Compiler's Notes p. 164

1 **ARTICLE I**

2 **PURPOSE AND PRINCIPLE**

3
4 **Section 101: TITLE**

5 This multistate Agreement shall be referred to, cited, and known as the Streamlined Sales and
6 Use Tax Agreement.

7 **Section 102: FUNDAMENTAL PURPOSE**

8 It is the purpose of this Agreement to simplify and modernize sales and use tax administration in
9 the member states in order to substantially reduce the burden of tax compliance. The Agreement
10 focuses on improving sales and use tax administration systems for all sellers and for all types of
11 commerce through all of the following:

- 12 A. State level administration of sales and use tax collections.
- 13 B. Uniformity in the state and local tax bases.
- 14 C. Uniformity of major tax base definitions.
- 15 D. Central, electronic registration system for all member states.
- 16 E. Simplification of state and local tax rates.
- 17 F. Uniform sourcing rules for all taxable transactions.
- 18 G. Simplified administration of exemptions.
- 19 H. Simplified tax returns.
- 20 I. Simplification of tax remittances.
- 21 J. Protection of consumer privacy.

22 **Section 103: TAXING AUTHORITY PRESERVED**

23 This Agreement shall not be construed as intending to influence a member state to impose a tax
24 on or provide an exemption from tax for any item or service. However, if a member state
25 chooses to tax an item or exempt an item from tax, that state shall adhere to the provisions
26 concerning definitions as set out in Article III of this Agreement.

1 **Section 104: DEFINED TERMS**

2 This Agreement defines terms for use within the Agreement and for application in the sales and
3 use tax laws of the member states. The definition of a term is not intended to influence the
4 interpretation or application of that term with respect to other tax types.

5
6 An alphabetical list of all the terms defined in the Agreement and their location in the Agreement
7 is found in Appendix B of this Agreement, the Index of Definitions. Terms defined for use
8 within this Agreement are set out in Article II of the Agreement. Many of the uniform
9 definitions for application in the sales and use tax laws of the member states are set out in
10 Appendix C of this Agreement, the Library of Definitions. Definitions that are not set out in
11 Appendix C are defined when applied in a particular section of the Agreement and are set out in
12 that section of the Agreement. The appendices have the same effect as the Articles in the
13 Agreement.

14 **Section 105: TREATMENT OF VENDING MACHINES**

15 The provisions of the Agreement do not apply to vending machines sales. The Agreement does
16 not restrict how a member state taxes vending machine sales.

17

1 **ARTICLE II**
2 **DEFINITIONS**

3 The following definitions apply in this Agreement:

4 **Section 201: AGENT**

5 A person appointed by a seller to represent the seller before the member states.

6 **Section 202: CERTIFIED AUTOMATED SYSTEM (CAS)**

7 Software certified under the Agreement to calculate the tax imposed by each jurisdiction on a
8 transaction, determine the amount of tax to remit to the appropriate state, and maintain a record
9 of the transaction.

10 **Section 203: CERTIFIED SERVICE PROVIDER (CSP)**

11 An agent certified under the Agreement to perform all the seller's sales and use tax functions,
12 other than the seller's obligation to remit tax on its own purchases.

13 **Section 204: ENTITY-BASED EXEMPTION**

14 An exemption based on who purchases the product or who sells the product. An exemption that
15 is available to all individuals shall not be considered an entity-based exemption.

16 *See Compiler's Notes for history.*

17 **Section 205: MODEL 1 SELLER**

18 A seller registered under the Agreement that has selected a CSP as its agent to perform all the
19 seller's sales and use tax functions, other than the seller's obligation to remit tax on its own
20 purchases.

21 *See Compiler's Notes for history.*

22 **Section 206: MODEL 2 SELLER**

23 A seller registered under the Agreement that has selected a CAS to perform part of its sales and
24 use tax functions, but retains responsibility for remitting the tax.

25 *See Compiler's Notes for history.*

26 **Section 207: MODEL 3 SELLER**

27 A seller registered under the Agreement that has sales in at least five member states, has total
28 annual sales revenue of at least five hundred million dollars, has a proprietary system that
29 calculates the amount of tax due each jurisdiction, and has entered into a performance agreement

1 with the member states that establishes a tax performance standard for the seller. As used in this
2 definition, a seller includes an affiliated group of sellers using the same proprietary system.

3 *See Compiler's Notes for history.*

4 **Section 207.1: MODEL 4 SELLER**

5 A seller that is registered under the Agreement and is not a Model 1 Seller, a Model 2 Seller or a
6 Model 3 Seller.

7 *See Compiler's Notes for history.*

8 **Section 208: PERSON**

9 An individual, trust, estate, fiduciary, partnership, limited liability company, limited liability
10 partnership, corporation, or any other legal entity.

11 **Section 209: PRODUCT-BASED EXEMPTION**

12 An exemption based on the description of the product and not based on who purchases the
13 product or how the purchaser intends to use the product.

14 **Section 210: PURCHASER**

15 A person to whom a sale of personal property is made or to whom a service is furnished.

16 **Section 211: REGISTERED UNDER THIS AGREEMENT**

17 Registration by a seller with the member states under the central registration system provided in
18 Article IV of this Agreement.

19 **Section 212: SELLER**

20 A person making sales, leases, or rentals of personal property or services.

21 *See Compiler's Notes for history.*

22 *Interpretation issued: The Governing Board issued Interpretative Opinion 2008-01 relating to the definition of*
23 *"seller." That interpretation can be found in the Library of Interpretations in Appendix D.*

24 **Section 213: STATE**

25 Any state of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

26 *See Compiler's Notes for history.*

27 **Section 214: USE-BASED EXEMPTION**

28 An exemption based on a specified use of the product by the purchaser.

29 *See Compiler's Notes for history.*

1 **ARTICLE III**

2 **REQUIREMENTS EACH STATE MUST ACCEPT TO PARTICIPATE**

3
4 **Section 301: STATE LEVEL ADMINISTRATION**

5 A. Each member state shall provide state level administration of sales and use taxes subject to
6 the Agreement. The state level administration may be performed by a member state's Tax
7 Commission, Department of Revenue, or any other single entity designated by state law. Sellers
8 and purchasers are only required to register with, file returns with, and remit funds to the state
9 level authority. The state level authority of a member state shall provide for collection of any
10 local taxes and distribution of them to the appropriate taxing jurisdictions. The state level
11 authority shall conduct, or others may be authorized to conduct on its behalf, subject to the
12 provisions of subsection (B), all audits of the sellers and purchasers for that state's tax and the
13 tax of its local jurisdictions. Except as provided herein, local jurisdictions shall not conduct
14 independent sales or use tax audits of sellers and purchasers.

15
16 B. If authorized by its state law, nothing in this section prohibits the state level authority from
17 authorizing audits of taxpayers to be conducted or performed by others on behalf of the state
18 level authority so long as: (1) the person is conducting the audit for all taxes due and not just for
19 taxes due to a specific local taxing jurisdiction, (2) the person is subject to the same
20 confidentiality provisions (and other protections afforded to a taxpayer) as a person working for
21 the state level authority, (3) absent fraud, a refund claim filed subsequent to the audit that covers
22 part of the audit period or mutual consent, the audit does not cover an audit period already
23 conducted by the state level authority or another person acting on its behalf and (4) the audit is
24 subject to the same administrative and appeal procedures granted to audits conducted by the state
25 level authority.

26 *See Compiler's Notes for history.*

27 **Section 302: STATE AND LOCAL TAX BASES**

28 The tax base for local jurisdictions shall be identical to the state tax base unless otherwise
29 prohibited by federal law. This section does not apply to sales or use taxes levied on fuel used to
30 power motor vehicles, aircraft, locomotives, or watercraft, or to electricity, piped natural or

1 artificial gas or other fuels delivered by the seller and the retail sale or transfer of motor vehicles,
2 aircraft, watercraft, modular homes, manufactured homes, or mobile homes.

3 *See Compiler's Notes for history.*

4 **Section 303: SELLER REGISTRATION**

5 Each member state shall participate in an online sales and use tax registration system in
6 cooperation with the other member states. Under this system:

- 7 A. A seller registering under the Agreement shall be registered in each of the member states.
- 8 B. A model 2, model 3, or model 4 seller may elect to be registered in one or more states as
9 a seller which anticipates making no sales into such state(s) if it has not had sales into
10 such state(s) for the preceding 12 months. Such election does not relieve the seller of its
11 agreement pursuant to Section 401 (B) to collect taxes on all sales into such states or its
12 liability for remitting to the proper states any taxes collected.
- 13 C. The member states agree not to require the payment of any registration fees or other
14 charges for a seller to register in a state in which the seller has no legal requirement to
15 register.
- 16 D. A written signature from the seller is not required.
- 17 E. An agent may register a seller under uniform procedures adopted by the member states.
- 18 F. A seller may cancel its registration under the system at any time under uniform
19 procedures adopted by the governing board. Cancellation does not relieve the seller of its
20 liability for remitting to the proper states any taxes collected.
- 21 G. Nothing in this section shall be construed to relieve a seller of any legal obligation it may
22 have under a state's laws to register in that state or its obligation to collect and remit
23 taxes for at least thirty-six months in a state and meet all other requirements for amnesty
24 set out in Section 402 of this Agreement in order to be eligible for amnesty in such state.
- 25 H. Whenever a state joins the Agreement, sellers registered under the Agreement shall be
26 registered in the new state as follows:
 - 27 1. Model 1 sellers will be automatically registered in such state.
 - 28 2. Model 2, model 3 and model 4 sellers will be automatically registered in the
29 new state but may elect to be registered as a seller which anticipates making no
30 sales into the new state.

- 1 I. Upon registration, the governing board shall provide to the seller information regarding
2 the requirements and options for filing a simplified electronic return and for filing
3 remittances in any member state. Member states may provide information to sellers
4 concerning other tax return filing options in that state.
- 5 J. The governing board shall cause the system for registering under the Agreement to
6 include a feature that allows sellers registered under the Agreement to update relevant
7 registration data in the system and have such updated data provided to all member states.
8 The governing board shall establish conditions and procedures to allow states which are
9 not members of the Agreement to participate in the registration system.
- 10 K. The provisions of Subsections (B) and (H) of this section shall become effective on
11 January 1, 2010.

12 *See Compiler's Notes for history.*

13 **Section 304: NOTICE FOR STATE TAX CHANGES**

- 14 A. Each member state shall lessen the difficulties faced by sellers when there is a change in
15 a state sales or use tax rate or base by making a reasonable effort to do all of the
16 following:
- 17 1. Provide sellers with as much advance notice as practicable of a rate change.
 - 18 2. Limit the effective date of a rate change to the first day of a calendar quarter.
 - 19 3. Notify sellers of legislative changes in the tax base and amendments to sales and
20 use tax rules and regulations.
- 21 B. Failure of a seller to receive notice or failure of a member state to provide notice or limit
22 the effective date of a rate change shall not relieve the seller of its obligation to collect
23 sales or use taxes for that member state.
- 24 C. Each member state failing to provide for at least thirty days between the enactment of
25 the statute providing for a rate change and the effective date of such rate change shall
26 relieve the seller of liability for failing to collect tax at the new rate if:
- 27 1. the seller collected tax at the immediately preceding effective rate; and
 - 28 2. the seller's failure to collect at the newly effective rate does not extend beyond
29 thirty days after the date of enactment of the new rate.

- 1 D. Notwithstanding subsection (C), if the member state establishes the seller fraudulently
2 failed to collect at the new rate or solicits purchasers based on the immediately
3 preceding effective rate this relief does not apply.
- 4 E. Member states may provide for relief of liability for failing to collect tax as a result of a
5 tax change beyond the liability relief required by subsection (C).

6 *See Compiler's Notes for history.*

7 **Section 305: LOCAL RATE AND BOUNDARY CHANGES**

8 Each member state that has local jurisdictions that levy a sales or use tax shall:

- 9 A. Provide that local rate changes will be effective only on the first day of a calendar
10 quarter after a minimum of sixty days' notice to sellers.
- 11 B. Apply local sales tax rate changes to purchases from printed catalogs wherein the
12 purchaser computed the tax based upon local tax rates published in the catalog only on
13 the first day of a calendar quarter after a minimum of one hundred twenty days' notice to
14 sellers.
- 15 C. For sales and use tax purposes only, apply local jurisdiction boundary changes only on
16 the first day of a calendar quarter after a minimum of sixty days' notice to sellers.
- 17 D. Provide and maintain a database that describes boundary changes for all taxing
18 jurisdictions. This database shall include a description of the change and the effective
19 date of the change for sales and use tax purposes.
- 20 E. Provide and maintain a database of all sales and use tax rates for all of the jurisdictions
21 levying taxes within the state. For the identification of states, counties, cities, and
22 parishes, codes corresponding to the rates must be provided according to Federal
23 Information Processing Standards (FIPS) as developed by the National Institute of
24 Standards and Technology. For the identification of all other jurisdictions, codes
25 corresponding to the rates must be in the format determined by the governing board.
- 26 F. Provide and maintain a database that assigns each five digit and nine digit zip code
27 within a member state to the proper tax rates and jurisdictions. The state must apply the
28 lowest combined tax rate imposed in the zip code area if the area includes more than one
29 tax rate in any level of taxing jurisdictions. If a nine digit zip code designation is not
30 available for a street address or if a seller or CSP is unable to determine the nine digit zip

1 code designation applicable to a purchase after exercising due diligence to determine the
2 designation, the seller or CSP may apply the rate for the five digit zip code area. For the
3 purposes of this section, there is a rebuttable presumption that a seller or CSP has
4 exercised due diligence if the seller has attempted to determine the nine digit zip code
5 designation by utilizing software approved by the governing board that makes this
6 designation from the street address and the five digit zip code applicable to a purchase.

7 G. Have the option of providing address-based boundary database records for assigning
8 taxing jurisdictions and their associated rates which shall be in addition to the
9 requirements of subsection (F) of this section. The database records must be in the same
10 approved format as the database records pursuant to subsection (F) of this section and
11 must meet the requirements developed pursuant to the federal Mobile
12 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119(a)). The governing board may
13 allow a member state to require sellers that register under this Agreement to use an
14 address-based database provided by that member state. If any member state develops
15 address-based assignment database records pursuant to the Agreement, a seller or CSP
16 may use those database records in place of the five and nine-digit zip code database
17 records provided for in subsection (F) of this section. If a seller or CSP is unable to
18 determine the applicable rate and jurisdiction using an address-based database record
19 after exercising due diligence, the seller or CSP may apply the nine digit zip code
20 designation applicable to a purchase. If a nine-digit zip code designation is not available
21 for a street address or if a seller or CSP is unable to determine the nine digit zip code
22 designation applicable to a purchase after exercising due diligence to determine the
23 designation, the seller or CSP may apply the rate for the five digit zip code area. For the
24 purposes of this section, there is a rebuttable presumption that a seller or CSP has
25 exercised due diligence if the seller or CSP has attempted to determine the tax rate and
26 jurisdiction by utilizing software approved by the governing board that makes this
27 assignment from the address and zip code information applicable to the purchase.

28 H. States that have met the requirements of subsection (F) may also elect to certify vendor
29 provided address-based databases for assigning tax rates and jurisdictions. The
30 databases must be in the same approved format as the database records pursuant to (G)

1 of this section and must meet the requirements developed pursuant to the federal Mobile
2 Telecommunications Sourcing Act (4 U.S.C.A. Sec. 119 (a)). If a state certifies a
3 vendor address-based database, a seller or CSP may use that database in place of the
4 database provided for in subsection (F) or (G) of this section. Vendors providing
5 address-based databases may request certification of their databases from the governing
6 board. Certification by the governing board does not replace the requirement that the
7 databases be certified by the states individually.

- 8 I. Make databases provided pursuant to subsections (E), (F), (G) and (H) available to a
9 seller or CSP by the first day of the month prior to the first day of a calendar quarter.
10 Databases must be in a format approved by the governing board and available on each
11 state's website or other location determined by the governing board.

12 *See Compiler's Notes for history.*

13 **Section 306: RELIEF FROM CERTAIN LIABILITY**

14 Each member state shall relieve sellers and CSPs using databases pursuant to subsections (F),
15 (G) and (H) of Section 305 from liability to the member state and local jurisdictions for having
16 charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP
17 relying on erroneous data provided by a member state on tax rates, boundaries, or taxing
18 jurisdiction assignments. After providing adequate notice as determined by the governing board,
19 a member state that provides an address-based database for assigning taxing jurisdictions
20 pursuant to Section 305, subsection (G) or (H) may cease providing liability relief for errors
21 resulting from the reliance on the database provided by the member state under the provisions of
22 Section 305, subsection (F). If a seller demonstrates that requiring the use of the address-based
23 database would create an undue hardship, a member state and the governing board may extend
24 the relief from liability to such seller for a designated period of time.

25 *See Compiler's Notes for history.*

26 **Section 307: DATABASE REQUIREMENTS AND EXCEPTIONS**

- 27 A. The electronic databases provided for in Section 305, subsections (D), (E), (F), and (G)
28 shall be in a downloadable format approved by the governing board. The databases may
29 be directly provided by the state or provided by a vendor as designated by the state. A
30 database provided by a vendor as designated by a state shall be applicable to and subject

1 to all provisions of Sections 305, 306 and this section. These databases must be
2 provided at no cost to the user of the database.

3 B. The provisions of Section 305, subsections (F) and (G) do not apply when the purchased
4 product is received by the purchaser at the business location of the seller.

5 C. The databases provided by Section 305, subsections (D), (E), (F), and (G) are not a
6 requirement of a state prior to entering into the Agreement. A seller that did not have a
7 requirement to register in a state prior to registering pursuant to this Agreement or a CSP
8 shall not be required to collect sales or use taxes for a state until the first day of the
9 calendar quarter commencing more than sixty days after the state has provided the
10 databases required by Section 305, subsections (D), (E), and (F). Provided, for the initial
11 implementation of the Agreement pursuant to Section 701, a CSP shall be required to
12 collect sales or use taxes for each member state, subject to the provisions of Section 705,
13 pursuant to the terms of the operating agreement entered into between the CSP and the
14 governing board in order to provide adequate time for testing and loading of the
15 databases.

16 *See Compiler's Notes for history.*

17 **Section 308: STATE AND LOCAL TAX RATES**

18 A. No member state shall have multiple state sales and use tax rates on items of personal
19 property or services, except that a member state may impose a single additional rate,
20 which may be zero, on food and food ingredients and drugs as defined by state law
21 pursuant to the Agreement. In addition, if federal law prohibits the imposition of local
22 tax on a product that is subject to state tax, the state may impose an additional rate on
23 such product, provided such rate achieves tax parity for similar products.

24 B. A member state that has local jurisdictions that levy a sales or use tax shall not have
25 more than one local sales tax rate or more than one local use tax rate per local
26 jurisdiction. If the local jurisdiction levies both a sales tax and use tax, the local rates
27 must be identical.

28 C. The provisions of this section do not apply to sales or use taxes levied on fuel used to
29 power motor vehicles, aircraft, locomotives, or watercraft, or to electricity, piped natural
30 or artificial gas, or other fuels delivered by the seller, or the retail sale or transfer of

1 motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile
2 homes.

3 *See Compiler's Notes for history.*

4 **Section 309: APPLICATION OF GENERAL SOURCING RULES AND EXCLUSIONS**
5 **FROM THE RULES**

6 A. Each member state shall agree to require sellers to source the retail sale of a product in
7 accordance with Section 310 or Section 310.1. Except as provided in Section 310.1, the
8 provisions of Section 310 apply to all sales regardless of the characterization of a
9 product as tangible personal property, a digital good, or a service. Except as otherwise
10 provided in this Agreement, the provisions of Section 310 and Section 310.1 only apply
11 to determine a seller's obligation to pay or collect and remit a sales or use tax with
12 respect to the seller's retail sale of a product. These provisions do not affect the
13 obligation of a purchaser or lessee to remit tax on the use of the product to the taxing
14 jurisdictions of that use.

15 B. Sections 310 and 310.1 do not apply to sales or use taxes levied on the following:

- 16 1. The retail sale or transfer of watercraft, modular homes, manufactured homes, or mobile
17 homes. These items must be sourced according to the requirements of each member state.
- 18 2. The retail sale, excluding lease or rental, of motor vehicles, trailers, semi-trailers, or
19 aircraft that do not qualify as transportation equipment, as defined in Section 310,
20 subsection (D). The retail sale of these items shall be sourced according to the
21 requirements of each member state, and the lease or rental of these items must be sourced
22 according to Section 310, subsection (C).
- 23 3. Telecommunications services and ancillary services, as set out in Section 315, and Internet
24 access service shall be sourced in accordance with Section 314.
- 25 4. Florist sales as defined by each member state. Such sales must be sourced according to the
26 requirements of each member state.
- 27 5. The retail sale of products and services qualifying as direct mail shall be sourced in
28 accordance with Section 313.

29 *See Compiler's Notes for history.*

1 **Section 310: GENERAL SOURCING RULES**

2 A. Except as provided in Section 310.1, the retail sale, excluding lease or rental, of a
3 product shall be sourced as follows:

4 1. When the product is received by the purchaser at a business location of the seller,
5 the sale is sourced to that business location.

6 2. When the product is not received by the purchaser at a business location of the
7 seller, the sale is sourced to the location where receipt by the purchaser (or the
8 purchaser's donee, designated as such by the purchaser) occurs, including the
9 location indicated by instructions for delivery to the purchaser (or donee), known
10 to the seller.

11 3. When subsections (A)(1) and (A)(2) do not apply, the sale is sourced to the
12 location indicated by an address for the purchaser that is available from the
13 business records of the seller that are maintained in the ordinary course of the
14 seller's business when use of this address does not constitute bad faith.

15 4. When subsections (A)(1), (A)(2), and (A)(3) do not apply, the sale is sourced to
16 the location indicated by an address for the purchaser obtained during the
17 consummation of the sale, including the address of a purchaser's payment
18 instrument, if no other address is available, when use of this address does not
19 constitute bad faith.

20 5. When none of the previous rules of subsections (A)(1), (A)(2), (A)(3), or (A)(4)
21 apply, including the circumstance in which the seller is without sufficient
22 information to apply the previous rules, then the location will be determined by the
23 address from which tangible personal property was shipped, from which the digital
24 good or the computer software delivered electronically was first available for
25 transmission by the seller, or from which the service was provided (disregarding
26 for these purposes any location that merely provided the digital transfer of the
27 product sold).

28 B. The lease or rental of tangible personal property, other than property identified in
29 subsection (C) or subsection (D), shall be sourced as follows:

1. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection (A). Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.
2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (A).
3. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

C. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not qualify as transportation equipment, as defined in subsection (D), shall be sourced as follows:

1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.
2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (A).

1 3. This subsection does not affect the imposition or computation of sales or use tax on
2 leases or rentals based on a lump sum or accelerated basis, or on the acquisition of
3 property for lease.

4 D. The retail sale, including lease or rental, of transportation equipment shall be sourced
5 the same as a retail sale in accordance with the provisions of subsection (A),
6 notwithstanding the exclusion of lease or rental in subsection (A). “Transportation
7 equipment” means any of the following:

- 8 1. Locomotives and railcars that are utilized for the carriage of persons or property in
9 interstate commerce.
- 10 2. Trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001
11 pounds or greater, trailers, semi-trailers, or passenger buses that are:
 - 12 a. Registered through the International Registration Plan; and
 - 13 b. Operated under authority of a carrier authorized and certificated by
14 the U.S. Department of Transportation or another federal authority to
15 engage in the carriage of persons or property in interstate commerce.
- 16 3. Aircraft that are operated by air carriers authorized and certificated by the U.S.
17 Department of Transportation or another federal or a foreign authority to
18 engage in the carriage of persons or property in interstate or foreign commerce.
- 19 4. Containers designed for use on and component parts attached or secured on the
20 items set forth in subsections (D)(1) through (D)(3).

25 *(b) The Governing Board issued Interpretation 2007-02 on September 20, 2007 relating to the sourcing of sales*
26 *when a third party shipping company picks up the product at the seller’s location. That interpretation can be found*
27 *in the Library of Interpretations in Appendix D.*

28 **Section 310.1: ELECTION FOR ORIGIN-BASED SOURCING**

29 A. A member state that has local jurisdictions that levy or receive sales or use taxes may elect to
30 source the retail sale of tangible personal property and digital goods pursuant to the
31 provisions of this section in lieu of the provisions of subsection A (2), (3) and (4) of Section

1 310 if they comply with all provisions of subsection (C) of this section and the only
2 exception to Section 310 is the exception provided for in subsection (B) of this section.

3 B. A member state may source retail sales, excluding lease or rental, of tangible personal
4 property or digital goods to the location where the order is received by the seller if:

- 5 1. The order is received in the same state by the seller where receipt of the product by
6 the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs;
- 7 2. Location where receipt of the product by the purchaser occurs is determined pursuant
8 to Section 310A (2), (3) and (4); and
- 9 3. At the time the order is received, the recordkeeping system of the seller used to
10 calculate the proper amount of sales or use tax to be imposed captures the location
11 where the order is received.

12 C. A member state electing to source sales pursuant to this section shall comply with all of the
13 following:

- 14 1. When the location where the order is received by the seller and the location where the
15 receipt of the product by the purchaser (or the purchaser's donee, designated as such
16 by the purchaser) occurs as determined pursuant to Section 310A (2), (3) and (4) are
17 in different states, the sale must be sourced pursuant to the provisions of Section 310.
- 18 2. When the sale is sourced pursuant to this section to the location where the order is
19 received by the seller, only the sales tax for the location where the order is received
20 by the seller may be levied. No additional sales or use tax based on the location
21 where the product is delivered to the purchaser may be levied on that sale. The
22 purchaser shall not be entitled to any refund if the combined state and local rate or
23 rates at the location where the product is received by the purchaser is lower than the
24 rate where the order is received by the seller.
- 25 3. A member state may not require a seller to utilize a recordkeeping system which
26 captures the location where an order is received to calculate the proper amount of
27 sales or use tax to be imposed.
- 28 4. A purchaser shall have no additional liability to the state for tax, penalty or interest on
29 a sale for which the purchaser remits tax to the seller in the amount invoiced by the
30 seller if such invoice amount is calculated at either the rate applicable to the location

1 where receipt by the purchaser occurs or at the rate applicable to the location where
2 the order is received by the seller. A purchaser may rely on a written representation
3 by the seller as to the location where the order for such sale was received by the
4 seller. When the purchaser does not have a written representation by the seller as to
5 the location where the order for such sale was received by the seller, the purchaser
6 may use a location indicated by a business address for the seller that is available from
7 the business records of the purchaser that are maintained in the ordinary course of the
8 purchaser's business to determine the rate applicable to the location where the order
9 was received.

- 10 5. The location where the order is received by or on behalf of the seller means the
11 physical location of a seller or third party such as an established outlet, office location
12 or automated order receipt system operated by or on behalf of the seller where an
13 order is initially received by or on behalf of the seller and not where the order may be
14 subsequently accepted, completed or fulfilled. An order is received when all of the
15 information from the purchaser necessary to the determination whether the order can
16 be accepted has been received by or on behalf of the seller. The location from which
17 a product is shipped shall not be used in determining the location where the order is
18 received by the seller.
- 19 6. Such member state shall provide for direct pay permits pursuant to Section 326 of this
20 Agreement and the requirements of this subsection. Purchasers which remit sales and
21 use tax pursuant to such a permit shall remit tax at the rate in effect for the location
22 where receipt of the product by the purchaser occurs or the product is first used as
23 determined by state law. A member state may establish reasonable thresholds at
24 which level the member state will consider direct pay applications, provided the
25 threshold must be based upon purchases with no distinction between taxable and non-
26 taxable purchases. The member state shall establish a process for application for a
27 direct pay permit as provided herein. The member state may require the applicant to
28 demonstrate:

- 29 a. Ability to comply with the sales and use tax laws of the state,

- b. A showing of a business purpose for seeking direct payment permit and how the permit will benefit tax compliance, and
- c. Proof of good standing under the tax laws of the state.

The member state shall review all permit applications in a timely manner so that applicants receive notification of authorization or denial within one hundred twenty (120) days. The member state may not limit direct pay applicants to businesses engaged in manufacturing or businesses that do not know the ultimate use of the product at the time of the purchase.

- 7. When taxable services are sold with tangible personal property or digital products pursuant to a single contract or in the same transaction, are billed on the same billing statement(s), and, because of the application of this section, would be sourced to different jurisdictions, a member state shall elect either origin sourcing or destination sourcing to determine a single situs for that transaction. Such member state election is required until such time as the governing board adopts a uniform methodology to address such sales.
- 8. A member state that elects to source the sale of tangible personal property and digital goods pursuant to the provisions of this section shall inform the governing board of such election.

See Compiler's Notes for history.

Section 311: GENERAL SOURCING DEFINITIONS

For the purposes of Section 310, subsection (A), the terms "receive" and "receipt" mean:

- A. Taking possession of tangible personal property,
- B. Making first use of services, or
- C. Taking possession or making first use of digital goods, whichever comes first.

The terms "receive" and "receipt" do not include possession by a shipping company on behalf of the purchaser.

Section 312: MULTIPLE POINTS OF USE (Repealed on December 14, 2006)

See Compiler's Notes for history.

1 **Section 313: DIRECT MAIL SOURCING**

2 A. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
3 “advertising and promotional direct mail:”

4 1. A purchaser of “advertising and promotional direct mail” may provide the seller
5 with either:

6 a. A direct pay permit.

7 b. An Agreement certificate of exemption claiming “direct mail” (or other
8 written statement approved, authorized or accepted by the state); or

9 c. Information showing the jurisdictions to which the “advertising and
10 promotional direct mail” is to be delivered to recipients.

11 2. If the purchaser provides the permit, certificate or statement referred to in
12 subparagraph a or b of paragraph 1 of subsection (A) of this section, the seller, in the absence of
13 bad faith, is relieved of all obligations to collect, pay, or remit any tax on any transaction
14 involving “advertising and promotional direct mail” to which the permit, certificate or statement
15 applies. The purchaser shall source the sale to the jurisdictions to which the “advertising and
16 promotional direct mail” is to be delivered to the recipients and shall report and pay any
17 applicable tax due.

18 3. If the purchaser provides the seller information showing the jurisdictions to which
19 the “advertising and promotional direct mail” is to be delivered to recipients, the seller shall
20 source the sale to the jurisdictions to which the “advertising and promotional direct mail” is to be
21 delivered and shall collect and remit the applicable tax. In the absence of bad faith, the seller is
22 relieved of any further obligation to collect any additional tax on the sale of “advertising and
23 promotional direct mail” where the seller has sourced the sale according to the delivery
24 information provided by the purchaser.

25 4. If the purchaser does not provide the seller with any of the items listed in
26 subparagraphs a, b or c of paragraph 1 of subsection (A) of this section, the sale shall be sourced
27 according to Section 310.A.5. The state to which the “advertising and promotional direct mail”
28 is delivered may disallow credit for tax paid on sales sourced under this paragraph.

29 B. Notwithstanding Sections 310 and 310.1, the following provisions apply to sales of
30 “other direct mail.”

1 1. Except as otherwise provided in this paragraph, sales of “other direct mail” are
2 sourced in accordance with Section 310.A.3.

3 2. A purchaser of “other direct mail” may provide the seller with either:

4 a. A direct pay permit; or

5 b. An Agreement certificate of exemption claiming “direct mail” (or other
6 written statement approved, authorized or accepted by the state).

7 3. If the purchaser provides the permit, certificate or statement referred to in
8 subparagraph a or b of paragraph 2 of subsection (B) of this section, the seller, in the absence of
9 bad faith, is relieved of all obligations to collect, pay or remit any tax on any transaction
10 involving “other direct mail” to which the permit, certificate or statement apply.

11 Notwithstanding paragraph 1 subsection (B), the sale shall be sourced to the jurisdictions to
12 which the “other direct mail” is to be delivered to the recipients and the purchaser shall report
13 and pay applicable tax due.

14 C. For purposes of this section:

15 1. “Advertising and promotional direct mail” means:

16 a. printed material that meets the definition of “direct mail,” in Appendix C,
17 Part 1;

18 b. the primary purpose of which is to attract public attention to a product,
19 person, business or organization, or to attempt to sell, popularize or secure
20 financial support for a product, person, business or organization. As used in this
21 subsection, the word “product” means tangible personal property, a product
22 transferred electronically or a service.

23 2. “Other direct mail” means any direct mail that is not “advertising and promotional
24 direct mail” regardless of whether “advertising and promotional direct mail” is included in the
25 same mailing. The term includes, but is not limited to:

26 a. Transactional direct mail that contains personal information specific to the
27 addressee including, but not limited to, invoices, bills, statements of account,
28 payroll advices;

29 b. Any legally required mailings including, but not limited to, privacy
30 notices, tax reports and stockholder reports; and

1 c. Other non-promotional direct mail delivered to existing or former
2 shareholders, customers, employees, or agents including, but not limited to,
3 newsletters and informational pieces.

4 Other direct mail does not include the development of billing information or the
5 provision of any data processing service that is more than incidental.

6 D. 1. a. This section applies to a transaction characterized under state law as the
7 sale of services only if the service is an integral part of the production and distribution of printed
8 material that meets the definition of “direct mail.”

9 b. This section does not apply to any transaction that includes the
10 development of billing information or the provision of any data processing service that is more
11 than incidental regardless of whether “advertising and promotional direct mail” is included in the
12 same mailing.

13 2. If a transaction is a “bundled transaction” that includes “advertising and
14 promotion direct mail,” this section applies only if the primary purpose of the transaction is the
15 sale of products or services that meet the definition of “advertising and promotional direct mail.”

16 3. Nothing in this section shall limit any purchaser’s:

17 a. Obligation for sales or use tax to any state to which the direct mail is
18 delivered,

19 b. Right under local, state, federal or constitutional law, to a credit for sales
20 or use taxes legally due and paid to other jurisdictions, or

21 c. Right to a refund of sales or use taxes overpaid to any jurisdiction.

