" in line four; and by adding the*
28 *last sentence. This amendment became effective upon its adoption.*

30 **Section 328: TAXABILITY MATRIX**

- 1 A. To ensure uniform application of terms defined in the Library of Definitions each member
2 state shall complete a taxability matrix adopted by the governing board. The member
3 state's entries in the matrix shall be provided and maintained in a database that is in a
4 downloadable format approved by the governing board. A member state shall provide
5 notice of changes in the taxability of the products or services listed in the taxability matrix
6 as required by the governing board.
- 7 B. A member state shall relieve sellers and CSPs from liability to the member state and its
8 local jurisdictions for having charged and collected the incorrect amount of sales or use tax
9 resulting from the seller or CSP relying on erroneous data provided by the member state in
10 the taxability matrix.
- 11 C. If a state levies sales and use tax on a specified digital product and provides an exemption
12 for an item within the definition of such specified digital product pursuant to Section 332
13 (H) of this Agreement, such exemption must be noted in the taxability matrix.
- 14 D. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement
15 shall, in a format approved by the Governing Board, give notice in the taxability matrix of
16 the products for which a tax exemption is provided.

17 *Compiler's note: Section 328 was amended as follows on September 20, 2007. The amendment was effective on*
18 *January 1, 2008:*

- 19 A. *To ensure uniform application of terms defined in the Library of Definitions each member state shall*
20 *complete a taxability matrix adopted by the governing board. The member state's entries in the matrix shall*
21 *be provided and maintained in a database that is in a downloadable format approved by the governing*
22 *board. A member state shall provide notice of changes in the taxability of the products or services listed in*
23 *the taxability matrix as required by the governing board.*
- 24 B. ~~*Until such time as sufficient additional definitions are adopted to provide for a uniform application of the*~~
25 ~~*definition of tangible personal property, each member state shall certify to the Governing Board its tax*~~
26 ~~*treatment of photographs delivered electronically. This information shall be included in the taxability*~~
27 ~~*matrix. A uniform application of the definition of tangible personal property requires an amendment to*~~
28 ~~*Section 327 of this Agreement. Notice of changes in the taxability of such goods shall be made in the same*~~
29 ~~*manner as required for notice of changes in the taxability of other products or services listed in the*~~
30 ~~*taxability matrix.*~~
- 31 ~~*A member state shall relieve sellers and CSPs from liability to the member state and its local jurisdictions*~~
32 ~~*for having charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP*~~

1 *relying on erroneous data provided by the member state in the taxability matrix ~~or in the certification of the~~*
2 *~~state's tax treatment of photographs delivered electronically.~~*

3 *D. If a state levies sales and use tax on a specified digital product and provides an exemption for an item*
4 *within the definition of such specified digital product pursuant to Section 332 (H) of this Agreement, such*
5 *exemption must be noted in the taxability matrix.*

6 *E. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement shall, in a format*
7 *approved by the Governing Board, give notice in the taxability matrix of the products for which a tax*
8 *exemption is provided.*

9 *F. For purposes of this section, the term "transferred electronically" means obtained by the purchaser by*
10 *means other than tangible storage media.*

11 *Compiler's note: On September 5, 2008 subsection (F) was repealed. This amendment became effective upon its*
12 *adoption.*

14 **Section 329: EFFECTIVE DATE FOR RATE CHANGES**

15 Each member state shall provide that the effective date of rate changes for services covering a
16 period starting before and ending after the statutory effective date shall be as follows:

- 17 A. For a rate increase, the new rate shall apply to the first billing period starting on or after the
18 effective date.
- 19 B. For a rate decrease, the new rate shall apply to bills rendered on or after the effective date.

21 **Section 330: BUNDLED TRANSACTIONS**

- 22 A. A member state shall adopt and utilize to determine tax treatment, the core definition
23 for a "bundled transaction" in Appendix C, Part I of the Library of Definitions in the
24 Agreement.
- 25 B. Member states are not restricted in their tax treatment of bundled transactions except
26 as otherwise provided in the Agreement. Member states are not restricted in their
27 ability to treat some bundled transactions differently from other bundled transactions.
- 28 C. In the case of a bundled transaction that includes any of the following:
29 telecommunication service, ancillary service, internet access, or audio or video
30 programming service:

- 1 1. If the price is attributable to products that are taxable and products that are
2 nontaxable, the portion of the price attributable to the nontaxable products may be
3 subject to tax unless the provider can identify by reasonable and verifiable standards
4 such portion from its books and records that are kept in the regular course of business
5 for other purposes, including, but not limited to, non-tax purposes.
- 6 2. If the price is attributable to products that are subject to tax at different tax rates, the
7 total price may be treated as attributable to the products subject to tax at the highest
8 tax rate unless the provider can identify by reasonable and verifiable standards the
9 portion of the price attributable to the products subject to tax at the lower rate from its
10 books and records that are kept in the regular course of business for other purposes,
11 including, but not limited to, non-tax purposes.
- 12 3. The provisions of this section shall apply unless otherwise provided by federal law.
- 13 D. In the case of a transaction that includes an “optional computer software maintenance
14 contract” for prewritten computer software and the state otherwise has not
15 specifically imposed tax on the retail sale of computer software maintenance
16 contracts, the following provisions apply:
 - 17 1. If an optional computer software maintenance contract only obligates the vendor
18 to provide upgrades and updates, it will be characterized as a sale of prewritten
19 computer software.
 - 20 2. If an optional computer software maintenance contract only obligates the vendor
21 to provide support services, it will be characterized as a sale of services and a
22 state may use any of the methods provided under subsection (D)(3) to determine
23 the taxable and nontaxable or exempt portions.
 - 24 3. If an optional computer software maintenance contract is a bundled transaction in
25 which both taxable and nontaxable or exempt products that are not separately
26 itemized on the invoice or similar billing document, then states shall elect one of
27 the following tax treatments:
 - 28 a. The contract shall be characterized as all taxable;

- 1 b. The contract shall be characterized as all taxable unless the seller can
2 demonstrate, using a reasonable method as of the time of sale, the portion
3 of the contract that is for nontaxable or exempt products;
4 c. The contract shall be characterized as all nontaxable or exempt; or
5 d. The contract shall be characterized as twenty, thirty, forty or fifty percent
6 taxable or eighty, seventy, sixty and fifty percent nontaxable or exempt
7 respectively, as selected by each member state.
- 8 4. With respect to states that elect the method described in subparagraph 3(b):
9 a. Such states may prescribe the use of such reasonable methods as it deems
10 appropriate, and
11 b. The method selected by the seller shall be binding on the purchaser.

12
13 *Compiler's note: Section 330 was added on April 16, 2005. Member States shall comply with the provisions of this*
14 *Section no later than January 1, 2008.*

15 *Compiler's note: Section 330 D was added on December 6, 2008. This provision became effective upon its*
16 *adoption.*

17
18 **Section 331: RELIEF FROM CERTAIN LIABILITY FOR PURCHASERS**
19

- 20 A. A member state shall relieve a purchaser from liability for penalty to that member state
21 and its local jurisdictions for having failed to pay the correct amount of sales or use tax in
22 the following circumstances:
- 23 1. A purchaser's seller or CSP relied on erroneous data provided by that member
24 state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability
25 matrix completed by that member state pursuant to Section 328; or
26 2. A purchaser holding a direct pay permit relied on erroneous data provided by that
27 member state on tax rates, boundaries, taxing jurisdiction assignments, or in the
28 taxability matrix completed by that member state pursuant to Section 328.
29 3. A purchaser relied on erroneous data provided by that member state in the
30 taxability matrix completed by that member state pursuant to Section 328.

1 4. A purchaser using databases pursuant to subsections (F), (G) and (H) of Section
2 305 relied on erroneous data provided by that member state on tax rates,
3 boundaries, or taxing jurisdiction assignments. After providing adequate notice as
4 determined by the governing board, a member state that provides an address-
5 based database for assigning taxing jurisdictions pursuant to Section 305,
6 subsection (G) or (H) may cease providing liability relief for errors resulting from
7 the reliance on the database provided by the member state under the provisions of
8 Section 305, subsection (F).

9 B. Except where prohibited by a member state’s constitution, a member state shall also
10 relieve a purchaser from liability for tax and interest to that member state and its local
11 jurisdictions for having failed to pay the correct amount of sales or use tax in the
12 circumstances described in Section 331 A, provided that, with respect to reliance on the
13 taxability matrix completed by that member state pursuant to Section 328, such relief is
14 limited to the state’s erroneous classification in the taxability matrix of terms included in
15 the Library of Definitions as “taxable” or “exempt,” “included in sales price” or
16 “excluded from sales price” or “included in the definition” or “excluded from the
17 definition”.

18 C. For purposes of this section, the term “penalty” means an amount imposed for
19 noncompliance that is not fraudulent, willful, or intentional which is in addition to the
20 correct amount of sales or use tax and interest.

21 D. A member state may allow relief on terms and conditions more favorable to a purchaser
22 than the terms required by this section.

23 E. The provisions of this section are effective on and after January 1, 2009, however, to the
24 extent any relief under this section does not require a legislative change in a member state, such
25 relief must be granted effective immediately.

26 *Compiler’s note: Section 331 was added on August 29, 2006. Member States shall comply with the provisions of*
27 *this Section no later than January 1, 2009.*

28 *Compiler’s note: On December 14, 2006 Section 331 was amended by inserting “provided that” in lieu of “except”*
29 *after “Section 331 A,” and to add the clause following “Section 328” in B, and by adding the clause starting with*
30 *“however” in E.*

Section 332: SPECIFIED DIGITAL PRODUCTS

- A. A member state shall not include “specified digital products”, “digital audio-visual works”, “digital audio works” or “digital books” within its definition of “ancillary services”, “computer software”, “telecommunication services” or “tangible personal property.” This restriction shall apply regardless of whether the “specified digital product” is sold to a purchaser who is an end user or with less than the right of permanent use granted by the seller or use which is conditioned upon continued payment from the purchaser. Until January 1, 2010, the exclusion of “specified digital products” from the definition of “tangible personal property” shall have no implication on the classification of products “transferred electronically” which are not included within the definition of “specified digital products” as being included in, or excluded from, the definition of “tangible personal property.”
- B. For purpose of Section 327(C) and the taxability matrix, “Digital Audio-Visual Works”, “Digital Audio Works”, and “Digital Books” are separate definitions.
- C. If a state imposes a sales or use tax on products “transferred electronically” separately from its imposition of tax on “tangible personal property”, that state will not be required to use the terms “specified digital products”, “digital audio visual works”, “digital audio works”, or “digital books”, or enact an additional or separate sales or use tax levy on any “specified digital product.”
- D.
 - 1. A statute imposing a tax on “specified digital products,” “digital audio-visual works,” “digital audio works” or “digital books” and, after January 1, 2010, on any other product “transferred electronically” shall be construed as only imposing the tax on a sale to a purchaser who is an end user unless the statute specifically imposes and separately enumerates the tax on a sale to a purchaser who is not an end user. For purposes of this paragraph, an “end user” includes any person other than a person who receives by contract a product “transferred electronically” for further commercial broadcast, rebroadcast, transmission, retransmission, licensing,

1 relicensing, distribution, redistribution or exhibition of the product, in whole or in
2 part, to another person or persons.

3 A person that purchases products “transferred electronically” or the code for
4 “specified digital products” for the purpose of giving away such products or code
5 shall not be considered to have engaged in the distribution or redistribution of such
6 products or code and shall be treated as an end user.

7 2. A statute imposing a tax on “specified digital products,” “digital audio-visual
8 works,” “digital audio works” or “digital books” and, after January 1, 2010, on any
9 other product “transferred electronically” shall be construed as only imposing tax
10 on a sale with the right of permanent use granted by the seller unless the statute
11 specifically imposes and separately enumerates the tax on a sale with the right of
12 less than permanent use granted by the seller. For purposes of this paragraph
13 “permanent” means perpetual or for an indefinite or unspecified length of time. A
14 right of permanent use shall be presumed to have been granted unless the
15 agreement between the seller and the purchaser specifies or the circumstances
16 surrounding the transaction suggest or indicate that the right to use terminates on
17 the occurrence of a condition subsequent.

18 3. A statute imposing a tax on “specified digital products,” “digital audio-visual
19 works,” “digital audio works” or “digital books” and, after January 1, 2010, on any
20 other product “transferred electronically” shall be construed as only imposing tax
21 on a sale which is not conditioned upon continued payment from the purchaser
22 unless the statute specifically imposes and separately enumerates the tax on a sale
23 which is conditioned upon continued payment from the purchaser.

24 4. A member state which imposes a sales or use tax on the sale of a product
25 “transferred electronically” to a person other than end user or on a sale with the
26 right of less than permanent use granted by the seller or which is conditioned upon
27 continued payment from the purchaser shall so indicate in its taxability matrix in a
28 format approved by the Governing Board.

1 E. Nothing in this section or the definition of “specified digital products” shall limit a state’s
2 right to impose a sales or use tax or exempt from sales or use tax any products or services
3 that are outside the definition of “specified digital products.”

4 F. A state may treat a subscription to products “transferred electronically” differently than a
5 non-subscription purchase of such product. For purposes of this section, “subscription”
6 means an agreement with a seller that grants a consumer the right to obtain products
7 transferred electronically from within one or more product categories having the same tax
8 treatment, in a fixed quantity or for a fixed period of time, or both.

9 G. The tax treatment of a “digital code” shall be the same as the tax treatment of the
10 “specified digital product” or product “transferred electronically” to which the “digital
11 code” relates. The retail sale of the “digital code” shall be considered the transaction for
12 purposes of the Agreement. For purposes of this section, “digital code” means a code,
13 which provides a purchaser with a right to obtain one or more such products having the
14 same tax treatment. A “digital code” may be obtained by any means, including email or
15 by tangible means regardless of its designation as “song code”, “video code”, or “book
16 code.”

17 H. Notwithstanding the provisions of Section 316 of this Agreement, a member state may
18 provide a product based exemption for specific items within the definition of “specified
19 digital products”, provided such items which are not “transferred electronically” must
20 also be granted a product based exemption by the member state.

21 I. For purposes of this section, the term “transferred electronically” means obtained by the
22 purchaser by means other than tangible storage media.

23 *Compiler’s note: Section 332 was added on September 20, 2007 and became effective on January 1, 2008.*
24 *Compiler’s note: Subsection G was amended on April 2, 2008 by adding “or product “transferred electronically””*
25 *after “specified digital product” in the first sentence and by deleting ““specified digital products” from within one*
26 *or more specified digital product categories” and inserting “such products” in the third sentence.*

27
28 **Section 333: USE OF SPECIFIED DIGITAL PRODUCTS (Effective January 1, 2010)**

29 A member state shall not include any product transferred electronically in its definition of
30 “tangible personal property.” “Ancillary services”, “computer software”, and

1 “telecommunication services” shall be excluded from the term “products transferred
2 electronically.” For purposes of this section, the term “transferred electronically” means
3 obtained by the purchaser by means other than tangible storage media.

4 *Compiler’s note: Section 332 was added on September 20, 2007 and became effective on January 1, 2010.*

5

6 **Section 334: PROHIBITED REPLACEMENT TAXES**

7 No state may have a prohibited replacement tax on any product defined in Part II or Part III(B) of
8 the Library of Definitions which has the effect of avoiding the intent of this Agreement.