22 4. This section applies for purposes of uniformly sourcing “direct mail” transactions
23 and does not impose requirements on states regarding the taxation of products that meet the
24 definition of “direct mail” or to the application of sales for resale or other exemptions.

25 *See Compiler’s Notes for history.*

26 **Section 313.1: ELECTION FOR ORIGIN-BASED DIRECT MAIL SOURCING**

27 A. Notwithstanding Sections 310, 310.1 and 313, a member state may elect to source the
28 sale of all direct mail delivered or distributed from a location within the state and
29 delivered or distributed to a location within the state pursuant to the provisions of this
30 section.

- 1 B. If the purchaser provides the seller with a direct pay permit or an Agreement
2 certificate of exemption claiming direct mail (or other written statement approved,
3 authorized or accepted by the state), the seller, in the absence of bad faith, is relieved
4 of all obligations to collect, pay, or remit the applicable tax on any transaction
5 involving “direct mail.” The purchaser must report and pay any applicable tax due.
6 An Agreement certificate of exemption claiming direct mail shall remain in effect for
7 all future sales of direct mail by the seller to the purchaser until it is revoked in
8 writing.
- 9 C. Except as provide in subsection (B) and the second sentence of this subsection, the
10 seller shall collect the tax according to Section 310 A.5. To the extent the seller
11 knows that a portion of the sale of direct mail will be delivered or distributed to a
12 location in another state, the seller shall collect the tax on that portion according to
13 Section 313.
- 14 D. Notwithstanding subsection (C) of this section, a seller may elect to use the
15 provisions of Section 313 to source all sales of “advertising and promotional direct
16 mail.”
- 17 E. Nothing in this section limits a purchaser’s obligation for sales or use tax to any state
18 to which the direct mail is delivered, except that a purchaser whose direct mail is
19 sourced under the first sentence of subsection (C) of this section shall owe no
20 additional sales or use tax to that state based on where the purchaser uses or delivers
21 the direct mail in the state.
- 22 F. A member state that elects to source the sale of direct mail pursuant to the provisions
23 of this section shall inform the governing board in writing at least sixty days prior to
24 the beginning of the calendar quarter such election begins.

25 *See Compiler’s Notes for history.*

26 **Section 314: TELECOMMUNICATION AND RELATED SERVICES SOURCING RULE**

- 27 A. Except for the defined telecommunication services in subsection (C), the sale of
28 telecommunication service sold on a call-by-call basis shall be sourced to (i) each level
29 of taxing jurisdiction where the call originates and terminates in that jurisdiction or (ii)

1 each level of taxing jurisdiction where the call either originates or terminates and in
2 which the service address is also located.

3 B. Except for the defined telecommunication services in subsection (C), a sale of
4 telecommunications services sold on a basis other than a call-by-call basis, is sourced to
5 the customer's place of primary use.

6 C. The sale of the following telecommunication services shall be sourced to each level of
7 taxing jurisdiction as follows:

8 1. A sale of mobile telecommunications services other than air-to-ground radiotelephone
9 service and prepaid calling service, is sourced to the customer's place of primary use as
10 required by the Mobile Telecommunications Sourcing Act.

11 2. A sale of post-paid calling service is sourced to the origination point of the
12 telecommunications signal as first identified by either (i) the seller's telecommunications
13 system, or (ii) information received by the seller from its service provider, where the
14 system used to transport such signals is not that of the seller.

15 3. A sale of prepaid calling service or a sale of a prepaid wireless calling service is sourced
16 in accordance with Section 310. Provided however, in the case of a sale of prepaid
17 wireless calling service, the rule provided in Section 310, subsection (A)(5) shall include
18 as an option the location associated with the mobile telephone number.

19 4. A sale of a private communication service is sourced as follows:

20 a. Service for a separate charge related to a customer channel termination
21 point is sourced to each level of jurisdiction in which such customer
22 channel termination point is located.

23 b. Service where all customer termination points are located entirely within
24 one jurisdiction or levels of jurisdiction is sourced in such jurisdiction in
25 which the customer channel termination points are located.

26 c. Service for segments of a channel between two customer channel
27 termination points located in different jurisdictions and which segment of
28 channel are separately charged is sourced fifty percent in each level of
29 jurisdiction in which the customer channel termination points are located.

1 d. Service for segments of a channel located in more than one jurisdiction or
2 levels of jurisdiction and which segments are not separately billed is
3 sourced in each jurisdiction based on the percentage determined by
4 dividing the number of customer channel termination points in such
5 jurisdiction by the total number of customer channel termination points.

6 D. The sale of Internet access service is sourced to the customer's place of primary
7 use.

8 E. The sale of an ancillary service is sourced to the customer's place of primary use.

9 *See Compiler's Notes for history.*

10 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS**

11 For the purpose of Section 314, the following definitions apply:

12 A. "Air-to-Ground Radiotelephone service" means a radio service, as that term is
13 defined in 47 CFR 22.99, in which common carriers are authorized to offer and
14 provide radio telecommunications service for hire to subscribers in aircraft.

15 B. "Ancillary services" means services that are associated with or incidental to the
16 provision of "telecommunications services", including but not limited to "detailed
17 telecommunications billing", "directory assistance", "vertical service", and "voice
18 mail services".

19 C. "Call-by-call Basis" means any method of charging for telecommunications services
20 where the price is measured by individual calls.

21 D. "Communications Channel" means a physical or virtual path of communications over
22 which signals are transmitted between or among customer channel termination
23 points.

24 E. "Customer" means the person or entity that contracts with the seller of
25 telecommunications services. If the end user of telecommunications services is not
26 the contracting party, the end user of the telecommunications service is the customer
27 of the telecommunication service, but this sentence only applies for the purpose of
28 sourcing sales of telecommunications services under Section 314. "Customer" does
29 not include a reseller of telecommunications service or for mobile

1 telecommunications service of a serving carrier under an agreement to serve the
2 customer outside the home service provider's licensed service area.

3 F. "Customer Channel Termination Point" means the location where the customer either
4 inputs or receives the communications.

5 G. "End user" means the person who utilizes the telecommunication service. In the case
6 of an entity, "end user" means the individual who utilizes the service on behalf of the
7 entity.

8 H. "Home service provider" means the same as that term is defined in Section 124(5) of
9 Public Law 106-252 (Mobile Telecommunications Sourcing Act).

10 I. "Mobile telecommunications service" means the same as that term is defined in
11 Section 124(7) of Public Law 106-252 (Mobile Telecommunications Sourcing Act).

12 J. "Place of primary use" means the street address representative of where the
13 customer's use of the telecommunications service primarily occurs, which must be
14 the residential street address or the primary business street address of the customer.
15 In the case of mobile telecommunications services, "place of primary use" must be
16 within the licensed service area of the home service provider.

17 K. "Post-paid calling service" means the telecommunications service obtained by
18 making a payment on a call-by-call basis either through the use of a credit card or
19 payment mechanism such as a bank card, travel card, credit card, or debit card, or by
20 charge made to a telephone number which is not associated with the origination or
21 termination of the telecommunications service. A post-paid calling service includes
22 a telecommunications service, except a prepaid wireless calling service, that would
23 be a prepaid calling service except it is not exclusively a telecommunication service.

24 L. "Prepaid calling service" means the right to access exclusively telecommunications
25 services, which must be paid for in advance and which enables the origination of
26 calls using an access number or authorization code, whether manually or
27 electronically dialed, and that is sold in predetermined units or dollars of which the
28 number declines with use in a known amount.

29 M. "Prepaid wireless calling service" means a telecommunications service that provides
30 the right to utilize mobile wireless service as well as other non-telecommunications

1 services, including the download of digital products delivered electronically, content
2 and ancillary services, which must be paid for in advance that is sold in
3 predetermined units or dollars of which the number declines with use in a known
4 amount.

5 N. "Private communication service" means a telecommunication service that entitles the
6 customer to exclusive or priority use of a communications channel or group of
7 channels between or among termination points, regardless of the manner in which
8 such channel or channels are connected, and includes switching capacity, extension
9 lines, stations, and any other associated services that are provided in connection with
10 the use of such channel or channels.

11 O. "Service address" means:

12 1. The location of the telecommunications equipment to which a customer's call is
13 charged and from which the call originates or terminates, regardless of where
14 the call is billed or paid.

15 2. If the location in subsection (O)(1) is not known, service address means the
16 origination point of the signal of the telecommunications services first
17 identified by either the seller's telecommunications system or in information
18 received by the seller from its service provider, where the system used to
19 transport such signals is not that of the seller.

20 3. If the location in subsection (O)(1) and subsection (O)(2) are not known, the
21 service address means the location of the customer's place of primary use.

22 *See Compiler's Notes for history.*

23 **Section 316: ENACTMENT OF EXEMPTIONS**

24 A. A member state shall enact entity-based, use-based and product-based exemptions in
25 accordance with the provisions of this section and shall utilize common definitions in
26 accordance with the provisions of Section 327 and Library of Definitions in Appendix C
27 of this Agreement.

28 B. (1) A member state may enact a product-based exemption without restriction if Part II of
29 the Library of Definitions does not have a definition for such product.

1 (2) A member state may enact a product-based exemption for a product if Part II of the
2 Library of Definitions has a definition for such product and the member state utilizes in
3 the exemption the product definition in a manner consistent with Part II of the Library of
4 Definitions and Section 327 of this Agreement.

5 (3) A member state may enact a product-based exemption exempting all items included
6 within a definition in Part II of the Library of Definitions but shall not exempt specific
7 items included within the product definition unless the product definition sets out an
8 exclusion for such item.

9 C. (1) A member state may enact an entity-based or a use-based exemption for a product
10 without restriction if Part II of the Library of Definitions does not have a definition for
11 such product.

12 (2) A member state may enact an entity-based or a use-based exemption for a product if
13 Part II of the Library of Definitions has a definition for such product and the member
14 state utilizes in the exemption the product definition in a manner consistent with Part II of
15 the Library of Definitions and Section 327 of this Agreement.

16 (3) A member state may enact an entity-based exemption for an item if Part II of the
17 Library of Definitions does not have a definition for such item but has a definition for a
18 product that includes such item.

19 (4) A member state may not enact a use-based exemption for an item which effectively
20 constitutes a product-based exemption if Part II of the Library of Definitions has a
21 definition for a product that includes such item.

22 (5) A member state may enact a use-based exemption for an item if Part II of the Library
23 of Definitions has a definition for a product that includes such item, if not prohibited in
24 Subsection (C) (4) of this section and if consistent with the definition in Part II of the
25 Library of Definitions.

26 For purposes of complying with the requirements in this section, the inclusion of a product
27 within the definition of tangible personal property is disregarded.

28 *See Compiler's Notes for history.*

29

30

1 **Section 317: ADMINISTRATION OF EXEMPTIONS**

2 A. Each member state shall observe the following provisions when a purchaser claims an
3 exemption:

- 4 1. The seller shall obtain identifying information of the purchaser and the reason for
5 claiming a tax exemption at the time of the purchase as determined by the governing
6 board.
- 7 2. A purchaser is not required to provide a signature to claim an exemption from tax
8 unless a paper exemption certificate is used.
- 9 3. The seller shall use the standard form for claiming an exemption electronically as
10 adopted by the governing board.
- 11 4. The seller shall obtain the same information for proof of a claimed exemption
12 regardless of the medium in which the transaction occurred.
- 13 5. A member state may utilize a system wherein the purchaser exempt from the payment
14 of the tax is issued an identification number that shall be presented to the seller at the
15 time of the sale.
- 16 6. The seller shall maintain proper records of exempt transactions and provide them to a
17 member state when requested.
- 18 7. A member state shall administer use-based and entity-based exemptions when
19 practicable through a direct pay permit, an exemption certificate, or another means
20 that does not burden sellers.
- 21 8. In the case of drop shipment sales, member states must allow a third party vendor
22 (e.g., drop shipper) to claim a resale exemption based on an exemption certificate
23 provided by its customer/re-seller or any other acceptable information available to the
24 third party vendor evidencing qualification for a resale exemption, regardless of
25 whether the customer/re-seller is registered to collect and remit sales and use tax in the
26 state where the sale is sourced.

27 B. Each member state shall relieve sellers that follow the requirements of this section from
28 the tax otherwise applicable if it is determined that the purchaser improperly claimed an
29 exemption and to hold the purchaser liable for the nonpayment of tax. This relief from
30 liability does not apply to a seller who fraudulently fails to collect tax; to a seller who

1 solicits purchasers to participate in the unlawful claim of an exemption; to a seller who
2 accepts an exemption certificate when the purchaser claims an entity-based exemption
3 when (1) the subject of the transaction sought to be covered by the exemption certificate
4 is actually received by the purchaser at a location operated by the seller and (2) the state
5 in which that location resides provides an exemption certificate that clearly and
6 affirmatively indicates (graying out exemption reason types on the uniform form and
7 posting it on a state's web site is an indicator) that the claimed exemption is not
8 available in that state.

9 C. Each state shall relieve a seller of the tax otherwise applicable if the seller obtains a fully
10 completed exemption certificate or captures the relevant data elements required under
11 the Agreement within 90 days subsequent to the date of sale. A member state may
12 provide for a period longer than 90 days for the seller to obtain necessary information.

13 D.

- 14 1. If the seller has not obtained an exemption certificate or all relevant data elements as
15 provided in Section 317, subsection (C) a member state shall provide the seller with
16 120 days subsequent to a request for substantiation by a member state, to either:
- 17 a. Obtain a fully completed exemption certificate from the purchaser, taken in good
18 faith which means that the seller obtain a certificate that claims an exemption that
19 (i) was statutorily available on the date of the transaction in the jurisdiction where
20 the transaction is sourced, (ii) could be applicable to the item being purchased,
21 and (iii) is reasonable for the purchaser's type of business; or
 - 22 b. Obtain other information establishing that the transaction was not subject to the
23 tax.

24 A member state may provide for a period longer than 120 days for sellers to
25 obtain the necessary information.

- 26
- 27 2. If the seller obtains the information described in subsection (D)(1) of this section,
28 the member state shall relieve the seller of any liability for the tax on the transaction
29 unless it is discovered through the audit process that the seller had knowledge or had
30 reason to know at the time such information was provided that the information relating to

1 the exemption claimed was materially false or the seller otherwise knowingly participated
2 in activity intended to purposefully evade the tax that is properly due on the transaction.
3 The state must establish that the seller had knowledge or had reason to know at the time
4 the information was provided that the information was materially false.

5 E. Nothing in this section shall affect the ability of member states to require purchasers to
6 update exemption certificate information or to reapply with the state to claim certain
7 exemptions.

8 F. Each member state shall relieve a seller of the tax otherwise applicable if it obtains a
9 blanket exemption certificate from a purchaser with which the seller has a recurring
10 business relationship. Notwithstanding the provisions of subsection (E) of this section, a
11 member state may not request from the seller renewal of blanket certificates or updates of
12 exemption certificate information or data elements when there is a recurring business
13 relationship between the buyer and seller. For purposes of this section a recurring
14 business relationship exists when a period of no more than twelve months elapses
15 between sales transactions.

16 G. Each state shall post on its website the uniform paper exemption certificate (streamlined
17 sales and use tax exemption certificate) as revised and adopted by the Governing Board,
18 with any applicable graying out of non-applicable exemption types (pursuant to
19 subsection (B) of this Section and Rule 317.1.A.5.a.). Every state shall conform to the
20 amendment in subdivision D of this section by July 31, 2010.

21 *See Compiler's Notes for history.*

22 *Interpretation issued: On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-03 related to*
23 *the meaning of "120 days" in Section 317.D 1. That interpretation can be found in the Library of Interpretations in*
24 *Appendix D.*

25 **Section 318: UNIFORM TAX RETURNS**

26 Each member state shall:

27 A. Require that only a single tax return for each taxing period for each seller be filed for
28 the member state to include all the taxing jurisdictions within the member state.

29 B.

1. Require that returns be due no sooner than the twentieth day of the month following the month in which the transaction occurred.
2. When the due date for a return falls on a Saturday or Sunday or legal holiday in the subject member state, the return shall be due on the next succeeding business day. If the return is filed in conjunction with a remittance and the remittance cannot be made pursuant to Section 319.E.2, the return shall be accepted as timely filed on the same day as the remittance under that subsection.

C. Make available to all sellers, whether or not registered under the Agreement, except sellers of products qualifying for exclusion from the provisions of Section 308 of this Agreement, a simplified return that is filed electronically as follows:

1. The simplified electronic return (hereinafter SER) shall be in a form approved by the governing board and shall contain only those fields approved by the governing board. The SER shall contain two parts. Part 1 shall contain information relating to remittances and allocations and part 2 shall contain information relating to exempt sales.
2. Each member state must notify the governing board if it requires the submission of the part 2 information. Provided, no state may require the submission of part 2 information from a model 4 seller which has no legal requirement to register in such state.
3. Returns shall be required as follows;
 - a. Certified service providers must file a SER in all member states on behalf of model 1 sellers. Certified service providers, on behalf of such sellers, shall file the audit reports provided for in Article V of the governing board's rules and procedures for such states, and in addition, shall be required to file part 1 of the SER each month for each member state. A state shall allow a model 1 seller to file both part 1 and the part 2 of the SER. A model 1 seller which chooses to file both part 1 and the part 2 of the SER shall still be required to file the audit reports provided for in Article V of the governing board's rules and procedures.

1 b. Model 2 and model 3 sellers must file a SER in all member states other than
2 states for which they have indicated that they anticipate making no sales.
3 Such sellers shall file part 1 of the SER every month for all states in which
4 they anticipate making sales. Such sellers need not file part 2 information
5 until January 1, 2012. After such date they shall have the following options
6 for meeting their obligation to furnish part 2 information:

7 i) File part 2 of the SER together with part 1 of the SER every month;

8 or

9 ii) File part 2 of the SER at the same time part 1 of the SER for the
10 month of December is due. Part 2 information filed pursuant to this
11 option shall cover the month of December and all previous months of
12 the same calendar year and shall only require annual and not monthly
13 totals.

14 Such sellers shall only be required to file part 2 of the SER for any
15 state which has notified the governing board that it will require the
16 submission of the part 2 information pursuant to paragraph 2 of this
17 subsection.

18 c. No later than January 1, 2011, every member state shall allow model 4 sellers
19 to file a SER. Such sellers shall file part 1 of the SER every month unless a
20 state allows less frequent filing. Model 4 sellers which have a legal
21 requirement to register in such state shall have the following options for
22 meeting their obligation to furnish part 2 information:

23 i) File part 2 of the SER together with part 1 of the SER; or

24 ii) File part 2 of the SER at the same time part 1 of the SER for the
25 month of December is due. Part 2 information filed pursuant to this
26 option shall cover the months of December and all previous months
27 of the same calendar year and shall only require annual and not
28 monthly totals.

29 Such sellers shall only be required to file part 2 of the SER for any
30 state which has notified the governing board that it will require the

1 submission of the part 2 information pursuant to paragraph (2) of this
2 subsection. Model 4 sellers which elect not to file a SER shall file
3 returns in the form and pursuant to schedules afforded to sellers not
4 registered under the Agreement according to the requirements of each
5 member state.

6 d. No later than January 1, 2013 every member state shall allow sellers not
7 registered under the Agreement that are registered in the state to file a SER.
8 Such sellers shall file part 1 of the SER every month unless a state allows less
9 frequent filing and shall have the following options for meeting their
10 obligation to furnish part 2 information:

- 11 i) File part 2 of the SER together with part 1 of the SER; or
- 12 ii) File part 2 of the SER at the same time part 1 of the SER for the
13 month of December is due. Part 2 information filed pursuant to this
14 option shall cover the month of December and all previous months of
15 the same calendar year and shall only require annual and not monthly
16 totals.

17 Such sellers shall only be required to file part 2 of the SER for any
18 state which has notified the governing board that it will require the
19 submission of the part 2 information pursuant to paragraph (2) of this
20 subsection.

21 4. A state which requires the submission of part 2 information pursuant to paragraph
22 (2) of this subsection may provide an exemption from this requirement to a seller
23 under terms and conditions set out by the state.

24 5. A state may require a seller which elects to file a SER to give at least three
25 months notice of the seller's intent to discontinue filing a SER.

26 D. Not after January 1, 2010 require the filing of a return from a seller that is registered under
27 the Agreement which has indicated at the time of registration that it anticipates making no
28 sales which would be sourced to the state under the Agreement. A seller shall lose such
29 exemption upon making any taxable sales into such state and shall file a return in the month

1 following such sale. A state may, but is not required to, allow a seller to regain such filing
2 exemption upon such terms and condition as the state may impose.

- 3 E. Adopt a standardized transmission process to allow for receipt of uniform tax returns and
4 other formatted information as approved by the governing board. Such a process will
5 provide for the filing of separate returns for multiple legal entities in a single transmission
6 for each state and will not include any requirement for manual entry or input by the seller of
7 any of the aforementioned information. This process will allow a certified service provider,
8 a tax preparer, or any other person authorized to do so, to file returns for more than one
9 seller in a single electronic transmission. However, sellers filing returns for multiple legal
10 entities may only do so for affiliated legal entities.
- 11 F. After January 1, 2010 give notice to a seller registered under this Agreement which has no
12 legal requirement to register in the state, or a failure to file a required return and a minimum
13 of thirty days to file thereafter prior to establishing a liability amount for taxes based solely
14 on the seller's failure to timely file a return. Provided, a member state may establish a
15 liability amount for taxes based solely on the seller's failure to timely file a return if such
16 seller has a history of non-filing or late filing.
- 17 G. Nothing in this section shall prohibit a state from allowing additional return options or the
18 filing of returns less frequently.

19 *See Compiler's Notes for history.*

20 **Section 319: UNIFORM RULES FOR REMITTANCES OF FUNDS**

21 Each member state shall:

- 22 A. Require only one remittance for each return except as provided in this subsection. If any
23 additional remittance is required, it may only be required from sellers that collect more
24 than thirty thousand dollars in sales and use taxes in the member state during the
25 preceding calendar year as provided herein. The state shall allow the amount of any
26 additional remittance to be determined through a calculation method rather than actual
27 collections. Any additional remittances shall not require the filing of an additional return.
- 28 B. Require, at each member state's discretion, all remittances in payment of taxes reported
29 on the approved simplified return format to be remitted electronically.
- 30 C. Allow for electronic payments by all remitters by both ACH Credit and ACH Debit.

1 D. Provide an alternative method for making "same day" payments if an electronic funds
2 transfer fails.

3 E.

4 1. Provide that if a due date for a payment falls on a Saturday, Sunday, or legal
5 holiday in a member state, the payment, including any related payment voucher
6 information, is due to that state on the next succeeding business day.

7 2. Additionally, if the Federal Reserve Bank is closed on a due date that prohibits a
8 person from being able to make a payment by ACH Debit or Credit, the payment
9 shall be accepted as timely if made on the next day the Federal Reserve Bank is
10 open.

11 F. Require that any data that accompanies a remittance be formatted using uniform tax type
12 and payment type codes approved by the governing board.

13 G. Adopt a standardized transmission process approved by the governing board that allows
14 for the remittance in a single electronic transmission of a single (bulk) payment for taxes
15 reported on multiple SERs by affiliated entities, certified service providers or preparers.
16 Each state shall comply with this provision no later than two years after the governing
17 board approves such a standardized transmission process.

18 *See Compiler's Notes for history.*

19 **Section 320: UNIFORM RULES FOR RECOVERY OF BAD DEBTS**

20 Each member state shall use the following to provide a deduction for bad debts to a seller. To
21 the extent a member state provides a bad debt deduction to any other party, the same procedures
22 will apply. Each member state shall:

23 A. Allow a deduction from taxable sales for bad debts. Any deduction taken that is
24 attributed to bad debts shall not include interest.

25 B. Utilize the federal definition of "bad debt" in 26 U.S.C. Sec. 166 as the basis for
26 calculating bad debt recovery. However, the amount calculated pursuant to 26 U.S.C.
27 Sec. 166 shall be adjusted to exclude: financing charges or interest; sales or use taxes
28 charged on the purchase price; uncollectable amounts on property that remain in the
29 possession of the seller until the full purchase price is paid; expenses incurred in
30 attempting to collect any debt, and repossessed property.

- 1 C. Allow bad debts to be deducted on the return for the period during which the bad debt is
2 written off as uncollectable in the claimant's books and records and is eligible to be
3 deducted for federal income tax purposes. For purposes of this subsection, a claimant
4 who is not required to file federal income tax returns may deduct a bad debt on a return
5 filed for the period in which the bad debt is written off as uncollectable in the claimant's
6 books and records and would be eligible for a bad debt deduction for federal income tax
7 purposes if the claimant was required to file a federal income tax return.
- 8 D. Require that, if a deduction is taken for a bad debt and the debt is subsequently collected
9 in whole or in part, the tax on the amount so collected must be paid and reported on the
10 return filed for the period in which the collection is made.
- 11 E. Provide that, when the amount of bad debt exceeds the amount of taxable sales for the
12 period during which the bad debt is written off, a refund claim may be filed within the
13 member state's otherwise applicable statute of limitations for refund claims; however, the
14 statute of limitations shall be measured from the due date of the return on which the bad
15 debt could first be claimed.
- 16 F. Where filing responsibilities have been assumed by a CSP, allow the service provider to
17 claim, on behalf of the seller, any bad debt allowance provided by this section. The CSP
18 must credit or refund the full amount of any bad debt allowance or refund received to the
19 seller.
- 20 G. Provide that, for the purposes of reporting a payment received on a previously claimed
21 bad debt, any payments made on a debt or account are applied first proportionally to the
22 taxable price of the property or service and the sales tax thereon, and secondly to interest,
23 service charges, and any other charges.
- 24 H. In situations where the books and records of the party claiming the bad debt allowance
25 support an allocation of the bad debts among the member states, permit the allocation.

26 **Section 321: CONFIDENTIALITY AND PRIVACY PROTECTIONS UNDER MODEL 1**

- 27 A. The purpose of this section is to set forth the member states' policy for the protection of
28 the confidentiality rights of all participants in the system and of the privacy interests of
29 consumers who deal with Model 1 sellers.

- 1 B. As used in this section, the term "confidential taxpayer information" means all
2 information that is protected under a member state's laws, regulations, and privileges; the
3 term "personally identifiable information" means information that identifies a person; and
4 the term "anonymous data" means information that does not identify a person.
- 5 C. The member states agree that a fundamental precept in Model 1 is to preserve the privacy
6 of consumers by protecting their anonymity. With very limited exceptions, a CSP shall
7 perform its tax calculation, remittance, and reporting functions without retaining the
8 personally identifiable information of consumers.
- 9 D. The governing board may certify a CSP only if that CSP certifies that:
- 10 1. Its system has been designed and tested to ensure that the fundamental precept of
11 anonymity is respected;
 - 12 2. That personally identifiable information is only used and retained to the extent
13 necessary for the administration of Model 1 with respect to exempt purchasers and
14 proper identification of taxing jurisdictions;
 - 15 3. It provides consumers clear and conspicuous notice of its information practices,
16 including what information it collects, how it collects the information, how it uses the
17 information, how long, if at all, it retains the information and whether it discloses the
18 information to member states. Such notice shall be satisfied by a written privacy
19 policy statement accessible by the public on the official web site of the CSP;
 - 20 4. Its collection, use and retention of personally identifiable information will be limited
21 to that required by the member states to ensure the validity of exemptions from
22 taxation that are claimed by reason of a consumer's status or the intended use of the
23 goods or services purchased and for documentation of the correct assignment of taxing
24 jurisdictions; and
 - 25 5. It provides adequate technical, physical, and administrative safeguards so as to protect
26 personally identifiable information from unauthorized access and disclosure.
- 27 E. Each member state shall provide public notification to consumers, including their exempt
28 purchasers, of the state's practices relating to the collection, use and retention of
29 personally identifiable information.

- 1 F. When any personally identifiable information that has been collected and retained is no
2 longer required for the purposes set forth in subsection (D)(4), such information shall no
3 longer be retained by the member states.
- 4 G. When personally identifiable information regarding an individual is retained by or on
5 behalf of a member state, such state shall provide reasonable access by such individual to
6 his or her own information in the state's possession and a right to correct any inaccurately
7 recorded information.
- 8 H. If anyone other than a member state, or a person authorized by that state's law or the
9 Agreement, seeks to discover personally identifiable information, the state from whom
10 the information is sought should make a reasonable and timely effort to notify the
11 individual of such request.
- 12 I. This privacy policy is subject to enforcement by member states' attorneys general or other
13 appropriate state government authority.
- 14 J. Each member states' laws and regulations regarding the collection, use, and maintenance
15 of confidential taxpayer information remain fully applicable and binding. Without
16 limitation, the Agreement does not enlarge or limit the member states' authority to:
- 17 1. Conduct audits or other review as provided under the Agreement and state law.
 - 18 2. Provide records pursuant to a member state's Freedom of Information Act, disclosure
19 laws with governmental agencies, or other regulations.
 - 20 3. Prevent, consistent with state law, disclosures of confidential taxpayer information.
 - 21 4. Prevent, consistent with federal law, disclosures or misuse of federal return
22 information obtained under a disclosure agreement with the Internal Revenue Service.
 - 23 5. Collect, disclose, disseminate, or otherwise use anonymous data for governmental
24 purposes.
- 25 K. This privacy policy does not preclude the governing board from certifying a CSP whose
26 privacy policy is more protective of confidential taxpayer information or personally
27 identifiable information than is required by the Agreement.

28 *See Compiler's Notes for history.*

1 **Section 322: SALES TAX HOLIDAYS**

2 A. If a member state allows for temporary exemption periods, commonly referred to as sales
3 tax holidays, the member state shall:

- 4 1. Not apply an exemption unless the items to be exempted are specifically defined in
5 Part II or Part III(B) of the Library of Definitions and the exemptions are uniformly
6 applied to state and local sales and use taxes.
- 7 2. Provide notice of the exemption period at least sixty days' prior to the first day of the
8 calendar quarter in which the exemption period will begin.
- 9 3. Not apply an entity or use based exemption to items except a member state may limit
10 a product based exemption to items purchased for personal or non-business use.
- 11 4. Not require a seller to obtain an exemption certificate or other certification from a
12 purchaser for items to be exempted during a sales tax holiday.

13 B. A member state may establish a sales tax holiday that utilizes price thresholds set by
14 such state and the provisions of the Agreement on the use of thresholds shall not
15 apply to exemptions provided by a state during a sales tax holiday. In order to
16 provide uniformity, a price threshold established by a member state for exempt
17 items shall include only items priced below the threshold. A member state shall not
18 exempt only a portion of the price of an individual item during a sales tax holiday.

19 C. The following procedures are to be used by member states in administering a sales
20 tax holiday exemption:

- 21 1. Layaway sales - A sale of eligible property under a layaway sale qualifies for
22 exemption if:
 - 23 a. final payment on a layaway order is made by, and the property is given
24 to, the purchaser during the exemption period; or
 - 25 b. the purchaser selects the property and the retailer accepts the order for
26 the item during the exemption period, for immediate delivery upon full
27 payment, even if delivery is made after the exemption period.
- 28 2. Bundled sales - Member states will follow the same procedure during the sales
29 tax holiday as agreed upon for handling a bundled sale at other times.

- 1 3. Coupons and discounts - A discount by the seller reduces the sales price of the
2 property and the discounted sales price determines whether the sales price is
3 within a sales tax holiday price threshold of a member state. A coupon that
4 reduces the sales price is treated as a discount if the seller is not reimbursed
5 for the coupon amount by a third-party. If a discount applies to the total
6 amount paid by a purchaser rather than to the sales price of a particular item
7 and the purchaser has purchased both eligible property and taxable property,
8 the seller should allocate the discount based on the total sales prices of the
9 taxable property compared to the total sales prices of all property sold in that
10 same transaction.
- 11 4. Splitting of items normally sold together - Articles that are normally sold as a
12 single unit must continue to be sold in that manner. Such articles cannot be
13 priced separately and sold as individual items in order to obtain the
14 exemption. For example, a pair of shoes cannot have each shoe sold
15 separately so that the sales price of each shoe is within a sales tax holiday
16 price threshold.
- 17 5. Rain checks - A rain check allows a customer to purchase an item at a certain
18 price at a later time because the particular item was out of stock. Eligible
19 property that customers purchase during the exemption period with use of a
20 rain check will qualify for the exemption regardless of when the rain check
21 was issued. Issuance of a rain check during the exemption period will not
22 qualify eligible property for the exemption if the property is actually
23 purchased after the exemption period.
- 24 6. Exchanges - The procedure for an exchange in regards to a sales tax holiday is
25 as follows:
- 26 a. If a customer purchases an item of eligible property during the
27 exemption period, but later exchanges the item for a similar eligible
28 item, even if a different size, different color, or other feature, no
29 additional tax is due even if the exchange is made after the exemption
30 period.

- 1 b. If a customer purchases an item of eligible property during the
2 exemption period, but after the exemption period has ended, the
3 customer returns the item and receives credit on the purchase of a
4 different item, the appropriate sales tax is due on the sale of the newly
5 purchased item.
- 6 c. If a customer purchases an item of eligible property before the
7 exemption period, but during the exemption period the customer
8 returns the item and receives credit on the purchase of a different item
9 of eligible property, no sales tax is due on the sale of the new item if
10 the new item is purchased during the exemption period.

11 7. Delivery charges - Delivery charges, including shipping, handling and service
12 charges, are part of the sales price of eligible property unless a member state
13 defines "sales price" to exclude such charges. For the purpose of determining
14 a sales tax holiday price threshold, if all the property in a shipment qualifies as
15 eligible property and the sales price for each item in the shipment is within the
16 sales tax holiday price threshold, then the seller does not have to allocate the
17 delivery, handling, or service charge to determine if the price threshold is
18 exceeded. The shipment will be considered a sale of eligible products. If the
19 shipment includes eligible property and taxable property (including an eligible
20 item with a sales price in excess of the price threshold), the seller should
21 allocate the delivery charge by using:

- 22 a. a percentage based on the total sales prices of the taxable property
23 compared to the total sales prices of all property in the shipment; or
24 b. a percentage based on the total weight of the taxable property compared to
25 the total weight of all property in the shipment.

26 The seller must tax the percentage of the delivery charge allocated to the
27 taxable property but does not have to tax the percentage allocated to the
28 eligible property.

29 8. Order date and back orders - For the purpose of a sales tax holiday, eligible
30 property qualifies for exemption if:

- a. the item is both delivered to and paid for by the customer during the exemption period; or
- b. the customer orders and pays for the item and the seller accepts the order during the exemption period for immediate shipment, even if delivery is made after the exemption period. The seller accepts an order when the seller has taken action to fill the order for immediate shipment. Actions to fill an order include placement of an "in date" stamp on a mail order or assignment of an "order number" to a telephone order. An order is for immediate shipment when the customer does not request delayed shipment. An order is for immediate shipment notwithstanding that the shipment may be delayed because of a backlog of orders or because stock is currently unavailable to, or on back order by, the seller.

9. Returns - For a 60-day period immediately after the sales tax holiday exemption period, when a customer returns an item that would qualify for the exemption, no credit for or refund of sales tax shall be given unless the customer provides a receipt or invoice that shows tax was paid, or the seller has sufficient documentation to show that tax was paid on the specific item. This 60-day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that sales tax was paid on returned merchandise. The 60-day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

10. Different time zones - The time zone of the seller's location determines the authorized time period for a sales tax holiday when the purchaser is located in one time zone and a seller is located in another.

See Compiler's Notes for history.

Section 323: CAPS AND THRESHOLDS

A. No member state may have caps or thresholds on the application of state sales or use tax rates or exemptions that are based on the value of the transaction or item or have caps

1 that are based on the application of the rates unless the member state assumes the
2 administrative responsibility in a manner that places no additional burden on the retailer.

3 B. No member state that has local jurisdictions that levy a sales or use tax may place caps or
4 thresholds on the application of local rates or use tax rates or exemptions that are based
5 on the value of the transaction or item.

6 C. The provisions of this section do not apply to sales or use taxes levied on the retail sale or
7 transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or
8 mobile homes or to instances where the burden of administration has been shifted from
9 the retailer.

10 D. For states that have a cap or threshold on clothing before January 1, 2006 the provisions
11 of this section do not apply to sales or use tax thresholds for exemptions that are based
12 on the value of “essential clothing” except as provided in the Library of Definitions.

13 *See Compiler’s Notes for history.*

14 **Section 324: ROUNDING RULE**

15 A. After December 31, 2005, each member state shall adopt a rounding algorithm that
16 meets the following criteria:

- 17 1. Tax computation must be carried to the third decimal place, and
- 18 2. The tax must be rounded to a whole cent using a method that rounds up to the next
19 cent whenever the third decimal place is greater than four.

20 B. Each state shall allow sellers to elect to compute the tax due on a transaction on an
21 item or an invoice basis, and shall allow the rounding rule to be applied to the
22 aggregated state and local taxes. No member state shall require a seller to collect tax
23 based on a bracket system.

24 **Section 325: CUSTOMER REFUND PROCEDURES**

25 A. These customer refund procedures are provided to apply when a state allows a purchaser
26 to seek a return of over-collected sales or use taxes from the seller.

27 B. Nothing in this section shall either require a state to provide, or prevent a state from
28 providing, a procedure by which a purchaser may seek a refund directly from the state
29 arising out of sales or use taxes collected in error by a seller from the purchaser.

1 Nothing in this section shall operate to extend any person's time to seek a refund of sales
2 or use taxes collected or remitted in error.

3 C. These customer refund procedures provide the first course of remedy available to
4 purchasers seeking a return of over-collected sales or use taxes from the seller. A cause
5 of action against the seller for the over-collected sales or use taxes does not accrue until
6 a purchaser has provided written notice to a seller and the seller has had sixty days to
7 respond. Such notice to the seller must contain the information necessary to determine
8 the validity of the request.

9 D. In connection with a purchaser's request from a seller of over-collected sales or use
10 taxes, a seller shall be presumed to have a reasonable business practice, if in the
11 collection of such sales or use taxes, the seller: i) uses either a provider or a system,
12 including a proprietary system, that is certified by the state; and ii) has remitted to the
13 state all taxes collected less any deductions, credits, or collection allowances.

14 **Section 326: DIRECT PAY PERMITS**

15 Each member state shall provide for a direct pay authority that allows the holder of a direct pay
16 permit to purchase otherwise taxable goods and services without payment of tax to the supplier
17 at the time of purchase. The holder of the direct pay permit will make a determination of the
18 taxability and then report and pay the applicable tax due directly to the tax jurisdiction. Each
19 state can set its own limits and requirements for the direct pay permit. The governing board shall
20 advise member states when setting state direct pay limits and requirements, and shall consider
21 use of the Model Direct Payment Permit Regulation as developed by the Task Force on EDI
22 Audit and Legal Issues for Tax Administration.

23 **Section 327: LIBRARY OF DEFINITIONS**

24 Each member state shall utilize common definitions as provided in this section. The terms
25 defined are set out in the Library of Definitions, in Appendix C of this Agreement. A member
26 state shall adhere to the following principles:

27 A. If a term defined in the Library of Definitions appears in a member state's sales and
28 use tax statutes or administrative rules or regulations, the member state shall enact or

1 adopt the Library definition of the term in its statutes or administrative rules or
2 regulations in substantially the same language as the Library definition.

3 B. A member state shall not use a Library definition in its sales or use tax statutes or
4 administrative rules or regulations that is contrary to the meaning of the Library
5 definition.

6 C. Except as specifically provided in Sections 316 and 332 and the Library of
7 Definitions, a member state shall impose a sales or use tax on all products or services
8 included within each Part II or Part III(B) definition or exempt from sales or use tax
9 all products or services within each such definition. Provided, the requirements of
10 this subsection shall only apply to Part III(B) definitions to the extent that such
11 definitions are used in the administration of a sales tax holiday.

12 *See Compiler's Notes for history.*

13 **Section 328: TAXABILITY MATRIX**

14 A. Taxability Matrix

15 (1) Library of Definitions: To ensure uniform application of terms defined in the
16 Library of Definitions adopted by the governing board pursuant to Section 327,
17 each member state shall complete, to the best of its ability, Section 1 of the
18 taxability matrix.

19 (2) Best Practices: To inform the general public of its practices regarding certain
20 products, procedures, services or transactions as adopted by the governing board
21 pursuant to Section 335, each member state shall complete, to the best of its
22 ability, Section 2 of the taxability matrix.

23 B. The member state's entries in the matrix shall be provided and maintained in a database that
24 is in a downloadable format approved by the governing board. A member state shall
25 provide notice of changes in the taxability of the products or services listed in the taxability
26 matrix as required by the governing board.

27 C. A member state shall relieve sellers and CSPs from liability to the member state and its
28 local jurisdictions for having charged and collected the incorrect amount of sales or use tax
29 resulting from the seller or CSP relying on erroneous data provided by the member state in
30 the taxability matrix. If a member state amends an existing provision of its taxability

1 matrix, the member state shall, to the extent possible, relieve sellers and CSPs from liability
2 to the member state and its local jurisdictions until the first day of the calendar month that
3 is at least 30 days after notice of a change to a member state’s taxability matrix is submitted
4 to the governing board, provided the seller or CSP relied on the prior version of the
5 taxability matrix.

6 D. If a state levies sales and use tax on a specified digital product and provides an exemption
7 for an item within the definition of such specified digital product pursuant to Section 332
8 (H) of this Agreement, such exemption must be noted in the taxability matrix.

9 E. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement
10 shall, in a format approved by the Governing Board, give notice in the taxability matrix of
11 the products for which a tax exemption is provided.

12 *See Compiler’s Notes for history.*

13 **Section 329: EFFECTIVE DATE FOR RATE CHANGES**

14 Each member state shall provide that the effective date of rate changes for services covering a
15 period starting before and ending after the statutory effective date shall be as follows:

16 A. For a rate increase, the new rate shall apply to the first billing period starting on or after the
17 effective date.

18 B. For a rate decrease, the new rate shall apply to bills rendered on or after the effective date.

19 **Section 330: BUNDLED TRANSACTIONS**

20 A. A member state shall adopt and utilize to determine tax treatment, the core definition
21 for a “bundled transaction” in Appendix C, Part I of the Library of Definitions in the
22 Agreement.

23 B. Member states are not restricted in their tax treatment of bundled transactions except
24 as otherwise provided in the Agreement. Member states are not restricted in their
25 ability to treat some bundled transactions differently from other bundled transactions.

26 C. In the case of a bundled transaction that includes any of the following:
27 telecommunication service, ancillary service, internet access, or audio or video
28 programming service:

- 29 1. If the price is attributable to products that are taxable and products that are
30 nontaxable, the portion of the price attributable to the nontaxable products may be

1 subject to tax unless the provider can identify by reasonable and verifiable
2 standards such portion from its books and records that are kept in the regular
3 course of business for other purposes, including, but not limited to, non-tax
4 purposes.

- 5 2. If the price is attributable to products that are subject to tax at different tax rates,
6 the total price may be treated as attributable to the products subject to tax at the
7 highest tax rate unless the provider can identify by reasonable and verifiable
8 standards the portion of the price attributable to the products subject to tax at the
9 lower rate from its books and records that are kept in the regular course of
10 business for other purposes, including, but not limited to, non-tax purposes.
- 11 3. The provisions of this section shall apply unless otherwise provided by federal
12 law.

13 D. In the case of a transaction that includes an “optional computer software maintenance
14 contract” for prewritten computer software and the state otherwise has not
15 specifically imposed tax on the retail sale of computer software maintenance
16 contracts, the following provisions apply:

- 17 1. If an optional computer software maintenance contract only obligates the vendor
18 to provide upgrades and updates, it will be characterized as a sale of prewritten
19 computer software.
- 20 2. If an optional computer software maintenance contract only obligates the vendor
21 to provide support services, it will be characterized as a sale of services and a
22 state may use any of the methods provided under subsection (D)(3) to determine
23 the taxable and nontaxable or exempt portions.
- 24 3. If an optional computer software maintenance contract is a bundled transaction in
25 which both taxable and nontaxable or exempt products that are not separately
26 itemized on the invoice or similar billing document, then states shall elect one of
27 the following tax treatments:
 - 28 a. The contract shall be characterized as all taxable;

- b. The contract shall be characterized as all taxable unless the seller can demonstrate, using a reasonable method as of the time of sale, the portion of the contract that is for nontaxable or exempt products;
- c. The contract shall be characterized as all nontaxable or exempt; or
- d. The contract shall be characterized as twenty, thirty, forty or fifty percent taxable or eighty, seventy, sixty and fifty percent nontaxable or exempt respectively, as selected by each member state.

4. With respect to states that elect the method described in subparagraph 3(b):

- a. Such states may prescribe the use of such reasonable methods as it deems appropriate, and
- b. The method selected by the seller shall be binding on the purchaser.

See Compiler's Notes for history.

Section 331: RELIEF FROM CERTAIN LIABILITY FOR PURCHASERS

A. A member state shall relieve a purchaser from liability for penalty to that member state and its local jurisdictions for having failed to pay the correct amount of sales or use tax in the following circumstances:

1. A purchaser's seller or CSP relied on erroneous data provided by that member state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix completed by that member state pursuant to Section 328; or
2. A purchaser holding a direct pay permit relied on erroneous data provided by that member state on tax rates, boundaries, taxing jurisdiction assignments, or in the taxability matrix completed by that member state pursuant to Section 328.
3. A purchaser relied on erroneous data provided by that member state in the taxability matrix completed by that member state pursuant to Section 328.
4. A purchaser using databases pursuant to subsections (F), (G) and (H) of Section 305 relied on erroneous data provided by that member state on tax rates, boundaries, or taxing jurisdiction assignments. After providing adequate notice as determined by the governing board, a member state that provides an address-based database for assigning taxing jurisdictions pursuant to Section 305, subsection (G) or (H) may cease providing liability relief for errors resulting from

1 the reliance on the database provided by the member state under the provisions of
2 Section 305, subsection (F).

- 3 B. Except where prohibited by a member state's constitution, a member state shall also
4 relieve a purchaser from liability for tax and interest to that member state and its local
5 jurisdictions for having failed to pay the correct amount of sales or use tax in the
6 circumstances described in Section 331 A, provided that, with respect to reliance on the
7 taxability matrix completed by that member state pursuant to Section 328, such relief is
8 limited to the state's erroneous classification in the taxability matrix of terms included in
9 the Library of Definitions as "taxable" or "exempt," "included in sales price" or
10 "excluded from sales price" or "included in the definition" or "excluded from the
11 definition".
- 12 C. For purposes of this section, the term "penalty" means an amount imposed for
13 noncompliance that is not fraudulent, willful, or intentional which is in addition to the
14 correct amount of sales or use tax and interest.
- 15 D. A member state may allow relief on terms and conditions more favorable to a purchaser
16 than the terms required by this section.
- 17 E. The provisions of this section are effective on and after January 1, 2009, however, to the
18 extent any relief under this section does not require a legislative change in a member
19 state, such relief must be granted effective immediately.

20 *See Compiler's Notes for History.*

21 **Section 332: SPECIFIED DIGITAL PRODUCTS**

- 22 A. A member state shall not include "specified digital products", "digital audio-visual
23 works", "digital audio works" or "digital books" within its definition of "ancillary
24 services", "computer software", "telecommunication services" or "tangible personal
25 property." This restriction shall apply regardless of whether the "specified digital
26 product" is sold to a purchaser who is an end user or with less than the right of permanent
27 use granted by the seller or use which is conditioned upon continued payment from the
28 purchaser. Until January 1, 2010, the exclusion of "specified digital products" from the
29 definition of "tangible personal property" shall have no implication on the classification
30 of products "transferred electronically" which are not included within the definition of

1 “specified digital products” as being included in, or excluded from, the definition of
2 “tangible personal property.”

3 B. For purpose of Section 327(C) and the taxability matrix, “Digital Audio-Visual Works”,
4 “Digital Audio Works”, and “Digital Books” are separate definitions.

5 C. If a state imposes a sales or use tax on products “transferred electronically” separately
6 from its imposition of tax on “tangible personal property”, that state will not be required
7 to use the terms “specified digital products”, “digital audio visual works”, “digital audio
8 works”, or “digital books”, or enact an additional or separate sales or use tax levy on any
9 “specified digital product.”

10 D.

11 1. A statute imposing a tax on “specified digital products,” “digital audio-visual
12 works,” “digital audio works” or “digital books” and, after January 1, 2010, on
13 any other product “transferred electronically” shall be construed as only imposing
14 the tax on a sale to a purchaser who is an end user unless the statute specifically
15 imposes and separately enumerates the tax on a sale to a purchaser who is not an
16 end user. For purposes of this paragraph, an “end user” includes any person other
17 than a person who receives by contract a product “transferred electronically” for
18 further commercial broadcast, rebroadcast, transmission, retransmission,
19 licensing, relicensing, distribution, redistribution or exhibition of the product, in
20 whole or in part, to another person or persons.

21 A person that purchases products “transferred electronically” or the code for
22 “specified digital products” for the purpose of giving away such products or code
23 shall not be considered to have engaged in the distribution or redistribution of
24 such products or code and shall be treated as an end user.

25 2. A statute imposing a tax on “specified digital products,” “digital audio-visual
26 works,” “digital audio works” or “digital books” and, after January 1, 2010, on
27 any other product “transferred electronically” shall be construed as only imposing
28 tax on a sale with the right of permanent use granted by the seller unless the
29 statute specifically imposes and separately enumerates the tax on a sale with the
30 right of less than permanent use granted by the seller. For purposes of this

1 paragraph “permanent” means perpetual or for an indefinite or unspecified length
2 of time. A right of permanent use shall be presumed to have been granted unless
3 the agreement between the seller and the purchaser specifies or the circumstances
4 surrounding the transaction suggest or indicate that the right to use terminates on
5 the occurrence of a condition subsequent.

6 3. A statute imposing a tax on “specified digital products,” “digital audio-visual
7 works,” “digital audio works” or “digital books” and, after January 1, 2010, on
8 any other product “transferred electronically” shall be construed as only imposing
9 tax on a sale which is not conditioned upon continued payment from the
10 purchaser unless the statute specifically imposes and separately enumerates the
11 tax on a sale which is conditioned upon continued payment from the purchaser.

12 4. A member state which imposes a sales or use tax on the sale of a product
13 “transferred electronically” to a person other than end user or on a sale with the
14 right of less than permanent use granted by the seller or which is conditioned
15 upon continued payment from the purchaser shall so indicate in its taxability
16 matrix in a format approved by the Governing Board.

17 E. Nothing in this section or the definition of “specified digital products” shall limit a state’s
18 right to impose a sales or use tax or exempt from sales or use tax any products or services
19 that are outside the definition of “specified digital products.”

20 F. A state may treat a subscription to products “transferred electronically” differently than a
21 non-subscription purchase of such product. For purposes of this section, “subscription”
22 means an agreement with a seller that grants a consumer the right to obtain products
23 transferred electronically from within one or more product categories having the same tax
24 treatment, in a fixed quantity or for a fixed period of time, or both.

25 G. The tax treatment of a “digital code” shall be the same as the tax treatment of the
26 “specified digital product” or product “transferred electronically” to which the “digital
27 code” relates. The retail sale of the “digital code” shall be considered the transaction for
28 purposes of the Agreement. For purposes of this section, “digital code” means a code,
29 which provides a purchaser with a right to obtain one or more such products having the
30 same tax treatment. A “digital code” may be obtained by any means, including email or

1 by tangible means regardless of its designation as “song code”, “video code”, or “book
2 code.”

3 H. Notwithstanding the provisions of Section 316 of this Agreement, a member state may
4 provide a product based exemption for specific items within the definition of “specified
5 digital products”, provided such items which are not “transferred electronically” must
6 also be granted a product based exemption by the member state.

7 I. For purposes of this section, the term “transferred electronically” means obtained by the
8 purchaser by means other than tangible storage media.

9 *See Compiler’s Notes for History.*

10 **Section 333: USE OF SPECIFIED DIGITAL PRODUCTS (Effective January 1, 2010)**

11 A member state shall not include any product transferred electronically in its definition of
12 “tangible personal property.” “Ancillary services”, “computer software”, and
13 “telecommunication services” shall be excluded from the term “products transferred
14 electronically.” For purposes of this section, the term “transferred electronically” means
15 obtained by the purchaser by means other than tangible storage media.

16 *See Compiler’s Notes for History.*

17 **Section 334: PROHIBITED REPLACEMENT TAXES**

18 No state may have a prohibited replacement tax on any product defined in Part II or Part III(B) of
19 the Library of Definitions which has the effect of avoiding the intent of this Agreement.

20 *See Compiler’s Notes for History.*

21 **Section 335: BEST PRACTICES**

22 A. For purposes of this section, “best practices” shall mean those practices as adopted by the
23 governing board as the best practices in administration of the sales and use taxes in the
24 member states regarding certain identified products, procedures, services, or transactions.

25 B. A majority vote of the entire governing board is required to approve a motion to adopt a
26 best practices standard. The governing board shall provide public notice and opportunity
27 for comment prior to voting on a motion to adopt a best practice.

28 C. Best practices adopted by the governing board shall be maintained in an Appendix to the
29 Agreement.

1 D. Conformance by member states to best practices adopted by the governing board shall be
2 voluntary and no state shall be found not in compliance with the Agreement because the
3 effect of the state’s laws, rules, regulations, and policies do not follow each of the best
4 practices adopted by the governing board. However, all member states are encouraged to
5 follow the best-practices as much as possible.

6 E. States must complete the best practices matrix by the first day of the calendar month that
7 is at least 30 days after the date the governing board approves a best practice and submit
8 it to the Executive Director for posting on the governing board’s website. For subsequent
9 best practices that are approved by the governing board, the states must update their best
10 practice matrix by the first day of the calendar month that is at least 30 days after the date
11 the governing board approves a new best practice and submit it to the Executive Director
12 for posting on the governing board’s website.

13 *See Compiler’s Notes for History.*

14
15

1 **ARTICLE IV**
2 **SELLER REGISTRATION**
3

4 **Section 401: SELLER PARTICIPATION**

- 5 A. The member states shall provide an online registration system that will allow sellers to
6 register in all the member states.
- 7 B. By registering, the seller agrees to collect and remit sales and use taxes for all taxable
8 sales into the member states, including member states joining after the seller's
9 registration. Withdrawal or revocation of a member state shall not relieve a seller of its
10 responsibility to remit taxes previously or subsequently collected on behalf of the state.
- 11 C. In member states where the seller has a requirement to register prior to registering under
12 the Agreement, the seller may be required to provide additional information to complete
13 the registration process or the seller may choose to register directly with those states.
- 14 D. A member state or a state that has withdrawn or been expelled shall not use registration
15 with the central registration system and the collection of sales and use taxes in the
16 member states as a factor in determining whether the seller has nexus with that state for
17 any tax at any time.

18 **Section 402: AMNESTY FOR REGISTRATION**

- 19 A. Subject to the limitations in this section:
- 20 1. A member state shall provide amnesty for uncollected or unpaid sales or use tax to a
21 seller who registers to pay or to collect and remit applicable sales or use tax on sales
22 made to purchasers in the state in accordance with the terms of the Agreement,
23 provided that the seller was not so registered in that state in the twelve-month period
24 preceding the effective date of the state's participation in the Agreement.
- 25 2. The amnesty will preclude assessment for uncollected or unpaid sales or use tax
26 together with penalty or interest for sales made during the period the seller was not
27 registered in the state, provided registration occurs within twelve months of the
28 effective date of the state's participation in the Agreement.
- 29 3. Amnesty similarly shall be provided by any additional state that joins the Agreement
30 after the seller has registered.

- 1 B. The amnesty is not available to a seller with respect to any matter or matters for which
2 the seller received notice of the commencement of an audit and which audit is not yet
3 finally resolved including any related administrative and judicial processes.
- 4 C. The amnesty is not available for sales or use taxes already paid or remitted to the state or
5 to taxes collected by the seller.
- 6 D. The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of
7 a material fact, as long as the seller continues registration and continues payment or
8 collection and remittance of applicable sales or use taxes for a period of at least thirty-six
9 months. Each member state shall toll its statute of limitations applicable to asserting a
10 tax liability during this thirty-six month period.
- 11 E. The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a
12 seller and not to sales or use taxes due from a seller in its capacity as a buyer.
- 13 F. A member state may allow amnesty on terms and conditions more favorable to a seller
14 than the terms required by this section.

15 *See Compiler's Notes for History.*

16 **Section 403: METHOD OF REMITTANCE**

17 When registering, the seller may select one of the following methods of remittances or other
18 method allowed by state law to remit the taxes collected:

- 19 A. MODEL 1, wherein a seller selects a CSP as an agent to perform all the seller's sales or
20 use tax functions, other than the seller's obligation to remit tax on its own purchases.
- 21 B. MODEL 2, wherein a seller selects a CAS to use which calculates the amount of tax due
22 on a transaction.
- 23 C. MODEL 3, wherein a seller utilizes its own proprietary automated sales tax system that
24 has been certified as a CAS.

25 **Section 404: REGISTRATION BY AN AGENT**

26 A seller may be registered by an agent. Such appointment shall be in writing and submitted to a
27 member state if requested by the member state.

28

1 ARTICLE V

2 PROVIDER AND SYSTEM CERTIFICATION

3
4 **Section 501: CERTIFICATION OF SERVICE PROVIDERS AND AUTOMATED**
5 **SYSTEMS**

6 A. The governing board shall certify automated systems and service providers to aid in the
7 administration of sale and use tax collections.

8 B. The governing board may certify a person as a CSP if the person meets all of the
9 following requirements:

10 1. The person uses a CAS;

11 2. The person integrates its CAS with the system of a seller for whom the person
12 collects tax so that the tax due on a sale is determined at the time of the sale;

13 3. The person agrees to remit the taxes it collects at the time and in the manner specified
14 by the member states;

15 4. The person agrees to file returns on behalf of the sellers for whom it collects tax;

16 5. The person agrees to protect the privacy of tax information it obtains in accordance
17 with Section 321 of the Agreement; and

18 6. The person enters into a contract with the member states and agrees to comply with
19 the terms of the contract.

20 C. The governing board may certify a software program as a CAS if the governing board
21 determines that the program meets all of the following requirements:

22 1. It determines the applicable state and local sales and use tax rate for a transaction, in
23 accordance with Sections 309 to 315, inclusive;

24 2. It determines whether or not an item is exempt from tax;

25 3. It determines the amount of tax to be remitted for each taxpayer for a reporting
26 period;

27 4. It can generate reports and returns as required by the governing board; and

28 5. It can meet any other requirement set by the governing board.

29 D. The governing board may establish one or more sales tax performance standards for
30 Model 3 sellers that meet the eligibility criteria set by the governing board and that

1 developed a proprietary system to determine the amount of sales and use tax due on
2 transactions.

3 **Section 502: STATE REVIEW AND APPROVAL OF CERTIFIED AUTOMATED**
4 **SYSTEM SOFTWARE AND CERTAIN LIABILITY RELIEF**

- 5 A. Each member state shall review software submitted to the governing board for
6 certification as a CAS under Section 501. Such review shall include a review to
7 determine that the program accurately reflects the taxability of the product categories
8 included in the program. Upon approval by the state, the state shall certify to the
9 governing board its acceptance of the determination of the taxability of the product
10 categories included in the program.
- 11 B. Each member state shall relieve CSPs and model 2 sellers from liability to the member
12 state and local jurisdictions for not collecting sales or use taxes resulting from the CSP or
13 model 2 seller relying on the certification provided by the member state.
- 14 C. Each member state shall provide relief from liability to CSPs for not collecting sales and
15 use taxes in the same manner as provided to sellers under the provisions of section 317.
- 16 D. The governing board and the member states shall not be responsible for classification of
17 an item or transaction within the product categories certified. The relief from liability
18 provided in this section shall not be available for a CSP or model 2 seller that has
19 incorrectly classified an item or transaction into a product category certified by a member
20 state. This paragraph shall not apply to the individual listing of items or transactions
21 within a product definition approved by the governing board or the member states.
- 22 E. If a member state determines that an item or transaction is incorrectly classified as to its
23 taxability, it shall notify the CSP or model 2 seller of the incorrect classification. The
24 CSP or model 2 seller shall have ten (10) days to revise the classification after receipt of
25 notice from the member state of the determination. Upon expiration of the ten (10) days,
26 CSP or model 2 seller shall be liable for the failure to collect the correct amount of sales
27 or use taxes due and owing to the member state.

28 *See Compiler's Notes for History.*
29
30

1 ARTICLE VI

2 MONETARY ALLOWANCES FOR NEW TECHNOLOGICAL MODELS FOR SALES

3 TAX COLLECTION

4

5 **Section 601: MONETARY ALLOWANCE UNDER MODEL 1**

- 6 A. Each member state shall provide a monetary allowance to a CSP in Model 1 in
7 accordance with the terms of the contract between the governing board and the CSP.
8 The details of the monetary allowance will be provided through the contract process.
9 The governing board shall require that such allowance be funded entirely from money
10 collected in Model 1.
- 11 B. The contract between the governing board and a CSP may base the monetary allowance
12 to a CSP on one or more of the following:
- 13 1. A base rate that applies to taxable transactions processed by the CSP.
 - 14 2. For a period not to exceed twenty-four months following a voluntary seller's
15 registration through the Agreement's central registration process, a percentage of tax
16 revenue generated for a member state by the voluntary seller for each member state
17 for which the seller does not have a requirement to register to collect the tax.

18 **Section 602: MONETARY ALLOWANCE FOR MODEL 2 SELLERS**

19 The member states initially anticipate that they will provide a monetary allowance to sellers
20 under Model 2 based on the following:

- 21 A. All sellers shall receive a base rate for a period not to exceed twenty-four months
22 following the commencement of participation by a seller. The base rate will be set
23 after the base rate has been established for Model 1. This allowance will be in
24 addition to any discount afforded by each member state at the time.
- 25 B. The member states anticipate a monetary allowance to a Model 2 Seller based on the
26 following:
- 27 1. For a period not to exceed twenty-four months following a voluntary seller's
28 registration through the Agreement's central registration process, a percentage of tax
29 revenue generated for a member state by the voluntary seller for each member state
30 for which the seller does not have a requirement to register to collect the tax.

1 2. Following the conclusion of the twenty-four month period, a seller will only be
2 entitled to a vendor discount afforded under each member state's law at the time the
3 base rate expires.

4 **Section 603: MONETARY ALLOWANCE FOR MODEL 3 SELLERS AND ALL OTHER**
5 **SELLERS THAT ARE NOT UNDER MODELS 1 OR 2 (REPEALED)**

28 *See Compiler's Notes for History.*

29

1 **ARTICLE VII**

2 **AGREEMENT ORGANIZATION**

3
4 **Section 701: EFFECTIVE DATE**

5 The Agreement shall become binding and take effect when at least ten states comprising at least twenty
6 percent of the total population, as determined by the 2000 Federal census, of all states imposing a state
7 sales tax as of October 1, 2005 have petitioned for membership and have either been found to be in
8 compliance with the requirements of the Agreement pursuant to Section 805 or have been found to be an
9 associate member pursuant to Section 704. The Agreement shall take effect on the first day of a
10 calendar quarter at least sixty days after the tenth state is found in compliance or is found to be an
11 associate member.

12 *See Compiler's Notes for History.*

13 **Section 702: APPROVAL OF INITIAL STATES (Repealed on December 17, 2009)**

14 *See Compiler's Notes for History.*

15 **Section 703: STREAMLINED SALES TAX IMPLEMENTING STATES (Repealed on December**
16 **17, 2009)**

17 *See Compiler's Notes for History.*

18 **Section 704: CONSIDERATION OF PETITIONS (Repealed on December 17, 2009)**

19 *See Compiler's Notes for History.*

20 **Section 705: ASSOCIATE MEMBERSHIP (Repealed on December 17, 2009)**

21 *See Compiler's Notes for History.*

1
2 **ARTICLE VIII**
3 **STATE ENTRY AND WITHDRAWAL**
4

5 **Section 801: ENTRY INTO AGREEMENT**

6 A. A state may apply to become a full member, a contingent member, or an associate member of the
7 governing board by submitting a petition for membership and certificate of compliance to the governing
8 board. The president shall provide the public with an opportunity to comment prior to any vote on a
9 state's petition for membership.

10
11 B. The governing board shall provide a copy of petitioning state's petition for membership and
12 certificate of compliance to all member states when the petitioning state submits its petition for
13 membership to the governing board. A petitioning state shall post a copy of its petition for membership
14 and certificate of compliance on that state's web site. The governing board shall post a copy of the
15 state's petition for membership and certificate of compliance on the governing board's web site.

16 *See Compiler's Notes for history.*

17 **Section 801.1: FULL MEMBERSHIP**

18 A full member is a state that has been found in compliance pursuant to Sections 804 and 805 and
19 the changes to their statutes, rules, regulations or other authorities necessary to bring them into
20 compliance are in effect. The petition for full membership shall include such state's proposed
21 date of entry. The petitioning state's proposed date of entry shall be on the first day of a calendar
22 quarter. The proposed date of entry shall be a date on which all provisions necessary for the
23 state to be in compliance with the Agreement are in place and effective.

24 *See Compiler's Notes for history.*

25 **Section 801.2: CONTINGENT MEMBERSHIP**

26 A. A contingent member is a state that is found to be in compliance pursuant to Sections 804 and
27 805 of the Agreement except that the changes to their statutes, rules, regulations or other authorities
28 necessary to bring them into compliance are not yet in effect. Such state shall be admitted as a
29 contingent member if their statutes, rules, regulations or other authorities necessary to bring them into
30 compliance are scheduled to become effective no later than the first day of a calendar quarter that is not

1 more than twelve months subsequent to its proposed date of entry as a contingent member state. The
2 petition for contingent membership shall include such state's proposed dates of entry as a contingent
3 member and a full member. Its proposed date of entry as a contingent member shall be on the first day
4 of a calendar quarter that is no more than twelve months prior to the date on which all provisions
5 necessary for the state to be in compliance with the Agreement are in place and effective. Provided the
6 statutes, rules, regulations or other authorities remain in effect and the statutes, rules, regulations or
7 other authorities with delayed effective dates go into effect, the state shall automatically become a full
8 member state on the state's proposed date of entry as a full member. A state which is admitted as a
9 contingent member shall become an associate member on such proposed date of entry if the state's
10 statutes, rules, regulations or other authorities are not in compliance at that time.

11 B. A contingent member shall have all the rights and privileges of a full member state, except as
12 provided in this subsection. A contingent member shall be responsible for the payment of the petition
13 fee and the annual cost allocation as determined by the governing board. Notwithstanding any provision
14 of this Agreement to the contrary, a seller may, but is not required to collect sales or use tax on sales into
15 a contingent member state unless the seller is otherwise required to collect such taxes under applicable
16 law. Notwithstanding the provisions of Section 401 (B), a seller that volunteers to collect tax in a
17 contingent member state is not required to collect tax in any other contingent member state. A
18 contingent member shall be responsible for payment of costs as provided in Article VI for those sellers
19 that volunteer to collect tax in a contingent member state. Neither the governing board nor a member
20 state may share or grant access to a contingent member state any seller information from the seller's
21 registration pursuant to Section 401. Neither the governing board nor a member state may share or grant
22 access to a contingent member state any seller information from an audit conducted by the governing
23 board or a member state on behalf of the governing board unless the contingent member state is a party
24 to the audit.

25 C. A contingent member state shall provide amnesty pursuant to the provisions of Section 402,
26 provided, the amnesty shall be in effect from the date the contingent member status is attained until 12
27 months after the contingent member state becomes a full member state.

28 D. Contingent member states shall be subject to the annual recertification requirement set forth in
29 Section 803 of this Agreement for all issues other than the delayed effective date issues identified at the
30 time the state becomes a contingent member.