9 *Compiler’s note: Section 334 was added on May 12, 2009 and became effective upon its approval.*

10

11

1 **ARTICLE IV**
2 **SELLER REGISTRATION**
3

4 **Section 401: SELLER PARTICIPATION**

- 5 A. The member states shall provide an online registration system that will allow sellers to
6 register in all the member states.
- 7 B. By registering, the seller agrees to collect and remit sales and use taxes for all taxable
8 sales into the member states, including member states joining after the seller's
9 registration. Withdrawal or revocation of a member state shall not relieve a seller of its
10 responsibility to remit taxes previously or subsequently collected on behalf of the state.
- 11 C. In member states where the seller has a requirement to register prior to registering under
12 the Agreement, the seller may be required to provide additional information to complete
13 the registration process or the seller may choose to register directly with those states.
- 14 D. A member state or a state that has withdrawn or been expelled shall not use registration
15 with the central registration system and the collection of sales and use taxes in the
16 member states as a factor in determining whether the seller has nexus with that state for
17 any tax at any time.
- 18

19 **Section 402: AMNESTY FOR REGISTRATION**

- 20 A. Subject to the limitations in this section:
- 21 1. A member state shall provide amnesty for uncollected or unpaid sales or use tax to a
22 seller who registers to pay or to collect and remit applicable sales or use tax on sales
23 made to purchasers in the state in accordance with the terms of the Agreement,
24 provided that the seller was not so registered in that state in the twelve-month period
25 preceding the effective date of the state's participation in the Agreement.
- 26 2. The amnesty will preclude assessment for uncollected or unpaid sales or use tax
27 together with penalty or interest for sales made during the period the seller was not
28 registered in the state, provided registration occurs within twelve months of the
29 effective date of the state's participation in the Agreement.

1 3. Amnesty similarly shall be provided by any additional state that joins the Agreement
2 after the seller has registered.

3 B. The amnesty is not available to a seller with respect to any matter or matters for which
4 the seller received notice of the commencement of an audit and which audit is not yet
5 finally resolved including any related administrative and judicial processes.

6 C. The amnesty is not available for sales or use taxes already paid or remitted to the state or
7 to taxes collected by the seller.

8 D. The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of
9 a material fact, as long as the seller continues registration and continues payment or
10 collection and remittance of applicable sales or use taxes for a period of at least thirty-six
11 months. Each member state shall toll its statute of limitations applicable to asserting a
12 tax liability during this thirty-six month period.

13 E. The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a
14 seller and not to sales or use taxes due from a seller in its capacity as a buyer.

15 F. A member state may allow amnesty on terms and conditions more favorable to a seller
16 than the terms required by this section.

17 *Compiler's note: The Governing Board issued interpretations of Section 402B and 402C on April 18, 2006. Those*
18 *interpretations can be found in the Library of Interpretation. The Governing Board issued an interpretation of*
19 *Section 402 on August 29, 2006. That interpretation can be found in the Library of Interpretations. The Governing*
20 *Board issued two interpretations of Section 402 on December 14, 2006. Those interpretations can be found in the*
21 *Library of Interpretations.*

23 **Section 403: METHOD OF REMITTANCE**

24 When registering, the seller may select one of the following methods of remittances or other
25 method allowed by state law to remit the taxes collected:

26 A. MODEL 1, wherein a seller selects a CSP as an agent to perform all the seller's sales or
27 use tax functions, other than the seller's obligation to remit tax on its own purchases.

28 B. MODEL 2, wherein a seller selects a CAS to use which calculates the amount of tax due
29 on a transaction.

1 C. MODEL 3, wherein a seller utilizes its own proprietary automated sales tax system that
2 has been certified as a CAS.

3

4 **Section 404: REGISTRATION BY AN AGENT**

5 A seller may be registered by an agent. Such appointment shall be in writing and submitted to a
6 member state if requested by the member state.

7

1 ARTICLE V

2 PROVIDER AND SYSTEM CERTIFICATION

3
4 **Section 501: CERTIFICATION OF SERVICE PROVIDERS AND AUTOMATED**
5 **SYSTEMS**

6 A. The governing board shall certify automated systems and service providers to aid in the
7 administration of sale and use tax collections.

8 B. The governing board may certify a person as a CSP if the person meets all of the
9 following requirements:

- 10 1. The person uses a CAS;
- 11 2. The person integrates its CAS with the system of a seller for whom the person
12 collects tax so that the tax due on a sale is determined at the time of the sale;
- 13 3. The person agrees to remit the taxes it collects at the time and in the manner specified
14 by the member states;
- 15 4. The person agrees to file returns on behalf of the sellers for whom it collects tax;
- 16 5. The person agrees to protect the privacy of tax information it obtains in accordance
17 with Section 321 of the Agreement; and
- 18 6. The person enters into a contract with the member states and agrees to comply with
19 the terms of the contract.

20 C. The governing board may certify a software program as a CAS if the governing board
21 determines that the program meets all of the following requirements:

- 22 1. It determines the applicable state and local sales and use tax rate for a transaction, in
23 accordance with Sections 309 to 315, inclusive;
- 24 2. It determines whether or not an item is exempt from tax;
- 25 3. It determines the amount of tax to be remitted for each taxpayer for a reporting
26 period;
- 27 4. It can generate reports and returns as required by the governing board; and
- 28 5. It can meet any other requirement set by the governing board.

1 D. The governing board may establish one or more sales tax performance standards for
2 Model 3 sellers that meet the eligibility criteria set by the governing board and that
3 developed a proprietary system to determine the amount of sales and use tax due on
4 transactions.
5

6 **Section 502: STATE REVIEW AND APPROVAL OF CERTIFIED AUTOMATED**
7 **SYSTEM SOFTWARE AND CERTAIN LIABILITY RELIEF**

8 A. Each member state shall review software submitted to the governing board for
9 certification as a CAS under Section 501. Such review shall include a review to
10 determine that the program accurately reflects the taxability of the product categories
11 included in the program. Upon approval by the state, the state shall certify to the
12 governing board its acceptance of the determination of the taxability of the product
13 categories included in the program.

14 B. Each member state shall relieve CSPs and model 2 sellers from liability to the member
15 state and local jurisdictions for not collecting sales or use taxes resulting from the CSP or
16 model 2 seller relying on the certification provided by the member state.

17 C. Each member state shall provide relief from liability to CSPs for not collecting sales and
18 use taxes in the same manner as provided to sellers under the provisions of section 317.

19 D. The governing board and the member states shall not be responsible for classification of
20 an item or transaction within the product categories certified. The relief from liability
21 provided in this section shall not be available for a CSP or model 2 seller that has
22 incorrectly classified an item or transaction into a product category certified by a member
23 state. This paragraph shall not apply to the individual listing of items or transactions
24 within a product definition approved by the governing board or the member states.

25 E. If a member state determines that an item or transaction is incorrectly classified as to its
26 taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The
27 CSP or model 2 seller shall have ten (10) days to revise the classification after receipt of
28 notice from the member state of the determination. Upon expiration of the ten (10) days,

1 CSP or model 2 seller shall be liable for the failure to collect the correct amount of sales
2 or use taxes due and owing to the member state.

3 *Compiler's note: Section 502 was added on January 13, 2006. Member States shall comply with the provisions of*
4 *this Section no later than January 1, 2008.*

5 *Compiler's note: On June 23, 2007 subsections A and D were amended as follows:*

6 2. Each member state shall review software submitted to the governing board for certification as a CAS
7 under Section 501. Such review shall include a review to determine that the program ~~adequately~~
8 ~~classifies the state's product-based exemptions~~ accurately reflects the taxability of the product
9 categories included in the program. Upon ~~completion of the review~~ approval by the state, the state
10 shall certify to the governing board its acceptance of the ~~classifications made by the system~~
11 determination of the taxability of the product categories included in the program.

12 5. The governing board and the member states shall not be responsible for classification of an item
13 or transaction within the ~~product-based exemptions~~ product categories certified. The relief from
14 liability provided in this section shall not be available for a CSP or model 2 seller that has
15 incorrectly classified an item or transaction into a ~~product-based exemption~~ product category
16 certified by a member state. This paragraph shall not apply to the individual listing of items or
17 transactions within a product definition approved by the governing board or the member states.

1 **ARTICLE VI**

2 **MONETARY ALLOWANCES FOR NEW TECHNOLOGICAL MODELS FOR SALES**
3 **TAX COLLECTION**

4
5 **Section 601: MONETARY ALLOWANCE UNDER MODEL 1**

- 6 A. Each member state shall provide a monetary allowance to a CSP in Model 1 in
7 accordance with the terms of the contract between the governing board and the CSP.
8 The details of the monetary allowance will be provided through the contract process.
9 The governing board shall require that such allowance be funded entirely from money
10 collected in Model 1.
- 11 B. The contract between the governing board and a CSP may base the monetary allowance
12 to a CSP on one or more of the following:
- 13 1. A base rate that applies to taxable transactions processed by the CSP.
 - 14 2. For a period not to exceed twenty-four months following a voluntary seller's
15 registration through the Agreement's central registration process, a percentage of tax
16 revenue generated for a member state by the voluntary seller for each member state
17 for which the seller does not have a requirement to register to collect the tax.

18
19 **Section 602: MONETARY ALLOWANCE FOR MODEL 2 SELLERS**

20 The member states initially anticipate that they will provide a monetary allowance to sellers
21 under Model 2 based on the following:

- 22 A. All sellers shall receive a base rate for a period not to exceed twenty-four months
23 following the commencement of participation by a seller. The base rate will be set
24 after the base rate has been established for Model 1. This allowance will be in
25 addition to any discount afforded by each member state at the time.
- 26 B. The member states anticipate a monetary allowance to a Model 2 Seller based on the
27 following:
- 28 1. For a period not to exceed twenty-four months following a voluntary seller's
29 registration through the Agreement's central registration process, a percentage of tax

1 revenue generated for a member state by the voluntary seller for each member state
2 for which the seller does not have a requirement to register to collect the tax.

- 3 2. Following the conclusion of the twenty-four month period, a seller will only be
4 entitled to a vendor discount afforded under each member state's law at the time the
5 base rate expires.
6

7 **Section 603: MONETARY ALLOWANCE FOR MODEL 3 SELLERS AND ALL OTHER**
8 **SELLERS THAT ARE NOT UNDER MODELS 1 OR 2 (REPEALED)**

9 *Compiler's note: The following was repealed on October 7, 2010.*

10 *The member states anticipate that they will provide a monetary allowance to sellers under Model 3 and to all other*
11 *sellers that are not under Models 1 or 2 based on the following:*

- 12 A. *For a period not to exceed twenty-four months following a voluntary seller's registration through the*
13 *Agreement's central registration process, a percentage of tax revenue generated for a member state by*
14 *the voluntary seller for each member state for which the seller does not have a requirement to register*
15 *to collect the tax.*
16 B. *Vendor discounts afforded under each member state's law.*
17

18 **Section 604: ADDITIONAL MONETARY ALLOWANCE REQUIRED FOR MEMBERS**
19 **MAKING CERTAIN ELECTION (REPEALED)**

20 *Compiler's note: The following was adopted on December 12, 2007, became effective on January 1, 2010 and was*
21 *repealed on October 7, 2010.*

22 *In addition to the monetary allowance provided pursuant to Sections 601, 602 and 603 of this Agreement, each state*
23 *that makes the election by Section 310.1 of this Agreement, upon becoming a full member state, shall provide*
24 *reasonable compensation for the incremental expenses incurred in establishing or maintaining a uniform origin*
25 *system for administering, collection and remitting sales and use taxes on origin-based sales.*
26

27 **Section 605: VENDOR COMPENSATION DEFINITIONS**

28 The following definitions apply to Sections 606 through Sections 613, inclusive.

- 29 A. "Remote sales" are sales into a state in which the seller would not legally be required to
30 collect sales or use tax, but for the ability of that state to require such "remote seller" to collect
31 sales or use tax under federal authority.

1 B. “Remote seller” is a seller that would not register in a state but for the ability of that state to
2 require such “remote seller” to collect sales or use tax under federal authority.

3 C. “In-state seller” is any seller that is not a “remote seller” in a state and is legally required to
4 collect sales or use tax in that state.

5 D. “New remote seller” is a “remote seller” who registers with the online registration system
6 established pursuant to Section 303 and was not previously required to collect sales or use taxes.

7 A seller merely reincorporating, changing its name or having a change in ownership or any other
8 similar change in its business structure or operations does not constitute a “new remote seller.”

9 *Compiler’s note: The following was adopted on October 7, 2010 and became effective upon its adoption.*

11 **Section 606: COMPENSATION REQUIREMENT**

12 A. 1. A member state may require “remote sellers” to collect state and local sales and use tax on
13 “remote sales” provided such member state authorizes compensation to all sellers in accordance
14 with the requirements of Section 605 through Section 613, inclusive.

16 2. A member state shall not be required to comply with the requirements for compensation in
17 Section 605 through Section 613, inclusive, but if such member state does not comply with the
18 requirements for compensation, it shall not exercise collection authority over “remote sellers”.

19 *Compiler’s note: The following was adopted on October 7, 2010 and became effective on its adoption.*

21 **Section 607: PETITION FOR COLLECTION AUTHORITY AND COMPENSATION** 22 **COMPLIANCE DETERMINATIONS**

23 A. Upon a petition by the member state, the governing board shall certify which member states
24 are in compliance with the compensation requirements of the Agreement and shall reevaluate
25 such certification on an annual basis. The process for certification is as follows:

26 1. A member state shall petition the governing board for certification that it meets all the
27 compensation requirements of this section. The petition must include the most recent
28 certificate of compliance showing such member state to be in full compliance with the
29 minimum simplification requirements of the Agreement, other than compensation.

1 2. A petition for collection authority may be submitted to the governing board at any
2 time but the governing board shall not grant state specific authorization to begin remote
3 seller collections until at least 6 months after the general remote seller collection
4 authority has been granted by federal authority.

5 3. Upon certification by the governing board, the member state will be authorized to
6 require collection by remote sellers. This authority will commence for such state on the
7 first day of the next calendar quarter at least 60 days after the date the governing board
8 makes its compensation determination. Such collection authority will continue as long as
9 the member state provides the minimum compensation to all sellers as required or
10 permitted under the Agreement and consistent with subdivision C of this section and
11 maintains its certification and compliance with the Agreement.

12
13 B. The governing board shall establish within its bylaws a compensation certification and
14 review committee comprised of no less than 11 members. Membership shall be drawn from the
15 business advisory council, the state and local advisory council and delegates to the governing
16 board. The chair of the compliance review and interpretations committee shall be ex officio.

17
18 The purpose of this committee is to:

- 19 1. Review each member state's petition pursuant to subdivision A of this section;
20 2. Perform annual reviews of state compensation plans; and
21 3. Provide timely recommendations to the governing board for action on member states'
22 petitions made pursuant to subdivision 1 of this section.

23
24 C. At any time after the governing board has made the determinations required by the
25 Agreement to grant remote seller collection authority to a member state, any person affected by
26 the Agreement may petition the governing board for a determination of a member state's
27 compliance with the Agreement. Such request shall be deemed a petition for matters of
28 compliance under Section 1002 of the Agreement and shall comply with the rules and procedures
29 for issue resolution in Section 1001 of the Agreement.

D. Upon final determination by the governing board that a member state’s compensation is not in compliance with the compensation requirements of the Agreement, a member state’s authority to require collection by remote sellers shall automatically terminate 30 days following the date of such final determination.

E. Upon final determination by the governing board that a member state is not in compliance with the minimum simplification parts of the Agreement, other than compensation, that member state shall lose its remote seller collection authority on the earlier of:

1. The date specified by the governing board, or
2. The later of the first day of January at least 2 years after the governing board finally determined the member state was not in compliance or the first day of a calendar quarter following the end of one full session of the member state’s legislature beginning after the governing board finally determined the state was not in compliance.

F. Any member state that loses its collection authority must file a petition with the governing board to have its remote seller collection authority restored. The petition, which may be submitted at any time, should identify how the issues which caused loss of certification have been addressed and why certification should be restored. Restoration of collection authority, if granted, will commence for such state on the first day of the next calendar quarter at least 60 days after the governing board makes its compensation determination.

Compiler’s note: The following was adopted on October 7, 2010 and became effective upon its adoption.