1 *See Compiler's Notes for history.*

2 **Section 801.3: ASSOCIATE MEMBERSHIP**

3 An associate state is a state that has achieved substantial compliance with the terms of the
4 Agreement taken as a whole, but not necessarily each provision as required by Section 805,
5 measured qualitatively. The petition for associate membership shall include such state's
6 proposed date of entry. The petitioning state's proposed date of entry shall be on the first day of
7 a calendar quarter. An associate member state shall become a full member when such state has
8 been found in compliance pursuant to Sections 804 and 805 and the changes to their statutes,
9 rules, regulations or other authorities necessary to bring them into compliance are in effect.

10

11 A. An associate member shall have all the rights and privileges of a member state except that:

12 1. An associate member may not vote on amendments to or interpretations of the
13 Agreement;

14 2. An associate member may not vote to determine if a petitioning state is in compliance
15 with the Agreement pursuant to Section 804 of the Agreement; and

16 3. A representative of an associate member state shall not be eligible to serve on the
17 compliance review and interpretations committee.

18 B. Notwithstanding any other provision of this section or any lapse occurring after July 1, 2009, a
19 state that was an associate member on January 1, 2007, shall be an associate state until or unless the
20 governing board finds or has found such state to be in compliance pursuant to Section 805 or finds such
21 state to no longer be eligible for associate member status.

22 C. Notwithstanding any provision of this Agreement to the contrary, a seller may, but is not
23 required to collect sales or use tax on sales into an associate member state unless the seller is otherwise
24 required to collect such taxes under applicable law. Notwithstanding the provisions of Section 401 (B),
25 a seller that volunteers to collect tax in an associate member state is not required to collect tax in any
26 other associate member state. An associate member shall be responsible for payment of costs as
27 provided in Article VI for those sellers that volunteer to collect tax in an associate member state.

28 D. Neither the governing board nor a member state may share or grant access to an associate
29 member state any seller information from the seller's registration pursuant to Section 401. Neither the
30 governing board nor a member state may share or grant access to an associate member state any seller

1 information from an audit conducted by the governing board or a member state on behalf of the
2 governing board unless the associate member state is a party to the audit.

3 E. An associate member shall be responsible for the payment of the petition fee and the annual cost
4 allocation as determined by the governing board.

5 F. An associate member state shall provide amnesty pursuant to the provisions of Section 402,
6 provided, the amnesty shall be in effect from the date the associate member status is attained until 12
7 months after the associate member state becomes a full member state.

8 G. An associate member state shall be subject to an annual recertification requirement set forth by
9 the compliance review and interpretations committee.

10 *See Compiler's Notes for history.*

11 **Section 801.4: ADVISOR MEMBERSHIP**

12 Any state that held Implementing State status before October 1, 2005 and has not become a full,
13 contingent or associate state member shall become an advisor state to the governing board.

- 14 1. Advisor states shall serve in an *ex officio* capacity on the governing board, with non-
15 voting status, but may speak to any matter presented to the governing board for
16 consideration.
- 17 2. Each state's delegation to the former Streamlined Sales Tax Implementing States may
18 serve as the state's delegation to the governing board as established herein or the state
19 may appoint a new delegation, of up to four representatives, who shall be members of
20 state or local government.
- 21 3. Representatives of advisor states may serve on standing committees of the governing
22 board except they may not serve as officers or directors on the executive committee or as
23 members on the finance committee or the compliance review and interpretations
24 committee.
- 25 4. A state that was not previously an implementing state may become an advisor state by:
 - 26 a. Enacting legislation authorizing the state's participation in interstate discussions
27 to develop a simplified sales and use tax system; or
 - 28 b. Executing a memorandum of understanding or similar written document by the
29 governor and legislative leaders expressing the intent of the state to participate in
30 interstate discussions to develop a simplified sales and use tax system.

1 Any question over whether or not a state qualifies as an advisor state shall be resolved by a
2 majority vote of the governing board.

3 Neither the governing board nor a member state may share or grant any advisor state access to any
4 seller information from the seller's registration pursuant to Section 401. Neither the governing
5 board nor a member state may share or grant any advisor state access to any seller information
6 from an audit conducted by the governing board or a member state on behalf of the governing
7 board.

8 An advisor state may not participate in a closed session of the governing board or a governing
9 board committee.

10 *Compiler's note: On December 17, 2009 this section was adopted. This section became effective upon its adoption.*

11 **Section 802: CERTIFICATE OF COMPLIANCE**

12 The certificate of compliance shall be signed by the chief executive of the state's tax agency. The
13 certificate of compliance shall document compliance with the provisions of the Agreement and cite
14 applicable statutes, rules, regulations, or other authorities evidencing such compliance.

15 **Section 803: ANNUAL RE-CERTIFICATION OF MEMBER STATES**

16 Each member state shall annually re-certify that such state is in compliance with the Agreement. Each
17 member state shall make a re-certification to the governing board on or before August 1 of each year
18 after the year of the state's entry. In its annual re-certification, the state shall include any changes in its
19 statutes, rules, regulations, or other authorities that could affect its compliance with the terms of the
20 Agreement. The re-certification shall be signed by the chief executive of the state's tax agency.

21
22 A member state that cannot re-certify its compliance with the Agreement shall submit a statement of
23 non-compliance to the governing board. The statement of non-compliance shall include any action or
24 decision that takes such state out of compliance with the Agreement and the steps it will take to return to
25 compliance. The governing board shall promulgate rules and procedures to respond to statements of
26 noncompliance in accordance with Section 809.

27
28 Each member state shall post its annual re-certification or statement of non-compliance on that state's
29 web site.

1 **Section 804: REQUIREMENTS FOR MEMBERSHIP APPROVAL**

2 The governing board shall determine if a petitioning state is in compliance with the Agreement. A
3 three-fourths vote of the entire governing board is required to approve a state's petition for membership.
4 The governing board shall provide public notice and opportunity for comment prior to voting on a
5 state's petition for membership. A state's membership is effective on the proposed date of entry in its
6 petition for membership or the first day of the calendar quarter after its petition is approved by the
7 governing board, whichever is later, and is at least sixty days after its petition is approved.

8 **Section 805: COMPLIANCE**

9 A state is in compliance with the Agreement if the effect of the state's laws, rules, regulations, and
10 policies is substantially compliant with each of the requirements set forth in the Agreement.

11 **Section 806: AGREEMENT ADMINISTRATION**

12 Authority to administer the Agreement shall rest with the governing board comprised of representatives
13 of each member state. Each member state may appoint up to four representatives to the governing
14 board. The representatives shall be members of the executive or legislative branches of the state or of a
15 local government of that state. Each member state shall be entitled to one vote on the governing board.
16 Except as otherwise provided in the Agreement, all actions taken by the governing board shall require an
17 affirmative vote of a majority of the governing board present and voting. The governing board shall
18 determine its meeting schedule, but shall meet at least once annually. The governing board shall provide
19 a public comment period at each meeting to provide members of the public an opportunity to address the
20 board on matters relevant to the administration or operation of the Agreement. The governing board
21 shall provide public notice of its meetings at least thirty days in advance of such meetings. The
22 governing board shall promulgate rules establishing the public notice requirements for holding
23 emergency meetings on less than thirty day's notice. The governing board may meet electronically.

24
25 The governing board is responsible for the administration and operation of the Agreement, including the
26 appointment of all manner of committees. The governing board may employ staff, advisors, consultants
27 or agents. The governing board may issue interpretive opinions and promulgate such rules it deems
28 necessary to carry out its responsibilities. Rules may take one of two forms: procedural rules, which
29 shall require an affirmative vote of a majority of the governing board present and voting to adopt; and

1 interpretative rules which shall require an affirmative vote of three-fourths of the entire governing board
2 to adopt. The governing board may take any action that is necessary and proper to fulfill the purposes of
3 the Agreement. The governing board may allocate the cost of administration of the Agreement among
4 the member states.

5
6 The governing board may assign committees certain duties, including, but not limited to:

- 7 A. Responding to questions regarding the administration of the Agreement;
- 8 B. Preparing certification requirements and coordinating the certification process for CSPs;
- 9 C. Coordinating joint audits;
- 10 D. Issuing requests for proposals;
- 11 E. Coordinating contracts with member states and providers; and
- 12 F. Maintaining records for the governing board.

13 *See Compiler's Notes for history.*

14 **Section 807: OPEN MEETINGS**

15 Each meeting of the governing board and the minutes thereof shall be open to the public except as
16 provided herein. Meetings of the governing board may be closed only for one or more of the following:

- 17 A. Personnel issues.
- 18 B. Information required by the laws of any member state to be protected from public disclosure. In
19 the meeting, the governing board shall excuse any attendee to whom confidential taxpayer
20 information cannot be disclosed under the law of any member state.
- 21 C. Proprietary information requested by any business to be protected from disclosure.
- 22 D. The consideration of issues incident to competitive bidding, requests for information, or
23 certification, the disclosure of which would defeat the public interest in a fair and competitive
24 process.
- 25 E. The consideration of pending litigation in a member state the discussion of which in a public
26 session would, in the judgment of the member state engaged in the litigation, adversely affect its
27 interests. In the meeting, the governing board shall excuse any attendee to whom confidential
28 taxpayer information cannot be disclosed under the law of any member state.
- 29 F. The consideration of pending litigation in which the governing board is a party the discussion of
30 which in a public session would, in the judgment of the governing board, adversely affect its

1 interests. In the meeting, the governing board shall excuse any attendee to whom confidential
2 taxpayer information cannot be disclosed under the law of any member state.

3 A closed session of the governing board may be convened by the chair or by a majority vote of the
4 governing board. When a closed session is convened, the reason for the closed session shall be noted in
5 a public session. Any actions taken in the closed session shall be reported immediately upon the
6 reconvening of a public session.

7 *See Compiler's Notes for history.*

8 **Section 808: WITHDRAWAL OF MEMBERSHIP OR EXPULSION OF A MEMBER**

9 With respect to each member state, the Agreement shall continue in full force and effect until a member
10 state withdraws its membership or is expelled. A member state's withdrawal or expulsion cannot be
11 effective until the first day of a calendar quarter after a minimum of sixty days' notice. A member state
12 shall submit notice of its intent to withdraw from the Agreement to the governing board and the chief
13 executive of each member state's tax agency. The member state shall provide public notice of its intent
14 to withdraw and post its notice of intent to withdraw on its web site. The withdrawal by or expulsion of
15 a state does not affect the validity of the Agreement among other member states. A state that withdraws
16 or is expelled from the Agreement remains liable for its share of any financial or contractual obligations
17 that were incurred by the governing board prior to the effective date of that state's withdrawal or
18 expulsion. The appropriate share of any financial or contractual obligation shall be determined by the
19 state and the governing board in good faith based on the relative benefits received and burdens incurred
20 by the parties.

21 **Section 809: SANCTION OF MEMBER STATES**

22 A. If a member state is found to be out of compliance with the Agreement, the governing board may
23 consider sanctions against the state. The sanctions that the governing board may impose include
24 expulsion from the Agreement, or other penalties as determined by the governing board. The adoption
25 of a resolution to sanction a member state for noncompliance with the Agreement shall require the
26 affirmative vote of three-fourths of the entire governing board, excluding the state that is the subject of
27 the resolution. The member state that is the subject of the resolution shall not vote on such resolution.
28 Resolutions seeking sanctions shall be acted upon by the governing board within a reasonable period of

1 time as set forth in the governing board's rules. The governing board shall provide an opportunity for
2 public comment prior to action on a proposed sanction.

3
4 B. No member state shall be sanctioned for failing to comply with any amendment to the
5 Agreement adopted under section 901 of the Agreement or an interpretation or interpretative rule
6 adopted under section 902 of the Agreement, if compliance with the amendment, interpretation or
7 interpretive rule requires the state to make a statutory change, until the later of the first day of January at
8 least two years after the adoption of the amendment or interpretive rule or the first day of a calendar
9 quarter following the end of one full session of the state's legislature.

10
11 C. No member state shall be sanctioned for failing to be in compliance with any term of the
12 Agreement that the state has adopted, in substantially identical form, in its statutes if its noncompliance
13 is a result of a judicial ruling in that state that interprets that term of the Agreement in a manner
14 inconsistent with an interpretation by, or interpretive rule of, the governing board adopted under section
15 902 of the Agreement and the member state comes into compliance with the interpretation of the
16 governing board by amending its statutes before the later of the first day of January at least two years
17 after the issuance of the judicial decision or the first day of a calendar quarter following one full session
18 of the state's legislature.

19 *See Compiler's Notes for history.*

20 **Section 810: STATE AND LOCAL ADVISORY COUNCIL**

21 The governing board shall create a State and Local Government Advisory Council to advise the
22 governing board on matters pertaining to the administration of the Agreement. The membership shall
23 include at least one representative from each state that is a participating member of the Streamlined
24 Sales Tax Project pursuant to the Operating Rules of the Project as designated by that state. In addition,
25 the governing board shall appoint local government officials to the State and Local Government
26 Advisory Council. The governing board may appoint other state officials as it deems appropriate.
27 Matters pertaining to the administration of the Agreement shall include, but not be limited to, admission
28 of states into membership, noncompliance, and interpretations, revisions or additions to the Agreement.
29 The State and Local Government Advisory Council shall advise and assist the Business Advisory
30 Council in the functions noted in Section 811.

31 *See Compiler's Notes for history.*

1 **Section 811: BUSINESS ADVISORY COUNCIL**

2 The governing board shall recognize a Business Advisory Council from the private sector to advise the
3 governing board on matters pertaining to the administration of the Agreement. These matters shall
4 include, but not be limited to, admission of states into membership, noncompliance, and interpretations,
5 revisions or additions to the Agreement. The Business Advisory Council shall advise and assist the
6 State and Local Government Advisory Council in the functions noted in Section 810.

7 *See Compiler's Notes for history.*

8 **Section 812: LOCAL ADVISORY COUNCIL**

9 The governing board shall create a Local Government Advisory Council to advise the governing
10 board on matters related to the administration of the agreement, if the issue specifically relates to
11 local governments. These matters shall include, but are not limited to, interpretations, revisions
12 or additions to the Agreement.

13 *See Compiler's Notes for history.*

14

1 **ARTICLE IX**

2 **AMENDMENTS AND INTERPRETATIONS**

3
4 **Section 901: AMENDMENTS TO AGREEMENT**

5 Amendments to the Agreement may be brought before the governing board by any member state. The
6 Agreement may be amended by a three-fourths vote of the entire governing board. The governing board
7 shall give the Governor and presiding officer of each house of each member state notice of proposed
8 amendments to the Agreement at least thirty days prior to consideration. The governing board shall give
9 public notice of proposed amendments to the Agreement at least thirty days prior to consideration. The
10 governing board shall provide an opportunity for public comment prior to action on an amendment to
11 the Agreement.

12 *See Compiler's Notes for history.*

13 **Section 902: INTERPRETATIONS OF AGREEMENT**

14 Matters involving interpretation of the Agreement, including all definitions in the Library of Definitions,
15 may be brought before the governing board by any member state or by any other person. Interpretations
16 may take the form of interpretive opinions, or interpretive rules. An interpretive opinion is issued when
17 the requester submits specific facts and asks how certain provisions in the Agreement would apply to
18 those facts, similar to a private letter ruling. An interpretive rule is issued to clarify language in the
19 Agreement and applies more generally, similar to rules and regulations issued to clarify statutory
20 language. Both forms of interpretations shall require a three-fourths vote of the entire governing board.
21 The governing board shall publish all interpretations issued under this section. Interpretations shall be
22 considered part of the Agreement and shall have the same effect as the Agreement. The governing
23 board shall act on requests for interpretation of the Agreement within a reasonable period of time and
24 under guidelines and procedures as set forth in the governing board's rules. The governing board may
25 determine that it will not issue an interpretation. The governing board shall provide an opportunity for
26 public comment prior to issuing an interpretation of the Agreement. The governing board shall give
27 notice of a proposed interpretive rule to the member states and the public as provided in Section 901 of
28 the Agreement, except that notice must be given at least thirty days prior to consideration.

29 *See Compiler's Notes for history.*

1 **Section 903: DEFINITION REQUESTS**

2 In addition to the requests for interpretations authorized under Section 902 of this Agreement,
3 any member state or any other person may make requests for additional definitions or for
4 interpretations on how an individual product or service fits within a Part II or Part III(B)
5 definition. Requests shall be submitted in writing as determined by the governing board. Such
6 requests shall be referred to the Advisory Council created in Section 810 or other group under
7 guidelines and procedures as set forth in the governing board's rules. The entity to which the
8 request was referred shall post notice of the request and provide for input from the public and the
9 member states as directed by the governing board. Within one hundred eighty days after
10 receiving the request, they shall report to the governing board one of the following
11 recommendations:

- 12 A. That no action be taken on the request;
- 13 B. That a proposed amendment to the Library be submitted;
- 14 C. That an interpretation request be submitted; or
- 15 D. That additional time is needed to review the request.

16
17 If either an amendment or an interpretation is recommended, the entity to which the request was
18 referred shall provide the appropriate language as required by the governing board. The
19 governing board shall take action on the recommendation of the entity to which the request was
20 referred at the next meeting of the governing board pursuant to the notice requirements of
21 Section 806. Action by the governing board to approve a recommendation for no action shall be
22 considered the final disposition of the request. Nothing in this paragraph shall prohibit a state
23 from directly submitting a proposed amendment or an interpretation request to the governing
24 board pursuant to Section 901 or Section 902.

25 *See Compiler's Notes for history.*

1 **ARTICLE X**

2 **ISSUE RESOLUTION PROCESS**

3 **Section 1001: RULES AND PROCEDURES FOR ISSUE RESOLUTION**

4 The governing board shall promulgate rules creating an issue resolution process. The rules shall govern
5 the conduct of the process, including the participation by any petitioner, affected state, and other
6 interested party, the disposition of a petition to invoke the process, the allocation of costs for
7 participating in the process, the possible involvement of a neutral third party or non-binding arbitration,
8 and such further details as the governing board determines necessary and appropriate.

9 **Section 1002: PETITION FOR RESOLUTION**

10 Any member state or person may petition the governing board to invoke the issue resolution process to
11 resolve matters of:

- 12 A. Membership of a state under Article VIII;
13 B. Matters of compliance under Section 805;
14 C. Possibilities of sanctions of a member state under Section 809;
15 D. Amendments to the Agreement under Section 901;
16 E. Interpretation issues, including differing interpretations among the member states, under Section
17 902; or
18 F. Other matters at the discretion of the governing board.

19 **Section 1003: FINAL DECISION OF GOVERNING BOARD**

20 The governing board shall consider any recommendations resulting from the issue resolution process
21 before making its decision, which decision shall, as with all other matters under the Agreement, be final
22 and not subject to further review.

23 **Section 1004: LIMITED SCOPE OF THIS ARTICLE**

24 Nothing in this Article shall be construed to substitute for, stay or extend, limit, expand, or
25 otherwise affect, in any manner, any right or duty that any person or governmental body has
26 under the laws of any member state or local government body. This Article is specifically
27 subject to the terms of Article XI and shall not be construed as taking precedence over Article
28 XI.

1 **ARTICLE XI**

2 **RELATIONSHIP OF AGREEMENT TO MEMBER STATES AND PERSONS**

3 **Section 1101: COOPERATING SOVEREIGNS**

4 This Agreement is among individual cooperating sovereigns in furtherance of their governmental
5 functions. The Agreement provides a mechanism among the member states to establish and
6 maintain a cooperative, simplified system for the application and administration of sales and use
7 taxes under the duly adopted law of each member state.

8 **Section 1102: RELATIONSHIP TO STATE LAW**

9 No provision of the Agreement in whole or part invalidates or amends any provision of the law
10 of a member state. Adoption of the Agreement by a member state does not amend or modify any
11 law of the state. Implementation of any condition of the Agreement in a member state, whether
12 adopted before, at, or after membership of a state, must be by the action of the member state. All
13 member states remain subject to Article VIII.

14 **Section 1103: LIMITED BINDING AND BENEFICIAL EFFECT**

- 15 A. This Agreement binds and inures only to the benefit of the member states. No person,
16 other than a member state, is an intended beneficiary of this Agreement. Any benefit to a
17 person other than a state is established by the laws of the member states and not by the
18 terms of this Agreement.
- 19 B. Consistent with subsection (A), no person shall have any cause of action or defense under
20 the Agreement or by virtue of a member state's approval of the Agreement. No person
21 may challenge, in any action brought under any provision of law, any action or inaction
22 by any department, agency, or other instrumentality of any member state, or any political
23 subdivision of a member state on the ground that the action or inaction is inconsistent
24 with the Agreement.
- 25 C. No law of a member state, or the application thereof, may be declared invalid as to any
26 person or circumstance on the ground that the provision or application is inconsistent
27 with the Agreement.
- 28
29

1 **Section 1104: FINAL DETERMINATIONS**

2 The determinations pertaining to the Agreement that are made by the member states are final
3 when rendered and are not subject to any protest, appeal, or review.

4

1 **ARTICLE XII**

2 **REVIEW OF COSTS AND BENEFITS ASSOCIATED WITH THE AGREEMENT**

3 **Section 1201: REVIEW OF COSTS AND BENEFITS**

4 The governing board will review costs and benefits of administration and collection of sales and
5 use taxes incurred by states and sellers under the existing sales and use tax laws at the time of
6 adoption of the Agreement and the proposed Streamlined Sales Tax Agreement.

APPENDIX A
STREAMLINED SALES AND USE TAX AGREEMENT
PETITION FOR MEMBERSHIP

WHEREAS, it is in the interest of the private sector and of state and local governments to simplify and modernize sales and use tax administration;

WHEREAS, such simplification and modernization will result in a substantial reduction in the costs and complexity for sellers of personal property and services in conducting their commercial enterprises;

WHEREAS, such simplification and modernization will also result in additional voluntary compliance with the sales and use tax laws;

WHEREAS, such simplification and modernization of sales and use tax administration is best conducted in cooperation and coordination with other states; and

WHEREAS, the State of _____ levies a sales tax and levies a use tax. “Sales tax” means the tax levied under (CITE SPECIFIC STATUTE) and “use tax” means the tax levied under (CITE SPECIFIC STATUTE).

NOW, the undersigned representative hereby petitions the governing board of the Streamlined Sales and Use Tax Agreement for membership into the Agreement.

Appendix B
INDEX OF DEFINITIONS

Term	Placement in Agreement
Alcoholic beverages	Appendix C, Part II, within food and food products category
Agent	Article II, Section 201
Air-to-ground radiotelephone service	Article III, Section 315
Ancillary services	Appendix C, Part II, within telecommunications category
Bottled water	Appendix C, Part II, within food and food products category
Bundled transaction	Appendix C, Part I
Call-by-call basis	Article III, Section 315
Candy	Appendix C, Part II, within food and food products category
Certified automated system	Article II, Section 202
Certified service provider	Article II, Section 203
Clothing	Appendix C, Part II, within clothing category
Clothing accessories or equipment	Appendix C, Part II, within clothing category
Computer	Appendix C, Part II, within computer related category
Computer software	Appendix C, Part II, within computer related category
Communications channel	Article III, Section 315
Coin-operated telephone service	Appendix C, Part II, within telecommunications category
Conference bridging service	Appendix C, Part II, within telecommunications category
Confidential taxpayer information	Article III, Section 321
Customer	Article III, Section 315
Customer channel termination point	Article III, Section 315
Delivered electronically	Appendix C, Part II, within computer related category
Delivery charges	Appendix C, Part I
Detailed telecommunications billing service	Appendix C, Part II, within telecommunications category

Term	Placement in Agreement
Dietary supplement	Appendix C, Part II, within food and food products category
Digital Books	Appendix C, Part II, within digital products category
Digital Audio-Visual Works	Appendix C, Part II, within digital products category
Digital Audio Works	Appendix C, Part II, within digital products category
Direct mail	Appendix C, Part I
Directory assistance	Appendix C, Part II, within telecommunications category
Disaster Preparedness Supply	Appendix C, Part III, for sales tax holidays
Disaster Preparedness General Supply	Appendix C, Part III, for sales tax holidays
Disaster Preparedness Safety Supply	Appendix C, Part III, for sales tax holidays
Disaster Preparedness Food-Related Supply	Appendix C, Part III, for sales tax holidays
Disaster Preparedness Fastening Supply	Appendix C, Part III, for sales tax holidays
Drug	Appendix C, Part II, within health care category
Durable medical equipment	Appendix C, Part II, within health care category
800 service	Appendix C, Part II, within telecommunications category
Electronic	Appendix C, Library, within computer related category
Eligible property	Appendix C, Part III, for sales tax holidays
Energy Star Qualified Product	Appendix C, Part III, for sales tax holidays
Entity-based exemption	Article II, Section 204
Essential Clothing	Appendix C, Part II, within clothing category
Fixed wireless service	Appendix C, Part II, within telecommunications category
Food and food ingredients	Appendix C, Part II, within food and food products category
Food sold through vending machines	Appendix C, Part II, within food and food products category
Fur clothing	Appendix C, Part II, within clothing category
Grooming and hygiene products	Appendix C, Part II, within health care category
Home service provider	Article III, Section 315
International	Appendix C, Part II, within telecommunications category

Term	Placement in Agreement
Interstate	Appendix C, Part II, within telecommunications category
Intrastate	Appendix C, Part II, within telecommunications category
Layaway sale	Appendix C, Part III, for sales tax holidays
Lease	Appendix C, Part I
Load and leave	Appendix C, Part II, within computer related category
Mobile telecommunications service	Article III, Section 315
Mobile wireless service	Appendix C, Part II, within telecommunications category
Mobility enhancing equipment	Appendix C, Part II, within health care category
Model 1 Seller	Article II, Section 205
Model 2 Seller	Article II, Section 206
Model 3 Seller	Article II, Section 207
900 service	Appendix C, Part II, within telecommunications category
Over-the-counter drug	Appendix C, Part II, within health care category
Paging service	Appendix C, Part II, within telecommunications category
Pay telephone service	Appendix C, Part II, within telecommunications category
Person	Article II, Section 208
Place of primary use	Article III, Section 315
Post-paid calling service	Article III, Section 315
Prepaid calling service	Article III, Section 315 and Appendix C, Part II, within telecommunications category
Prepaid wireless calling service	Article III, Section 315 and Appendix C, Part II, within telecommunications category
Prepared food	Appendix C, Part II, within food and food products category
Prescription	Appendix C, Part II, within health care category
Prewritten computer software	Appendix C, Part II, within computer related category
Private communication service	Article III, Section 315
Product-based exemption	Article II, Section 209
Prosthetic device	Appendix C, Part II, within health care category
Protective equipment	Appendix C, Part II, within clothing category

Term	Placement in Agreement
Purchase price	Appendix C, Part I
Purchaser	Article II, Section 210
Rain check	Appendix C, Part III, for sales tax holidays
Receive and receipt	Article III, Section 311
Registered under this agreement	Article II, Section 211
Rental	Appendix C, Part I
Residential telecommunications service	Appendix C, Part II, within telecommunications category
Retail sale	Appendix C, Part I
Sale at retail	Appendix C, Part I
Sales price	Appendix C, Part I
School art supply	Appendix C, Part III, for sales tax holidays
School computer supply	Appendix C, Part III, for sales tax holidays
School instruction material	Appendix C, Part III, for sales tax holidays
School supply	Appendix C, Part III, for sales tax holidays
Seller	Article II, Section 212
Service address	Article III, Section 315
Soft drinks	Appendix C, Part II, within food and food products category
Software maintenance contracts	Appendix C, Part II, within computer related category
Specified digital products	Appendix C, Part II, within digital products category
Sport or recreational equipment	Appendix C, Part II, within clothing category
State	Article II, Section 213
Tangible personal property	Appendix C, Part I
Telecommunications nonrecurring charges	Appendix C, Part I, within "sales price" definition
Telecommunications service	Appendix C, Part II, within telecommunications category
Tobacco	Appendix C, Part II, within food and food products category
Transportation equipment	Article III, Section 310
Use-based exemption	Article II, Section 214
Value-added non-voice data service	Appendix C, Part II, within telecommunications category

Term	Placement in Agreement
Vertical service	Appendix C, Part II, within telecommunications category
Voice mail service	Appendix C, Part II, within telecommunications category

1 Appendix C

2 LIBRARY OF DEFINITIONS

3
4 **Part I** Administrative definitions including tangible personal property. Terms included
5 in this Part are core terms that apply in imposing and administering sales and use taxes.

6
7 **Part II** Product definitions. Terms included in this Part are used to impose sales and use
8 taxes, exempt items from sales and use taxes or to impose tax on items by narrowing an
9 exemption that otherwise includes these items.

10 *See Compiler's Notes for history.*

11
12 **Part III** Sales tax holiday definitions. Terms included in this Part are core terms that
13 apply in imposing and administering sales and use taxes during sales tax holidays.

14
15 PART I

16
17 Administrative Definitions

18
19 A “**bundled transaction**” is the retail sale of two or more products, except real property and
20 services to real property, where (1) the products are otherwise distinct and identifiable, and (2)
21 the products are sold for one non-itemized price. A “bundled transaction” does not include the
22 sale of any products in which the “sales price” varies, or is negotiable, based on the selection by
23 the purchaser of the products included in the transaction.

24
25 (A) “Distinct and identifiable products” does not include:

- 26 1. Packaging – such as containers, boxes, sacks, bags, and bottles – or other
27 materials – such as wrapping, labels, tags, and instruction guides – that
28 accompany the “retail sale” of the products and are incidental or immaterial to
29 the “retail sale” thereof. Examples of packaging that are incidental or immaterial

1 include grocery sacks, shoeboxes, dry cleaning garment bags and express
2 delivery envelopes and boxes.

- 3 2. A product provided free of charge with the required purchase of another product.
4 A product is “provided free of charge” if the “sales price” of the product
5 purchased does not vary depending on the inclusion of the product “provided free
6 of charge.”
7 3. Items included in the member state’s definition of “sales price,” pursuant to
8 Appendix C of the Agreement.

9 (B) The term “one non-itemized price” does not include a price that is separately identified by
10 product on binding sales or other supporting sales-related documentation made available to the
11 customer in paper or electronic form including, but not limited to an invoice, bill of sale, receipt,
12 contract, service agreement, lease agreement, periodic notice of rates and services, rate card, or
13 price list.

14 (C) A transaction that otherwise meets the definition of a “bundled transaction” as defined
15 above, is not a “bundled transaction” if it is:

16 (1) The “retail sale” of tangible personal property and a service where the tangible personal
17 property is essential to the use of the service, and is provided exclusively in connection with the
18 service, and the true object of the transaction is the service; or

19 (2) The “retail sale” of services where one service is provided that is essential to the use or
20 receipt of a second service and the first service is provided exclusively in connection with the
21 second service and the true object of the transaction is the second service; or

22 (3) A transaction that includes taxable products and nontaxable products and the “purchase
23 price” or “sales price” of the taxable products is de minimis.

24 (a) De minimis means the seller’s “purchase price” or “sales price” of the taxable
25 products is ten percent (10%) or less of the total “purchase price” or “sales price” of the
26 bundled products.

27 (b) Sellers shall use either the “purchase price” or the “sales price” of the products to
28 determine if the taxable products are de minimis. Sellers may not use a combination of the
29 “purchase price” and “sales price” of the products to determine if the taxable products are de
30 minimis.

1 (c) Sellers shall use the full term of a service contract to determine if the taxable
2 products are de minimis; or

3 (4) The “retail sale” of exempt tangible personal property and taxable tangible personal
4 property where:

5 (a) the transaction includes “food and food ingredients”, “drugs”, “durable medical
6 equipment”, “mobility enhancing equipment”, “over-the-counter drugs”, “prosthetic devices” (all
7 as defined in Appendix C) or medical supplies; and

8 (b) where the seller's “purchase price” or “sales price” of the taxable tangible personal
9 property is fifty percent (50%) or less of the total “purchase price” or “sales price” of the
10 bundled tangible personal property. Sellers may not use a combination of the “purchase price”
11 and “sales price” of the tangible personal property when making the fifty percent (50%)
12 determination for a transaction.

13 *See Compiler’s Notes for history.*

14 **“Delivery charges”** means charges by the seller of personal property or services for preparation
15 and delivery to a location designated by the purchaser of personal property or services including,
16 but not limited to, transportation, shipping, postage, handling, crating, and packing.

17 A. A member state may exclude all delivery charges from the sales price of all personal
18 property and services, or choose to exclude from the sales price of personal property or services
19 one or more of the following components, and may amend the definition of delivery charges
20 accordingly:

21 1. Handling, crating, packing, preparation for mailing or delivery, and similar
22 charges; or

23 2. Transportation, shipping, postage, and similar charges.

24 B. In addition, a member state may treat “delivery charges” for “direct mail” differently than
25 it treats “delivery charges” for other personal property or services. A member state may exclude
26 all “delivery charges” from the “sales price” for “direct mail” or choose to exclude from the
27 “sales price” of “direct mail” one or more of the following components, an may amend the
28 definition of “delivery charges” accordingly:

29 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;

30 2. Transportation, shipping, and similar charges; or

1 3. Postage.

2 C. Unless a seller separately states the “delivery charges” or components of “delivery
3 charges” on the invoice or similar billing document given to the purchaser, those non-separately
4 stated charges will not qualify for the exclusion from “sales price.” No member state may
5 require a seller to separately state any “delivery charge” or component thereof.

6 D. The exclusion of “delivery charges” for “direct mail” shall apply to any sale involving the
7 delivery or mailing of: “direct mail;” printed material that would otherwise be “direct mail” that
8 results from a transaction that a state considers the sale of a service; or printed material delivered
9 or mailed to a mass audience when the costs of the printed materials are not billed directly to the
10 recipients and is the result of a transaction that includes the development of billing information
11 or the provision of data processing services.

12 E. If a shipment includes exempt property and taxable property, the seller should allocate
13 the delivery charge by using:

- 14 1. A percentage based on the total sales prices of the taxable property compared to the
15 total sales prices of all property in the shipment; or
16 2. A percentage based on the total weight of the taxable property compared to the
17 total weight of all property in the shipment.

18 The seller must tax the percentage of the delivery charge allocated to the taxable property but
19 does not have to tax the percentage allocated to the exempt property.

20 *See Compiler’s Notes for history.*

21 **“Direct mail”** means printed material delivered or distributed by United States mail or other
22 delivery service to a mass audience or to addressees on a mailing list provided by the purchaser
23 or at the direction of the purchaser when the cost of the items are not billed directly to the
24 recipients. “Direct mail” includes tangible personal property supplied directly or indirectly by
25 the purchaser to the direct mail seller for inclusion in the package containing the printed material.
26 “Direct mail” does not include multiple items of printed material delivered to a single address.

27 *See Compiler’s Notes for history.*

28 **“Lease or rental”** means any transfer of possession or control of tangible personal property for
29 a fixed or indeterminate term for consideration. A lease or rental may include future options to
30 purchase or extend.

- 1 A. Lease or rental does not include:
- 2 1. A transfer of possession or control of property under a security agreement or
- 3 deferred payment plan that requires the transfer of title upon completion of the
- 4 required payments;
- 5 2. A transfer or possession or control of property under an agreement that requires
- 6 the transfer of title upon completion of required payments and payment of an
- 7 option price does not exceed the greater of one hundred dollars or one percent of
- 8 the total required payments; or
- 9 3. Providing tangible personal property along with an operator for a fixed or
- 10 indeterminate period of time. A condition of this exclusion is that the operator is
- 11 necessary for the equipment to perform as designed. For the purpose of this
- 12 subsection, an operator must do more than maintain, inspect, or set-up the
- 13 tangible personal property.
- 14 B. Lease or rental does include agreements covering motor vehicles and trailers where the
- 15 amount of consideration may be increased or decreased by reference to the amount
- 16 realized upon sale or disposition of the property as defined in 26 USC 7701(h)(1).
- 17 C. This definition shall be used for sales and use tax purposes regardless if a transaction is
- 18 characterized as a lease or rental under generally accepted accounting principles, the
- 19 Internal Revenue Code, the [state commercial code], or other provisions of federal, state
- 20 or local law.
- 21 D. This definition will be applied only prospectively from the date of adoption and will
- 22 have no retroactive impact on existing leases or rentals. This definition shall neither
- 23 impact any existing sale-leaseback exemption or exclusions that a state may have, nor
- 24 preclude a state from adopting a sale-leaseback exemption or exclusion after the
- 25 effective date of the Agreement.

26 **“Purchase price”** applies to the measure subject to use tax and has the same meaning as sales
27 price.

28 **“Retail sale or Sale at retail”** means any sale, lease, or rental for any purpose other than for
29 resale, sublease, or subrent.

1 “Sales price” applies to the measure subject to sales tax and means the total amount of
2 consideration, including cash, credit, property, and services, for which personal property or
3 services are sold, leased, or rented, valued in money, whether received in money or otherwise,
4 without any deduction for the following:

- 5 A. The seller's cost of the property sold;
- 6 B. The cost of materials used, labor or service cost, interest, losses, all costs of
7 transportation to the seller, all taxes imposed on the seller, and any other expense
8 of the seller;
- 9 C. Charges by the seller for any services necessary to complete the sale, other than
10 delivery and installation charges;
- 11 D. Delivery charges;
- 12 E. Installation charges; and
- 13 F. Credit for any trade-in, as determined by state law.

14 Notwithstanding (B) above, a state may elect, by statute or administrative regulation, to exclude
15 from sales price the following types of taxes, but only if that tax is separately stated on the
16 invoice, bill of sale or similar document given to the purchaser:

- 17 1. Any or all state and local taxes on a retail sale that are imposed on the seller if the state statute
18 authorizing or imposing the tax provides that the seller may, but is not required, to collect such
19 tax from the consumer. If there is no state statute authorizing or imposing the local tax, the
20 language in the local ordinance will determine if the local tax may, but is not required, to be
21 collected from the consumer; and/or
- 22 2. Tribal taxes on a retail sale that are imposed on the seller if the Tribal law authorizing or
23 imposing the tax provides that the seller may, but is not required, to collect such tax from the
24 consumer.

25 Such tax exclusion from sales price shall be listed on the state’s taxability matrix. The exclusion
26 of a specific tax from sales price may not be based on the type of consumer or product sold.

1 States may exclude from “sales price” the amounts received for charges included in paragraphs
2 (C) through (F) above, if they are separately stated on the invoice, billing, or similar document
3 given to the purchaser. States may exclude from (C) above, “telecommunications nonrecurring”
4 charges if they are separately stated on the invoice, billing, or similar documents. A state doing
5 so must define “telecommunications nonrecurring charges” as follows:

6 **“Telecommunications nonrecurring charges”** means an amount billed for the installation,
7 connection, change or initiation of “telecommunications service” received by the customer.

8 “Sales price” shall not include:

- 9 A. Discounts, including cash, term, or coupons that are not reimbursed by a third
10 party that are allowed by a seller and taken by a purchaser on a sale;
- 11 B. Interest, financing, and carrying charges from credit extended on the sale of
12 personal property or services, if the amount is separately stated on the invoice,
13 bill of sale or similar document given to the purchaser; and
- 14 C. Any taxes legally imposed directly on the consumer that are separately stated on
15 the invoice, bill of sale or similar document given to the purchaser.

16 “Sales price” shall include consideration received by the seller from third parties if:

- 17 A. The seller actually receives consideration from a party other than the purchaser and the
18 consideration is directly related to a price reduction or discount on the sale;
- 19 B. The seller has an obligation to pass the price reduction or discount through to the
20 purchaser;
- 21 C. The amount of the consideration attributable to the sale is fixed and determinable by the
22 seller at the time of the sale of the item to the purchaser; and
- 23 D. One of the following criteria is met:
 - 24 1. The purchaser presents a coupon, certificate or other documentation to the seller to
25 claim a price reduction or discount where the coupon, certificate or documentation is
26 authorized, distributed or granted by a third party with the understanding that the
27 third party will reimburse any seller to whom the coupon, certificate or
28 documentation is presented;

- 1 9. Costumes;
- 2 10. Diapers, children and adult, including disposable diapers;
- 3 11. Ear muffs;
- 4 12. Footlets;
- 5 13. Formal wear;
- 6 14. Garters and garter belts;
- 7 15. Girdles;
- 8 16. Gloves and mittens for general use;
- 9 17. Hats and caps;
- 10 18. Hosiery;
- 11 19. Insoles for shoes;
- 12 20. Lab coats;
- 13 21. Neckties;
- 14 22. Overshoes;
- 15 23. Pantyhose;
- 16 24. Rainwear;
- 17 25. Rubber pants;
- 18 26. Sandals;
- 19 27. Scarves;
- 20 28. Shoes and shoe laces;
- 21 29. Slippers;
- 22 30. Sneakers;
- 23 31. Socks and stockings;
- 24 32. Steel toed shoes;
- 25 33. Underwear;
- 26 34. Uniforms, athletic and non-athletic; and
- 27 35. Wedding apparel.
- 28 B. "Clothing" shall not include:
- 29 1. Belt buckles sold separately;
- 30 2. Costume masks sold separately;

- 1 3. Patches and emblems sold separately;
- 2 4. Sewing equipment and supplies including, but not limited to, knitting needles, patterns,
- 3 pins, scissors, sewing machines, sewing needles, tape measures, and thimbles; and
- 4 5. Sewing materials that become part of “clothing” including, but not limited to, buttons,
- 5 fabric, lace, thread, yarn, and zippers.

6 *Interpretation issued: The Governing Board issued Interpretation 2006-05 relating to the definition of clothing on*
7 *August 29, 2006. That interpretation can be found in the Library of Interpretations in Appendix D.*

8 **"Clothing accessories or equipment"** means incidental items worn on the person or in
9 conjunction with “clothing.” “Clothing accessories or equipment” are mutually exclusive of and
10 may be taxed differently than apparel within the definition of “clothing,” “sport or recreational
11 equipment,” and “protective equipment.” The following list contains examples and is not
12 intended to be an all-inclusive list. “Clothing accessories or equipment” shall include:

- 13 1. Briefcases;
- 14 2. Cosmetics;
- 15 3. Hair notions, including, but not limited to, barrettes, hair bows, and hair nets;
- 16 4. Handbags;
- 17 5. Handkerchiefs;
- 18 6. Jewelry;
- 19 7. Sun glasses, non-prescription;
- 20 8. Umbrellas;
- 21 9. Wallets;
- 22 10. Watches; and
- 23 11. Wigs and hair pieces.

24 **“Essential clothing”** means any article of “clothing” with a sales price below a dollar threshold
25 set by a member state if that state chooses to tax “essential clothing” differently from “clothing.”
26 A state electing to tax “essential clothing” differently from “clothing” may not exempt the
27 portion of the price of any individual item of clothing below its dollar threshold and shall
28 administer the “essential clothing” threshold consistent with the provisions of Section 322,
29 subsections (B), (C)(3), (C)(4) and (C)(7).

30 *See Compiler’s Notes for history.*

1 **“Fur clothing”** means “clothing” that is required to be labeled as a fur product under the Federal
2 Fur Products Labeling Act (15 U.S.C. §69), and the value of the fur components in the product is
3 more than three times the value of the next most valuable tangible component. “Fur clothing” is
4 human wearing apparel suitable for general use but may be taxed differently from “clothing.”
5 For the purposes of the definition of “fur clothing” the term “fur” means any animal skin or part
6 thereof with hair, fleece, or fur fibers attached thereto, either in its raw or processed state, but
7 shall not include such skins that have been converted into leather or suede, or which in
8 processing, the hair, fleece, or fur fiber has been completely removed.

9 *See Compiler’s Notes for history.*

10 **"Protective equipment"** means items for human wear and designed as protection of the wearer
11 against injury or disease or as protections against damage or injury of other persons or property
12 but not suitable for general use. “Protective equipment” are mutually exclusive of and may be
13 taxed differently than apparel within the definition of “clothing,” “clothing accessories or
14 equipment,” and “sport or recreational equipment.” The following list contains examples and is
15 not intended to be an all-inclusive list. “Protective equipment” shall include:

- 16 1. Breathing masks;
- 17 2. Clean room apparel and equipment;
- 18 3. Ear and hearing protectors;
- 19 4. Face shields;
- 20 5. Hard hats;
- 21 6. Helmets;
- 22 7. Paint or dust respirators;
- 23 8. Protective gloves;
- 24 9. Safety glasses and goggles;
- 25 10. Safety belts;
- 26 11. Tool belts; and
- 27 12. Welders gloves and masks.

28 **"Sport or recreational equipment"** means items designed for human use and worn in
29 conjunction with an athletic or recreational activity that are not suitable for general use. “Sport
30 or recreational equipment” are mutually exclusive of and may be taxed differently than apparel

1 within the definition of “clothing,” “clothing accessories or equipment,” and “protective
2 equipment.” The following list contains examples and is not intended to be an all-inclusive list.

3 “Sport or recreational equipment” shall include:

- 4 1. Ballet and tap shoes;
- 5 2. Cleated or spiked athletic shoes;
- 6 3. Gloves, including, but not limited to, baseball, bowling, boxing, hockey, and golf;
- 7 4. Goggles;
- 8 5. Hand and elbow guards;
- 9 6. Life preservers and vests;
- 10 7. Mouth guards;
- 11 8. Roller and ice skates;
- 12 9. Shin guards;
- 13 10. Shoulder pads;
- 14 11. Ski boots;
- 15 12. Waders; and
- 16 13. Wetsuits and fins.

17 18 **COMPUTER RELATED**

19 “**Computer**” means an electronic device that accepts information in digital or similar form and
20 manipulates it for a result based on a sequence of instructions.

21 “**Computer software**” means a set of coded instructions designed to cause a “computer” or
22 automatic data processing equipment to perform a task.

23 *See Compiler’s Notes for history.*

24 “**Delivered electronically**” means delivered to the purchaser by means other than tangible
25 storage media.

26 “**Electronic**” means relating to technology having electrical, digital, magnetic, wireless, optical,
27 electromagnetic, or similar capabilities.

28 “**Load and leave**” means delivery to the purchaser by use of a tangible storage media where the
29 tangible storage media is not physically transferred to the purchaser.

1 **“Prewritten computer software”** means “computer software,” including prewritten upgrades,
2 which is not designed and developed by the author or other creator to the specifications of a
3 specific purchaser. The combining of two or more “prewritten computer software” programs or
4 prewritten portions thereof does not cause the combination to be other than “prewritten computer
5 software.” “Prewritten computer software” includes software designed and developed by the
6 author or other creator to the specifications of a specific purchaser when it is sold to a person
7 other than the specific purchaser. Where a person modifies or enhances “computer software” of
8 which the person is not the author or creator, the person shall be deemed to be the author or
9 creator only of such person’s modifications or enhancements. “Prewritten computer software” or
10 a prewritten portion thereof that is modified or enhanced to any degree, where such modification
11 or enhancement is designed and developed to the specifications of a specific purchaser, remains
12 “prewritten computer software;” provided, however, that where there is a reasonable, separately
13 stated charge or an invoice or other statement of the price given to the purchaser for such
14 modification or enhancement, such modification or enhancement shall not constitute “prewritten
15 computer software.”

16 A member state may exempt “prewritten computer software” “delivered electronically” or by
17 “load and leave.”

18 *Interpretation issued: On May 12, 2009 the Governing Board issued Interpretative Opinion 2009-1 relating to the*
19 *definition of “prewritten computer software.” That interpretation can be found in the Library of Interpretations in*
20 *Appendix D.*

22 **Software Maintenance Contract Definitions:**

23 A **“computer software maintenance contract”** is a contract that obligates a vendor of computer
24 software to provide a customer with future updates or upgrades to computer software, support
25 services with respect to computer software or both.

26 A **“mandatory computer software maintenance contract”** is a computer software maintenance
27 contract that the customer is obligated by contract to purchase as a condition to the retail sale of
28 computer software.

1 An “**optional computer maintenance contract**” is a computer software maintenance
2 contract that a customer is not obligated to purchase as a condition to the retail sale of
3 computer software.

4 A member state may limit the definition of “computer maintenance contract” to one or
5 more of the following:

- 6 1. Computer software maintenance contracts with respect to prewritten computer
7 software;
- 8 2. Optional computer software maintenance contracts;
- 9 3. Mandatory computer software maintenance contracts;
- 10 4. Optional computer software maintenance contracts that do not include upgrades
11 and updates delivered electronically, by load and leave, or both;
- 12 5. Computer software maintenance contracts that only obligate a vendor of computer
13 software to provide a customer with future updates or upgrades to computer
14 software;
- 15 6. Computer software maintenance contracts that only obligate a vendor of computer
16 software to provide a customer with support services with respect to computer
17 software.

18 A member state may include within its definition of “computer software maintenance
19 contracts” contracts sold by a person other than the vendor of the computer software to
20 which the contract relates.

21 *See Compiler’s Notes for history.*

22

23

24 **DIGITAL PRODUCTS DEFINITIONS**

25 “**Specified digital products**” means electronically transferred:

26 “**Digital Audio-Visual Works**” which means a series of related images which, when shown in
27 succession, impart an impression of motion, together with accompanying sounds, if any,

28 “**Digital Audio Works**” which means works that result from the fixation of a series of musical,
29 spoken, or other sounds, including ringtones, and

1 “**Digital Books**” which means works that are generally recognized in the ordinary and usual
2 sense as “books”.

3 For purposes of the definition of “digital audio works”, “ringtones” means digitized sound files
4 that are downloaded onto a device and that may be used to alert the customer with respect to a
5 communication.

6 For purposes of the definitions of “specified digital products”, “transferred electronically” means
7 obtained by the purchaser by means other than tangible storage media.

8 *See Compiler’s Notes for history.*

9

10 **FOOD AND FOOD PRODUCTS**

11 “**Alcoholic Beverages**” means beverages that are suitable for human consumption and contain
12 one-half of one percent or more of alcohol by volume.

13 “**Bottled water**” means water that is placed in a safety sealed container or package for human
14 consumption. Bottled water is calorie free and does not contain sweeteners or other additives except
15 that it may contain: (i) antimicrobial agents; (ii) fluoride; (iii) carbonation; (iv) vitamins, minerals,
16 and electrolytes; (v) oxygen; (vi) preservatives; and (vii) only those flavors, extracts, or essences
17 derived from a spice or fruit. “Bottled water” includes water that is delivered to the buyer in a
18 reusable container that is not sold with the water.

19 *See Compiler’s Notes for history.*

20 “**Candy**” means a preparation of sugar, honey, or other natural or artificial sweeteners in
21 combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars,
22 drops, or pieces. “Candy” shall not include any preparation containing flour and shall require no
23 refrigeration.

24 *Interpretations issued: (a) On September 20, 2007 the Governing Board issued Interpretation 2007-03 relating to*
25 *the definition of “candy.” That interpretation can be found in the Library of Interpretations in Appendix D.*

26 *(b) On October 30, 2013 the Governing Board issued Interpretation 2013-02 relating to the definition of “candy.”*
27 *That interpretation can be found in the Library of Interpretations in Appendix D.*

28 “**Dietary supplement**” means any product, other than “tobacco,” intended to supplement the
29 diet that:

30 A. Contains one or more of the following dietary ingredients:

31 1. A vitamin;

- 1 2. A mineral;
- 2 3. An herb or other botanical;
- 3 4. An amino acid;
- 4 5. A dietary substance for use by humans to supplement the diet by increasing the total
- 5 dietary intake; or
- 6 6. A concentrate, metabolite, constituent, extract, or combination of any ingredient
- 7 described in above; and

8 B. Is intended for ingestion in tablet, capsule, powder, softgel, gelcap, or liquid form, or if not
9 intended for ingestion in such a form, is not represented as conventional food and is not
10 represented for use as a sole item of a meal or of the diet; and

11 C. Is required to be labeled as a dietary supplement, identifiable by the "Supplemental Facts"
12 box found on the label and as required pursuant to 21 C.F.R § 101.36.

13 **“Food and food ingredients”** means substances, whether in liquid, concentrated, solid, frozen,
14 dried, or dehydrated form, that are sold for ingestion or chewing by humans and are consumed
15 for their taste or nutritional value. “Food and food ingredients” does not include “alcoholic
16 beverages” or “tobacco.” A member state may exclude “bottled water,” “candy,” “dietary
17 supplements” and “soft drinks” from this definition, which items are mutually exclusive of each
18 other.

19 Notwithstanding the foregoing requirements of this definition or any other provision of the
20 Agreement, a member state may maintain its tax treatment of food in a manner that differs from
21 the definitions provided herein, provided its taxation or exemption of food is based on a
22 prohibition or requirement of that state’s Constitution that exists on the effective date of the
23 Agreement.

24 *See Compiler’s Notes for history.*

25 *Interpretations Issued: (a) On October 7, 2010 the Governing Board issued Interpretative Opinion 2010-03 relating*
26 *to the definition of “food and food ingredients.” That interpretation can be found in the Library of Interpretations*
27 *in Appendix D.*

28 *(b) On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-01 relating to the definition of*
29 *“food and food ingredients.” That interpretation can be found in the Library of Interpretations in Appendix D.*

30 *(c) On October 30, 2013 the Governing Board issued Interpretation 2013-02 relating to the definition of “candy”*
31 *and “food and food ingredients.” That interpretation can be found in the Library of Interpretations in Appendix D.*

1 **“Food sold through vending machines”** means food dispensed from a machine or other
2 mechanical device that accepts payment.

3 **“Prepared food”** means:

- 4 A. Food sold in a heated state or heated by the seller;
- 5 B. Two or more food ingredients mixed or combined by the seller for sale as a single item;
6 or
- 7 C. Food sold with eating utensils provided by the seller, including plates, knives, forks,
8 spoons, glasses, cups, napkins, or straws. A plate does not include a container or
9 packaging used to transport the food.

10 “Prepared food” in B. does not include food that is only cut, repackaged, or pasteurized by the
11 seller, and eggs, fish, meat, poultry, and foods containing these raw animal foods requiring
12 cooking by the consumer as recommended by the Food and Drug Administration in chapter 3,
13 part 401.11 of its Food Code so as to prevent food borne illnesses.

14

15 The following items may be taxed differently than “prepared food” and each other, if sold
16 without eating utensils provided by the seller, but may not be taxed differently than the same
17 item when classified under “food and food ingredients.”

- 18 1. Food sold by a seller whose proper primary NAICS classification is manufacturing in
19 sector 311, except subsector 3118 (bakeries).
- 20 2. Food sold in an unheated state by weight or volume as a single item.
- 21 3. Bakery items, including bread, rolls, buns, biscuits, bagels, croissants, pastries, donuts,
22 danish, cakes, tortes, pies, tarts, muffins, bars, cookies, tortillas.

23 Substances within “food and food ingredients” may be taxed differently if sold as “prepared
24 food.” A state shall tax or exempt from taxation “bottled water,” “candy,” dietary supplements,”
25 and “soft drinks” that are sold as “prepared food” in the same manner as it treats other substances
26 that are sold as “prepared food.”

27 *See Compiler’s Notes for history.*

28 *Interpretations issued: (a) On April 18, 2006 the Governing Board issued Interpretation 2006-04 relating to the*
29 *definition of “prepared food.” That interpretation can be found in the Library of Interpretations in Appendix D.*

30 *(b) On December 14, 2006, the Governing Board issued Interpretation 2006-11 relating to “prepared food.” That*
31 *interpretation can be found in the Library of Interpretations in Appendix D.*

1 **“Soft drinks”** means non-alcoholic beverages that contain natural or artificial sweeteners. “Soft
2 drinks” do not include beverages that contain milk or milk products, soy, rice or similar milk
3 substitutes, or greater than fifty percent of vegetable or fruit juice by volume.

4 *Interpretation issued: (a) On October 30, 2013 the Governing Board issued Interpretation 2013-01 relating to the*
5 *definition of “soft drinks.” That interpretation can be found in the Library of Interpretations in Appendix D.*

6 **“Tobacco”** means cigarettes, cigars, chewing or pipe tobacco, or any other item that contains
7 tobacco.

8 **HEALTH-CARE**

9 **“Drug”** means a compound, substance or preparation, and any component of a compound,
10 substance or preparation, other than “food and food ingredients,” “dietary supplements” or
11 “alcoholic beverages:”

- 12 A. Recognized in the official United State Pharmacopoeia, official Homeopathic
13 Pharmacopoeia of the United States, or official National Formulary, and supplement to
14 any of them; or
- 15 B. Intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease; or
- 16 C. Intended to affect the structure or any function of the body.

17 A member state may independently:

- 18 A. Limit the definition of “drug” to human use (as opposed to both human and animal use)
19 in the administration of its exemption;
- 20 B. Draft its exemption for “drug” to specifically add insulin and/or medical oxygen so that
21 no prescription is required, even if a state requires a prescription under its exemption for
22 drugs;
- 23 C. Determine the taxability of the sales of drugs and prescription drugs to hospitals and
24 other medical facilities;
- 25 D. Determine the taxability of free samples of drugs; and
- 26 E. Determine the taxability of bundling taxable and nontaxable drug, if uniform treatment
27 of bundled transactions is not otherwise defined in the Agreement.

28 *Interpretation issued: On June 23, 2007 the Governing Board issued Interpretation 2007-01 relating to the*
29 *definition of “drug.” That interpretation can be found in the Library of Interpretations in Appendix D.*

1 **“Durable medical equipment”** means equipment including repair and replacement parts for
2 same, but does not include “mobility enhancing equipment,” which:

- 3 A. Can withstand repeated use; and
- 4 B. Is primarily and customarily used to serve a medical purpose; and
- 5 C. Generally is not useful to a person in the absence of illness or injury; and
- 6 D. Is not worn in or on the body.

7 A member state may limit its exemption to “durable medical equipment:”

- 8 A. By requiring a prescription;
- 9 B. Based on Medicare or Medicaid payments or reimbursement; or
- 10 C. For home use.

11 A member state may limit the exemption using any combination of the above but in no case shall
12 an exemption certificate be required.

13
14 Repair and replacement parts as used in this definition include all components or attachments
15 used in conjunction with the “durable medical equipment.” A member state may exclude from
16 repair and replacement parts items which are for single patient use only.

17
18 A member state may exclude from the product definition of “durable medical equipment” any of
19 the following for purposes enacting a product-based exemption:

- 20 1. Oxygen delivery equipment not worn in or on the body, including repair and replacement
21 parts;
- 22 2. Kidney dialysis equipment not worn in or on the body, including repair and replacement
23 parts; or
- 24 3. Enteral feeding systems not worn in or on the body, including repair and replacement
25 parts.

26
27 A member state choosing to enact a product-based exemption for oxygen delivery equipment,
28 kidney dialysis equipment, or enteral feeding systems, if those items are not worn in or on the
29 body, must also enact a product-based exemption for oxygen delivery equipment, kidney dialysis
30 equipment, or enteral feeding systems, if those are worn in or on the body.

A member state may limit the product-based exemption for oxygen delivery equipment, kidney dialysis equipment, or enteral feeding systems using any combination of the following:

- a. By requiring a prescription;
- b. Based on Medicare or Medicaid payments or reimbursement; or
- c. For home use.

See Compiler's Notes for history.

“Grooming and hygiene products” are soaps and cleaning solutions, shampoo, toothpaste, mouthwash, antiperspirants, and sun tan lotions and screens, regardless of whether the items meet the definition of “over-the-counter-drugs.”

“Mobility enhancing equipment” means equipment including repair and replacement parts to same, but does not include “durable medical equipment,” which:

- A. Is primarily and customarily used to provide or increase the ability to move from one place to another and which is appropriate for use either in a home or a motor vehicle; and
- B. Is not generally used by persons with normal mobility; and
- C. Does not include any motor vehicle or equipment on a motor vehicle normally provided by a motor vehicle manufacturer.

A member state may limit the application of this definition by requiring a “prescription,” or limit an exemption based on Medicare or Medicaid payments or reimbursements.

“Over-the-counter-drug” means a drug that contains a label that identifies the product as a drug as required by 21 C.F.R. § 201.66. A member state may exclude “grooming and hygiene products” from this definition. The “over-the-counter-drug” label includes:

- A. A “Drug Facts” panel; or
- B. A statement of the “active ingredient(s)” with a list of those ingredients contained in the compound, substance or preparation.

“Prescription” means an order, formula or recipe issued in any form of oral, written, electronic, or other means of transmission by a duly licensed practitioner authorized by the laws of the member state.

1 **“Prosthetic device”** means a replacement, corrective, or supportive device including repair and
2 replacement parts for same worn on or in the body to:

- 3 A. Artificially replace a missing portion of the body;
- 4 B. Prevent or correct physical deformity or malfunction; or
- 5 C. Support a weak or deformed portion of the body.

6 A member state may exclude any or all of the following from the definition of “prosthetic
7 device:”

- 8 A. Corrective eyeglasses;
- 9 B. Contact lenses;
- 10 C. Hearing aids; and
- 11 D. Dental prosthesis.

12 A member state may limit the application of this definition by requiring a “prescription,” or limit
13 an exemption based on Medicare or Medicaid payments or reimbursements.

14 15 TELECOMMUNICATIONS

16 **Tax Base/Exemption Terms:**

17 **“Ancillary services”** means services that are associated with or incidental to the provision of
18 “telecommunications services”, including but not limited to “detailed telecommunications
19 billing”, “directory assistance”, “vertical service”, and “voice mail services”.

20 **“Conference bridging service”** means an “ancillary service” that links two or more participants
21 of an audio or video conference call and may include the provision of a telephone number.

22 “Conference bridging service” does not include the “telecommunications services” used to reach
23 the conference bridge.

24 **“Detailed telecommunications billing service”** means an “ancillary service” of separately
25 stating information pertaining to individual calls on a customer’s billing statement.

26 **“Directory assistance”** means an “ancillary service” of providing telephone number
27 information, and/or address information.

28 **“Vertical service”** means an “ancillary service” that is offered in connection with one or more
29 “telecommunications services”, which offers advanced calling features that allow customers to

1 identify callers and to manage multiple calls and call connections, including “conference
2 bridging services”.

3 **“Voice mail service”** means an “ancillary service” that enables the customer to store, send or
4 receive recorded messages. “Voice mail service” does not include any “vertical services” that
5 the customer may be required to have in order to utilize the “voice mail service”.

6 **“Telecommunications service”** means the electronic transmission, conveyance, or routing of
7 voice, data, audio, video, or any other information or signals to a point, or between or among
8 points. The term “telecommunications service” includes such transmission, conveyance, or
9 routing in which computer processing applications are used to act on the form, code or protocol
10 of the content for purposes of transmission, conveyance or routing without regard to whether
11 such service is referred to as voice over Internet protocol services or is classified by the Federal
12 Communications Commission as enhanced or value added. “Telecommunications service” does
13 not include:

- 14 A. Data processing and information services that allow data to be generated, acquired,
15 stored, processed, or retrieved and delivered by an electronic transmission to a purchaser
16 where such purchaser’s primary purpose for the underlying transaction is the processed
17 data or information;
- 18 B. Installation or maintenance of wiring or equipment on a customer’s premises;
- 19 C. Tangible personal property;
- 20 D. Advertising, including but not limited to directory advertising.
- 21 E. Billing and collection services provided to third parties;
- 22 F. Internet access service;
- 23 G. Radio and television audio and video programming services, regardless of the medium,
24 including the furnishing of transmission, conveyance and routing of such services by the
25 programming service provider. Radio and television audio and video programming
26 services shall include but not be limited to cable service as defined in 47 USC 522(6) and
27 audio and video programming services delivered by commercial mobile radio service
28 providers, as defined in 47 CFR 20.3;
- 29 H. “Ancillary services”; or

1 I. Digital products “delivered electronically”, including but not limited to software, music,
2 video, reading materials or ring tones.

3 **“800 service” means a “telecommunications service” that allows a caller to dial a toll-free**
4 **number without incurring a charge for the call. The service is typically marketed under the name**
5 **“800”, “855”, “866”, “877”, and “888” toll-free calling, and any subsequent numbers designated**
6 **by the Federal Communications Commission.**

7 **“900 service” means an inbound toll “telecommunications service” purchased by a subscriber**
8 **that allows the subscriber’s customers to call in to the subscriber’s prerecorded announcement or**
9 **live service. “900 service” does not include the charge for: collection services provided by the**
10 **seller of the “telecommunications services” to the subscriber, or service or product sold by the**
11 **subscriber to the subscriber’s customer. The service is typically marketed under the name “900”**
12 **service, and any subsequent numbers designated by the Federal Communications Commission.**

13 **“Fixed wireless service” means a “telecommunications service” that provides radio**
14 **communication between fixed points.**

15 **“Mobile wireless service” means a “telecommunications service” that is transmitted, conveyed**
16 **or routed regardless of the technology used, whereby the origination and/or termination points of**
17 **the transmission, conveyance or routing are not fixed, including, by way of example only,**
18 **“telecommunications services” that are provided by a commercial mobile radio service provider.**

19 **“Paging service” means a “telecommunications service” that provides transmission of coded**
20 **radio signals for the purpose of activating specific pagers; such transmissions may include**
21 **messages and/or sounds.**

22 *Interpretation issued: On August 17, 2010 the Governing Board issued Interpretative Opinion 2010-02 relating to*
23 *the definition of “paging service.” That interpretation can be found in the Library of Interpretations in Appendix D.*

24 **“Prepaid calling service” means the right to access exclusively “telecommunications services”,**
25 **which must be paid for in advance and which enables the origination of calls using an access**
26 **number or authorization code, whether manually or electronically dialed, and that is sold in**
27 **predetermined units or dollars of which the number declines with use in a known amount.**

1 **“Prepaid wireless calling service”** means a “telecommunications service” that provides the
2 right to utilize “mobile wireless service” as well as other non-telecommunications services
3 including the download of digital products “delivered electronically”, content and “ancillary
4 services”, which must be paid for in advance that is sold in predetermined units or dollars of
5 which the number declines with use in a known amount.

6 *See Compiler’s Notes for history.*

7 **“Private communications service”** means a “telecommunications service” that entitles the
8 customer to exclusive or priority use of a communications channel or group of channels between
9 or among termination points, regardless of the manner in which such channel or channels are
10 connected, and includes switching capacity, extension lines, stations, and any other associated
11 services that are provided in connection with the use of such channel or channels.

12 **“Value-added non-voice data service”** means a service that otherwise meets the definition of
13 “telecommunications services” in which computer processing applications are used to act on the
14 form, content, code, or protocol of the information or data primarily for a purpose other than
15 transmission, conveyance or routing.

16
17 **Modifiers of Sales Tax Base/Exemption Terms:**

18 The following terms can be used to further delineate the type of “telecommunications service” to
19 be taxed or exempted. The terms would be used with the broader terms and subcategories
20 delineated above.

21 **“Coin-operated telephone service”** means a “telecommunications service” paid for by inserting
22 money into a telephone accepting direct deposits of money to operate.

23 **“International”** means a “telecommunications service” that originates or terminates in the
24 United States and terminates or originates outside the United States, respectively. United States
25 includes the District of Columbia or a U.S. territory or possession.

26 **“Interstate”** means a “telecommunications service” that originates in one United States state, or
27 a United States territory or possession, and terminates in a different United States state or a
28 United States territory or possession.

1 **“Intrastate”** means a “telecommunications service” that originates in one United States state or
2 a United States territory or possession, and terminates in the same United States state or a United
3 States territory or possession.

4 **“Pay telephone service”** means a “telecommunications service” provided through any pay
5 telephone.

6 **“Residential telecommunications service”** means a “telecommunications service” or “ancillary
7 services” provided to an individual for personal use at a residential address, including an
8 individual dwelling unit such as an apartment. In the case of institutions where individuals
9 reside, such as schools or nursing homes, “telecommunications service” is considered residential
10 if it is provided to and paid for by an individual resident rather than the institution.