Section 608: STANDARDS FOR COMPENSATION

A. The member state shall provide at least the minimum compensation to all sellers for expenses incurred in administering, collecting, and remitting sales and use taxes (other than taxes paid on goods and services purchased for consumption by the seller) to that member state that is reasonably related to actual costs incurred in collecting and remitting sales and use taxes.

The governing board may allow compensation to:

- 1 1. Vary from state to state;
- 2 2. Vary according to collection costs of sellers of different sizes;
- 3 3. Vary according to the complexity of a state's laws, including having a single state rate
- 4 versus many local jurisdictions, clothing caps or thresholds, intra-state origin sourcing;
- 5 4. Exceed the minimum standard;
- 6 5. Be reasonably capped;
- 7 6. Be adjusted in relationship to changes in the size of the small business exemption
- 8 adopted by the governing board;
- 9 7. Be decreased as additional simplifications and improvements in technology reduce
- 10 collection costs;
- 11 8. Be increased if provisions of the Agreement are adopted that increase collection costs.

12
13 B. Compensation will be paid as a percentage applied to tax remitted on a return. The governing
14 board shall promulgate rules to provide appropriate adjustments to accommodate differing filing
15 periods of member states.

16
17 C. Each member state shall establish three rates of compensation which shall be a percentage of
18 a portion of sales and use taxes remitted by a seller in the reported month. Rate 1 shall be paid
19 on the first \$6,250.00 of the sales and use tax remitted by a seller in the reported month. Rate 2,
20 which shall not be less than fifty percent (50%) of a rate 1, shall be paid on the amount of sales
21 and use tax remitted in the reported month exceeding \$6,250.00 and less than or equal to
22 \$62,500.00. Rate 3, which shall not be less than twenty-five percent (25%) of rate 1, shall be
23 paid on the sales and use tax remitted by a seller in the reported month exceeding \$62,500.00.

24
25 Each member state shall establish rates 1, 2, 3 to provide total compensation not less than:

- 26 1. Three-fourths of one percent (0.75%) of state and local sales and use tax collections
- 27 for states that require sellers to report tax by local jurisdiction; or
- 28 2. One-half of one percent (0.5%) of sales and use tax collections for states that do not
- 29 require sellers to report tax by local jurisdiction.

Calculation of the compensation rate for the next succeeding calendar year shall be based on remittances for the previous 12 months ending June 30 of the immediately prior calendar year and the methodology prescribed in the rules to be promulgated by the governing board.

D. No member state shall be required by the Agreement to pay compensation to a seller in any month on sales and use taxes remitted for such month in excess of:

1. Seven hundred fifty thousand dollars (\$750,000.00) for member states with sales and use tax collections in the twelve month period ending June 30 of the previous calendar year of not more than one billion dollars (\$1,000,000,000.00); or
2. One million dollars (\$1,000,000.00) for states with sales and use tax collections in the twelve month period ending June 30 of the previous calendar year of more than one billion dollars (\$1,000,000,000.00) and not more than two billion five hundred million dollars (\$2,500,000,000.00); or

Seven million dollars (\$7,000,000.00) for states with sales and use tax collections in the twelve month period ending June 30 of the previous calendar year of more than seven billion five hundred million dollars (\$7,500,000,000.00) and not more than ten billion dollars (\$10,000,000,000.00); or
6. Ten million dollars (\$10,000,000.00) for member states with sales and use tax collections in the twelve month period ending June 30 of the previous calendar year of more than ten billion dollars (\$10,000,000,000.00).

The governing board may adjust the above caps as necessary due to inflation, growth in sales tax revenues or other relevant factors. The compensation certification and review committee must review any proposed adjustments to these caps and make a recommendation to the governing board on such proposed adjustments prior to any vote by the governing board on changes to the above caps.

E. Member states that have a second state rate on groceries or drugs or clothing thresholds will be required to pay additional compensation as provided by rule adopted by the governing board.

F. Rules setting forth calculations of minimum compensation amounts and procedures to facilitate payment of compensation shall be approved by the governing board prior to any member state exercising its collection authority.

G. All rules relating to compensation or changes to the minimum compensation amounts shall be reviewed every two years by the governing board in time for member states to incorporate any changes into their next legislative session.

H. Member states may restrict sellers from altering the number of returns filed in order to enhance their own compensation or that of another person.

I. Compensation, addressed by this amendment, is applicable only to sales and use taxes.

J. Compensation shall be paid for any period that a return is timely filed and fully paid. No member state is required to pay compensation for an untimely or partially paid return. Absent fraud, a return filed and fully paid in good faith does not constitute a partially paid return if it is subsequently determined that additional tax is due from the seller. A member state is not required to provide compensation on additional tax found due.

1 K. Member states will not be required to pay compensation on sales for which a seller is using a
2 certified service provider and such certified service provider is being compensated for that
3 service by the state.

4
5 L. Member states are not required to provide compensation for transactions in which the seller is
6 not responsible for collecting and remitting the tax, and for persons with direct pay permits.

7
8 M. Member states shall not assess penalty or interest on tax due pursuant to paragraph A 3 of
9 Section 607 on remote sales transactions occurring during the first six months following
10 commencement of remote seller collection authority.

11
12 N. Each member state, at its option, shall be permitted to lower, reduce, or eliminate the amount
13 or rate of compensation otherwise provided for by this section paid to public utilities providing
14 gas, electric, water or sewer services.

15 *Compiler's note: The following was adopted on October 7, 2010 and became effective upon its adoption.*

17 **Section 609: OBLIGATION TO PAY**

18 A. Member states shall begin paying compensation to a “new remote seller” upon submission of
19 the seller’s initial return filed after the effective date of the member state’s authorization for
20 compensation that meets the standards of Section 608. Notwithstanding the rates of
21 compensation established by a member state pursuant to Section 608, compensation paid to “new
22 remote sellers” for a six months period beginning with the first month that such sellers collect a
23 Member State’s tax shall be calculated based on the following rates: Rate 1 shall be three
24 percent (3%), rate 2 shall be one and one-half percent(1.5%) and rate3 shall three-fourths of one
25 percent (0.75%). After such six month period, the rates used to calculate compensation for such
26 sellers shall be those rates established by the member state pursuant to Section 608.

27
28 A seller subsequently found not to meet the qualifications of a “new remote seller” may be
29 denied and assessed, including any applicable penalties and interest, for any compensation it was
30 not qualified to claim.

B. If a member state determines that a “new remote seller” had previously been registered in that state, compensation for that seller may be delayed until the state is required to pay compensation for all “in-state sellers” as set forth in subdivision 3 of Section 609.

C. A member state shall elect one of the following methods (Option 1, Option 2, or Option 3) for commencing payment of compensation for “in-state sellers” or “new remote sellers” previously registered in that state.

1. Option 1. Pay “in-state sellers” and “new remote sellers” previously registered in that state when tax collections from “new remote sellers” reaches the dollar threshold established by the following method:

a) A state utilizing this option shall track and report its total collections from “new remote sellers to the governing board.

b) When the amount of monthly collections received from such sellers for each of four consecutive months occurring sometime after the date remote seller collection authority began meets or exceeds the amount that would be required to pay the approved average monthly level of compensation for all other sellers, then compensation will be due and owing beginning the first day of the following quarter and thereafter for all sellers.

c) In a state that is already compensating its sellers, only the difference above the currently paid amount and the amount that would be required to pay the approved average monthly level of compensation for all other sellers will be required to accumulate before implementing the approved compensation.

2. Option 2. Begin paying “in-state sellers” and “remote sellers” that had been previously registered in that state on the next return remitted fifteen months following the grant of collection authority.

1
2 3. Option 3. Continue paying compensation to all the sellers previously receiving such
3 payment as long as such compensation meets the requirements of this section.
4

5 D. A member state that does not receive sufficient sales and use tax collections from remote
6 sellers to justify the state's continued participation may notify the governing board that its
7 remote collection authority should expire and may terminate its obligation to pay compensation
8 at the governing board-approved rate. A member state which exercises this option shall give not
9 less than 60 days' notice of its intent to relinquish remote collection authority.

12 **Section 610: SMALL SELLER EXCEPTION**

13 A. The governing board shall develop a sales volume threshold for determining which small
14 "remote sellers" qualify for an exemption from the requirement to collect sales or use taxes on
15 "remote sales." In making such a determination the governing board shall consider whether:

- 16 1. The sales are occasional or isolated;
- 17 2. The sales are of such low volume that the administrative expense of collection imposes
18 too great a burden on both seller and member state;
- 19 3. The collection burden on the remote seller is offset by compensation;
- 20 4. The remote seller has a monthly filing requirement in a member state;
- 21 5. Certified service providers for sellers in that industry group are readily available; and
- 22 6. Technology solutions are available to mitigate the filing burden.

23
24 In making such determination, the governing board shall identify the total annual dollar volume
25 of gross remote sales nationwide of the seller above which would trigger a collection
26 responsibility for remote sellers. The exemption threshold shall be set at a relatively low level
27 and over time adjusted downward so that only sellers making isolated or occasional sales are
28 excluded from the collection requirement.

29
30 The threshold shall be based on national remote sales volume.

B. "Remote sellers" shall be required to annually determine if the small seller exemption applies based on (1) sales volume of the seller and (2) the annual policy determination of the governing board. To determine whether a remote seller qualifies for the small seller exception, the seller computes the total gross national remote sales volume for the most recent 12-month period of beginning July 1 of one calendar year and ending June 30 of the next calendar year. If the total gross national remote sales volume for such period exceeds the exemption threshold amount in effect for such period, then the remote seller shall begin collection and remittance of sales and use tax on remote sales on January 1 of the following year.

C. Once a seller has exceeded the exemption threshold, the seller must be allowed until the beginning of the first calendar quarter commencing within 60 days following the date such threshold is exceeded in order to prepare before the collection obligation becomes effective. If gross national remote sales volume for a seller that is currently collecting and remitting sales and use tax on remote sales falls below the small seller exemption threshold amount then in effect, such seller shall continue to collect and remit such taxes until the end of the following calendar quarter.

D. In determining whether a "remote seller" has exceeded the small seller exemption threshold, the remote sales of such seller should be totaled with the remote sales of any affiliated business owned in whole or substantial part by another "remote seller" selling the same or substantially similar products and doing business under the same or substantially similar business. No "remote seller" that is part of an affiliated group with a gross national remote sales volume above the small seller exemption threshold is eligible to qualify for the small seller exemption, even if such seller's gross national remote sales volume is below such threshold.

E. The governing board shall post information about the small seller exception on its website at least 90 days prior to the date on which it becomes effective on the first day of a calendar quarter.

F. The governing board shall review the small seller exemption threshold every two years, and such threshold may be adjusted no more frequently than annually with not less than 90 days notice. Remote sellers claiming the small seller exemption must file an exemption certificate with the online registration system, stating that they qualify for the small seller exception and meet such threshold. Prior to the implementation of remote collection authority in any state, the governing board shall enact rules that provide for the registration of remote sellers and the implementation of the requirement for remote sellers to begin collecting.

Compiler’s note: The following was adopted on October 7, 2010 and became effective upon its adoption.

Section 611: REPEAL

Sections 605 through Sections 613, inclusive, are repealed twenty four months after their adoption by the governing board if Congress has not granted states authority to require remote sellers to collect sales and use tax.

Compiler’s note: The following was adopted on October 7, 2010 and became effective upon its adoption.

Section 612: VOLUNTARY COMPENSATION FOR REMOTE SELLERS

States may choose to compensate remote sellers as a measure of good faith, and offer such compensation as an inducement to registering to collect through the online registration system.

Compiler’s note: The following was adopted on October 7, 2010 and became effective upon its adoption.

Section 613: OPTIONAL COMPENSATION FOR REMOTE SELLERS

States may choose to not compensate remote sellers until such time federal legislation authorizes states to require remote sellers to collect sales and use tax.

3 state that is granted associate membership by this section shall be required to re-petition for full membership under
4 the requirements of the Agreement.

6 **Section 705: ASSOCIATE MEMBERSHIP (Repealed on December 17, 2009)**

7 *Compiler's note: On April 16, 2005 Section 705 was added and was effective upon adoption.*

11 Section 701 have been met without the use of associate members; and

12 2. An associate member may not vote to determine if a petitioning state is in compliance with the Agreement pursuant
13 to Section 804 of the Agreement. Associate members may vote on amendments to or interpretations of the Agreement as an
14 Implementing State under Section 703 (A).

15 3. A representative of an associate member state shall not be eligible to serve on the compliance review and
16 interpretations committee.

17 ~~B. An associate member~~ A state which is an associate member on January 1, 2007, shall retain such status until the
18 Governing Board finds such state to be in compliance pursuant to Section 805 or December 31, 2007, whichever is earlier,
19 without regard to whether the population requirement of Section 701 has been met. Any such associate member that has not
20 been found in compliance by December 31, 2007 shall forfeit its status as an associate member. No state may be an
21 associate member after December 31, 2007. The Co-Chairs of the Streamlined Sales Tax Implementing States president of

12 information cannot be disclosed under the law of any member state.
- 13 C. Proprietary information requested by any business to be protected from disclosure.
- 14 D. The consideration of issues incident to competitive bidding, requests for information, or
15 certification, the disclosure of which would defeat the public interest in a fair and competitive
16 process.
- 17 E. The consideration of pending litigation in a member state the discussion of which in a public
18 session would, in the judgment of the member state engaged in the litigation, adversely affect its
19 interests. In the meeting, the governing board shall excuse any attendee to whom confidential
20 taxpayer information cannot be disclosed under the law of any member state.
- 21 F. The consideration of pending litigation in which the governing board is a party the discussion of
22 which in a public session would, in the judgment of the governing board, adversely affect its
23 interests. In the meeting, the governing board shall excuse any attendee to whom confidential
24 taxpayer information cannot be disclosed under the law of any member state.

25 A closed session of the governing board may be convened by the chair or by a majority vote of the
26 governing board. When a closed session is convened, the reason for the closed session shall be noted in
27 a public session. Any actions taken in the closed session shall be reported immediately upon the
28 reconvening of a public session.

4 effective until the first day of a calendar quarter after a minimum of sixty days' notice. A member state
5 shall submit notice of its intent to withdraw from the Agreement to the governing board and the chief
6 executive of each member state's tax agency. The member state shall provide public notice of its intent
7 to withdraw and post its notice of intent to withdraw on its web site. The withdrawal by or expulsion of
8 a state does not affect the validity of the Agreement among other member states. A state that withdraws
9 or is expelled from the Agreement remains liable for its share of any financial or contractual obligations
10 that were incurred by the governing board prior to the effective date of that state's withdrawal or
11 expulsion. The appropriate share of any financial or contractual obligation shall be determined by the
12 state and the governing board in good faith based on the relative benefits received and burdens incurred
13 by the parties.

14
15 **Section 809: SANCTION OF MEMBER STATES**

16 A. If a member state is found to be out of compliance with the Agreement, the governing board may
17 consider sanctions against the state. The sanctions that the governing board may impose include

20 affirmative vote of three-fourths of the entire governing board, excluding the state that is the subject of
21 the resolution. The member state that is the subject of the resolution shall not vote on such resolution.
22 Resolutions seeking sanctions shall be acted upon by the governing board within a reasonable period of
23 time as set forth in the governing board's rules. The governing board shall provide an opportunity for
24 public comment prior to action on a proposed sanction.

1 least two years after the adoption of the amendment or interpretive rule or the first day of a calendar
2 quarter following the end of one full session of the state’s legislature.

3
4 C. No member state shall be sanctioned for failing to be in compliance with any term of the
5 Agreement that the state has adopted, in substantially identical form, in its statutes if its noncompliance
6 is a result of a judicial ruling in that state that interprets that term of the Agreement in a manner
7 inconsistent with an interpretation by, or interpretive rule of, the governing board adopted under section
8 902 of the Agreement and the member state comes into compliance with the interpretation of the
9 governing board by amending its statutes before the later of the first day of January at least two years
10 after the issuance of the judicial decision or the first day of a calendar quarter following one full session
11 of the state’s legislature.

4 **Section 901: AMENDMENTS TO AGREEMENT**

5 Amendments to the Agreement may be brought before the governing board by any member state. The
6 Agreement may be amended by a three-fourths vote of the entire governing board. The governing board
7 shall give the Governor and presiding officer of each house of each member state notice of proposed
8 amendments to the Agreement at least thirty days prior to consideration. The governing board shall give
9 public notice of proposed amendments to the Agreement at least thirty days prior to consideration. The
10 governing board shall provide an opportunity for public comment prior to action on an amendment to
11 the Agreement.

12 *Compiler's note: On June 18, 2008 Section 901 was amended by deleting "sixty" in the second and third sentences and*
13 *inserting "thirty." The amendment to this section was effective upon its adoption.*

14
15 **Section 902: INTERPRETATIONS OF AGREEMENT**

16 Matters involving interpretation of the Agreement, including all definitions in the Library of Definitions,
17 may be brought before the governing board by any member state or by any other person. Interpretations
18 may take the form of interpretive opinions, or interpretive rules. An interpretive opinion is issued when
19 the requester submits specific facts and asks how certain provisions in the Agreement would apply to
20 those facts, similar to a private letter ruling. An interpretive rule is issued to clarify language in the
21 Agreement and applies more generally, similar to rules and regulations issued to clarify statutory
22 language. Both forms of interpretations shall require a three-fourths vote of the entire governing board.
23 The governing board shall publish all interpretations issued under this section. Interpretations shall be
24 considered part of the Agreement and shall have the same effect as the Agreement. The governing
25 board shall act on requests for interpretation of the Agreement within a reasonable period of time and
26 under guidelines and procedures as set forth in the governing board's rules. The governing board may
27 determine that it will not issue an interpretation. The governing board shall provide an opportunity for
28 public comment prior to issuing an interpretation of the Agreement. The governing board shall give
29 notice of a proposed interpretive rule to the member states and the public as provided in Section 901 of
30 the Agreement, except that notice must be given at least thirty days prior to consideration.

1 *Compiler's note: On August 29, 2006 Section 902 was amended by adding the second, third, fourth, and last sentences. The*
2 *fifth sentence was amended as follows: "~~All~~ Both forms of". The August 29, 2006 amendment to this section became effective*
3 *upon its approval.*

4 *Compiler's note: On September 5, 2008 Section 902 was amended by adding ",including all definitions in the Library of*
5 *Definitions," after "Agreement" in the first line. The amendment to this section was effective upon its adoption.*

7 **Section 903: DEFINITION REQUESTS**

8 In addition to the requests for interpretations authorized under Section 902 of this Agreement,
9 any member state or any other person may make requests for additional definitions or for
10 interpretations on how an individual product or service fits within a Part II or Part III(B)
11 definition. Requests shall be submitted in writing as determined by the governing board. Such
12 requests shall be referred to the Advisory Council created in Section 810 or other group under
13 guidelines and procedures as set forth in the governing board's rules. The entity to which the
14 request was referred shall post notice of the request and provide for input from the public and the
15 member states as directed by the governing board. Within one hundred eighty days after
16 receiving the request, they shall report to the governing board one of the following
17 recommendations:

- 18 A. That no action be taken on the request;
- 19 B. That a proposed amendment to the Library be submitted;
- 20 C. That an interpretation request be submitted; or
- 21 D. That additional time is needed to review the request.

22
23 If either an amendment or an interpretation is recommended, the entity to which the request was
24 referred shall provide the appropriate language as required by the governing board. The
25 governing board shall take action on the recommendation of the entity to which the request was
26 referred at the next meeting of the governing board pursuant to the notice requirements of
27 Section 806. Action by the governing board to approve a recommendation for no action shall be
28 considered the final disposition of the request. Nothing in this paragraph shall prohibit a state
29 from directly submitting a proposed amendment or an interpretation request to the governing
30 board pursuant to Section 901 or Section 902.

1 *Compiler's note: On September 5, 2008 Section 903 was amended by adding "In addition to the requests for interpretations*
2 *authorized under Section 902 of this Agreement, any" at the beginning and "Part II or Part III(B)" before "definition" at the*
3 *end of the first sentence. The amendment to this section was effective upon its adoption.*

4 **Part I** Administrative definitions including tangible personal property. Terms included
5 in this Part are core terms that apply in imposing and administering sales and use taxes.

6
7 **Part II** Product definitions. Terms included in this Part are used to impose sales and use
8 taxes, exempt items from sales and use taxes or to impose tax on items by narrowing an
9 exemption that otherwise includes these items.

10 *Compiler's note: On September 5, 2008 the description of Part II was amended to add "impose sales and use taxes"*
11 *before the comma. The amendment became effective upon its adoption.*

12
13 **Part III** Sales tax holiday definitions. Terms included in this Part are core terms that
14 apply in imposing and administering sales and use taxes during sales tax holidays.

15
16 PART I

17
18 Administrative Definitions

19
20 A "**bundled transaction**" is the retail sale of two or more products, except real property and
21 services to real property, where (1) the products are otherwise distinct and identifiable, and (2)
22 the products are sold for one non-itemized price. A "bundled transaction" does not include the
23 sale of any products in which the "sales price" varies, or is negotiable, based on the selection by
24 the purchaser of the products included in the transaction.

25
26 (A) "Distinct and identifiable products" does not include:

- 27 1. Packaging – such as containers, boxes, sacks, bags, and bottles – or other
28 materials – such as wrapping, labels, tags, and instruction guides – that
29 accompany the "retail sale" of the products and are incidental or immaterial to

1 the “retail sale” thereof. Examples of packaging that are incidental or immaterial
2 include grocery sacks, shoeboxes, dry cleaning garment bags and express
3 delivery envelopes and boxes.

- 4 2. A product provided free of charge with the required purchase of another product.
5 A product is “provided free of charge” if the “sales price” of the product
6 purchased does not vary depending on the inclusion of the product “provided free
7 of charge.”
- 8 3. Items included in the member state’s definition of “sales price,” pursuant to
9 Appendix C of the Agreement.

10 (B) The term “one non-itemized price” does not include a price that is separately identified by
11 product on binding sales or other supporting sales-related documentation made available to the
12 customer in paper or electronic form including, but not limited to an invoice, bill of sale, receipt,
13 contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or
14 price list.

15 (C) A transaction that otherwise meets the definition of a “bundled transaction” as defined
16 above, is not a “bundled transaction” if it is:

17 (1) The “retail sale” of tangible personal property and a service where the tangible personal
18 property is essential to the use of the service, and is provided exclusively in connection with the
19 service, and the true object of the transaction is the service; or

20 (2) The “retail sale” of services where one service is provided that is essential to the use or
21 receipt of a second service and the first service is provided exclusively in connection with the
22 second service and the true object of the transaction is the second service; or

23 (3) A transaction that includes taxable products and nontaxable products and the “purchase
24 price” or “sales price” of the taxable products is de minimis.

25 (a) De minimis means the seller’s “purchase price” or “sales price” of the taxable
26 products is ten percent (10%) or less of the total “purchase price” or “sales price” of the
27 bundled products.

28 (b) Sellers shall use either the “purchase price” or the “sales price” of the products to
29 determine if the taxable products are de minimis. Sellers may not use a combination of the

1 “purchase price” and “sales price” of the products to determine if the taxable products are de
2 minimis.

3 (c) Sellers shall use the full term of a service contract to determine if the taxable
4 products are de minimis; or

5 (4) The “retail sale” of exempt tangible personal property and taxable tangible personal
6 property where:

7 (a) the transaction includes “food and food ingredients”, “drugs”, “durable medical
8 equipment”, “mobility enhancing equipment”, “over-the-counter drugs”, “prosthetic devices” (all
9 as defined in Appendix C) or medical supplies; and

10 (b) where the seller's “purchase price” or “sales price” of the taxable tangible personal
11 property is fifty percent (50%) or less of the total “purchase price” or “sales price” of the
12 bundled tangible personal property. Sellers may not use a combination of the “purchase price”
13 and “sales price” of the tangible personal property when making the fifty percent (50%)
14 determination for a transaction.

15 *Compiler’s note: On April 16, 2005 the definition of a “bundled transaction” was added. Member States shall*
16 *comply with this definition no later than January 1, 2008.*

17
18 **“Delivery charges”** means charges by the seller of personal property or services for preparation
19 and delivery to a location designated by the purchaser of personal property or services including,
20 but not limited to, transportation, shipping, postage, handling, crating, and packing.

21 A. A member state may exclude all delivery charges from the sales price of all personal
22 property and services, or choose to exclude from the sales price of personal property or services
23 one or more of the following components, and may amend the definition of delivery charges
24 accordingly:

25 1. Handling, crating, packing, preparation for mailing or delivery, and similar
26 charges; or

27 2. Transportation, shipping, postage, and similar charges.

28 B. In addition, a member state may treat “delivery charges” for “direct mail” differently than
29 it treats “delivery charges” for other personal property or services. A member state may exclude
30 all “delivery charges” from the “sales price” for “direct mail” or choose to exclude from the

1 “sales price” of “direct mail” one or more of the following components, an may amend the
2 definition of “delivery charges” accordingly:

- 3 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;
- 4 2. Transportation, shipping, and similar charges; or
- 5 3. Postage.

6 C. Unless a seller separately states the “delivery charges” or components of “delivery
7 charges” on the invoice or similar billing document given to the purchaser, those non-separately
8 stated charges will not qualify for the exclusion from “sales price.” No member state may
9 require a seller to separately state any “delivery charge” or component thereof.

10 D. The exclusion of “delivery charges” for “direct mail” shall apply to any sale involving the
11 delivery or mailing of: “direct mail;” printed material that would otherwise be “direct mail” that
12 results from a transaction that a state considers the sale of a service; or printed material delivered
13 or mailed to a mass audience when the costs of the printed materials are not billed directly to the
14 recipients and is the result of a transaction that includes the development of billing information
15 or the provision of data processing services.

16 E. If a shipment includes exempt property and taxable property, the seller should allocate
17 the delivery charge by using:

- 18 1. A percentage based on the total sales prices of the taxable property compared to the
19 total sales prices of all property in the shipment; or
- 20 2. A percentage based on the total weight of the taxable property compared to the
21 total weight of all property in the shipment.

22 The seller must tax the percentage of the delivery charge allocated to the taxable property but
23 does not have to tax the percentage allocated to the exempt property.

24 *Compiler’s note: On September 20, 2007 the definition of ”delivery charges” was amended as follows: “A member
25 state may exclude from “delivery charges” any of the following, ~~the charges for delivery of “direct mail”~~ if the
26 charges are separately stated on an invoice or similar billing document given to the purchaser;*

27 *A Handling, crating, packing, preparation for mailing or delivery, and similar charges;*

28 *B Transportation, shipping, postage, and similar charges, or*

29 *C The “delivery charges” for “direct mail.”*

30 *This amendment became effective upon its adoption.*

1 *Compiler's note: On December 6, 2008 the definition of "delivery charges" was amended by adding the following*
2 *to subsection C: "The exclusion of "delivery charges" for "direct mail" shall apply to any sale involving the*
3 *delivery or mailing of "direct mail" or printed material that would otherwise be direct mail that results from a*
4 *transaction that a state considers the sales of a service."* This provision became effective upon its adoption.

5 *Compiler's note: On May 12, 2009 the definition of "delivery charges" was amended as follows:*

6 **"Delivery charges"** means charges by the seller of personal property or services for preparation and delivery to a
7 location designated by the purchaser of personal property or services including, but not limited to, transportation,
8 shipping, postage, handling, crating, and packing.

9 A. A member state may exclude ~~from "delivery charges" any of the following, if the charges are separately~~
10 ~~stated on an invoice or similar billing document given to the purchaser all delivery charges from the sales price of~~
11 ~~all personal property and services, or choose to exclude from the sales price of personal property or services one or~~
12 ~~more of the following components, and may amend the definition of delivery charges accordingly:~~

13 ~~A.1.~~ Handling, crating, packing, preparation for mailing or delivery, and similar charges; or

14 ~~B.2.~~ Transportation, shipping, postage, and similar charges, ~~or~~

15 ~~C.~~ ~~The "delivery charges" for "direct mail." The exclusion of "delivery charges" for "direct mail"~~
16 ~~shall apply to any sale involving the delivery or mailing of "direct mail" or printed material that would~~
17 ~~otherwise be direct mail that results from a transaction that a state considers the sales of a service.~~

18 B. In addition, a member state may treat "delivery charges" for "direct mail" differently than it treats
19 "delivery charges" for other personal property or services. A member state may exclude all "delivery charges"
20 from the "sales price" for "direct mail" or choose to exclude from the "sales price" of "direct mail" one or more
21 of the following components, ~~an~~ may amend the definition of "delivery charges" accordingly:

22 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;

23 2. Transportation, shipping, and similar charges; or

24 3. Postage.

25 C. Unless a seller separately states the "delivery charges" or components of "delivery charges" on the
26 invoice or similar billing document given to the purchaser, those non-separately stated charges will not qualify for
27 the exclusion from "sales price." No member state may require a seller to separately state any "delivery charge"
28 or component thereof.

29 D. The exclusion of "delivery charges" for "direct mail" shall apply to any sale involving the delivery or
30 mailing of: "direct mail;" printed material that would otherwise be "direct mail" that results from a transaction
31 that a state considers the sale of a service; or printed material delivered or mailed to a mass audience when the
32 costs of the printed materials are not billed directly to the recipients and is the result of a transaction that includes
33 the development of billing information or the provision of data processing services.

34 E. If a shipment includes exempt property and taxable property, the seller should allocate the delivery charge
35 by using:

1 ~~A.1.~~ a percentage based on the total sales prices of the taxable property compared to the total sales
2 prices of all property in the shipment; or
3 ~~B. 2.~~ a percentage based on the total weight of the taxable property compared to the total weight of all
4 property in the shipment.

5 *The seller must tax the percentage of the delivery charge allocated to the taxable property but does not have to tax*
6 *the percentage allocated to the exempt property.”*
7 *This amendment became effective upon its adoption.*

8
9 **“Direct mail”** means printed material delivered or distributed by United States mail or other
10 delivery service to a mass audience or to addressees on a mailing list provided by the purchaser
11 or at the direction of the purchaser when the cost of the items are not billed directly to the
12 recipients. “Direct mail” includes tangible personal property supplied directly or indirectly by
13 the purchaser to the direct mail seller for inclusion in the package containing the printed material.
14 “Direct mail” does not include multiple items of printed material delivered to a single address.

15 *Compiler’s note: The Governing Board issued interpretations of “direct mail” on December 14, 2006 and*
16 *September 5, 2008. Those interpretations can be found in the Library of Interpretations.*

17
18 **"Lease or rental"** means any transfer of possession or control of tangible personal property for
19 a fixed or indeterminate term for consideration. A lease or rental may include future options to
20 purchase or extend.

21 A. Lease or rental does not include:

- 22 1. A transfer of possession or control of property under a security agreement or
23 deferred payment plan that requires the transfer of title upon completion of the
24 required payments;
- 25 2. A transfer or possession or control of property under an agreement that requires
26 the transfer of title upon completion of required payments and payment of an
27 option price does not exceed the greater of one hundred dollars or one percent of
28 the total required payments; or
- 29 3. Providing tangible personal property along with an operator for a fixed or
30 indeterminate period of time. A condition of this exclusion is that the operator is
31 necessary for the equipment to perform as designed. For the purpose of this

1 subsection, an operator must do more than maintain, inspect, or set-up the
2 tangible personal property.

3 B. Lease or rental does include agreements covering motor vehicles and trailers where the
4 amount of consideration may be increased or decreased by reference to the amount
5 realized upon sale or disposition of the property as defined in 26 USC 7701(h)(1).