11
12 The terms “ancillary services” and “telecommunications service” are defined as a broad range of
13 services. The terms “ancillary services” and “telecommunications service” are broader than the
14 sum of the subcategories. Definitions of subcategories of “ancillary services” and
15 “telecommunications service” can be used by a member state alone or in combination with other
16 subcategories to define a narrower tax base than the definitions of “ancillary services” and
17 “telecommunications service” would imply. The subcategories can also be used by a member
18 state to provide exemptions for certain subcategories of the more broadly defined terms. A
19 member state that specifically imposes tax on, or exempts from tax, local telephone or local
20 telecommunications service may define “local service” in any manner in accordance with
21 Section 327 of the Agreement, except as limited by other sections of this Agreement.

22 *See Compiler’s Notes for history.*

23

1
2 **PART III**

3 **Sales Tax Holiday Definitions**

4 The definitions in this Part are only applicable for the purpose of administration of a sales tax
5 holiday, as defined in Section 322 (A).

6 *See Compiler's Notes for history.*

7 **A. Administrative Definitions:**

8 "**Eligible property**" means an item of a type, such as clothing, that qualifies for a sales tax
9 holiday exemption in a member state.

10 "**Layaway sale**" means a transaction in which property is set aside for future delivery to a
11 customer who makes a deposit, agrees to pay the balance of the purchase price over a
12 period of time, and, at the end of the payment period, receives the property. An order is
13 accepted for layaway by the seller, when the seller removes the property from normal
14 inventory or clearly identifies the property as sold to the purchaser.

15 "**Rain check**" means the seller allows a customer to purchase an item at a certain price at
16 a later time because the particular item was out of stock.

17
18 **B. Product Definitions:**

19 "**Disaster Preparedness Supply**" means an item purchased in preparation or response to a
20 disaster, including any fire, flood, storm, tidal wave, earthquake, or similar public calamity,
21 whether man-made, resulting from war, or resulting from natural causes. "Disaster
22 Preparedness Supply" shall include the following categories of items: 1) general disaster
23 preparedness supplies; 2) disaster preparedness safety supplies; 3) disaster preparedness food-
24 related supplies; and 4) disaster preparedness fastening supplies.

25 A member state that wishes to exempt "disaster preparedness supplies" during a sales tax holiday
26 may:

- 27 1. exempt all disaster preparedness qualified supplies; or
28 2. exempt specified classifications of supplies.

1 A member state may not exempt specific items within a classification, without exempting the
2 entire classification of supplies.

3 **“Disaster Preparedness General Supply”** is a general purpose item that may be used in
4 preparation or response to a disaster. The term is mutually exclusive of the terms “disaster
5 preparedness safety supplies,” “disaster preparedness food-related supplies,” and “disaster
6 preparedness fastening supplies,” and may be taxed differently. The following is an all-inclusive
7 list:

- 8 1. Batteries (excluding automobile and marine batteries) AAA, AA, C, D, 6 volt or 9 volt;
- 9 2. Cellular telephone batteries and chargers;
- 10 3. Satellite phones;
- 11 4. Self-powered light sources;
- 12 5. Portable self-powered radios, two-way radios, weather-band radios and NOAA weather
13 radios;
- 14 6. Gas or diesel fuel containers;
- 15 7. Non-electric food storage coolers;
- 16 8. Portable generators; and
- 17 9. Storm shutter devices.

18 **“Disaster Preparedness Safety Supply,”** is a safety item that may be used in preparation or
19 response to a disaster. The term is mutually exclusive of the terms “disaster preparedness
20 general supplies,” “disaster preparedness food-related supplies,” and “disaster preparedness
21 fastening supplies,” and may be taxed differently. The following is an all-inclusive list:

- 22 1. Carbon monoxide detectors;
- 23 2. Smoke detectors;
- 24 3. Fire extinguishers; and
- 25 4. First aid kits.

26 **“Disaster Preparedness Food-Related Supply”** is a food or food related item that may be used
27 in preparation or response to a disaster. The term is mutually exclusive of the terms “disaster
28 preparedness general supplies,” “disaster preparedness safety supplies,” and “disaster

1 preparedness fastening supplies,” and may be taxed differently. The following is an all-inclusive
2 list:

- 3 1. Artificial ice;
- 4 2. Water storage container;
- 5 3. Manual can opener; and
- 6 4. Bottled water.

7 **“Disaster Preparedness Fastening Supply”** is a fastening item or an item used for securing
8 property or covering property that may be used in preparation or response to a disaster. The term
9 is mutually exclusive of the terms “disaster preparedness general supplies,” “disaster
10 preparedness safety supplies,” and “disaster preparedness food-related supplies,” and may be
11 taxed differently. The following is an all-inclusive list:

- 12 1. Bungee cords;
- 13 2. Rope;
- 14 3. Ratchet straps;
- 15 4. Duct tape;
- 16 5. Boat anchor;
- 17 6. Fender, anchor chain, dock line or similar device;
- 18 7. Tarpaulins and other flexible waterproof sheeting; and
- 19 8. Ground anchor or tie down kits.

20 *See Compiler’s Notes for history.*

21 **“Energy Star Qualified Product”** means a product that meets the energy efficient guidelines
22 set by the United States Environmental Protection Agency and the United States Department of
23 Energy that are authorized to carry the Energy Star label. Covered products are those listed at
24 www.energystar.gov or successor address.

25 A member state that wishes to exempt “Energy Star qualified products” during a sales tax
26 holiday may:

- 27 1. exempt all Energy Star Qualified Products, or
- 28 2. exempt specified Energy Star Qualified Products, or
- 29 3. exempt specified classifications as categorized on the Energy Star product listing.

1 **“School supply”** is an item commonly used by a student in a course of study. The term is
2 mutually exclusive of the terms “school art supply,” “school instructional material,” and “school
3 computer supply,” and may be taxed differently. The following is an all-inclusive list:

- 4 1. Binders;
- 5 2. Book bags;
- 6 3. Calculators;
- 7 4. Cellophane tape;
- 8 5. Blackboard chalk;
- 9 6. Compasses;
- 10 7. Composition books;
- 11 8. Crayons;
- 12 9. Erasers;
- 13 10. Folders; expandable, pocket, plastic, and manila;
- 14 11. Glue, paste, and paste sticks;
- 15 12. Highlighters;
- 16 13. Index cards;
- 17 14. Index card boxes;
- 18 15. Legal pads;
- 19 16. Lunch boxes;
- 20 17. Markers;
- 21 18. Notebooks;
- 22 19. Paper; loose leaf ruled notebook paper, copy paper, graph paper, tracing paper, manila paper,
23 colored paper, poster board, and construction paper;
- 24 20. Pencil boxes and other school supply boxes;
- 25 21. Pencil sharpeners;
- 26 22. Pencils;
- 27 23. Pens;
- 28 24. Protractors;
- 29 25. Rulers;
- 30 26. Scissors; and

1 27. Writing tablets.

2 *Interpretation issued: On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-02 relating*
3 *to the definition of “school supply.” That interpretation can be found in the Library of Interpretations in Appendix*
4 *D.*

5 **“School art supply”** is an item commonly used by a student in a course of study for artwork.

6 The term is mutually exclusive of the terms “school supply,” “school instructional material,” and
7 “school computer supply,” and may be taxed differently. The following is an all-inclusive list:

- 8 1. Clay and glazes;
- 9 2. Paints; acrylic, tempera, and oil;
- 10 3. Paintbrushes for artwork;
- 11 4. Sketch and drawing pads; and
- 12 5. Watercolors.

13 **“School instructional material”** is written material commonly used by a student in a course of
14 study as a reference and to learn the subject being taught. The term is mutually exclusive of the
15 terms “school supply,” “school art supply,” and “school computer supply,” and may be taxed
16 differently. The following is an all-inclusive list:

- 17 1. Reference books;
- 18 2. Reference maps and globes;
- 19 3. Textbooks; and
- 20 4. Workbooks.

21 **“School computer supply”** is an item commonly used by a student in a course of study in which
22 a computer is used. The term is mutually exclusive of the terms “school supply,” “school art
23 supply,” and “school instructional material,” and may be taxed differently. The following is an
24 all-inclusive list:

- 25 1. Computer storage media; diskettes, compact disks;
- 26 2. Handheld electronic schedulers, except devices that are cellular phones;
- 27 3. Personal digital assistants, except devices that are cellular phones;
- 28 4. Computer printers; and
- 29 5. Printer supplies for computers; printer paper, printer ink.

30

1 **Appendix D**

2 **LIBRARY OF INTERPRETATIONS**

3
4 **Interpretation 2006-01**
5 **(Adopted April 18, 2006)**
6

7 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
8 and Interpretations Committee this 2nd day of February, 2006 in accordance with Article IX, Rule
9 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
10

11 The party requesting the interpretation is RSM McGladrey, Inc. of Cedar Rapids, Iowa. The
12 request was made by letter dated November 23, 2005, and was made pursuant to the provisions
13 for expedited consideration contained in Rule 902 at subsection (H).
14

15 **Issue:**
16

17 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
18 specific question presented was whether amnesty is available to a seller for tax not collected, if
19 the seller has collected an amount of tax in a state, but failed to remit it. The seller otherwise
20 meets the qualifications prescribed in section 402. The issue was presented with an
21 acknowledgement that tax collected must be remitted with applicable penalties and interest as a
22 precondition to receiving amnesty.
23

24 **Public Comment:**
25

26 No written public comments were received.
27

28 **Recommendation:**
29

30 By unanimous consent the Compliance Review and Interpretations Committee submits to the
31 Governing Board a recommendation that a seller who has collected tax in a member state may
32 obtain amnesty for taxes not collected in that state or any member state in accordance with the
33 terms of Agreement section 402. The Committee further recommends that tax collected from
34 purchasers in a member state must be remitted with applicable penalty and interest to that
35 member state as a condition of receiving amnesty. This condition is in addition to those
36 conditions specifically enumerated in section 402 of the Agreement.
37

38 **Rationale:**
39

40 A plain reading of Agreement section 402 requires a state to provide amnesty for “uncollected or
41 unpaid sales or use tax”. A similar plain reading of the disqualifying language contained in
42 subsection 402(C) limits disqualification to “sales or use taxes already paid or remitted to the
43 state or to taxes collected by the seller.” As the seller has not collected the taxes at issue,

1 amnesty is available despite the fact that the seller collected taxes on other sales which will not
2 qualify for amnesty.

4 Committee Members:

5
6 Larry Wilkie, Committee Chair; Myles Vosberg, Andy Sabol, Tony Mastin, Dan Noble, Tom
7 Conley representing Joseph VanDevender, and Dale Vettel.

8
9 **Interpretation 2006-02**
10 **(Adopted April 18, 2006)**

11
12 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
13 and Interpretations Committee this 2nd day of February 2006 in accordance with Article IX, Rule
14 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

15
16 The party requesting the interpretation is Department of Treasury, State of Michigan, of Lansing
17 Michigan. The request was made by letter dated January 4, 2006, and was made pursuant to the
18 provisions for expedited consideration contained in Rule 902 H.

19
20 Issue:

21
22 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
23 questions presented related to when a seller is considered registered under the Agreement for
24 purposes of eligibility for amnesty when a seller has registered through the central registration
25 system and indicated that it will make use of a model 1 or model 2 seller for those periods when
26 a certified service provider (CSP) or a certified automated system (CAS) have not been deemed
27 available by the Executive Committee of the Governing Board. The specific questions presented
28 are as follows:

- 29 1. When will a model 1 or model 2 seller be deemed to have “registered under the
30 Agreement” as provided in Section 211 of the Agreement?
- 31 2. When will a model 1 or model 2 seller be required to begin collecting and
32 remitting sales or use taxes to member states as provided in Section 401(B) of the
33 Agreement?
- 34 3. When will a model 1 or model 2 seller be denied amnesty because they have
35 received a notice of the commencement of an audit as provided in Section 402(B)
36 of the Agreement?

37
38 Public Comment:

39
40 No written public comments were received.

41
42 Recommendation:

43
44 By unanimous consent the Compliance Review and Interpretations Committee submits to the
45 Governing Board the following recommendations:

1 The issue presented is an interpretation of Agreement Article III, Section 310, Subsection (C),
2 Clause 1 pertaining to sourcing of initial lease payments made to dealers. The quoted section of
3 the agreement reads as follows:
4

5 For a lease or rental that requires recurring periodic payments, each periodic payment is
6 sourced to the primary property location. The primary property location shall be as
7 indicated by an address for the property provided by the lessee that is available to the
8 lessor from its records maintained in the ordinary course of business, when use of this
9 address does not constitute bad faith. This location shall not be altered by intermittent
10 use at different locations.
11

12 Indiana is requesting an interpretation on the sourcing of initial payments (down payments,
13 rebates or other potentially taxable receipts) paid to the seller at the time the lease is negotiated
14 between the seller and purchaser. Are these payments considered a recurring periodic payment
15 and sourced in accordance with Section 310(C)?
16

17 Recommendation:
18

19 By unanimous consent the Compliance Review and Interpretations Committee submits to the
20 Governing Board the following recommendation:
21

22 Article III, Section 310, Subsection (C), of the Agreement should be interpreted to include
23 payments received at the inception of a lease (down payments, rebates or other potentially
24 taxable receipts) as periodic payments and sourced to the primary property location consistent
25 with the sourcing of the remaining periodic payments.
26

27 Rationale:
28

29 The committee contacted the automobile associations of their various states. The associations
30 reported that their leasing organizations vary in the way that the receipts collected at the
31 inception of the lease are currently sourced. Some source the receipts to the primary property
32 location while others source the receipts to the dealer's location. The committee believed that
33 the intent of the original sourcing rule was to establish a single location for sourcing all
34 payments. The proposed interpretation would be consistent with what we believed to be the
35 intent of the rule. The interpretation would also eliminate the confusion that currently seems to
36 exist related to this issue.
37

38 Committee Members:
39

40 Cathy Wicks representing Larry Wilkie, Tom Conley, representing Joe VanDevender, Tony
41 Mastin, Dan Noble, Andy Sabol, Dale Vettel, Acting Committee Chair, and Myles Vosberg.
42
43
44
45

**Interpretation 2006-04
(Adopted April 18, 2006)**

This Interpretation Recommendation is made to the Governing Board by the Compliance Review and Interpretations Committee this 13th day of April 2006 in accordance with Article IX, Rule 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

The party requesting the interpretation is Brinker International on behalf of the National Association of Convenience Stores, Council on State Taxation, Darden Restaurants, Food Marketing Institute, Indiana Grocery & Convenience Store Association, Marathon Petroleum Company, Marsh Supermarket Pharmacy, Minnesota Grocers Association, Speedway, Starbucks Coffee, Target, Utah Food Industry Association and Yum! Brands, Incorporated. The request was made by letter dated January 9, 2006, and was made pursuant to the provisions for expedited consideration contained in Rule 902 at subsection (H).

Issue:

The issue presented is an interpretation of definition of “food sold with eating utensils provided by the seller” found in section C of the prepared food definition found in Appendix C, Part II.

Public Comment:

Public comments were received from both industry and state agencies.

Recommendation:

The Compliance Review and Interpretations Committee submits to the Governing Board a recommendation that the definition of “food sold with eating utensils” be interpreted as specified in the State and Local Advisory Council paper on “Prepared Food Re-Visited Updated April 13, 2006.” This paper was distributed with Diane Hardt’s e-mail dated April 13, 2006 with revised documents for the Streamlined Sales Tax Governing Board meeting in Indianapolis, Indiana on April 18, 2006. Committee members have agreed, by a vote of five to one, that they can support the proposal as presented, provided states are given adequate time to promulgate regulations, make legislative changes, or prepare other published guidance as each state determines is necessary to adopt the language proposed.

Rationale:

The Compliance Review and Interpretations Committee finds itself in a difficult situation with this request for interpretation and its subsequent determination of support of the proposal.

All members recognize the need to come to agreement on how to interpret the subject language. Committee members, as well as other states and business representatives involved in the discussions, have indicated support for the proposal. The Committee commends business members and state members for their diligent efforts in bringing this proposal to the table.

1
2 Concern was expressed by some Committee members that the language in the proposal goes
3 beyond an interpretation of the existing language in the definition and, in some states, would
4 require legislative changes. Committee member, Tony Mastin, noted that using the Black’s Law
5 Dictionary definition of the word “provided” would be an allowable interpretation of the current
6 language. Business representatives expressed concern that using a dictionary definition would
7 not provide the necessary guidance to administer the provision and would result in states
8 adopting different interpretations of the meaning of the phrase.

9
10 The Committee is seeking advice from the Governing Board on whether this interpretation goes
11 beyond the scope of an interpretation of the current definition. If so, the Committee asks for
12 advice from the Governing Board on how to proceed. The options discussed, if this is not an
13 interpretation, were either an amendment to the Agreement or a rule.

14
15 Committee Members:

16
17 Larry Wilkie, Committee Chair; Myles Vosberg, Andy Sabol, Tony Mastin, Dan Noble, Tom
18 Conley representing Joseph VanDevender, and Dale Vettel.

19
20 State and Local Advisory Council
21 Prepared Food Re-Visited
22 Updated April 13, 2006
23

24
25 Streamline approved several interpretations of the food definitions at its meeting on January 6,
26 2005. The approved interpretations are included in an Issue Paper titled “Food Definition
27 Issues” on the Streamline web site at www.streamlinedsalestax.org. Streamline interpreted
28 “provided by the seller” with respect to utensils as:

- 29
30 B. Utensils need only be made available to purchasers if a seller’s sales of prepared food in
31 A and B of the definition (except items 1 through 3 that a state chooses to exclude), soft
32 drinks, and alcohol beverages at an establishment are more than 75% of the seller’s total
33 sales at the establishment.
34
35 C. For sellers other than in 1, the seller’s customary practice is to give the utensil to the
36 purchaser, except that plates, glasses, or cups necessary for the purchaser to receive the
37 food or food ingredients need only be made available.
38

39 Also, Streamline addressed utensils provided by persons other than the seller and resold by a
40 seller as follows:

41
42 Although a person other than the seller may have originally placed the utensil in
43 the package, the seller provides it to the purchaser when it transfers the package to
44 the purchaser. Therefore, in the examples provided (caterer sells a boxed lunch
45 with utensils to a concessionaire who sells the boxed lunch; food manufacturer

1 packages ready-to-eat lunch with utensils and sells to a grocer who sells the
2 lunch), utensils are provided by the seller.
3

4 The Food Marketing Institute and a number of interested parties submitted a request for
5 interpretation to the Compliance Review and Interpretations Committee (CRIC) on January 6,
6 2006. CRIC has requested the State and Local Advisory Council (SLAC) of the Streamlined
7 Governing Board to further address the prepared food interpretation issue.
8

9 At the SLAC meeting on January 7-8, 2006, a work group discussed concerns about the SSTP
10 approved interpretation and identified solutions. Business representatives reviewed those
11 solutions and recommended minor changes. The proposed interpretation is as follows:
12

- 13 1. We will maintain the 75% test for sellers but modify how the numerator and
14 denominator are calculated so that like businesses (single purpose coffee shop v.
15 coffee shop in a bookstore) are treated the same.
16
- 17 2. The numerator would include sales of (a) prepared food if under A and B of the
18 definition of prepared food; and (b) food where plates, bowls, glasses or cups are
19 necessary to receive the food (e.g., dispensed milk, salad bar). Alcoholic beverages
20 are not included in the numerator.
21
- 22 3. The denominator would include sales of all food and food ingredients, including
23 prepared food, candy, dietary supplements, and soft drinks. Alcoholic beverages are
24 not included in the denominator.
25
- 26 4. For sellers with a sales percentage of 75% or less, utensils are provided by the seller
27 if the seller's practice for the item (as represented by the seller) is to physically give
28 or hand the utensil to the purchaser, except that plates, bowls, glasses, or cups
29 necessary for the purchaser to receive the food (e.g., dispensed milk, salad bar) need
30 only be made available.
31
- 32 5. For sellers with a sales percentage greater than 75%, utensils are provided by the
33 seller if they are made available to purchasers.
34
- 35 6. For sellers with a sales percentage greater than 75% and who sell items that contain
36 four (4) or more servings packaged as one item sold for a single price, an item does
37 not become prepared food due to the seller having utensils available. However, if the
38 seller provides utensils for the item as in 4 above, then the item is considered
39 prepared food. Whenever available, serving sizes will be determined based on a label
40 on an item sold. If no label is available, a seller will reasonably determine the
41 number of servings in an item.
42
- 43 7. When a seller sells food items that have a utensil placed in a package by a person
44 other than the seller, and that person's NAICS classification code is that of
45 manufacturers (sector 311), the seller shall not be considered to have provided the

1 The first issue presented is an interpretation of the definition of “clothing” found in Appendix C,
2 Part II of the Streamlined Sales and Use Tax Agreement. The specific question is: Do articles of
3 human wearing apparel suitable for general use that are made from fur or hide on the pelt (i.e.,
4 animal skins with hair, fleece or fur fibers attached) constitute “clothing” within the meaning of
5 the Agreement?
6

7 The second issue presented is an interpretation of Section 327(C) of the Agreement which
8 requires a member state to impose sales or use tax on all products or services included within
9 each definition or to exempt from sales or use tax all products or services within each definition.
10 The specific question is, if human wearing apparel made from fur and suitable for general use
11 constitutes “clothing” as defined in the SSUTA, must a member state, under Section 327 of the
12 Agreement, treat fur clothing in the same manner as all other clothing?
13

14 The third issue presented is whether Minnesota’s general exemption from sales and use tax for
15 clothing, and the imposition of a separate gross revenues tax on fur clothing results in Minnesota
16 being in violation of Section 327 (C) of the agreement.
17

18 Public Comment:

19
20 No written public comments were received.
21

22 Recommendation:

23
24 By unanimous consent the Compliance Review and Interpretations Committee submits to the
25 Governing Board the following recommendations regarding the above three issues:

- 26 (1) Appendix C, Part II of the Streamlined Sales and Use Tax Agreement defines clothing as
27 human wearing apparel suitable for general use. An article made from fur or hide on the
28 pelt that is wearing apparel suitable for general use, is not excluded from the definition of
29 clothing.
30
- 31 (2) Clothing made with fur must be treated in the same manner as other clothing. A state can
32 choose to impose the sales tax on all articles of clothing, or it may choose to exempt all
33 articles of clothing. A state cannot choose to apply the sales tax to some articles of
34 clothing and exempt other articles of clothing.
35
- 36 (3) The third question concerns whether Minnesota is in violation of Section 327 (C) of the
37 Agreement. The Agreement pertains only to sales and use taxes. Imposition of
38 Minnesota’s gross revenue tax on articles of fur clothing does not constitute a violation of
39 Section 327 (C) of the Agreement.
40

41 Rationale:

- 42
43 (1) The committee reviewed the definition of clothing and determined that articles of
44 clothing made from fur or hide on the pelt are not excluded from the definition of
45 clothing. There is no language in the definition or the Agreement that qualifies or

1 restricts the definition of clothing based on the materials that are used to produce the
2 clothing.

3
4 (2) The committee reviewed Section 327 of the Agreement. Section 327 requires that except
5 as specifically provided in Section 316 and any applicable definition, a member state
6 must either impose its sales and use taxes on all products or services within a definition,
7 or exempt all products or services within a definition.

8
9 (3) Minnesota exempts all clothing from the sales and use tax. Minnesota does not impose a
10 sales tax on articles of clothing made with fur or hide on the pelt (Minnesota Statutes,
11 Chapter 297A (General Sales and Use Taxes)). Minnesota imposes a separate gross
12 revenues tax on fur clothing (Minnesota Statutes, Chapter 295 (Gross Revenues and
13 Gross Receipts Taxes)). This is not in violation of any provision of the Agreement. It is a
14 separate tax from the sales tax and is imposed on the gross receipts of the furrier for sales
15 in Minnesota. Article I, Section 104 of the agreement provides that the definition of a
16 term is not intended to influence the interpretation or application of that term with respect
17 to other tax types.

22 Vettel, and Myles Vosberg.

23
24 **Interpretation 2006-06**
25 **(Adopted August 29, 2006)**

26
27 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
28 and Interpretations Committee this 22nd day of June, 2006 in accordance with Article IX, Rule
29 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

30
31 The party requesting the interpretation is William Riesenberger of the Ohio Department of
32 Taxation, Sales and Use Tax Division. The request was made by letter dated January 25, 2006.
33 Expedited consideration available under Rule 902, subsection (H) was not requested.

34
35 Issue:

36
37 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
38 question presented was whether a company that has a physical presence in a state continues to be
39 eligible for amnesty in that same state if it deregisters in the other member and associate member
40 states. Amnesty was originally granted under section 402 of the agreement when the company
41 registered to collect tax through the streamlined sales tax central registration system.

42
43 Public Comment:

44
45 No written public comments were received.

1
2 Recommendation:
3

4 By unanimous consent the Compliance Review and Interpretations Committee submits to the
5 Governing Board a recommendation that a seller who has deregistered to collect tax in any
6 member state within thirty-six months of its registration is no longer eligible for amnesty in any
7 member state or associate member state under section 402 of the Agreement including states
8 where the seller has a physical presence.
9

10 Rationale:
11

12 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
13 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
14 the terms of the agreement. In addition, section 402D states the amnesty is fully effective as
15 long as the seller continues registration and continues payment or collection and remittance of
16 applicable sales or use taxes for a period of at least thirty-six months. A seller that deregisters
17 within thirty-six months of its registration does not meet the requirements of Section 402D and,
18 therefore, forfeits the amnesty provided under the agreement in all member and associate
19 member states including any state where registration is continued. Notice of deregistration is
20 made through the central registration system to all member and associate member states.
21

22 Committee Members:
23

24 Larry Wilkie, Committee Chair; Myles Vosberg, Andy Sabol, Tony Mastin, Dan Noble, Tom
25 Conley representing Joseph VanDevender, and Dale Vettel.
26

27 **Interpretation 2006-07**
28 **(Adopted August 29, 2006)**
29

30 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
31 and Interpretations Committee this 24th day of August, 2006 in accordance with Article IX, Rule
32 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
33

34 The party requesting the interpretation is the Software Finance & Tax Executives Council
35 (SoFTEC) represented by Mark Nebergall of 1150 17th Street NW # 601, Washington DC 20036.
36 The request was made on the prescribed form on April 11, 2006 and was made pursuant to the
37 provisions for consideration contained in Rule 902 at subsection (D). SoFTEC provided
38 supplemental information in support of the interpretation and to provide clarification of the scope
39 of the interpretation request.
40

41 Issue:
42

43 SoFTEC raises three issues associated with Section 312A, Multiple Points of Use, effective on
44 and after January 1, 2008, of the Streamlined Sales and Use Tax Agreement (SSUTA). Each of
45 the issues involves the interpretation of the phrase “concurrently available for use in more than

1 one jurisdiction” and its application to three specific fact patterns involving the sale of software
2 and service. We list the fact patterns first and then the issues associated with each fact pattern
3 exactly as presented in the interpretation request.
4

5 Fact Pattern (1): Software Company sells software that can be loaded onto Customer’s
6 server and can be accessed and used concurrently by Customer’s employees located in
7 several states. The only copy of the software received by the Customer is the one loaded
8 onto the Customer’s server. No subsequent copies of the software are made and sent to
9 employees in other states.
10

11 Fact Pattern (2): Software is loaded onto Software Company’s server and Software
12 Company sells access to the software to Customer. Customer’s employees gain concurrent
13 access to the software from multiple locations. No copy of the software is ever delivered to
14 the Customer.
15

16 Fact Pattern (3): A copy of a computer program is licensed by Software Company to
17 Customer along with the right to make multiple copies of the software which will be
18 delivered to Customer’s users/employees in multiple jurisdictions.
19

20 Issue (1): “Is software loaded onto a server located in a single state that can be accessed by
21 users in several states “concurrently available for use in more than one jurisdiction” within
22 the meaning of Section 312A of the Agreement?”

23 Issue (2): “Is delivery of a copy of the computer program to the customer necessary to
24 invoke the “concurrently available for use in more than one jurisdiction” language of Section
25 312A?”

26 Issue (3): “Is a license of a copy of a computer program that allows the licensee/customer to
27 make copies of the software that will be used in more than one jurisdiction by the customer
28 “concurrently available for use in more than one jurisdiction” within the meaning of Section
29 312A?”

30 Public Comment:

31 Public comment was received from both industry and state agencies.

32 Recommendation:

33 By unanimous vote the Compliance Review and Interpretations Committee submits to the
34 Governing Board the following interpretation recommendation regarding the above three issues.
35 It is important to note that the committee’s recommendation departs from SoFTEC’s proposed
36 interpretation as it relates to issues one and three by incorporating clarifications provided by
37 SoFTEC in supplemental memorandums. This interpretation recommendation does not take a
38 position on whether the transactions described in the fact patterns are sales of computer software
39 or whether they are sales of services since this distinction is not important to the question of

1 whether the purchases are considered to be concurrently available for use in multiple
2 jurisdictions.

3 It is also important to note that regardless of the fact situation, a seller is not relieved of its
4 obligation to collect and remit sales or use tax on otherwise taxable transactions, unless the
5 purchaser delivers to the seller an exemption form claiming direct pay or multiple points of use.

6 1. The purchase of software loaded onto a server located in a single state that will be
7 available for access by employees in multiple jurisdictions is concurrently available
8 for use in more than one jurisdiction within the meaning of Section 312A of the
9 Agreement if the purchaser knows at the time of its purchase that the software will be
10 concurrently available for use in multiple jurisdictions.

11 2. Delivery of a copy of a computer program is not necessary to invoke the
12 “concurrently available for use in more than one jurisdiction” language of Section
13 312A.

14 3. The purchase of a license of a copy of a computer program that allows the
15 licensee/customer to make copies of the software that will be used in more than one
16 jurisdiction by the customer is concurrently available for use in more than one
17 jurisdiction within the meaning of Section 312A of the Agreement if the purchaser
18 knows at the time of its purchase that the software will be concurrently available for
19 use in multiple jurisdictions.

20 Rationale:

21 1. The critical component of Section 312A is the direction provided to both the
22 seller and purchaser. The term “concurrently available for use” has clear
23 meaning: “concurrently” (occurring at the same time); “available for use”
24 (that **can** be used). Applying the clear meaning of the term “concurrently
25 available for use” to the specific fact pattern described, the purchased item is
26 considered to be concurrently available for use in multiple jurisdictions
27 within the meaning of Section 312A.

28 2. The delivery of a copy of a computer program is not specifically enumerated
29 in Section 312A as a trigger for invoking the “concurrently available for
30 use” language.

31 3. See item 1. The same rationale applies here.

32 Committee members:

33 Larry Wilkie, Committee Chair, Dale Vettel, Vice Chair, Tony Mastin, Dan Noble, Andy Sabol,
34 Joe VanDevender, and Myles Vosberg.

35 *Compiler’s note: On December 14, 2006 Section 312 was repealed.*

Interpretation 2006-08
(Adopted December 14, 2006)

This Interpretation Recommendation is made to the Governing Board by the Compliance Review and Interpretations Committee this 17th day of August, 2006 in accordance with Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

The party requesting the interpretation is Jane Page of the South Dakota Department of Revenue. The request was made on the prescribed form on June 7, 2006 and was made pursuant to the provisions for consideration contained in Rule 902 at subsection (D).

Issue:

The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The question presented was whether a registrant must remain registered with each state for a period of thirty-six months from the date that the state becomes a member.

The situation described involved a seller that registers through the streamlined sales tax central registration system with all member states on October 1, 2005. A new state becomes a member October 1, 2008. The seller cancels registration with all states effective December 1, 2008.

The seller in the situation described above was registered for a total of thirty-eight months, but only two months in the new state. Does the seller retain amnesty with the new member state?

Public Comment:

No written public comments were received.

Recommendation:

The Compliance Review and Interpretations Committee submits to the Governing Board a recommendation that a seller who deregisters to collect tax in a member state within thirty-six months of that state becoming a member is no longer eligible for amnesty in that new member state under Section 402 of the agreement. However, the seller retains amnesty with all member states in which they were registered for at least thirty-six months, provided they meet all of the other requirements of Section 402 of the agreement.

Rationale:

Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to a seller that registered to pay or to collect and remit applicable sales or use tax in accordance with the terms of the agreement. In addition, Section 402D states that the amnesty is fully

1 effective as long as the seller continues registration and continues payment or collection and
2 remittance of applicable sales or use taxes for a period of at least thirty-six months. Each
3 member state shall toll its statute of limitations applicable to asserting a tax liability during this
4 thirty-six month period.

5 A seller that deregisters within thirty-six months of the date that a state becomes a member does
6 not meet the requirements of section 402D and, therefore, forfeits the amnesty provided under
7 the agreement for that member state. Assuming that all other requirements of Section 402 are
8 met, the seller retains amnesty in the initial member states since they met the thirty-six month
9 registration requirement in those states.

10 Committee members:

11 Larry Wilkie, Committee Chair, Dale Vettel, Vice Chair, Tony Mastin, Dan Noble, Andy Sabol,
12 Joe VanDevender, and Myles Vosberg.

13 **Interpretation 2006-09**
14 **(Adopted December 14, 2006)**

15
16 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
17 and Interpretations Committee this 14th day of September, 2006 in accordance with Article IX,
18 Rule 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

19
20 The party requesting the interpretation is Suzanne Beaudelaire of Ernst & Young, LLP. The
21 request was made on the prescribed form dated August 16, 2006, and was made pursuant to the
22 provisions for expedited consideration contained in Rule 902 at subsection (H).

23
24 Issue:

25
26 The issue presented is an interpretation of Agreement section 402 pertaining to amnesty. The
27 question presented was whether companies (predecessor companies) would be eligible for
28 amnesty under Agreement section 402 if another company (successor company) acquired the
29 assets and liabilities of the predecessor companies and then registered to collect sales/use tax
30 through the SST central registration system. According to facts presented in the request, the
31 predecessor companies no longer exist, but would qualify for amnesty under Agreement section
32 402 if they still existed and they registered through the central registration system.

33
34 Public Comment:

35
36 No written public comments were received. Ms. Beaudelaire's discussion and response to the
37 committee's questions during the September 14, 2006 meeting were the only oral comments
38 presented to the committee. Other issues regarding liability for sales/use tax related to
39 predecessor companies were raised during the discussion, but the following recommendation is
40 limited to the specific question addressed in Ms. Beaudelaire's request.

1 Recommendation:
2

3 By unanimous consent the Compliance Review and Interpretations Committee submits to the
4 Governing Board a recommendation that predecessor companies that do not register through the
5 central registration system are not eligible for amnesty under Agreement section 402.
6

7 Rationale:
8

9 Section 402A(1) of the agreement provides amnesty for uncollected or unpaid sales or use tax to
10 a seller that registers to pay or to collect and remit applicable sales or use tax in accordance with
11 the terms of the agreement. The agreement language is clear that amnesty is not available to
12 companies that do not register under the agreement.
13

14 Committee Members:
15

16 Larry Wilkie, Committee Chair; Myles Vosberg, Andy Sabol, Tony Mastin, Dan Noble, Tom
17 Conley representing Joseph VanDevender, and Dale Vettel.
18

19 **Interpretation 2006-10**
20 **(Withdrawn December 14, 2006)**
21

22 **Interpretation 2006-11**
23 **(Adopted December 14, 2006)**
24

25 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
26 and Interpretations Committee this 26th day of October 2006 in accordance with Article IX, Rule
27 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
28

29 The party requesting the interpretation is Mr. John Nugent of the Rhode Island Division of
30 Taxation. The request was made on the prescribed form dated October 6, 2006, and was made
31 pursuant to the provisions for expedited consideration contained in Rule 902 H.
32

33 Issue:
34

35 The issue presented is an interpretation of Interpretation 2006-04 adopted on April 18, 2006 by
36 the Governing Board defining the term “food sold with eating utensils provided by the seller” for
37 purposes of the prepared food definition in the Agreement. The specific issue involves the
38 following language which is referred to as a “bulk serving” in the remainder of this document:
39

40 “For sellers with a sales percentage greater than 75% and who sell items that contain four
41 (4) or more servings packaged as one item sold for a single price, an item does not
42 become prepared food due to the seller having utensils available.”
43

1 The questions presented was whether the packaging by a seller of four or more bakery products
2 individually selected by a purchaser and sold for a single price meets the definition of “bulk
3 serving” as defined above.

4
5 Public Comment:

6
7 Written public comments were received and are incorporated herein.

8
9 Recommendation:

10
11 By unanimous consent the Compliance Review and Interpretations Committee submits to the
12 Governing Board the recommendation that packaging by a seller of four or more bakery products
13 individually selected by the purchaser and sold for a single price constitutes a bulk serving.

14
15 Rationale:

16
17 Section VI of Interpretation 2006-04 provides, in part, the following:

18 “For sellers with a sales percentage greater than 75% and who sell items that contain four (4) or
19 more servings packaged as one item sold for a single price, an item does not become prepared
20 food due to the seller having utensils available...”

21
22 The “bulk servings” of Interpretation 2006-04 does not provide by whom the item must be
23 packaged, or that the item must be pre-packaged. Thus, for bakery products, all that is required is
24 that the item ultimately sold to the purchaser be a package of bakery products consisting of four
25 or more servings sold for a single price. The fact that the servings are individually selected by the
26 purchaser and packaged by the seller or the purchaser does not affect the transaction. The item
27 does not constitute prepared food even when sold by a seller whose sales percentage is greater
28 than 75% and who makes eating utensils available.

29
30 The Committee wishes to note that if the seller charges for each individual serving in the
31 package, the sale would not be of “one item sold for a single price.” It should be noted that the
32 same provision in Section VI of Interpretation 2006-04, which we are referring to as “bulk
33 serving,” does treat “bulk servings” as prepared food when the seller’s practice for the item (as
34 represented by the seller) is to physically hand the utensil to the purchaser, except that plates,
35 bowls, glasses, or cups necessary for the purchaser to receive food need only be made available.

36
37 Committee Members:

38
39 Larry Wilkie, Committee Chair, Tom Conley, representing Joe VanDevender, Tony Mastin, Dan
40 Noble, Andy Sabol, Dale Vettel, and Myles Vosberg.

Interpretation 2006-12
(Adopted December 14, 2006)

This Interpretation Recommendation is made to the Governing Board by the Compliance Review and Interpretations Committee this 26th day of October, 2006 in accordance with Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

The party requesting the interpretation is McCarter & English, LLP. The request was made on the prescribed form on October 6, 2006 and was made pursuant to the provisions for consideration contained in Rule 902, subsection (H).

Issue:

The issue presented is an interpretation of the definition of “direct mail” found in Appendix C, Part I of the Agreement. The specific question is whether billing invoices, return envelopes and any additional marketing materials are included in the definition of “direct mail.” The definition in question reads as follows:

“Direct mail” means printed material delivered or distributed by United States mail or other delivery service to a mass audience or to addresses on a mailing list provided by the purchaser or at the direction of the purchaser when the cost of the items are not billed directly to the recipients. “Direct Mail” includes tangible personal property supplied directly or indirectly by the purchaser to the direct mail seller for inclusion in the package containing the printed material. “Direct mail” does not include multiple items of printed material delivered to a single address.

The Interpretation Request provided the following background facts. A company in the business of printing and mailing billing statements for clients in a wide variety of industries receives customer data electronically and prints statements, letters, invoices and additional pages on preprinted paper or forms to meet the client’s specifications. The printed material is sorted, folded and inserted into envelopes, bundled based on zip codes and given to the United States Postal Service for delivery. The mailed packet typically also will include a return envelope, coupons and other marketing materials.

Public Comment:

Written public comments were received from a state agency.

Recommendation:

By majority vote, the Compliance Review and Interpretations Committee submits to the Governing Board a recommendation that billing invoices, return envelopes and any additional marketing materials included with the mailing are included in the definition of direct mail provided the sale meets the criteria set out in the definition of direct mail. Joseph VanDevender,

1 Indiana Department of Revenue, abstained from the vote on this recommendation due to a
2 potential conflict of interest.

3 The criteria requires that the sale is of printed material delivered or distributed to a mass
4 audience or to addresses on a mailing list provided by the purchaser or at the direction of the
5 purchaser when the cost of the items are not billed directly to the recipients.

6 It is important to note that this definition applies only for the purposes of determining proper
7 sourcing, and for determining whether delivery charges are included in the taxable sales price of
8 the direct mail.

9 Rationale:

10 A plain reading of the definition of direct mail supports the recommendation that billing
11 invoices, return envelopes and additional marketing materials included with the printed material
12 meets the definition of direct mail. However, the discussion surrounding this interpretation
13 request indicates that there is a misunderstanding about the intended use of the definition of
14 “direct mail.”

15 The definition is placed in the Administrative Definitions section of the Agreement purposely,
16 because it is not intended to be a product definition. The definition was created only to define the
17 term as used in the Direct Mail Sourcing provisions found in Section 313, and for the exclusion
18 from “delivery charges” allowed for charges for delivery of “direct mail.”

19 States may tax or exempt any service or sale of printed material included in the definition of
20 “direct mail” in any way they choose. For example, a state may impose sales and use tax on
21 charges to print billing invoices, and exempt charges to print advertising material, both of which
22 are included in the definition of direct mail. However, if the sale is taxable and includes mailing
23 or delivering the printed material to a mass audience or to addresses on a mailing list as stated in
24 the definition, it must be sourced under the provisions of Section 313, and the exclusion for
25 delivery charges allowed applies if a member state has adopted that exclusion.

26 Committee members:

27 Larry Wilkie, Committee Chair, Dale Vettel, Vice Chair, Tony Mastin, Dan Noble, Andy Sabol,
28 Joe VanDevender, and Myles Vosberg.

29

30

31

32

**Interpretation 2007-01
(Adopted June 23, 2007)**

33 This Interpretative Opinion Recommendation is made to the Governing Board by the
34 Compliance Review and Interpretations Committee on March 29, 2007, in accordance with
35 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
36 Governing Board, Inc.

1
2 The party requesting the interpretation is Mr. Phil Schlesinger of Avalara. The request was made
3 on the prescribed form on February 12, 2007, and was made pursuant to the provisions for
4 consideration contained in Rule 902, subsection (H).

5
6 Issue:

7
8 The issue presented is an interpretation of the definition of “drug” in Appendix C, Part II of the
9 Agreement. The specific question is whether the word “drug” is limited to an item or liquid that
10 is consumed internally by the person or used externally on a person, or does it possibly extend
11 beyond this in the context of item B of the definition to include medical supplies such as
12 “Infectious Disease Testing Kits” that are intended to be used in the diagnosis of a disease.

13
14 Public Comment:

15 No written public comments were received.

16 Recommendation:

17 The Compliance Review and Interpretations Committee submits to the Governing Board a
18 recommendation that infectious disease testing kits do not meet the definition of “drug.”
19 However, reagents, which are a component of the infectious disease test kits, do meet the
20 definition of “drug.” The infectious disease test kits are made up of two or more distinct and
21 identifiable products and are sold for one non-itemized price, which may or may not be a
22 bundled transaction, depending on the tax laws in the state to which the sale is sourced. Since
23 this will vary from state to state, the Committee recommends that each state make a
24 determination of whether the sale of infectious disease test kits are taxable transactions according
25 to the laws of their state.

26 Rationale:

27 The definition of “drug” found in Appendix C, Part II, of the Agreement does not require the
28 item to be internally consumed or externally applied to the patient in order for the definition to
29 apply. However, in order to qualify as a drug it must meet at least one of the provisions provided
30 in A, B, or C of the definition, and it must also meet the basic definition in the first paragraph:
31 “Drug” means a compound, substance or preparation, and any component of a compound,
32 substance or preparation, other than “food and food ingredients,” “dietary supplements” or
33 “alcoholic beverages.”

34 To take the position that an item qualifies as a drug merely because the item is intended to be
35 used in the diagnosis, cure, mitigation, treatment, or prevention of disease, as described in B of
36 the definition, would expand the definition of drug to include much of what is defined as durable
37 medical equipment. For example, dialysis equipment is used in the treatment of disease, but is
38 not a drug, because it is not a “compound, substance or preparation.”

1 The infectious disease test kits in question contain a chemical (reagents) and other items such as
2 slides, plastic trays and droppers. The chemicals are also sold separately from the kits.
3 Committee members agree that the chemicals meet the definition of “drug,” but the other items
4 in the kit do not. Since the infectious disease test kits contain two or more distinct and
5 identifiable products and are sold for one non-itemized price, the sale of the test kits may be a
6 bundled transaction. Business representatives pointed out that the test kits in question are just
7 one of many different test kits sold by various manufacturers for use by medical professionals.
8 Each type of kit sold will contain different items with different costs for the components, so the
9 results may differ for each type of kit. To make a determination about a specific test kit, one
10 must know the contents of the kit and the seller’s purchase price or sales price of each item
11 included in the kit. Whether sales and use tax applies to the sale of a bundled transaction, or to
12 the sale of a transaction that meets the de minimis test, is based on the laws in the state to which
13 the sale is sourced.

14 Committee members:

15 Larry Wilkie, Committee Chair, Dale Vettel, Vice Chair, Tony Mastin, Andy Sabol, Joe
16 VanDevender, Myles Vosberg and Delegate John Doyle

17 **Interpretation 2007-02**
18 **(Adopted September 20, 2007)**
19

20 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
21 and Interpretations Committee this 7th day of June, 2007 in accordance with Article IX, Rule
22 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.
23

24 The party requesting the interpretation is Lafarge North America. The request was made by
25 letter dated May 14, 2007, and was made pursuant to the provisions for expedited consideration
26 contained in Rule 902 at subsection (H).
27

28 Issue:
29

30 The issue presented is an interpretation of Agreement section 310 (General Sourcing Rules).
31 The specific question presented was whether the seller’s location is considered the destination
32 when the terms of the sale are FOB (Free on Board) Plant (origin) regardless of whether the
33 customer picks up the product in their own or vehicle or sends a third party to pick up the
34 product.
35

36 Recommendation:
37

38 By unanimous consent the Compliance Review and Interpretations Committee submits to the
39 Governing Board a recommendation that a sale is not considered “received” by the purchaser and
40 therefore not sourced to the seller’s location when a third party shipping company picks up the
41 product on behalf of the purchaser.
42

1 Rationale:

2
3 A plain reading of Agreement section 310(A) states that the retail sale of a product shall be
4 sourced to the business location when the product is received by the purchaser at the business
5 location. Section 311 of the Agreement states that the term “receive” as used in Section 310(A)
6 does not “include possession by a shipping company on behalf of the purchaser.” The terms of
7 the sale as FOB (origin) are irrelevant in determining sourcing under the Agreement. Since the
8 source of the sale in the proposed fact scenario is not determined under subsection (A)(1) of
9 Section 310, the seller must follow the subsequent paragraphs of subsection (A) to determine the
10 source of the sale.

11
12 Committee Members:

13
14 Myles Vosberg, Andy Sabol, Tony Mastin, Joseph VanDevender, and Dale Vettel.

15
16 **Interpretation 2007-03**
17 **(Adopted September 20, 2007)**

18
19 This Interpretation Recommendation is made to the Governing Board by the Compliance Review
20 and Interpretations Committee this 21st day of June, 2007 in accordance with Article IX, Rule
21 902 of Rules and Procedures adopted by the Streamlined Sales Tax Governing Board, Inc.

22
23 The party requesting the interpretation is Patrick Williams of General Nutrition Centers, Inc.
24 The request was submitted to the Executive Director on March 20, 2007. Expedited
25 consideration available under Rule 902, subsection (H) was not requested

26
27 Issue:

28
29 The issue presented is an interpretation of the definition of candy. The question presented was
30 whether flour includes flour substitutes and if the presence of a flour substitute within a food
31 product would prevent that food product from meeting the definition of candy.

32
33 Public Comment:

34
35 No written public comments were received.

36
37 Recommendation:

38
39 By unanimous consent the Compliance Review and Interpretations Committee submits to the
40 Governing Board a recommendation that the same labeling standards used by the food industry
41 be used to determine what constitutes flour for the purpose of defining candy. A product does
42 not contain flour unless the product label specifically lists “flour” as an ingredient.

43
44 Rationale:

1 The definition of candy found in Appendix C, Part II of the Streamlined Sales and Use Tax
2 Agreement states candy shall not include any preparation containing flour, but does not define
3 what constitutes flour. It is reasonable to accept the food industry’s labeling standards and not
4 consider any ingredient to be flour unless it is listed as such on the product label.

5
6 Committee Members:

7
8 Larry Wilkie, Committee Chair; John Doyle, Tony Mastin, Andy Sabol, Joseph VanDevender,
9 Dale Vettel, and Myles Vosberg.

10
11 **Interpretive Opinion 2008-01**
12 **(Adopted April 2, 2008)**
13

14 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
15 Review and Interpretations Committee this 13th day of March, 2008 in accordance with Article
16 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
17 Board, Inc.

18
19 The party requesting the interpretation is Mr. Drew Gruenburg, Senior Vice President of the
20 Society of American Florists of Alexandria, Virginia. The request was made on January 30,
21 2008.

22
23 Issue:

24
25 Significant numbers of floral orders are placed through arrangements whereby a florist in one
26 location (“Accepting Florist”) takes an order from a customer to deliver floral orders (flowers,
27 floral arrangements, potted plants, floral containers or any other article common to the floral
28 business) to a third party recipient in another location. The Accepting Florist transmits a floral
29 order to another florist (“Delivering Florist”) for delivery to the third party recipient. The
30 question presented asks who is the seller for sales and use tax purposes, the Accepting Florist or
31 the Delivering Florist.

32
33 Public Comment:

34
35 Additional written comments were received from Mr. Paul Goodman representing the Society of
36 American Florists.

37
38 Recommendation:

39
40 By unanimous consent of the participating members, the Compliance Review and Interpretations
41 Committee submits to the Governing Board a recommendation that the seller in the scenario
42 described is the Accepting Florist.

43
44 Rationale:
45

1 The Governing Board took action at its inaugural meeting on October 1, 2005 related to a similar
2 request for interpretation from the floral industry. That action was recorded in the minutes of the
3 meeting as: “A motion for an interpretation of who is the seller for floral orders through floral
4 delivery networks was moved by South Dakota, seconded by Oklahoma and passed.” No other
5 formal record of this action has been located. Action on this interpretation recommendation will
6 create a record through the same process by which subsequent interpretations have been handled.
7

8 Agreement Section 212 defines the term “seller” as “a person making sales, leases, or rentals of
9 personal property or services.” This definition was established for application within the
10 Agreement, therefore the provisions of the Agreement applicable to the Library of Definitions,
11 including Section 327, do not apply.
12

13 Agreement Section 309.B.4 provides that the general sourcing provisions of Section 310 do not
14 apply to sales or use taxes levied on florist sales until December 31, 2009. Issues of sourcing are
15 separate and distinct, and are not addressed in this interpretation recommendation in any way.
16

17 Participating Committee Members:

18 John Doyle, Committee Chair, Larry Wilkie, Myles Vosberg, Tony Mastin, Joseph
19 VanDevender, and Dale Vettel
20
21

22 **Interpretive Opinion 2008-2**
23 **(Adopted September 5, 2008)**
24

25 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
26 Review and Interpretations Committee this day of June 5, 2008 in accordance with Article IX,
27 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
28 Inc.
29

30 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
31 represented by Mark Nebergall. The request was made on April 7, 2008.
32

33 Issue:
34

35 SoFTEC raises an issue associated with the direct mail definition in Appendix C of the
36 Agreement. The fact pattern presented involves a company in the data processing business. The
37 company electronically receives accounts receivable information from its customers, processes
38 the information on its computers to develop billing information, and creates billing statements.
39 The company prints and mails the billing statements along with return envelopes to the
40 individual account holders. The issue presented is whether this activity constitutes “direct mail”
41 as the term is defined by the Agreement in those states that treat this activity as a data processing
42 or billing service.
43

44 Public Comment:
45

1 No state or public written comments were received.

2
3 Recommendation:

4
5 By a vote of five to two, the Compliance Review and Interpretations Committee submits to the
6 Governing Board a recommendation that the transactions outlined in the issue section above are
7 not direct mail.

8
9 Rationale:

10
11 The Agreement defines “direct mail” as “printed material delivered or distributed by United
12 States mail or other delivery service to a mass audience or to addresses on a mailing list provided
13 by the purchaser or at the direction of the purchaser when the cost of the items are not billed
14 directly to the recipients.” Although printed material is distributed in the fact pattern, the
15 development of the billing information is the majority of the work performed. Many states take
16 the position that this transaction is a sale of a service and not of tangible personal property. It is
17 necessary to look at the transaction and how it is characterized. In those states that treat the
18 transaction as a sale of a service, it would not be a sale of direct mail as printed material is not
19 what is being sold.

20
21 Participating Committee Members:

22
23 This interpretation was supported by Larry Wilkie, Andy Sabol, Tony Mastin, Joe Vandevender
24 and John Doyle. This interpretation was not supported by Myles Vosberg and Dale Vettel.

25
26 **Interpretive Opinion 2009-1**
27 **(Adopted May 12, 2009)**

28
29 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
30 Review and Interpretations Committee this day of January 15, 2009 in accordance with Article
31 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
32 Board, Inc.

33 The party requesting the interpretation is Software Finance & Tax Executives Council (SoFTEC)
34 represented by Mark Nebergall. The request was made on January 11, 2008.

35 Issue:

36 SoFTEC raises an issue associated with the purchase of additional software licenses. The fact
37 pattern presented involves a purchaser acquiring prewritten computer software under a license
38 that limits its ability to use the software in one of three ways: (1) the license only permits the
39 purchaser to make a set number of copies, (2) the license only permits a set number of users to
40 use the software concurrently, or (3) the license only permits the purchaser to load the software
41 onto a computer with a specified computing power. If the purchaser wants to make additional
42 copies of the software, allow additional users to use the software concurrently, or to migrate the
43 software to more powerful computer, it must upgrade the license and pay an additional license

1 fee. Once the fee is paid, the seller provides the purchaser by telephone with an alphanumeric
2 code which, when entered into the computer, permits the making of additional copies of the
3 software, permits additional concurrent users, or causes the software to function on the more
4 powerful machine. The seller delivers no additional software to the purchaser. The issue
5 presented is whether a software license upgrade (as opposed to an upgrade of the software itself)
6 constitute “tangible personal property” or “computer software” where the only thing delivered to
7 the purchaser is an alphanumeric code.

8
9 Public Comment:

10
11 No state or public written comments were received.

12
13 Recommendation:

14
15 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
16 Governing Board a recommendation that the interpretation proposed by the requester not be
17 accepted.

18
19 Rationale:

20
21 The Agreement defines “tangible personal property” as” personal property that can be seen,
22 weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses” and
23 “includes electricity, water, gas, steam, and prewritten computer software.” Although no
24 physical software or other tangible personal property is distributed in the fact pattern, the
25 additional license to use the software is the essence of the transaction, not the alphanumeric
26 code. The alphanumeric code merely facilitates the additional use of the software. The
27 additional license to use the software should be treated the same as the original purchase of the
28 software license.

29
30 Participating Committee Members:

31
32 Larry Wilkie, Myles Vosberg, Andy Sabol, Tony Mastin, Joe VanDevender.

33
34 **Interpretive Opinion 2009-2**
35 **(Adopted September 30, 2009)**

36
37 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
38 Review and Interpretations Committee this day of July 2, 2009 in accordance with Article IX,
39 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
40 Inc.

41
42 The party requesting the interpretation is Woodman’s Food Markets, Inc. represented by Steve
43 Kaukl. The request was made on April 10, 2009.

44
45 Issue:

1
2 Woodman’s Food Markets, Inc. raises a question associated with the definition of soft drinks.
3 The State of Illinois currently considers fruit flavored cocktail mixes to be soft drinks because
4 they can be directly consumed as a non-alcoholic fruit flavored ready to drink beverage. Fruit
5 flavored cocktail mixes contain no alcohol. The example given was Jose Cuervo Margarita Mix,
6 which contains no fruit juice and no alcohol. The intended use for the product is to combine it
7 with liquor to produce an alcoholic cocktail. The issue presented is whether fruit flavored
8 cocktail mixes are soft drinks under the Agreement definitions. The requester proposes that an
9 interpretation be made that fruit flavored cocktail drinks are not soft drinks.

10
11 Public Comment:

12
13 No state or public written comments were received.

14
15 Recommendation:

16
17 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
18 Governing Board a recommendation that the interpretation proposed by the requester not be
19 accepted.

20
21 Rationale:

22
23 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
24 artificial sweeteners. The definition provides that “soft drinks” do not include beverages that
25 include greater than fifty percent of vegetable or fruit juice by volume. The definitions in the
26 Agreement are meant to be objective tests to determine the classification of an item and the
27 intent of the user is not relevant. Fruit flavored cocktail mixes meet the definition of “soft drink”
28 and should be classified as such.

29
30 Participating Committee Members:

31
32 Larry Wilkie, Myles Vosberg, Tony Mastin, Tom Atchley, Rep. Deb Peters.

33
34 **Interpretive Opinion 2009-3**
35 **(Adopted September 30, 2009)**

36
37 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
38 Review and Interpretations Committee this day of July 2, 2009 in accordance with Article IX,
39 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
40 Inc.

41
42 The party requesting the interpretation is Woodman’s Food Markets, Inc. represented by Steve
43 Kaukl. The request was made on April 10, 2009.

44
45 Issue:

1
2 Woodman’s Food Markets, Inc. raises an issue associated with the definition of soft drinks.
3 Ready to drink ice tea can come in an unsweetened and unflavored state. The example given
4 was Lipton PureLeaf Iced Tea. The issue presented is whether unsweetened and unflavored
5 ready to drink iced tea would be considered soft drinks under the Agreement definitions. The
6 requester proposes that an interpretation be made that unsweetened and unflavored ready to drink
7 iced tea are not soft drinks.

8
9 Public Comment:

10
11 No state or public written comments were received.

12
13 Recommendation:

14
15 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
16 Governing Board a recommendation that the interpretation proposed by the requester be
17 accepted.

18
19 Rationale:

20
21 The Agreement defines “soft drinks” to mean non-alcoholic beverages that contain natural or
22 artificial sweeteners. Unsweetened, unflavored ready to drink iced tea does not meet the
23 definition as it contains no sweeteners and falls under the food definition.

24
25 Participating Committee Members:

26
27 Larry Wilkie, Myles Vosberg, Tony Mastin, Tom Atchley, Rep. Deb Peters.

28
29 **Interpretive Opinion 2009-4**
30 **(Adopted September 30, 2009)**

31
32 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
33 Review and Interpretations Committee this day of July 2, 2009 in accordance with Article IX,
34 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
35 Inc.

36
37 The party requesting the interpretation is Woodman’s Food Markets, Inc. represented by Steve
38 Kaukl. The request was made on April 10, 2009.

39
40 Issue:

41
42 Woodman’s Food Markets, Inc. raises an issue with regard to the definition of candy. Certain
43 baking ingredients have the characteristics of candy but are not intended to be consumed as
44 candy. The example given was M&M’s Baking Bits which are intended to be used as an
45 ingredient in the making of cookies and other baked desserts. The issue presented is whether

1 baking ingredients such as M&M’s Baking Bits meet the definition of candy under the
2 Agreement definitions. The requester proposes that an interpretation be made that such baking
3 ingredients are not candy.

4
5 Public Comment:

6
7 No state or public written comments were received.

8
9 Recommendation:

10
11 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
12 Governing Board a recommendation that the interpretation proposed by the requester not be
13 accepted.

14
15 Rationale:

16
17 The Agreement defines “candy” to mean a preparation of sugar, honey, or other natural or
18 artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings
19 in the form of bars, drops, or pieces. The definitions in the Agreement are meant to be objective
20 tests to determine the classification of an item and the intent of the user is not relevant. Baking
21 ingredients such as M&M’s Baking Bits meet the definition of candy and should be classified as
22 such.

23
24 Participating Committee Members:

25
26 Larry Wilkie, Myles Vosberg, Tony Mastin, Tom Atchley, Rep. Deb Peters.

27
28 **Interpretive Opinion 2009-5**
29 **(Adopted December 17, 2009)**

30
31 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
32 Review and Interpretations Committee this day of November 12, 2009 in accordance with
33 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
34 Governing Board, Inc.

35
36 The party requesting the interpretation is James Tilton. The request was made on August 18,
37 2009.

38
39 Issue:

40
41 Mr. Tilton raises an issue with regard to the definition of candy. Cereal and breakfast bars
42 contain sugar and some contain flour. The example given was Honey Smacks, Rice Krispie
43 Treats, Coco Krispies, Golden Crisp, Special K, Fruity Pebbles, Carmel Corn Rice Cakes,
44 Kelloggs Raisin Bran, Wheaties, and Cheerios which all contain sugar but no flour. The issue

1 presented is whether cereals like these meet the definition of candy under the Agreement
2 definitions. The requester proposes that an interpretation be made that such cereals are candy.

3
4 Public Comment:

5
6 The Compliance Review and Interpretations Committee (CRIC) asked the State and Local
7 Advisory Council (SLAC) to conduct research and to make a recommendation. There were state
8 and public comments received by SLAC which resulted in a paper that was submitted to CRIC
9 on November 12, 2009.

10
11 Recommendation:

12
13 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
14 Governing Board a recommendation that the interpretation proposed by the requester not be
15 accepted.

16
17 Rationale:

18
19 The Agreement defines “candy” to mean a preparation of sugar, honey, or other natural or
20 artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings
21 in the form of bars, drops, or pieces. The definitions in the Agreement are meant to be objective
22 tests to determine the classification of an item and the intent of the user is not relevant.

23
24 (1) Breakfast cereals are **not** candy because they are not sold in the form of bars, drops or pieces.
25 (2) Natural or artificially sweetened breakfast bars, Carmel Corn Rice Cakes, and Rice Krispie
26 Treats that do **not** have ingredient labeling specifying flour and do **not** require refrigeration are
27 candy. These products are sold in the form of bars and meet the objective test in the definition of
28 candy.

29 (3) Lightly Salted Rice Cakes that do not contain natural or artificial sweeteners according to the
30 ingredient labeling are food and food ingredients and are not classified as candy.

31
32 Participating Committee Members:

33
34 Cathy Wicks for Larry Wilkie, Myles Vosberg, Tony Mastin, Tom Atchley, Rep. Deb Peters and
35 Senator Luke Kenley.

36
37 **Interpretive Opinion 2010-01**
38 **(Adopted April 30, 2010)**
39

40 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
41 Review and Interpretations Committee this day of March 11, 2010, in accordance with Article
42 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
43 Board, Inc.
44

1 The party requesting the interpretation is Tim Maloney. The request was made on February 17,
2 2010.

3
4 Issue:

5
6 Canton Chair Rental is an Ohio-based company located in Stark County that rents tangible
7 personal property such as tables, chairs and other party-related items to individuals, families and
8 companies in Stark County and other adjacent counties, all in Ohio. The normal arrangement is
9 that these items are rented to the consumer/customer for a fee on a short-term, non-recurring
10 basis, and not of duration of more than thirty days. The orders are received by Canton Chair
11 Rental at its Stark County offices and the items rented are delivered to the customer at the
12 customer's home or business by Canton Chair Rental. The issue presented is whether a renter of
13 tangible personal property in Ohio, which has local jurisdictions that levy or receive sales or use
14 taxes pursuant to Section 310.1, can utilize origin-based sourcing. The requester proposes that
15 an interpretation be made that such rentals should qualify for origin based sourcing.

16
17 Public Comment:

18
19 Written comments were received from Mr. Bill Riesenberger of the state of Ohio, the Equipment
20 Leasing and Finance Association, and from Mr. Tim Maloney.

21
22 Recommendation:

23
24 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
25 Governing Board a recommendation that the interpretation proposed by the requester not be
26 accepted.

27
28 Rationale:

29
30 Subsection 310.1(B) provides: "A member state may source retail sales, **excluding lease or**
31 **rental**, of tangible personal property or digital goods to the location where the order is received
32 by the seller if: ...".

33
34 The Administrative Definitions in Part I of Appendix C of the Agreement define "lease or rental"
35 to mean "any transfer of possession or control of tangible personal property for a fixed or
36 indeterminate term for consideration." The transaction highlighted in Mr. Maloney's
37 interpretation request clearly falls within the definition of "lease or rental". Since leases or
38 rentals are excluded under Subsection 310.1(B), the sourcing for such sales must be done by the
39 member state under the provisions of Section 310 of the Agreement. Subsection 310(B)(2)
40 states: "For a lease or rental that does not require recurring periodic payments, the payment is
41 sourced the same as a retail sale in accordance with the provisions of subsection 310(A)."

42
43 Subsection 310(A) sources sales on the location where the customer receives the property.
44 These transactions are excluded from the origin sourcing election provided in Section 310.1. As
45 such, they are to be sourced according to Subsection 310(B). If the lease payments are structured

1 such that it falls under Subsection 310(B)(2) as outlined in the situation provided, the payment is
2 then sourced under the hierarchy provided in Subsection 310(A).

3
4 Participating Committee Members:

5
6 Larry Wilkie, Myles Vosberg, Tom Atchley, Rep. Deb Peters, and Richard Cram.

7
8 **Interpretive Opinion 2010-02**
9 **(Adopted August 17, 2010)**

10
11 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
12 Review and Interpretations Committee this day of May 27, 2010 in accordance with Article IX,
13 Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing Board,
14 Inc.

15
16 The Governing Board requested the interpretation as a result of the issue being raised during the
17 2009 recertification compliance review.

18
19 Issue:

20
21 The issue being considered is whether an exemption for one-way paging conflicts with the
22 Agreement's definition of paging? During the compliance review, the Compliance Review and
23 Interpretations Committee determined that a number of states were exempting one-way paging.
24 The Agreement contains a definition of "paging" which includes both one-way and two-way
25 paging. The Committee decided not to consider the issue as part of the compliance review and to
26 bring the issue to the attention of the Governing Board. The Governing Board asked the State
27 and Local Advisory Council (SLAC) to conduct research and to make a recommendation to the
28 Compliance Review and Interpretations Committee (CRIC).

29
30 Public Comment:

31
32 At the Governing Board's request, the SLAC conducted research on the issue. There were state
33 and public comments received by SLAC which resulted in a paper that was submitted to CRIC.

34
35 Recommendation:

36
37 By a unanimous vote, the Compliance Review and Interpretations Committee submits to the
38 Governing Board a recommendation that the interpretation action proposed by the SLAC be
39 accepted. No action by the SLAC or the Governing Board to address "one-way paging" is
40 necessary at this time. States identified in the CRIC's 2009 Compliance Review Report have
41 expressed the intent to address this matter within their states by eliminating use of the term "one-
42 way paging" (administratively or legislatively, as appropriate) so that all paging services in those
43 states (including one-way paging) are either taxed or exempt.