6 C. This definition shall be used for sales and use tax purposes regardless if a transaction is
7 characterized as a lease or rental under generally accepted accounting principles, the
8 Internal Revenue Code, the [state commercial code], or other provisions of federal, state
9 or local law.

10 D. This definition will be applied only prospectively from the date of adoption and will
11 have no retroactive impact on existing leases or rentals. This definition shall neither
12 impact any existing sale-leaseback exemption or exclusions that a state may have, nor
13 preclude a state from adopting a sale-leaseback exemption or exclusion after the
14 effective date of the Agreement.

15
16 **“Purchase price”** applies to the measure subject to use tax and has the same meaning as sales
17 price.

18
19 **“Retail sale or Sale at retail”** means any sale, lease, or rental for any purpose other than for
20 resale, sublease, or subrent.

21
22 **“Sales price”** applies to the measure subject to sales tax and means the total amount of
23 consideration, including cash, credit, property, and services, for which personal property or
24 services are sold, leased, or rented, valued in money, whether received in money or otherwise,
25 without any deduction for the following:

26 A. The seller's cost of the property sold;

28 transportation to the seller, all taxes imposed on the seller, and any other expense
29 of the seller;

- 1 C. Charges by the seller for any services necessary to complete the sale, other than
- 2 delivery and installation charges;
- 3 D. Delivery charges;
- 4 E. Installation charges; and
- 5 F. Credit for any trade-in, as determined by state law.

6 States may exclude from “sales price” the amounts received for charges included in paragraphs
7 (C) through (F) above, if they are separately stated on the invoice, billing, or similar document
8 given to the purchaser. States may exclude from (C) above, “telecommunications nonrecurring”
9 charges if they are separately stated on the invoice, billing, or similar documents. A state doing
10 so must define “telecommunications nonrecurring charges” as follows:

11 *Compiler’s note: The following was in effect through December 31, 2007.*

18

- 20 A. The seller actually receives consideration from a party other than the purchaser and the
21 consideration is directly related to a price reduction or discount on the sale;
- 22 B. The seller has an obligation to pass the price reduction or discount through to the
23 purchaser;
- 24 C. The amount of the consideration attributable to the sale is fixed and determinable by the
25 seller at the time of the sale of the item to the purchaser; and
- 26 D. One of the following criteria is met:
- 27 1. The purchaser presents a coupon, certificate or other documentation to the seller to
28 claim a price reduction or discount where the coupon, certificate or documentation is
29 authorized, distributed or granted by a third party with the understanding that the

1 third party will reimburse any seller to whom the coupon, certificate or
2 documentation is presented;

- 3 2. The purchaser identifies himself or herself to the seller as a member of a group or

7 discount on the invoice received by the purchaser or on a coupon, certificate or other
8 documentation presented by the purchaser.
9

10 States may also exclude from “sales price” either employee discounts that are reimbursed by a

17 *Changing the cross reference to reflect the renumbering, inserting the second and third sentences in the*
18 *paragraph following (F), and inserting the definition of “telecommunications nonrecurring charges”.*

19 *Inserting all of the material starting with “Sales price” shall include consideration received by the seller*
20 *from third parties”.*

21 *Member states shall comply with the changes to this definition no later than January 1, 2008.*
22

23 **“Tangible personal property”** means personal property that can be seen, weighed, measured,
24 felt, or touched, or that is in any other manner perceptible to the senses. “Tangible personal

11 **Modifiers of Sales Tax Base/Exemption Terms:**

12 The following terms can be used to further delineate the type of “telecommunications service” to

3 if it is provided to and paid for by an individual resident rather than the institution.

4
5 The terms “ancillary services” and “telecommunications service” are defined as a broad range of
6 services. The terms “ancillary services” and “telecommunications service” are broader than the
7 sum of the subcategories. Definitions of subcategories of “ancillary services” and
8 “telecommunications service” can be used by a member state alone or in combination with other
9 subcategories to define a narrower tax base than the definitions of “ancillary services” and
10 “telecommunications service” would imply. The subcategories can also be used by a member
11 state to provide exemptions for certain subcategories of the more broadly defined terms. A
12 member state that specifically imposes tax on, or exempts from tax, local telephone or local
13 telecommunications service may define “local service” in any manner in accordance with
14 Section 327 of the Agreement, except as limited by other sections of this Agreement.

15 *Compiler’s note: On April 16, 2005 the telecommunications definitions were added to the Agreement. Member*
16 *states shall adopt and utilize these definitions no later than January 1, 2008.*

1 **Appendix D**

2 **LIBRARY OF INTERPRETATIONS**

3
4 **Interpretation 2006-01**
5 **(Adopted April 18, 2006)**
6

7 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
8 and Interpretations Committee this 2nd day of February, 2006 in accordance with Article IX, Rule
9 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
10

11 The party requesting the interpretation is RSM McGladrey, Inc. of Cedar Rapids, Iowa. The
12 request was made by letter dated November 23, 2005, and was made pursuant to the provisions
13 for expedited consideration contained in Rule 902 at subsection H.
14

15 **Issue:**
16

17 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
18 specific question presented was whether amnesty is available to a seller for tax not collected, if
19 the seller has collected an amount of tax in a state, but failed to remit it. The seller otherwise
20 meets the qualifications prescribed in section 402. The issue was presented with an
21 acknowledgement that tax collected must be remitted with applicable penalties and interest as a
22 precondition to receiving amnesty.
23

24 **Public Comment:**
25

26 No written public comments were received.
27

28 **Recommendation:**
29

30 By unanimous consent the Compliance Review and Interpretations Committee submits to the
31 Governing Board a recommendation that a seller who has collected tax in a member state may
32 obtain amnesty for taxes not collected in that state or any member state in accordance with the
33 terms of Agreement section 402. The Committee further recommends that tax collected from
34 purchasers in a member state must be remitted with applicable penalty and interest to that
35 member state as a condition of receiving amnesty. This condition is in addition to those
36 conditions specifically enumerated in section 402 of the Agreement.
37

38 **Rationale:**
39

40 A plain reading of Agreement section 402 requires a state to provide amnesty for “uncollected or
41 unpaid sales or use tax”. A similar plain reading of the disqualifying language contained in
42 subsection 402C limits disqualification to “sales or use taxes already paid or remitted to the state

1 or to taxes collected by the seller.” As the seller has not collected the taxes at issue, amnesty is
2 available despite the fact that the seller collected taxes on other sales which will not qualify for
3 amnesty.

10 **Interpretation 2006-02**
11 **(Adopted April 18, 2006)**

12
13 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
14 and Interpretations Committee this 2nd day of February 2006 in accordance with Article IX, Rule
15 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

16
17 The party requesting the interpretation is Department of Treasury, State of Michigan, of Lansing
18 Michigan. The request was made by letter dated January 4, 2006, and was made pursuant to the
19 provisions for expedited consideration contained in Rule 902 H.

20
21 Issue:

22
23 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
24 questions presented related to when a seller is considered registered under the Agreement for
25 purposes of eligibility for amnesty when a seller has registered through the central registration
26 system and indicated that it will make use of a model 1 or model 2 seller for those periods when
27 a certified service provider (CSP) or a certified automated system (CAS) have not been deemed
28 available by the Executive Committee of the Governing Board. The specific questions presented
29 are as follows:

- 30 1. When will a model 1 or model 2 seller be deemed to have “registered under the
31 Agreement” as provided in Section 211 of the Agreement?
32 2. When will a model 1 or model 2 seller be required to begin collecting and
33 remitting sales or use taxes to member states as provided in Section 401(B) of the
34 Agreement?
35 3. When will a model 1 or model 2 seller be denied amnesty because they have
36 received a notice of the commencement of an audit as provided in Section 402(B)
37 of the

38 Agreement?

44 Recommendation:

1
2 By unanimous consent the Compliance Review and Interpretations Committee submits to the
3 Governing Board the following recommendations:

- 4 1. A model 1 or model 2 seller will be “registered under the Agreement”:
5 a. on a date that follows the act of making application for registration
6 through the central registration system, and
7 b. the date that they begin, or are required to begin, collecting a member
8 state’s sales or use tax.
9 2. A model 1 or model 2 seller will be required to begin collecting and remitting
10 sales or use taxes in a member state on the first day of the calendar month after
11 60 days notice that adequate CSP or CAS services are available as determined
12 by the Executive Committee of the Governing Board.
13 3. A model 1 or model 2 seller will be denied amnesty in a member state pursuant
14 to Section 402(B) as having received a notice of audit only if that notice of audit
15 is received on a date that precedes the date the seller made application for
16 registration through the central registration system.
17

18 Rationale:

19
20 The basis for the recommended interpretations is the inability of a model 1 or model 2 seller to
21 collect and remit sales and use taxes until these technology models are deemed to be available
22 for use by the Executive Committee of the Governing Board. A registration through the central
23 registration system should not be considered complete until a model 1 or model 2 seller begins to
24 collect or is required to begin to collect a member states’ sales or use tax. These interpretations
25 are consistent with the Position on Amnesty adopted by the Governing Board on November 9,
26 2005.

33 **Interpretation 2006-03**
34 **(Adopted April 18, 2006)**
35

36 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
37 and Interpretations Committee this 16th day of February 2006 in accordance with Article IX,
38 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
39 Inc.
40

41 The party requesting the interpretation is the State of Indiana, Tom Conley, Indiana Delegate,
42 State and Local Advisory Council. The request was made by letter dated January 5, 2006, and
43 was made pursuant to the provisions for expedited consideration contained in Rule 902 H.
44

1 Issue:
2

3 The issue presented is an interpretation of Agreement Article III, Section 310, Subsection C,
4 Clause 1 pertaining to sourcing of initial lease payments made to dealers. The quoted section of
5 the agreement reads as follows:
6

7 For a lease or rental that requires recurring periodic payments, each periodic payment is
8 sourced to the primary property location. The primary property location shall be as
9 indicated by an address for the property provided by the lessee that is available to the
10 lessor from its records maintained in the ordinary course of business, when use of this
11 address does not constitute bad faith. This location shall not be altered by intermittent
12 use at different locations.
13

14 Indiana is requesting an interpretation on the sourcing of initial payments (down payments,
15 rebates or other potentially taxable receipts) paid to the seller at the time the lease is negotiated
16 between the seller and purchaser. Are these payments considered a recurring periodic payment
17 and sourced in accordance with Section 310(C)?
18

19 Recommendation:
20

21 By unanimous consent the Compliance Review and Interpretations Committee submits to the
22 Governing Board the following recommendation:
23

24 Article III, Section 310, Subsection C, of the Agreement should be interpreted to include
25 payments received at the inception of a lease (down payments, rebates or other potentially
26 taxable receipts) as periodic payments and sourced to the primary property location consistent
27 with the sourcing of the remaining periodic payments.
28

29 Rationale:
30

31 The committee contacted the automobile associations of their various states. The associations
32 reported that their leasing organizations vary in the way that the receipts collected at the
33 inception of the lease are currently sourced. Some source the receipts to the primary property
34 location while others source the receipts to the dealer's location. The committee believed that
35 the intent of the original sourcing rule was to establish a single location for sourcing all
36 payments. The proposed interpretation would be consistent with what we believed to be the
37 intent of the rule. The interpretation would also eliminate the confusion that currently seems to
38 exist related to this issue.

3 **Interpretation 2006-04**
4 **(Adopted April 18, 2006)**
5

6 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
7 and Interpretations Committee this 13th day of April 2006 in accordance with Article IX, Rule
8 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
9

10 The party requesting the interpretation is Brinker International on behalf of the National
11 Association of Convenience Stores, Council on State Taxation, Darden Restaurants, Food
12 Marketing Institute, Indiana Grocery & Convenience Store Association, Marathon Petroleum
13 Company, Marsh Supermarket Pharmacy, Minnesota Grocers Association, Speedway, Starbucks
14 Coffee, Target, Utah Food Industry Association and Yum! Brands, Incorporated. The request
15 was made by letter dated January 9, 2006, and was made pursuant to the provisions for expedited
16 consideration contained in Rule 902 at subsection H.
17

18 Issue:
19

20 The issue presented is an interpretation of definition of “food sold with eating utensils provided
21 by the seller” found in section C of the prepared food definition found in Appendix C, Part II.
22

23 Public Comment:
24

25 Public comments were received from both industry and state agencies.
26

27 Recommendation:
28

29 The Compliance Review and Interpretations Committee submits to the Governing Board a
30 recommendation that the definition of “food sold with eating utensils” be interpreted as specified
31 in the State and Local Advisory Council paper on “Prepared Food Re-Visited Updated April 13,
32 2006.” This paper was distributed with Diane Hardt’s e-mail dated April 13, 2006 with revised
33 documents for the Streamlined Sales Tax Governing Board meeting in Indianapolis, Indiana on
34 April 18, 2006. Committee members have agreed, by a vote of five to one, that they can support
35 the proposal as presented, provided states are given adequate time to promulgate regulations,
36 make legislative changes, or prepare other published guidance as each state determines is
37 necessary to adopt the language proposed.
38

39 Rationale:
40

41 The Compliance Review and Interpretations Committee finds itself in a difficult situation with
42 this request for interpretation and its subsequent determination of support of the proposal.
43

1 All members recognize the need to come to agreement on how to interpret the subject language.
2 Committee members, as well as other states and business representatives involved in the
3 discussions, have indicated support for the proposal. The Committee commends business
4 members and state members for their diligent efforts in bringing this proposal to the table.
5

6 Concern was expressed by some Committee members that the language in the proposal goes
7 beyond an interpretation of the existing language in the definition and, in some states, would
8 require legislative changes. Committee member, Tony Mastin, noted that using the Black's Law
9 Dictionary definition of the word "provided" would be an allowable interpretation of the current
10 language. Business representatives expressed concern that using a dictionary definition would
11 not provide the necessary guidance to administer the provision and would result in states
12 adopting different interpretations of the meaning of the phrase.
13

14 The Committee is seeking advice from the Governing Board on whether this interpretation goes
15 beyond the scope of an interpretation of the current definition. If so, the Committee asks for
16 advice from the Governing Board on how to proceed. The options discussed, if this is not an
17 interpretation, were either an amendment to the Agreement or a rule.

24 State and Local Advisory Council
25 Prepared Food Re-Visited
26 Updated April 13, 2006
27
28

29 Streamline approved several interpretations of the food definitions at its meeting on January 6,
30 2005. The approved interpretations are included in an Issue Paper titled "Food Definition
31 Issues" on the Streamline web site at www.streamlinedsalestax.org. Streamline interpreted
32 "provided by the seller" with respect to utensils as:
33

34 B. Utensils need only be made available to purchasers if a seller's sales of prepared food in
35 A and B of the definition (except items 1 through 3 that a state chooses to exclude), soft
36 drinks, and alcohol beverages at an establishment are more than 75% of the seller's total
37 sales at the establishment.
38

39 C. For sellers other than in 1, the seller's customary practice is to give the utensil to the
40 purchaser, except that plates, glasses, or cups necessary for the purchaser to receive the
41 food or food ingredients need only be made available.
42

43 Also, Streamline addressed utensils provided by persons other than the seller and resold by a
44 seller as follows:

1
2 Although a person other than the seller may have originally placed the utensil in
3 the package, the seller provides it to the purchaser when it transfers the package to
4 the purchaser. Therefore, in the examples provided (caterer sells a boxed lunch
5 with utensils to a concessionaire who sells the boxed lunch; food manufacturer
6 packages ready-to-eat lunch with utensils and sells to a grocer who sells the
7 lunch), utensils are provided by the seller.
8

9 The Food Marketing Institute and a number of interested parties submitted a request for
10 interpretation to the Compliance Review and Interpretations Committee (CRIC) on January 6,
11 2006. CRIC has requested the State and Local Advisory Council (SLAC) of the Streamlined
12 Governing Board to further address the prepared food interpretation issue.
13

14 At the SLAC meeting on January 7-8, 2006, a work group discussed concerns about the SSTP
15 approved interpretation and identified solutions. Business representatives reviewed those
16 solutions and recommended minor changes. The proposed interpretation is as follows:
17

- 18 1. We will maintain the 75% test for sellers but modify how the numerator and
19 denominator are calculated so that like businesses (single purpose coffee shop v.
20 coffee shop in a bookstore) are treated the same.
21
- 22 2. The numerator would include sales of (a) prepared food if under A and B of the
23 definition of prepared food; and (b) food where plates, bowls, glasses or cups are
24 necessary to receive the food (e.g., dispensed milk, salad bar). Alcoholic beverages
25 are not included in the numerator.
26
- 27 3. The denominator would include sales of all food and food ingredients, including
28 prepared food, candy, dietary supplements, and soft drinks. Alcoholic beverages are
29 not included in the denominator.
30
- 31 4. For sellers with a sales percentage of 75% or less, utensils are provided by the seller
32 if the seller's practice for the item (as represented by the seller) is to physically give
33 or hand the utensil to the purchaser, except that plates, bowls, glasses, or cups
34 necessary for the purchaser to receive the food (e.g., dispensed milk, salad bar) need
35 only be made available.
36
- 37 5. For sellers with a sales percentage greater than 75%, utensils are provided by the
38 seller if they are made available to purchasers.
39
- 40 6. For sellers with a sales percentage greater than 75% and who sell items that contain
41 four (4) or more servings packaged as one item sold for a single price, an item does
42 not become prepared food due to the seller having utensils available. However, if the
43 seller provides utensils for the item as in 4 above, then the item is considered
44 prepared food. Whenever available, serving sizes will be determined based on a label

1 on an item sold. If no label is available, a seller will reasonably determine the
2 number of servings in an item.

- 3
- 4 7. When a seller sells food items that have a utensil placed in a package by a person
5 other than the seller, and that person's NAICS classification code is that of
6 manufacturers (sector 311), the seller shall not be considered to have provided the
7 utensil except as provided in 4-6 above . For any other packager with any other
8 NAICS classification code (e.g., sector 722 for caterers), the seller shall be considered
9 to have provided the utensil.
- 10
- 11 8. The prepared food sales percentage will be calculated by the seller for each tax year
12 or business fiscal year, based on the seller's data from the prior tax year or business
13 fiscal year, as soon as possible after accounting records are available, but not later
14 than 90 days after the beginning of the tax or business fiscal year.
- 15
- 16 9. A single prepared food sales percentage will be determined annually, for all of the
17 seller's establishments in a state.
- 18
- 19 10. A new business will make a good faith estimate of their prepared food sales
20 percentage for their first year. A new business should adjust its good faith estimate
21 prospectively after the first three months of operation if actual prepared food sales
22 percentages materially affect the 75% threshold test.
- 23

24 If states concur that the above interpretation of "food sold with eating utensils provided by the
25 seller" requires an amendment to the Agreement or time to implement the interpretation, then a
26 temporary interpretation must be offered now so that sellers of prepared food can determine tax
27 treatments under laws enacted by states that are in compliance with the Streamlined Sales and
28 Use Tax Agreement. The Governing Board states will be surveyed to determine if they can or
29 cannot support the following uniform interpretation. If a Governing Board state cannot support
30 this interpretation, the Governing Board state will be asked to explain its interpretation. The
31 results of the survey will be presented to the Governing Board at its meeting in April.

32

33 "Food sold with eating utensils provided by the seller" means the seller's practice for
34 the item is to physically give or hand the utensil to the purchaser.

35

36 Note: Black's Law Dictionary defines "*provide*" as to make, procure, or furnish for future use,
37 prepare. To supply; to afford; to contribute.

39 **Interpretation 2006-05**
40 **(Adopted August 29, 2006)**

41

42 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
43 and Interpretations Committee this 27th day of April, 2006 in accordance with Article IX, Rule
44 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

1
2 The party requesting the interpretation is George S. Isaacson of Brann & Isaacson, of Lewiston
3 Maine. The request was made by letter dated March 31, 2006, and was made pursuant to the
4 provisions for expedited consideration contained in Rule 902 at subsection H.
5

6 Issue:
7

8 The first issue presented is an interpretation of the definition of “clothing” found in Appendix C,
9 Part II of the Streamlined Sales and Use Tax Agreement. The specific question is: Do articles of
10 human wearing apparel suitable for general use that are made from fur or hide on the pelt (i.e.,
11 animal skins with hair, fleece or fur fibers attached) constitute “clothing” within the meaning of
12 the Agreement?
13

14 The second issue presented is an interpretation of Section 327(C) of the Agreement which
15 requires a member state to impose sales or use tax on all products or services included within
16 each definition or to exempt from sales or use tax all products or services within each definition.
17 The specific question is, if human wearing apparel made from fur and suitable for general use
18 constitutes “clothing” as defined in the SSUTA, must a member state, under Section 327 of the
19 Agreement, treat fur clothing in the same manner as all other clothing?
20

21 The third issue presented is whether Minnesota’s general exemption from sales and use tax for
22 clothing, and the imposition of a separate gross revenues tax on fur clothing results in Minnesota
23 being in violation of Section 327 (C) of the agreement.
24

25 Public Comment:
26

27 No written public comments were received.
28

29 Recommendation:
30

31 By unanimous consent the Compliance Review and Interpretations Committee submits to the
32 Governing Board the following recommendations regarding the above three issues:

- 33 (1) Appendix C, Part II of the Streamlined Sales and Use Tax Agreement defines clothing as
34 human wearing apparel suitable for general use. An article made from fur or hide on the
35 pelt that is wearing apparel suitable for general use, is not excluded from the definition of
36 clothing.
37
- 38 (2) Clothing made with fur must be treated in the same manner as other clothing. A state can
39 choose to impose the sales tax on all articles of clothing, or it may choose to exempt all
40 articles of clothing. A state cannot choose to apply the sales tax to some articles of
41 clothing and exempt other articles of clothing.
42
- 43 (3) The third question concerns whether Minnesota is in violation of Section 327 (C) of the
44 Agreement. The Agreement pertains only to sales and use taxes. Imposition of

1 Minnesota's gross revenue tax on articles of fur clothing does not constitute a violation of
2 Section 327 (C) of the Agreement.

3
4 Rationale:

- 5
6 (1) The committee reviewed the definition of clothing and determined that articles of
7 clothing made from fur or hide on the pelt are not excluded from the definition of
8 clothing. There is no language in the definition or the Agreement that qualifies or
9 restricts the definition of clothing based on the materials that are used to produce the
10 clothing.
11
12 (2) The committee reviewed Section 327 of the Agreement. Section 327 requires that except
13 as specifically provided in Section 316 and any applicable definition, a member state
14 must either impose its sales and use taxes on all products or services within a definition,
15 or exempt all products or services within a definition.
16
17 (3) Minnesota exempts all clothing from the sales and use tax. Minnesota does not impose a
18 sales tax on articles of clothing made with fur or hide on the pelt (Minnesota Statutes,
19 Chapter 297A (General Sales and Use Taxes)). Minnesota imposes a separate gross
20 revenues tax on fur clothing (Minnesota Statutes, Chapter 295 (Gross Revenues and
21 Gross Receipts Taxes)). This is not in violation of any provision of the Agreement. It is a
22 separate tax from the sales tax and is imposed on the gross receipts of the furrier for sales
23 in Minnesota. Article I, Section 104 of the agreement provides that the definition of a
24 term is not intended to influence the interpretation or application of that term with respect
25 to other tax types.

32 **Interpretation 2006-06**
33 **(Adopted August 29, 2006)**
34

35 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
36 and Interpretations Committee this 22nd day of June, 2006 in accordance with Article IX, Rule
37 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

38
39 The party requesting the interpretation is William Riesenberger of the Ohio Department of
40 Taxation, Sales and Use Tax Division. The request was made by letter dated January 25, 2006.
41 Expedited consideration available under Rule 902, subsection H was not requested.

42
43 Issue:
44

1 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
2 question presented was whether a company that has a physical presence in a state continues to be
3 eligible for amnesty in that same state if it deregisters in the other member and associate member
4 states. Amnesty was originally granted under section 402 of the agreement when the company
5 registered to collect tax through the streamlined sales tax central registration system.

6
7 Public Comment:

8
9 No written public comments were received.

10
11 Recommendation:

12
13 By unanimous consent the Compliance Review and Interpretations Committee submits to the
14 Governing Board a recommendation that a seller who has deregistered to collect tax in any
15 member state within thirty-six months of its registration is no longer eligible for amnesty in any
16 member state or associate member state under section 402 of the Agreement including states
17 where the seller has a physical presence.

18
19 Rationale:

20
21 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
22 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
23 the terms of the agreement. In addition, section 402D states the amnesty is fully effective as
24 long as the seller continues registration and continues payment or collection and remittance of
25 applicable sales or use taxes for a period of at least thirty-six months. A seller that deregisters
26 within thirty-six months of its registration does not meet the requirements of Section 402D and,
27 therefore, forfeits the amnesty provided under the agreement in all member and associate
28 member states including any state where registration is continued. Notice of deregistration is
29 made through the central registration system to all member and associate member states.

36 **Interpretation 2006-07**
37 **(Adopted August 29, 2006)**

38
39 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
40 and Interpretations Committee this 24th day of August, 2006 in accordance with Article IX, Rule
41 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

42
43 The party requesting the interpretation is the Software Finance & Tax Executives Council
44 (SoFTEC) represented by Mark Nebergall of 1150 17th Street NW # 601, Washington DC 20036.

1 The request was made on the prescribed form on April 11, 2006 and was made pursuant to the
2 provisions for consideration contained in Rule 902 at subsection (D). SoFTEC provided
3 supplemental information in support of the interpretation and to provide clarification of the scope
4 of the interpretation request.

5
6 Issue:
7

8 SoFTEC raises three issues associated with Section 312A, Multiple Points of Use, effective on
9 and after January 1, 2008, of the Streamlined Sales and Use Tax Agreement (SSUTA). Each of
10 the issues involves the interpretation of the phrase “concurrently available for use in more than
11 one jurisdiction” and its application to three specific fact patterns involving the sale of software
12 and service. We list the fact patterns first and then the issues associated with each fact pattern
13 exactly as presented in the interpretation request.
14

15 Fact Pattern (1): Software Company sells software that can be loaded onto Customer’s
16 server and can be accessed and used concurrently by Customer’s employees located in
17 several states. The only copy of the software received by the Customer is the one loaded
18 onto the Customer’s server. No subsequent copies of the software are made and sent to
19 employees in other states.
20

21 Fact Pattern (2): Software is loaded onto Software Company’s server and Software
22 Company sells access to the software to Customer. Customer’s employees gain concurrent
23 access to the software from multiple locations. No copy of the software is ever delivered to
24 the Customer.
25

26 Fact Pattern (3): A copy of a computer program is licensed by Software Company to
27 Customer along with the right to make multiple copies of the software which will be
28 delivered to Customer’s users/employees in multiple jurisdictions.
29

30 Issue (1): “Is software loaded onto a server located in a single state that can be accessed by
31 users in several states “concurrently available for use in more than one jurisdiction” within
32 the meaning of Section 312A of the Agreement?”

33 Issue (2): “Is delivery of a copy of the computer program to the customer necessary to
34 invoke the “concurrently available for use in more than one jurisdiction” language of Section
35 312A?”

36 Issue (3): “Is a license of a copy of a computer program that allows the licensee/customer to
37 make copies of the software that will be used in more than one jurisdiction by the customer
38 “concurrently available for use in more than one jurisdiction” within the meaning of Section
39 312A?”

40 Public Comment:

1 Public comment was received from both industry and state agencies.

2 Recommendation:

3 By unanimous vote the Compliance Review and Interpretations Committee submits to the
4 Governing Board the following interpretation recommendation regarding the above three issues.
5 It is important to note that the committee’s recommendation departs from SoFTEC’s proposed
6 interpretation as it relates to issues one and three by incorporating clarifications provided by
7 SoFTEC in supplemental memorandums. This interpretation recommendation does not take a
8 position on whether the transactions described in the fact patterns are sales of computer software
9 or whether they are sales of services since this distinction is not important to the question of
10 whether the purchases are considered to be concurrently available for use in multiple
11 jurisdictions.

12 It is also important to note that regardless of the fact situation, a seller is not relieved of its
13 obligation to collect and remit sales or use tax on otherwise taxable transactions, unless the
14 purchaser delivers to the seller an exemption form claiming direct pay or multiple points of use.

- 15 1. The purchase of software loaded onto a server located in a single state that will be
16 available for access by employees in multiple jurisdictions is concurrently available
17 for use in more than one jurisdiction within the meaning of Section 312A of the
18 Agreement if the purchaser knows at the time of its purchase that the software will be
19 concurrently available for use in multiple jurisdictions.
- 20 2. Delivery of a copy of a computer program is not necessary to invoke the
21 “concurrently available for use in more than one jurisdiction” language of Section
22 312A.
- 23 3. The purchase of a license of a copy of a computer program that allows the
24 licensee/customer to make copies of the software that will be used in more than one
25 jurisdiction by the customer is concurrently available for use in more than one
26 jurisdiction within the meaning of Section 312A of the Agreement if the purchaser
27 knows at the time of its purchase that the software will be concurrently available for
28 use in multiple jurisdictions.

29 Rationale:

- 30 1. The critical component of Section 312A is the direction provided to both the
31 seller and purchaser. The term “concurrently available for use” has clear
32 meaning: “concurrently” (occurring at the same time); “available for use”
33 (that **can** be used). Applying the clear meaning of the term “concurrently
34 available for use” to the specific fact pattern described, the purchased item is
35 considered to be concurrently available for use in multiple jurisdictions
36 within the meaning of Section 312A.

1 The Compliance Review and Interpretations Committee submits to the Governing Board a
2 recommendation that a seller who deregisters to collect tax in a member state within thirty-six
3 months of that state becoming a member is no longer eligible for amnesty in that new member
4 state under Section 402 of the agreement. However, the seller retains amnesty with all member
5 states in which they were registered for at least thirty-six months, provided they meet all of the
6 other requirements of Section 402 of the agreement.

7 Rationale:

8 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
9 a seller that registered to pay or to collect and remit applicable sales or use tax in accordance
10 with the terms of the agreement. In addition, Section 402D states that the amnesty is fully
11 effective as long as the seller continues registration and continues payment or collection and
12 remittance of applicable sales or use taxes for a period of at least thirty-six months. Each
13 member state shall toll its statute of limitations applicable to asserting a tax liability during this
14 thirty-six month period.

15 A seller that deregisters within thirty-six months of the date that a state becomes a member does
16 not meet the requirements of section 402D and, therefore, forfeits the amnesty provided under
17 the agreement for that member state. Assuming that all other requirements of Section 402 are
18 met, the seller retains amnesty in the initial member states since they met the thirty-six month
19 registration requirement in those states.

23 **Interpretation 2006-09**
24 **(Adopted December 14, 2006)**
25

26 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
27 and Interpretations Committee this 14th day of September, 2006 in accordance with Article IX,
28 Rule 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
29

30 The party requesting the interpretation is Suzanne Beaudelaire of Ernst & Young, LLP. The
31 request was made on the prescribed form dated August 16, 2006, and was made pursuant to the
32 provisions for expedited consideration contained in Rule 902 at subsection H.
33

34 Issue:
35

36 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
37 question presented was whether companies (predecessor companies) would be eligible for
38 amnesty under Agreement section 402 if another company (successor company) acquired the
39 assets and liabilities of the predecessor companies and then registered to collect sales/use tax

1 through the SST central registration system. According to facts presented in the request, the
2 predecessor companies no longer exist, but would qualify for amnesty under Agreement section
3 402 if they still existed and they registered through the central registration system.

4
5 Public Comment:

6
7 No written public comments were received. Ms. Beaudelaire's discussion and response to the
8 committee's questions during the September 14, 2006 meeting were the only oral comments
9 presented to the committee. Other issues regarding liability for sales/use tax related to
10 predecessor companies were raised during the discussion, but the following recommendation is
11 limited to the specific question addressed in Ms. Beaudelaire's request.

12
13 Recommendation:

14
15 By unanimous consent the Compliance Review and Interpretations Committee submits to the
16 Governing Board a recommendation that predecessor companies that do not register through the
17 central registration system are not eligible for amnesty under Agreement section 402.

18
19 Rationale:

20
21 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
22 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
23 the terms of the agreement. The agreement language is clear that amnesty is not available to
24 companies that do not register under the agreement.

32 **(Withdrawn December 14, 2006)**

33
34 **Interpretation 2006-11**
35 **(Adopted December 14, 2006)**

36
37 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
38 and Interpretations Committee this 26th day of October 2006 in accordance with Article IX, Rule
39 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

40
41 The party requesting the interpretation is Mr. John Nugent of the Rhode Island Division of
42 Taxation. The request was made on the prescribed form dated October 6, 2006, and was made
43 pursuant to the provisions for expedited consideration contained in Rule 902 H.

1 Issue:
2

3 The issue presented is an interpretation of Interpretation 2006-04 adopted on April 18, 2006 by
4 the Governing Board defining the term “food sold with eating utensils provided by the seller” for
5 purposes of the prepared food definition in the Agreement. The specific issue involves the
6 following language which is referred to as a “bulk serving” in the remainder of this document:
7

8 “For sellers with a sales percentage greater than 75% and who sell items that contain four
9 (4) or more servings packaged as one item sold for a single price, an item does not
10 become prepared food due to the seller having utensils available.”
11

12 The questions presented was whether the packaging by a seller of four or more bakery products
13 individually selected by a purchaser and sold for a single price meets the definition of “bulk
14 serving” as defined above.
15

16 Public Comment:
17

18 Written public comments were received and are incorporated herein.
19

20 Recommendation:
21

22 By unanimous consent the Compliance Review and Interpretations Committee submits to the
23 Governing Board the recommendation that packaging by a seller of four or more bakery products
24 individually selected by the purchaser and sold for a single price constitutes a bulk serving.
25

26 Rationale:
27

28 Section VI of Interpretation 2006-04 provides, in part, the following:

29 “For sellers with a sales percentage greater than 75% and who sell items that contain four (4) or
30 more servings packaged as one item sold for a single price, an item does not become prepared
31 food due to the seller having utensils available...”
32

33 The “bulk servings” of Interpretation 2006-04 does not provide by whom the item must be
34 packaged, or that the item must be pre-packaged. Thus, for bakery products, all that is required is
35 that the item ultimately sold to the purchaser be a package of bakery products consisting of four
36 or more servings sold for a single price. The fact that the servings are individually selected by the
37 purchaser and packaged by the seller or the purchaser does not affect the transaction. The item
38 does not constitute prepared food even when sold by a seller whose sales percentage is greater
39 than 75% and who makes eating utensils available.
40

41 The Committee wishes to note that if the seller charges for each individual serving in the
42 package, the sale would not be of “one item sold for a single price.” It should be noted that the
43 same provision in Section VI of Interpretation 2006-04, which we are referring to as “bulk
44 serving,” does treat “bulk servings” as prepared food when the seller’s practice for the item (as

1 represented by the seller) is to physically hand the utensil to the purchaser, except that plates,
2 bowls, glasses, or cups necessary for the purchaser to receive food need only be made available.

14 **Interpretation 2006-12**
15 **(Adopted December 14, 2006)**

16
17 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
18 and Interpretations Committee this 26th day of October, 2006 in accordance with Article IX, Rule
19 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

20
21 The party requesting the interpretation is McCarter & English, LLP. The request was made on
22 the prescribed form on October 6, 2006 and was made pursuant to the provisions for
23 consideration contained in Rule 902, subsection (H).

24
25 Issue:

26
27 The issue presented is an interpretation of the definition of “direct mail” found in Appendix C,
28 Part I of the Agreement. The specific question is whether billing invoices, return envelopes and
29 any additional marketing materials are included in the definition of “direct mail.” The definition
30 in question reads as follows:

31
32 “Direct mail” means printed material delivered or distributed by United States mail or other
33 delivery service to a mass audience or to addresses on a mailing list provided by the
34 purchaser or at the direction of the purchaser when the cost of the items are not billed directly
35 to the recipients. “Direct Mail” includes tangible personal property supplied directly or
36 indirectly by the purchaser to the direct mail seller for inclusion in the package containing the
37 printed material. “Direct mail” does not include multiple items of printed material delivered
38 to a single address.

39 The Interpretation Request provided the following background facts. A company in the business
40 of printing and mailing billing statements for clients in a wide variety of industries receives
41 customer data electronically and prints statements, letters, invoices and additional pages on
42 preprinted paper or forms to meet the client’s specifications. The printed material is sorted,
43 folded and inserted into envelopes, bundled based on zip codes and given to the United States

1 Postal Service for delivery. The mailed packet typically also will include a return envelope,
2 coupons and other marketing materials.

3
4 Public Comment:

5 Written public comments were received from a state agency.

6 Recommendation:

7 By majority vote, the Compliance Review and Interpretations Committee submits to the
8 Governing Board a recommendation that billing invoices, return envelopes and any additional
9 marketing materials included with the mailing are included in the definition of direct mail
10 provided the sale meets the criteria set out in the definition of direct mail. Joseph VanDevender,
11 Indiana Department of Revenue, abstained from the vote on this recommendation due to a
12 potential conflict of interest.

13 The criteria requires that the sale is of printed material delivered or distributed to a mass
14 audience or to addresses on a mailing list provided by the purchaser or at the direction of the
15 purchaser when the cost of the items are not billed directly to the recipients.

16 It is important to note that this definition applies only for the purposes of determining proper
17 sourcing, and for determining whether delivery charges are included in the taxable sales price of
18 the direct mail.

19 Rationale:

20 A plain reading of the definition of direct mail supports the recommendation that billing
21 invoices, return envelopes and additional marketing materials included with the printed material
22 meets the definition of direct mail. However, the discussion surrounding this interpretation
23 request indicates that there is a misunderstanding about the intended use of the definition of
24 “direct mail.”

25 The definition is placed in the Administrative Definitions section of the Agreement purposely,
26 because it is not intended to be a product definition. The definition was created only to define the
27 term as used in the Direct Mail Sourcing provisions found in Section 313, and for the exclusion
28 from “delivery charges” allowed for charges for delivery of “direct mail.”

29 States may tax or exempt any service or sale of printed material included in the definition of
30 “direct mail” in any way they choose. For example, a state may impose sales and use tax on
31 charges to print billing invoices, and exempt charges to print advertising material, both of which
32 are included in the definition of direct mail. However, if the sale is taxable and includes mailing
33 or delivering the printed material to a mass audience or to addresses on a mailing list as stated in
34 the definition, it must be sourced under the provisions of Section 313, and the exclusion for
35 delivery charges allowed applies if a member state has adopted that exclusion.

5 **Interpretation 2007-01**
6 **(Adopted June 23, 2007)**
7

8 This Interpretative Opinion Recommendation is made to the Governing Board by the
9 Compliance Review and Interpretations Committee on March 29, 2007, in accordance with
10 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
11 Governing Board, Inc.

12

13 The party requesting the interpretation is Mr. Phil Schlesinger of Avalara. The request was made
14 on the prescribed form on February 12, 2007, and was made pursuant to the provisions for
15 consideration contained in Rule 902, subsection (H).

16

17 Issue:

18

19 The issue presented is an interpretation of the definition of “drug” in Appendix C, Part II of the
20 Agreement. The specific question is whether the word “drug” is limited to an item or liquid that
21 is consumed internally by the person or used externally on a person, or does it possibly extend
22 beyond this in the context of item B of the definition to include medical supplies such as
23 “Infectious Disease Testing Kits” that are intended to be used in the diagnosis of a disease.

24

25 Public Comment:

26 No written public comments were received.

27 Recommendation:

28 The Compliance Review and Interpretations Committee submits to the Governing Board a
29 recommendation that infectious disease testing kits do not meet the definition of “drug.”
30 However, reagents, which are a component of the infectious disease test kits, do meet the
31 definition of “drug.” The infectious disease test kits are made up of two or more distinct and
32 identifiable products and are sold for one non-itemized price, which may or may not be a
33 bundled transaction, depending on the tax laws in the state to which the sale is sourced. Since
34 this will vary from state to state, the Committee recommends that each state make a
35 determination of whether the sale of infectious disease test kits are taxable transactions according
36 to the laws of their state.

37 Rationale:

1 The definition of “drug” found in Appendix C, Part II, of the Agreement does not require the
2 item to be internally consumed or externally applied to the patient in order for the definition to
3 apply. However, in order to qualify as a drug it must meet at least one of the provisions provided
4 in A, B, or C of the definition, and it must also meet the basic definition in the first paragraph:
5 “Drug” means a compound, substance or preparation, and any component of a compound,
6 substance or preparation, other than “food and food ingredients,” “dietary supplements” or
7 “alcoholic beverages.”

8 To take the position that an item qualifies as a drug merely because the item is intended to be
9 used in the diagnosis, cure, mitigation, treatment, or prevention of disease, as described in B of
10 the definition, would expand the definition of drug to include much of what is defined as durable
11 medical equipment. For example, dialysis equipment is used in the treatment of disease, but is
12 not a drug, because it is not a “compound, substance or preparation.”

13 The infectious disease test kits in question contain a chemical (reagents) and other items such as
14 slides, plastic trays and droppers. The chemicals are also sold separately from the kits.
15 Committee members agree that the chemicals meet the definition of “drug,” but the other items
16 in the kit do not. Since the infectious disease test kits contain two or more distinct and
17 identifiable products and are sold for one non-itemized price, the sale of the test kits may be a
18 bundled transaction. Business representatives pointed out that the test kits in question are just
19 one of many different test kits sold by various manufacturers for use by medical professionals.
20 Each type of kit sold will contain different items with different costs for the components, so the
21 results may differ for each type of kit. To make a determination about a specific test kit, one
22 must know the contents of the kit and the seller’s purchase price or sales price of each item
23 included in the kit. Whether sales and use tax applies to the sale of a bundled transaction, or to
24 the sale of a transaction that meets the de minimis test, is based on the laws in the state to which
25 the sale is sourced.

29 **Interpretation 2007-02**
30 **(Adopted September 20, 2007)**

31
32 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
33 and Interpretations Committee this 7th day of June, 2007 in accordance with Article IX, Rule
34 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
35

36 The party requesting the interpretation is Lafarge North America. The request was made by
37 letter dated May 14, 2007, and was made pursuant to the provisions for expedited consideration
38 contained in Rule 902 at subsection H.
39

40 Issue:

1
2 The issue presented is an interpretation of Agreement section 310 (General Sourcing Rules).
3 The specific question presented was whether the seller’s location is considered the destination
4 when the terms of the sale are FOB (Free on Board) Plant (origin) regardless of whether the
5 customer picks up the product in their own or vehicle or sends a third party to pick up the
6 product.

7
8 Recommendation:

9
10 By unanimous consent the Compliance Review and Interpretations Committee submits to the
11 Governing Board a recommendation that a sale is not considered “received” by the purchaser and
12 therefore not sourced to the seller’s location when a third party shipping company picks up the
13 product on behalf of the purchaser.

14
15 Rationale:

16
17 A plain reading of Agreement section 310(A) states that the retail sale of a product shall be
18 sourced to the business location when the product is received by the purchaser at the business
19 location. Section 311 of the Agreement states that the term “receive” as used in Section 310(A)
20 does not “include possession by a shipping company on behalf of the purchaser.” The terms of
21 the sale as FOB (origin) are irrelevant in determining sourcing under the Agreement. Since the
22 source of the sale in the proposed fact scenario is not determined under subsection (A)(1) of
23 Section 310, the seller must follow the subsequent paragraphs of subsection A to determine the
24 source of the sale.

40
41 Issue:

1 The issue presented is an interpretation of the definition of candy. The question presented was
2 whether flour includes flour substitutes and if the presence of a flour substitute within a food
3 product would prevent that food product from meeting the definition of candy.

4
5 Public Comment:

6
7 No written public comments were received.

8
9 Recommendation:

10
11 By unanimous consent the Compliance Review and Interpretations Committee submits to the
12 Governing Board a recommendation that the same labeling standards used by the food industry
13 be used to determine what constitutes flour for the purpose of defining candy. A product does
14 not contain flour unless the product label specifically lists “flour” as an ingredient.

15
16 Rationale:

17
18 The definition of candy found in Appendix C, Part II of the Streamlined Sales and Use Tax
19 Agreement states candy shall not include any preparation containing flour, but does not define
20 what constitutes flour. It is reasonable to accept the food industry’s labeling standards and not
21 consider any ingredient to be flour unless it is listed as such on the product label.

28 **Interpretative Opinion 2008-01**
29 **(Adopted April 2, 2008)**

30
31 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
32 Review and Interpretations Committee this 13th day of March, 2008 in accordance with Article
33 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
34 Board, Inc.

35
36 The party requesting the interpretation is Mr. Drew Gruenburg, Senior Vice President of the
37 Society of American Florists of Alexandria, Virginia. The request was made on January 30,
38 2008.

39
40 Issue:

41
42 Significant numbers of floral orders are placed through arrangements whereby a florist in one
43 location (“Accepting Florist”) takes an order from a customer to deliver floral orders (flowers,
44 floral arrangements, potted plants, floral containers or any other article common to the floral

1 business) to a third party recipient in another location. The Accepting Florist transmits a floral
2 order to another florist (“Delivering Florist”) for delivery to the third party recipient. The
3 question presented asks who is the seller for sales and use tax purposes, the Accepting Florist or
4 the Delivering Florist.

5
6 Public Comment:

7
8 Additional written comments were received from Mr. Paul Goodman representing the Society of
9 American Florists.

10
11 Recommendation:

12
13 By unanimous consent of the participating members, the Compliance Review and Interpretations
14 Committee submits to the Governing Board a recommendation that the seller in the scenario
15 described is the Accepting Florist.

16
17 Rationale:

18
19 The Governing Board took action at its inaugural meeting on October 1, 2005 related to a similar
20 request for interpretation from the floral industry. That action was recorded in the minutes of the
21 meeting as: “A motion for an interpretation of who is the seller for floral orders through floral
22 delivery networks was moved by South Dakota, seconded by Oklahoma and passed.” No other
23 formal record of this action has been located. Action on this interpretation recommendation will
24 create a record through the same process by which subsequent interpretations have been handled.

25
26 Agreement Section 212 defines the term “seller” as “a person making sales, leases, or rentals of
27 personal property or services.” This definition was established for application within the
28 Agreement, therefore the provisions of the Agreement applicable to the Library of Definitions,
29 including Section 327, do not apply.

30
31 Agreement Section 309.B.4 provides that the general sourcing provisions of Section 310 do not
32 apply to sales or use taxes levied on florist sales until December 31, 2009. Issues of sourcing are
33 separate and distinct, and are not addressed in this interpretation recommendation in any way.

3
4 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
5 represented by Mark Nebergall. The request was made on April 7, 2008.

6
7 Issue:

8
9 SoFTEC raises an issue associated with the direct mail definition in Appendix C of the
10 Agreement. The fact pattern presented involves a company in the data processing business. The
11 company electronically receives accounts receivable information from its customers, processes
12 the information on its computers to develop billing information, and creates billing statements.
13 The company prints and mails the billing statements along with return envelopes to the
14 individual account holders. The issue presented is whether this activity constitutes “direct mail”
15 as the term is defined by the Agreement in those states that treat this activity as a data processing
16 or billing service.

17
18 Public Comment:

19
20 No state or public written comments were received.

21
22 Recommendation:

23
24 By a vote of five to two, the Compliance Review and Interpretations Committee submits to the
25 Governing Board a recommendation that the transactions outlined in the issue section above are
26 not direct mail.

27
28 Rationale:

29
30 The Agreement defines “direct mail” as “printed material delivered or distributed by United
31 States mail or other delivery service to a mass audience or to addresses on a mailing list provided
32 by the purchaser or at the direction of the purchaser when the cost of the items are not billed
33 directly to the recipients.” Although printed material is distributed in the fact pattern, the
34 development of the billing information is the majority of the work performed. Many states take
35 the position that this transaction is a sale of a service and not of tangible personal property. It is
36 necessary to look at the transaction and how it is characterized. In those states that treat the
37 transaction as a sale of a service, it would not be a sale of direct mail as printed material is not
38 what is being sold.

2 **(Adopted May 12, 2009)**
3

4 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
5 Review and Interpretations Committee this day of January 15, 2009 in accordance with Article
6 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
7 Board, Inc.

8 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
9 represented by Mark Nebergall. The request was made on January 11, 2008.

10 Issue:

11 SoFTEC raises an issue associated with the purchase of additional software licenses. The fact
12 pattern presented involves a purchaser acquiring prewritten computer software under a license
13 that limits its ability to use the software in one of three ways: (1) the license only permits the
14 purchaser to make a set number of copies, (2) the license only permits a set number of users to
15 use the software concurrently, or (3) the license only permits the purchaser to load the software
16 onto a computer with a specified computing power. If the purchaser wants to make additional
17 copies of the software, allow additional users to use the software concurrently, or to migrate the
18 software to more powerful computer, it must upgrade the license and pay an additional license
19 fee. Once the fee is paid, the seller provides the purchaser by telephone with an alphanumeric
20 code which, when entered into the computer, permits the making of additional copies of the
21 software, permits additional concurrent users, or causes the software to function on the more
22 powerful machine. The seller delivers no additional software to the purchaser. The issue
23 presented is whether a software license upgrade (as opposed to an upgrade of the software itself)
24 constitute “tangible personal property” or “computer software” where the only thing delivered to
25 the purchaser is an alphanumeric code.
26

27 Public Comment:

28
29 No state or public written comments were received.
30

31 Recommendation:

32
33 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
34 Governing Board a recommendation that the interpretation proposed by the requester not be
35 accepted.
36

37 Rationale:

38
39 The Agreement defines “tangible personal property” as” personal property that can be seen,
40 weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses” and
41 “includes electricity, water, gas, steam, and prewritten computer software.” Although no
42 physical software or other tangible personal property is distributed in the fact pattern, the

1 additional license to use the software is the essence of the transaction, not the alphanumeric
2 code. The alphanumeric code merely facilitates the additional use of the software. The
3 additional license to use the software should be treated the same as the original purchase of the
4 software license.

21 Issue:

22
23 Woodman's Food Markets, Inc. raises a question associated with the definition of soft drinks.
24 The State of Illinois currently considers fruit flavored cocktail mixes to be soft drinks because
25 they can be directly consumed as a non-alcoholic fruit flavored ready to drink beverage. Fruit
26 flavored cocktail mixes contain no alcohol. The example given was Jose Cuervo Margarita Mix,
27 which contains no fruit juice and no alcohol. The intended use for the product is to combine it
28 with liquor to produce an alcoholic cocktail. The issue presented is whether fruit flavored
29 cocktail mixes are soft drinks under the Agreement definitions. The requester proposes that an
30 interpretation be made that fruit flavored cocktail drinks are not soft drinks.

31
32 Public Comment:

33
34 No state or public written comments were received.

35
36 Recommendation:

37
38 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
39 Governing Board a recommendation that the interpretation proposed by the requester not be
40 accepted.

41
42 Rationale:

1 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
2 artificial sweeteners. The definition provides that “soft drinks” do not include beverages that
3 include greater than fifty percent of vegetable or fruit juice by volume. The definitions in the
4 Agreement are meant to be objective tests to determine the classification of an item and the
5 intent of the user is not relevant. Fruit flavored cocktail mixes meet the definition of “soft drink”
6 and should be classified as such.

23 Issue:

24
25 Woodman’s Food Markets, Inc. raises an issue associated with the definition of soft drinks.
26 Ready to drink ice tea can come in an unsweetened and unflavored state. The example given
27 was Lipton PureLeaf Iced Tea. The issue presented is whether unsweetened and unflavored
28 ready to drink iced tea would be considered soft drinks under the Agreement definitions. The
29 requester proposes that an interpretation be made that unsweetened and unflavored ready to drink
30 iced tea are not soft drinks.

31
32 Public Comment:

35
36 Recommendation:

37
38 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
39 Governing Board a recommendation that the interpretation proposed by the requester be
40 accepted.

41
42 Rationale:

1 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
2 artificial sweeteners. Unsweetened, unflavored ready to drink iced tea does not meet the
3 definition as it contains no sweeteners and falls under the food definition.

20 Issue:
21

22 Woodman’s Food Markets, Inc. raises an issue with regard to the definition of candy. Certain
23 baking ingredients have the characteristics of candy but are not intended to be consumed as
24 candy. The example given was M&M’s Baking Bits which are intended to be used as an
25 ingredient in the making of cookies and other baked desserts. The issue presented is whether
26 baking ingredients such as M&M’s Baking Bits meet the definition of candy under the
27 Agreement definitions. The requester proposes that an interpretation be made that such baking
28 ingredients are not candy.

34 Recommendation:
35

36 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
37 Governing Board a recommendation that the interpretation proposed by the requester not be

39

40 Rationale:
41

42 The Agreement defines “candy” to mean a preparation of sugar, honey, or other natural or
43 artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings
44 in the form of bars, drops, or pieces. The definitions in the Agreement are meant to be objective

1 tests to determine the classification of an item and the intent of the user is not relevant. Baking
2 ingredients such as M&M's Baking Bits meet the definition of candy and should be classified as

14 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
15 Governing Board, Inc.

16
17 The party requesting the interpretation is James Tilton. The request was made on August 18,
18 2009.

19
20 Issue:

21
22 Mr. Tilton raises an issue with regard to the definition of candy. Cereal and breakfast bars
23 contain sugar and some contain flour. The example given was Honey Smacks, Rice Krispie
24 Treats, Coco Krispies, Golden Crisp, Special K, Fruity Pebbles, Carmel Corn Rice Cakes,
25 Kelloggs Raisin Bran, Wheaties, and Cheerios which all contain sugar but no flour. The issue
26 presented is whether cereals like these meet the definition of candy under the Agreement
27 definitions. The requester proposes that an interpretation be made that such cereals are candy.
28

29 Public Comment:

30
31 The Compliance Review and Interpretations Committee (CRIC) asked the State and Local
32 Advisory Council (SLAC) to conduct research and to make a recommendation. There were state
33 and public comments received by SLAC which resulted in a paper that was submitted to CRIC
34 on November 12, 2009.
35

36 Recommendation:

37
38 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
39 Governing Board a recommendation that the interpretation proposed by the requester not be
40 accepted.
41

42 Rationale:
43

1 The Agreement defines “candy” to mean a preparation of sugar, honey, or other natural or
2 artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings
3 in the form of bars, drops, or pieces. The definitions in the Agreement are meant to be objective
4 tests to determine the classification of an item and the intent of the user is not relevant.
5

6 (1) Breakfast cereals are **not** candy because they are not sold in the form of bars, drops or pieces.

7 (2) Natural or artificially sweetened breakfast bars, Carmel Corn Rice Cakes, and Rice Krispie
8 Treats that do **not** have ingredient labeling specifying flour and do **not** require refrigeration are
9 candy. These products are sold in the form of bars and meet the objective test in the definition of
10 candy.

11 (3) Lightly Salted Rice Cakes that do not contain natural or artificial sweeteners according to the
12 ingredient labeling are food and food ingredients and are not classified as candy.

20 **(Adopted April 30, 2010)**
21

22 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
23 Review and Interpretations Committee this day of March 11, 2010, in accordance with Article
24 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
25 Board, Inc.
26

27 The party requesting the interpretation is Tim Maloney. The request was made on February 17,
28 2010.
29

30 Issue:
31

32 Canton Chair Rental is an Ohio-based company located in Stark County that rents tangible
33 personal property such as tables, chairs and other party-related items to individuals, families and
34 companies in Stark County and other adjacent counties, all in Ohio. The normal arrangement is
35 that these items are rented to the consumer/customer for a fee on a short-term, non-recurring
36 basis, and not of duration of more than thirty days. The orders are received by Canton Chair
37 Rental at its Stark County offices and the items rented are delivered to the customer at the
38 customer’s home or business by Canton Chair Rental. The issue presented is whether a renter of
39 tangible personal property in Ohio, which has local jurisdictions that levy or receive sales or use
40 taxes pursuant to Section 310.1, can utilize origin-based sourcing. The requester proposes that
41 an interpretation be made that such rentals should qualify for origin based sourcing.
42

43 Public Comment:
44

1 Written comments were received from Mr. Bill Riesenberger of the state of Ohio, the Equipment
2 Leasing and Finance Association, and from Mr. Tim Maloney.

3
4 Recommendation:

5
6 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
7 Governing Board a recommendation that the interpretation proposed by the requester not be
8 accepted.

9
10 Rationale:

11
12 Subsection 310.1B provides: “A member state may source retail sales, **excluding lease or**
13 **rental**, of tangible personal property or digital goods to the location where the order is received
14 by the seller if: ...“.

15
16 The Administrative Definitions in Part I of Appendix C of the Agreement define “lease or rental”
17 to mean “any transfer of possession or control of tangible personal property for a fixed or
18 indeterminate term for consideration.” The transaction highlighted in Mr. Maloney’s
19 interpretation request clearly falls within the definition of “lease or rental”. Since leases or
20 rentals are excluded under Subsection 310.1 B, the sourcing for such sales must be done by the
21 member state under the provisions of Section 310 of the Agreement. Subsection 310B.2 states:
22 "For a lease or rental that does not require recurring periodic payments, the payment is sourced
23 the same as a retail sale in accordance with the provisions of subsection 310A."

24
25 Subsection 310A sources sales on the location where the customer receives the property. These
26 transactions are excluded from the origin sourcing election provided in Section 310.1. As such,
27 they are to be sourced according to Subsection 310B. If the lease payments are structured such
28 that it falls under Subsection 310B.2 as outlined in the situation provided, the payment is then
29 sourced under the hierarchy provided in Subsection 310A.

35 **Interpretative Opinion 2010-02**
36 **(Adopted August 17, 2010)**

37
38 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
39 Review and Interpretations Committee this day of May 27, 2010 in accordance with Article IX,
40 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
41 Inc.

42
43 The Governing Board requested the interpretation as a result of the issue being raised during the
44 2009 recertification compliance review.

1
2 Issue:
3

4 The issue being considered is whether an exemption for one-way paging conflicts with the
5 Agreement’s definition of paging? During the compliance review, the Compliance Review and
6 Interpretations Committee determined that a number of states were exempting one-way paging.
7 The Agreement contains a definition of “paging” which includes both one-way and two-way
8 paging. The Committee decided not to consider the issue as part of the compliance review and to
9 bring the issue to the attention of the Governing Board. The Governing Board asked the State
10 and Local Advisory Council (SLAC) to conduct research and to make a recommendation to the
11 Compliance Review and Interpretations Committee (CRIC).
12

13 Public Comment:
14

15 At the Governing Board’s request, the SLAC conducted research on the issue. There were state
16 and public comments received by SLAC which resulted in a paper that was submitted to CRIC.
17

18 Recommendation:
19

20 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
21 Governing Board a recommendation that the interpretation action proposed by the SLAC be
22 accepted. No action by the SLAC or the Governing Board to address “one-way paging” is
23 necessary at this time. States identified in the CRIC’s 2009 Compliance Review Report have
24 expressed the intent to address this matter within their states by eliminating use of the term “one-
25 way paging” (administratively or legislatively, as appropriate) so that all paging services in those
26 states (including one-way paging) are either taxed or exempt.
27

28 Rationale:
29

30 The Agreement defines “paging service” as “a ‘telecommunications service’ that provides
31 transmission of coded radio signals for the purpose of activating specific pagers; such
32 transmissions may include messages and/or sounds.” The Agreement does not contain a
33 definition for “one-way paging.”
34

35 Governing Board Rule 327.2, Part D provides that with respect to telecommunications, partial
36 exclusion of a definition is prohibited. A member state choosing to tax telecommunication
37 services shall use applicable definitions contained in the Streamlined Sales and Use Tax
38 Agreement and shall not exclude from imposition a part of any definition or any item included in
39 such a definition unless the Streamlined Sales and Use Tax Agreement specifically permits such
40 a variation. There is no such provision for taxing or exempting one type of paging and not the
41 other.
42

1 Most transmissions considered as paging now include some capacity for direct response (such as
2 a text message). True “one-way” paging (where there is no ability to directly respond to the
3 paging transmission) continues to exist, though perhaps on a very limited basis.

9 **Interpretative Opinion 2010-03**
10 **(Adopted October 7, 2010)**
11

12 This Interpretative Opinion recommendation is made to the Governing Board by the Compliance
13 Review and Interpretations Committee this day of September 16, 2010 in accordance with
14 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
15 Governing Board, Inc.
16

17 The party requesting the interpretation is Mr. David A. Fruchtman. The request was made on
18 August 18, 2010.
19

20 Issue:
21

22 Mr. Fruchtman asked, on behalf of a client, whether carbon dioxide used to make seltzer for
23 human consumption qualifies as “food and food ingredients.” According to the facts presented,
24 the company represented is a distributor and gas refiller of a table top seltzer making system.
25 The company’s customers initially purchase a table top seltzer making kit, which includes a
26 reusable seltzer dispenser weighing less than five pounds, two reusable plastic bottles, flavor
27 samples and a canister filled with beverage-grade carbon dioxide ("canisters"). Customers screw
28 a canister into the table top seltzer dispenser. To make seltzer at any time, a customer fills one of
29 the plastic bottles with tap water, attaches the filled bottle to the dispenser, and pushes a button
30 for one to two seconds, releasing gas into the water. The result is a fresh bottle of seltzer for
31 human consumption. The carbon dioxide changes the taste of water. The taste of carbonated
32 water is different than the taste of noncarbonated water because of the formation of carbonic acid
33 when the carbon dioxide is dissolved in water. The seltzer is ingested as part of the beverage.
34 Customers can add flavorings if they desire. This is the only use for the system. Mr. Fruchtman
35 requests a ruling that the company’s sales of its canisters of beverage-grade carbon dioxide
36 qualify as sales of "food and food ingredients" as that phrase is used in the Streamlined Sales and
37 Use Tax Agreement ("SSUTA"), Appendix C.
38

39 Public Comment:
40

41 No state or public written comments were received.
42

43 Recommendation:
44

1 By a vote of three to one of the members present, the Compliance Review and Interpretations
2 Committee submits to the Governing Board a recommendation that the interpretation proposed
3 by the requester be accepted.
4

5 Rationale:
6

7 Term “food and food ingredients” means “Substances, whether in liquid, concentrated, solid,
8 frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are
9 consumed for their taste or nutritional value.”
10

11 “Food and food ingredients” are substances. The term gas is in fact defined as a “substance.”
12 For example, a gas is “a substance at a temperature above its critical temperature and therefore
13 not liquefiable with pressure alone.[.]” *Webster’s Third International Dictionary, p. 937 (2002)*.
14 The definition of “food and food ingredients” identifies various forms in which “substances” can
15 exist. However, the list of described forms is not exclusive. Accordingly, a gas can qualify as a
16 “substance” as contemplated in the definition of “food and food ingredients.”
17

18 Under the facts presented, the identified beverage grade carbon dioxide gas is sold for ingestion
19 and is consumed for taste.
20

21 Based upon the forgoing, the beverage grade carbon dioxide gas qualifies as a “food and food
22 ingredient” because it is a substance, is sold for ingestion, and is consumed for taste.