44
45 Rationale:

1
2 The Agreement defines “paging service” as “a ‘telecommunications service’ that provides
3 transmission of coded radio signals for the purpose of activating specific pagers; such
4 transmissions may include messages and/or sounds.” The Agreement does not contain a
5 definition for “one-way paging.”
6

7 Governing Board Rule 327.2, Part D provides that with respect to telecommunications, partial
8 exclusion of a definition is prohibited. A member state choosing to tax telecommunication
9 services shall use applicable definitions contained in the Streamlined Sales and Use Tax
10 Agreement and shall not exclude from imposition a part of any definition or any item included in
11 such a definition unless the Streamlined Sales and Use Tax Agreement specifically permits such
12 a variation. There is no such provision for taxing or exempting one type of paging and not the
13 other.
14

15 Most transmissions considered as paging now include some capacity for direct response (such as
16 a text message). True “one-way” paging (where there is no ability to directly respond to the
17 paging transmission) continues to exist, though perhaps on a very limited basis.
18

19 Participating Members:
20

21 Myles Vosberg, Tom Atchley, Rep. Deb Peters and Richard Cram
22

23 **Interpretive Opinion 2010-03**
24 **(Adopted October 7, 2010)**
25

26 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
27 Review and Interpretations Committee this day of September 16, 2010 in accordance with
28 Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax
29 Governing Board, Inc.
30

31 The party requesting the interpretation is Mr. David A. Fruchtman. The request was made on
32 August 18, 2010.
33

34 Issue:
35

36 Mr. Fruchtman asked, on behalf of a client, whether carbon dioxide used to make seltzer for
37 human consumption qualifies as “food and food ingredients.” According to the facts presented,
38 the company represented is a distributor and gas refiller of a table top seltzer making system.
39 The company’s customers initially purchase a table top seltzer making kit, which includes a
40 reusable seltzer dispenser weighing less than five pounds, two reusable plastic bottles, flavor
41 samples and a canister filled with beverage-grade carbon dioxide (“canisters”). Customers screw
42 a canister into the table top seltzer dispenser. To make seltzer at any time, a customer fills one of
43 the plastic bottles with tap water, attaches the filled bottle to the dispenser, and pushes a button
44 for one to two seconds, releasing gas into the water. The result is a fresh bottle of seltzer for
45 human consumption. The carbon dioxide changes the taste of water. The taste of carbonated

1 water is different than the taste of noncarbonated water because of the formation of carbonic acid
2 when the carbon dioxide is dissolved in water. The seltzer is ingested as part of the beverage.
3 Customers can add flavorings if they desire. This is the only use for the system. Mr. Fruchtman
4 requests a ruling that the company's sales of its canisters of beverage-grade carbon dioxide
5 qualify as sales of "food and food ingredients" as that phrase is used in the Streamlined Sales and
6 Use Tax Agreement ("SSUTA"), Appendix C.

7
8 Public Comment:

9
10 No state or public written comments were received.

11
12 Recommendation:

13
14 By a vote of three to one of the members present, the Compliance Review and Interpretations
15 Committee submits to the Governing Board a recommendation that the interpretation proposed
16 by the requester be accepted.

17
18 Rationale:

19
20 Term "food and food ingredients" means "Substances, whether in liquid, concentrated, solid,
21 frozen, dried, or dehydrated form, that are sold for ingestion or chewing by humans and are
22 consumed for their taste or nutritional value."

23
24 "Food and food ingredients" are substances. The term gas is in fact defined as a "substance."
25 For example, a gas is "a substance at a temperature above its critical temperature and therefore
26 not liquefiable with pressure alone.[.]" *Webster's Third International Dictionary, p. 937 (2002)*.
27 The definition of "food and food ingredients" identifies various forms in which "substances" can
28 exist. However, the list of described forms is not exclusive. Accordingly, a gas can qualify as a
29 "substance" as contemplated in the definition of "food and food ingredients."

30
31 Under the facts presented, the identified beverage grade carbon dioxide gas is sold for ingestion
32 and is consumed for taste.

33
34 Based upon the forgoing, the beverage grade carbon dioxide gas qualifies as a "food and food
35 ingredient" because it is a substance, is sold for ingestion, and is consumed for taste.

36
37 Participating Committee Members:

38
39 Myles Vosberg, Rep. Deb Peters, Richard Cram and Tim Jennrich

40
41 **Interpretive Opinion 2011-01**
42 **(Adopted December 19, 2011)**

43
44 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
45 Review and Interpretations Committee this day of December 1, 2011 in accordance with Article

1 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
2 Board, Inc.

3
4 Mr. Ken Nogueira requested an interpretation on August 12, 2011.

5
6 Issue:

7
8 Mr. Nogueira asked whether wood chunks used for flavoring in cooking qualifies as “food and
9 food ingredients.” According to the facts presented, the Company is a restaurant company that
10 features “wood-grilled” items on its menu. The Company purchases Hickory wood chunks to
11 use as an ingredient to flavor items on its menu. During the cooking process, the Hickory wood
12 chunks are soaked in water and placed in a smoker under the grill. As the smoldering wood
13 burns, it releases compounds that impart a unique flavor and are a key ingredient in a number of
14 “wood-grilled” items on its menu. Mr. Nogueira requests a ruling that the company’s sales of
15 its wood chunks qualify as sales of "food and food ingredients" as that phrase is used in the
16 Streamlined Sales and Use Tax Agreement ("SSUTA"), Appendix C.

17
18 Public Comment:

19
20 Three states recommended that the interpretation request not be approved.

21
22 Recommendation:

23
24 By a unanimous vote of the members present, the Compliance Review and Interpretations
25 Committee submits to the Governing Board a recommendation that the interpretation proposed
26 by the requester not be accepted and that wood chunks do not qualify as food and food
27 ingredients.

28
29 Rationale:

30
31 The Agreement defines “food and food ingredients” as "substances, whether in liquid,
32 concentrated, solid, frozen, dried or dehydrated form, that are sold for ingestion or chewing by
33 humans and are consumed for their taste or nutritional value." *SSUTA, Appendix C- Library of*
34 *Definitions, Part II “Product Definitions.”*

35
36 The wood chunks, even those containing natural compounds or additives that emit a particular
37 aroma or vapor, are not sold for ingestion or chewing by humans. The wood chunks, when
38 heated, create smoke which flavors the food item that is smoked, but the wood chunks are not
39 eaten by humans and do not become a component part of and are not added to the food product.

40
41 Based upon the forgoing, the wood chunks do not qualify as a “food and food ingredient”
42 because it is not sold for ingestion or chewing by humans.

43
44 Participating Committee Members:

1 Tom Atchley, Craig Johnson, Richard Cram, and Tim Jennrich

2
3 **Interpretive Opinion 2011-02**
4 **(Adopted December 19, 2011)**
5

6 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
7 Review and Interpretations Committee this day of December 1, 2011 in accordance with Article
8 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
9 Board, Inc.

10
11 Mr. Eric Wayne of North Carolina requested the interpretation on August 29, 2011.
12

13 Issue:
14

15 Mr. Wayne asked whether pencil leads and pen refills qualify as school supplies for sales tax
16 holiday purposes. Mr. Wayne states that pencils and pens are on the list in Appendix B as
17 school supplies but pencil leads and pen refills are not on the list. The Department was
18 contacted before the recent August sales tax holiday and asked if pencil leads and pen refills
19 were school supplies. Contact was made with Tennessee and Arkansas which also exempt
20 school supplies during the their sales tax holiday and representatives for Tennessee and
21 Arkansas were in agreement that pencil leads and pen refills should be included as school
22 supplies and exempt items for sales tax holiday purposes. Oklahoma does not exempt school
23 supplies for sales tax holiday purposes. Mr. Wayne requests a ruling that pencil leads and/or
24 pen refills be considered “school supplies” as that phrase is used in the Streamlined Sales and
25 Use Tax Agreement (“SSUTA”), Appendix C.
26

27 Public Comment:
28

29 Comments were received from one state recommending that the interpretation requested be
30 accepted.
31

32 Recommendation:
33

34 By a vote of three to one of the members present, the Compliance Review and Interpretations
35 Committee submits to the Governing Board a recommendation that the interpretation
36 proposed by the requester be accepted.
37

38 Rationale:
39

40 Appendix C, Library of Definitions, Part III Sales Tax Holiday Definitions defines “school
41 supply” as “an item commonly used by a student in a course of study.” Section B. Product
42 Definitions provides an all-inclusive list of school supplies. Pencils and pens are on the list as
43 school supplies but pencil leads and pen refills are not on the list. The Agreement does not
44 define pens and pencils. However, pens and pencils cannot perform in their intended purpose

1 without pen refills and pencil leads. Pen refills and pencil leads are components of pens and
2 pencils and fall within the meaning of pens and pencils.

7

8 **Interpretive Opinion 2011-03**
9 **(Adopted December 19, 2011)**

10 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
11 Review and Interpretations Committee this day of December 1, 2011 in accordance
12 with Article IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales
13 Tax Governing Board, Inc.
14

15 Mr. Bruce Christensen requested the interpretation on August 31, 2011.
16

17 **Issue:**
18

19 May a state include its statutory appeal period in the 120-day period required by Section 317 D
20 (1) of the Agreement? In the following example, must State A wait until the 120-day period has
21 expired before issuing the audit assessment (i.e., does State A have to wait until after June 28,
22 2011) or can the 60-day appeal period be included in the 120 days such that State A can issue the
23 audit assessment at any time after April 28, 2011 since the seller will still have until at least June
24 28, 2011 (120 days after the request for substantiation was provided to the seller) to provide
25 those exemption certificates?

26 **Example:**

- 27 • State A issues a request to a seller on March 1, 2011 to substantiate certain exempt sales
28 the seller claimed.
- 29 • One hundred twenty days from March 1, 2011 is June 28, 2011.
- 30 • Sellers are allowed 60 days after receiving a Notice of Amount Due from State A to
31 either pay the amount due or file an appeal.
- 32 • If an adjustment to the seller's sales tax liability is made because a seller is missing some
33 exemption certificates at the time the Notice of Amount Due is issued, State A will allow
34 the seller to submit those exemption certificates during the 60-day appeal period.
- 35 • State A will treat the receipt of those exemption certificates during the 60-day appeal
36 period as an appeal, review the exemption certificates to confirm the seller received them
37 in good faith, and adjust the Notice of Amount Due accordingly.
38

39 **Public Comment:**
40

41 One state recommended that the interpretation not be accepted unless including the appeals
42 period is optional.
43

1 **Recommendation:**

2
3 By a unanimous vote of the members present, the Compliance Review and Interpretations
4 Committee submits to the Governing Board a recommendation that if a state will adjust the
5 audit assessment during the appeal period if acceptable documentation is provided, the appeal
6 period can be included as part of the 120 days allowed to provide exemption certificate
7 information. However, if a state will not adjust the audit assessment during the appeal period for
8 exemption certificates accepted in good faith, the state may not include the appeal period as part
9 of the 120 days that must be allowed.

10
11 **Rationale:**

12
13 Section 317 D (1) of the Agreement states:

14
15 “If the seller has not obtained an exemption certificate or all relevant data elements within 90
16 days subsequent to the date of sale as provided in Section 317, subsection (C), a member state
17 shall provide the seller with 120 days subsequent to a request for substantiation by a member
18 state, to either:

19 a. Obtain a fully completed exemption certificate from the purchaser, taken in good faith
20 which means that the seller obtains a certificate that claims an exemption that:

21 (i) was statutorily available on the date of the transaction in the jurisdiction where the
22 transaction is sourced,

23 (ii) could be applicable to the item being purchased, and

24 (iii) is reasonable for the purchaser’s type of business; or

25 b. Obtain other information establishing that the transaction was not subject to the tax.

26 A member state may provide for a period longer than 120 days for sellers to obtain the
27 necessary information.”

28
29 The Agreement is silent on the issue of whether a state’s appeals period can be included in the
30 120 day period. If the state allows a seller to provide substantiation during the appeals period
31 and receive an assessment adjustment, then the requirements of the Agreement have been met
32 as long as 120 days have been allowed since the request for substantiation. A member state has
33 the option of using their state’s appeal period as part of the 120 day period if the state will
34 willingly adjust the audit assessment during the appeal period if acceptable exemption
35 documentation is provided.

36
37 **Participating Committee Members:**

38
39 Tom Atchley, Craig Johnson, Richard Cram, and Tim Jennrich

40
41
42 **Interpretive Opinion 2013-1**
43 **(Adopted October 30, 2013)**
44

1 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
2 Review and Interpretations Committee this 13th day of June, 2013, in accordance with Article
3 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
4 Board, Inc.

5
6 Mr. Thomas Haines of Avalara requested the interpretation on May 28, 2013. Mr. Haines
7 requested expedited consideration under Streamlined Sales Tax Governing Board (SSTGB)
8 Rule 902, subsection (H).

9
10 **Issue:**

11
12 Are beverages that contain “natural flavor,” “essence,” or “spice” but no sweeteners
13 includable within the definition of “soft drink?” Two instances arose wherein a Streamline
14 member state indicated that bottled unsweetened flavored water fell under the “soft drink”
15 definition. In both instances, “natural flavor” or “essence” was listed in the product’s
16 ingredients. The product did not contain any sweeteners or fruit juice. In both instances, the
17 state mentioned that the sweetener is present within the “natural flavor” or “essence.”

18
19 The following is a sample listing of bottled waters that contain flavor but no sweeteners:
20

- 21 • Metromint (all varieties)
- 22 • Canada Dry Sparkling Seltzer Water Lemon Lime Twist
- 23 • Canada Dry Sparkling Seltzer Water Refreshingly Raspberry
- 24 • Vintage Lemon Lime Seltzer
- 25 • Vintage Raspberry Seltzer
- 26 • Adirondack Lemon Lime Seltzer
- 27 • Adirondack Raspberry Lemon Seltzer

28
29 All of these products, at the time this request was considered, were labeled as containing water
30 and “natural flavor” or “essence.” The Food and Drug Administration (FDA) issues regulations
31 governing labeling requirement under Title 21 of the Code of Federal Regulation. Section
32 101.22 of Title 21 defines certain terms that may appear on the product’s list of ingredients. The
33 term “natural flavor” is defined in 21 CFR 101.22(a)(3). In short, “natural flavors” are
34 concentrated additives to food “Whose significant function in food is flavoring rather than
35 nutritional” (emphasis added). The term “spice” is defined in 21 CFR 101.22(a)(2). “Spices”
36 function in a similar manner to natural flavor; they are a “seasoning” rather than a nutritional
37 element in food. A listing of approved common spices is provided in 21 CFR 182.10.

38
39 Among the products listed above, the Canada Dry, Vintage, and Adirondack bottled waters list
40 water and “natural flavor” in their list of ingredients in compliance with 21 CFR 101.22(a)(3).
41 The Metromint bottled waters list water, mint and flavor “essence” in their list of ingredients.
42 Metromint uses the common term “mint” instead of the specific terms “peppermint” and
43 “spearmint,” which are listed as “spices” in 21 CFR 182.10. The “essence” in Metromint
44 products appears to be similar to “natural flavor” as defined in 21 CFR 101.22(a)(3).

1 Additionally, Metromint states that their products contain “No sugar and no sweeteners of any
2 kind” (see last item on manufacturer’s “FAQ” webpage).

3
4 The “soft drink” definition includes those products wherein the list of ingredients specifically
5 list natural sweeteners, artificial sweeteners, or fruit juices. Mr. Haines requests a ruling that
6 products containing no specifically listed sweetener but include “natural flavor,” “essence,” or
7 “spice” among its list of ingredients shall not be deemed includable under the “soft drink”
8 definition.

9
10 **Public Comment:**

11
12 The American Beverage Association submitted comments in support of the proposed
13 interpretation that the types of unsweetened flavored water referenced in the request do not fall
14 within the definition of “soft drinks.” The comments highlighted the Streamlined Sales and Use
15 Tax Agreement’s “bottled water” definition that applies to beverages with flavors, spices, or
16 essences without sweeteners as follows: “Bottled water is calorie free and does not contain
17 sweeteners or other additives except that it may contain: (i) antimicrobial agents; (ii) fluoride; (iii)
18 carbonation; (iv) vitamins, minerals, and electrolytes; (v) oxygen; (vi) preservatives; and (vii) only
19 those flavors, extracts, or essences derived from a spice or fruit.

20
21 **Recommendation:**

22
23 By a unanimous vote of the members present, the Compliance Review and Interpretations
24 Committee submits to the Governing Board a recommendation that the interpretation
25 proposed by the requestor be accepted. Beverages that do not include natural or artificial
26 sweeteners, including juices, do not fit the definition of soft drinks.

27
28 **Rationale:**

29
30 Appendix C, Library of Definitions, Part II Product Definitions defines “soft drinks” to mean
31 “non-alcoholic beverages that contain natural or artificial sweeteners. “Soft drinks” do not
32 include beverages that contain milk or milk products, soy, rice or similar milk substitutes, or
33 greater than fifty percent of vegetable or fruit juice by volume.” “Natural flavors” are
34 concentrated additives to food whose significant function in food is flavoring rather than
35 nutritional. “Spices” function in a similar manner; they are a “seasoning” rather than a
36 nutritional element in food. Natural flavors and spices are not sweeteners. Both the
37 Streamlined definitions for “candy” and “soft drinks” use the term “natural or artificial
38 sweeteners.” SSTGB Rule 327.8 addresses “natural and artificial sweeteners” in the context of
39 “candy”. The recommendation is consistent with SSTGB Rule 327.8. The FDA requires all
40 ingredients to be listed on the label. If the label does not list a natural or artificial sweetener, the
41 product is not a soft drink under the Agreement definition. None of the products listed in Mr.
42 Haines request lists a natural or artificial sweetener as an ingredient as labeled at the time of this
43 recommendation. Therefore, none of these products are considered to be a soft drink.

44
45 **Participating Committee Members:**

1
2 Myles Vosberg, Tom Atchley, Richard Cram, Larry Paxton, Harry Fox, and Tim Jennrich
3
4

5 **Interpretive Opinion 2013-2**
6 **(Adopted October 30, 2013)**
7

8 This Interpretive Opinion recommendation is made to the Governing Board by the Compliance
9 Review and Interpretations Committee this 1st day of August, 2013, in accordance with Article
10 IX, Rule 902 of the Rules and Procedures adopted by the Streamlined Sales Tax Governing
11 Board, Inc.
12

13 Mr. Timothy Larsen of Scentsy, Inc. requested the interpretation on June 27, 2013. Mr. Larsen
14 requested expedited consideration under Streamlined Sales Tax Governing Board (SSTGB) Rule
15 902, subsection (H).
16

17 **Issue:**
18

19 Scentsy, Inc. sells fondue chocolate pouches branded as "Velata, Fun fondue" through home
20 parties held by its direct selling consultants (see www.velata.net). The Company believes the
21 classification of the fondue chocolate to be a food item and that it is not considered candy or a
22 confectionary since it is not readily consumable without additional preparatory steps which cause
23 it to be treated as a food item for home consumption. A ruling is sought for verification. The
24 fact pattern outlining the manufacturing, distribution, and marketing of the chocolate is below:
25

26 The raw chocolate is made in a wafer form by a Belgium chocolate manufacturer and shipped to
27 New Jersey for insertion in a microwaveable pouch by a third party in amounts of 170g and
28 shipped to Scentsy distribution centers. Scentsy direct sales consultants selling under the brand
29 Velata order the chocolate along with a warmer for use at a home party designed to enjoy the
30 chocolate, while encouraging participants to also purchase the chocolate and warming devices
31 for their own use and satisfaction.
32

33 When a home party is held at which the chocolate will be enjoyed, the pouch must be
34 microwaved for 1 minute so that the wafers are melted and able to be released in a liquid form
35 through the pouch spout into a warming dish. The warming dish maintains the chocolate in a
36 liquid form so that home party participants can dip and enjoy fruit, pretzels, or other items.
37

38 Specific instructions on the pouch read as follows:
39

- 40 1) Switch on your Velata warmer
- 41 2) Microwave Velata pouch for one minute
- 42 3) Knead pouch until chocolate becomes smooth. If lumps remain, reheat for 15 seconds.
- 43 4) If necessary, repeat Step 3. Empty pouch contents into preheated Velata warmer.

44 The Company seeks confirmation of its interpretation of the fondue chocolate being classified as
45 food for home consumption.

Public Comment:

No state or public written comments were received.

Recommendation:

By a unanimous vote, the Compliance Review and Interpretations Committee submits to the Governing Board a recommendation that the interpretation proposed by the requester not be accepted.

Rationale:

The central question before the Compliance Review and Interpretations Committee is whether the products discussed are “food and food ingredients” or “candy” as defined by the Agreement. The Agreement defines “candy” to mean a preparation of sugar, honey, or other natural or artificial sweeteners in combination with chocolate, fruits, nuts or other ingredients or flavorings in the form of bars, drops, or pieces that do not include flour and require no refrigeration. The definitions in the Agreement are meant to be objective tests to determine the classification of an item and the intent of the user is not relevant. Chocolate fondue meets the definition of candy because it contains a sweetener, is combined with chocolate or other ingredients or flavorings, does not contain flour, does not require refrigeration and is sold in the form of bars, drops or pieces. The wafers are “pieces” of chocolate.

Participating Committee Members

Tom Atchley, Richard Cram, Harry Fox, Tim Jennrich, and Larry Paxton

1 **APPENDIX E**

2
3 **LIBRARY OF BEST PRACTICES**

4
5 **Best Practices Number 1 - Vouchers**

6
7 *This document is limited to the specific types of transactions described herein.*

8
9 As used herein, a voucher is an instrument that is:

- 10
11 a. issued to a purchaser for an amount that is less than the face value and both the face
12 value and amount paid by the purchaser are noted on the voucher;
- 13 b. redeemable for personal property or services in a single visit only at the seller’s
14 business;
- 15 c. redeemable either for a specific product or for a certain dollar amount towards the
16 purchase price of any product sold by the seller;
- 17 d. issued, marketed, or distributed by a third party pursuant to a specific agreement with
18 the seller, and the seller determines the price at which the voucher is to be issued and
19 allows redemption of the specific voucher for personal property or services (“third
20 party agreement”);
- 21 e. not a digital code as defined by the Agreement or its rules;
- 22 f. not a ticket for an admission to a specific performance or event on a specific date and
23 time;
- 24 g. not a gift card or gift certificate nor is it convertible, in whole or in part, to gift cards,
25 gift certificates or cash;
- 26 h. not usable in combination with other promotions or coupons offered by the seller; and
27 i. not a prepaid calling service or a prepaid wireless calling service.

28
29 Vouchers may be provided to purchasers in the form of an electronic instrument that is scanned
30 by the seller from the purchaser’s electronic device.

31
32 **Best Practice 1.1**

33 The member state administers the difference between the value of a voucher allowed by the
34 seller and the amount the purchaser paid for the voucher as a discount that is not included in the
35 sales price (i.e., same treatment as a seller’s in-store coupon), provided the seller is not
36 reimbursed by a third party, in money or otherwise, for some or all of that difference.

37
38 **Example A.** A voucher is issued for \$20 by Third Party pursuant to an agreement with
39 Seller B that entitles the purchaser to \$50 towards the purchase of any food and drink sold by
40 Seller B. The agreement provides that Third Party will retain \$10 of the amount paid by the
41 purchaser for advertising and marketing the voucher. The voucher identifies the amount paid
42 by the purchaser, the face value of the voucher, and the expiration date for the period that the
43 discount is available. The purchaser buys \$100 of food and drink prior to the expiration of
44 the \$30 discount offered by the seller and tenders the voucher plus enough money to pay for

1 the food and drink. The measure (sales price) subject to sales tax is \$70 which is made up of
2 the \$20 in consideration received by Third Party from the issuance of the voucher and the
3 additional \$50 paid in cash by the purchaser directly to Seller B.
4

5 **Example B.** \$20 worth of deal certificates are issued to Purchaser by Third Party for \$10.
6 Purchaser is issued two \$10 deal certificates by Third Party for a specific seller. The two \$10
7 deal certificates do not disclose the amount paid by Purchaser for each deal certificate.
8 Purchaser presents \$20 of taxable items to the seller and tenders the two \$10 deal certificates
9 to pay for the items. Since the amount paid by Purchaser to Third Party is not disclosed on
10 the face of the deal certificate, the deal certificate is not a “voucher.” If the seller can
11 substantiate the amount Purchaser paid to Third Party for the deal certificates, the member
12 state would only require the seller to charge sales tax on the amount Purchaser paid for the
13 deal certificates, regardless of the value of the certificates.
14

15 **Example C.** A voucher is issued for \$20 by Third Party which entitles Purchaser to \$50
16 towards food and drinks for a specific seller. The face value of the voucher is \$50 and the
17 amount paid (\$20) by Purchaser to Third Party is indicated on the voucher. Purchaser
18 redeems the voucher for \$50 of food and drinks after the stated expiration date. The seller
19 honors the voucher for the face value of \$50. Pursuant to the agreement between Third Party
20 and the seller, Third Party retains the \$20 paid by Purchaser and does not remit any of the
21 \$20 purchase price to the seller. The sales price would be \$20. Since the voucher indicates
22 the amount the purchaser paid for it, the difference (\$30) between the face value of the
23 voucher allowed by the seller (\$50) and the amount Purchaser paid to Third Party for the
24 voucher (\$20) is not included in the sales price.
25

26 **Example D.** A voucher is issued for \$19 which entitles Purchaser to \$99 of services for a
27 specific seller. The face value of \$99 and the amount paid by Purchaser (\$19) is indicated on
28 the voucher. Upon ordering \$99 of services, Purchaser attempts to redeem the voucher after
29 the stated expiration date. The seller only honors the voucher in the amount of \$19 and
30 Purchaser pays the remaining \$80 in cash. Pursuant to the agreement between Third Party
31 and the seller, Third Party retains the \$19 paid by Purchaser and does not remit any of the
32 purchase price to the seller.
33

34 The entire \$99 is subject to sales tax because the voucher indicates the face value of \$99 and
35 the amount Purchaser paid for the voucher. The \$19 paid for the voucher issued by Third
36 Party and the additional \$80 paid by Purchaser to the seller are included in sales price.
37 Amounts reimbursed by the Third Party, if any, are not relevant in determining consideration
38 included in sales price.
39

40 **Best Practice 1.2**

41 The member state provides that when the discount on a voucher will be fully reimbursed by a
42 third party the seller is to use the face value of the voucher (i.e., same as the treatment of a
43 manufacturer's coupon) and not the price paid by the purchaser as the measure (sales price) that
44 is subject to tax.
45

1 **Example.** A voucher is issued for \$20 by Third Party pursuant to an agreement with Seller B
2 that entitles Purchaser to \$50 towards the purchase of any food and drink sold by Seller B.
3 The agreement provides that Third Party will retain \$10 of the amount paid by Purchaser for
4 advertising and marketing the voucher. Seller B also receives consideration from another
5 party reimbursing Seller B for the \$30 discount taken by Purchaser. The measure (sales
6 price) subject to sales tax is \$100 which is made up of the \$20 received from the sale of the
7 voucher, the \$30 in consideration received as a direct reimbursement of the discount and the
8 \$50 paid in cash by Purchaser directly to Seller B.
9

10 **Best Practice 1.3**

11 The member state provides that costs and expenses of the seller are not deductible from the sales
12 price and are included in the measure (sales price) that is subject to tax. Further, reductions in the
13 amount of consideration received by the seller from the third party that issued, marketed, or
14 distributed the vouchers, such as advertising or marketing expenses, are costs or expenses of the
15 seller.
16

17 **Example.** A \$20 voucher is issued by Third Party for \$10 for a specific seller. The voucher
18 indicates a face value of \$20 and that Purchaser paid \$10 for the voucher. By contract, the
19 Third Party is required to remit \$8 to the seller and allowed to retain \$2 for advertising and
20 marketing the voucher. Purchaser presents \$20 of taxable items to the seller and tenders the
21 \$20 voucher to pay for the items. The sales price on which the sales tax is levied is \$10,
22 which includes the \$2 retained by Third Party. The difference (\$10) between the value of the
23 voucher (\$20) and the amount Purchaser paid to Third Party (\$10) is a discount that is not
24 included in the sales price.
25
26

1
2 **Compiler's Notes**

3 In accordance with the Streamlined Sales and Use Tax Governing Board (SSTGB) Rules and
4 Procedures 806.1.7, the following Compiler's Notes address each of the amendments, changes
5 and additions to the Streamlined Sales and Use Tax Agreement (SSUTA) that have been made
6 from April 16, 2005 to the present. The compiler's notes are in order based on the Section of the
7 SSUTA that was amended, changed or added. Unless noted otherwise, the date indicated in each
8 note represents the date of the SSTGB meeting which resulted in the amendment, change or
9 addition to the SSUTA.
10

11 **Section 204: ENTITY-BASED EXEMPTION**

12 *Compiler's note: On October 1, 2005 Section 204 was amended by adding the second sentence. Each member state*
13 *shall comply with the October 1, 2005 amendment to this section no later than January 1, 2008.*

14 **Section 205: MODEL 1 SELLER**

15 *Compiler's note: On September 30, 2009 Section 205 was amended by adding "registered under the Agreement"*
16 *after the first "seller." The amendment became effective upon its adoption.*

17 **Section 206: MODEL 2 SELLER**

18 *Compiler's note: On September 30, 2009 Section 206 was amended by adding "registered under the Agreement"*
19 *after the first "seller." The amendment became effective upon its adoption.*

20 **Section 207: MODEL 3 SELLER**

21 *Compiler's note: On September 30, 2009 Section 207 was amended by adding "registered under the Agreement"*
22 *after the first "seller." The amendment became effective upon its adoption.*

23 **Section 207.1: MODEL 4 SELLER**

24 *Compiler's note: On September 30, 2009 Section 207.1 was adopted and became effective upon its adoption.*

25 **Section 212: SELLER**

26 *Compiler's note: The Governing Board issued Interpretative Opinion 2008-01 relating to the definition of "seller."*
27 *That interpretation can be found in the Library of Interpretations in Appendix D.*

28 **Section 213: STATE**

29 *Compiler's note: On April 18, 2006 Section 213 was amended as follows: "Any state of the United States, ~~and~~ the*
30 *District of Columbia and the Commonwealth of Puerto Rico." The amendment to this section became effective upon*
31 *adoption.*

32 **Section 214: USE-BASED EXEMPTION**

1 *Compiler’s note: On October 1, 2005 Section 214 was amended as follows: “An exemption based on a specified use*
2 *of the product by the purchaser’s use of the product.” Each member state shall comply with the October 1, 2005*
3 *amendment to this section no later than January 1, 2008.*

4 **Section 301: STATE LEVEL ADMINISTRATION**

5 *Compiler’s note: On April 30, 2010 Section 301 was amended by adding subsection (B) and amending the first*
6 *subsection as follows:*

7 *A. Each member state shall provide state level administration of sales and use taxes subject to the*
8 *Agreement. The state level administration may be performed by a member state's Tax Commission,*
9 *Department of Revenue, or any other single entity designated by state law. Sellers and purchasers are only*
10 *required to register with, file returns with, and remit funds to the state level authority. ~~Each~~ The state level*
11 *authority of a member state shall provide for collection of any local taxes and distribution of them to the*
12 *appropriate taxing jurisdictions. ~~Each member~~ The state level authority shall conduct, or ~~authorize~~ others*
13 *may be authorized to conduct on its behalf, subject to the provisions of subsection (B), all audits of the*
14 *sellers and purchasers registered under the Agreement for that state’s tax and the tax of its local*
15 *jurisdictions. ~~Except as provided herein, and~~ local jurisdictions shall not conduct independent sales or use*
16 *tax audits of sellers and purchasers registered under the Agreement.*

17 *This amendment became effective upon its adoption.*

18 **Section 302: STATE AND LOCAL TAX BASES**

19 *Compiler’s note: On December 13, 2010 Section 302 was amended as follows:*

20 *~~Through December 31, 2005, if a member state has local jurisdictions that levy a sales or use tax, all local~~*
21 *~~jurisdictions in the state shall have a common tax base. After December 31, 2005, the The tax base for local~~*
22 *~~jurisdictions shall be identical to the state tax base unless otherwise prohibited by federal law. This section does not~~*
23 *~~apply to sales or use taxes levied on fuel used to power motor vehicles, aircraft, locomotives, or watercraft, or to~~*
24 *~~electricity, piped natural or artificial gas or other fuels delivered by the seller and the retail sale or transfer of~~*
25 *~~motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes.~~*

26 **Section 303: SELLER REGISTRATION**

27 *Compiler’s note: On September 30, 2009 Section 303 was amended by deleting “is” and inserting “shall be” in*
28 *subsection (A), the addition of a new subsection (B), renumbering the preexisting B, C, D and E, and the addition of*
29 *subsections (G), (H),(I),(J), and (K). This amendment became effective upon its adoption.*

30 **Section 304: NOTICE FOR TAX CHANGES**

31 *Compiler’s note: On September 5, 2008 Section 304 was amended by the addition of subsection (C), (D) and (E).*
32 *This amendment became effective upon its adoption.*

33 **Section 305: LOCAL RATE AND BOUNDARY CHANGES**

34 *Compiler’s note: (a) On October 1, 2005 the following amendments were made to Section 305:*

- 1 1. In Section 305 (F) “or CSP” was added after each “seller.” In addition, in two places “~~of a purchaser~~”
2 was replaced with “applicable to a purchase.”
- 3 2. Section 305 (G) was amended as follows: “~~Participate with other member states in the development of an~~
4 Have the option of providing address-based ~~system~~ database records for assigning taxing jurisdictions and
5 their associated rates which shall be in addition to the requirements of subsection (F) of this section. The
6 ~~system~~ database records must be in the same approved format as the database records pursuant to
7 subsection (F) of this section and must meet the requirements developed pursuant to the federal Mobile
8 Telecommunications Sourcing Act (~~4 U.S.C. Sec. 119~~) (4 U.S.C.A. Sec.119 (a)). The governing board may
9 allow a member state to require sellers that register under this Agreement to use an address-based ~~system~~
10 database provided by that member state. If any member state develops ~~an~~ address-based assignment ~~system~~
11 database records pursuant to the ~~Mobile Telecommunications Sourcing Act~~ Agreement, a seller or CSP
12 may use ~~that system~~ those database records in place of the ~~system~~ five and nine-digit zip code database
13 records provided for in subsection (F) of this section. If a seller or CSP is unable to determine the
14 applicable rate and jurisdiction using an address-based database record after exercising due diligence, the
15 seller or CSP may apply the nine digit zip code designation applicable to a purchase. If a nine-digit zip
16 code designation is not available for a street address or if a seller or CSP is unable to determine the nine
17 digit zip code designation applicable to a purchase after exercising due diligence to determine the
18 designation, the seller or CSP may apply the rate for the five digit zip code area. For the purposes of this
19 section, there is a rebuttable presumption that a seller or CSP has exercised due diligence if the seller or
20 CSP has attempted to determine the tax rate and jurisdiction by utilizing software approved by the
21 governing board that makes this assignment from the address and zip code information applicable to the
22 purchase”.

- 23 3. Section305 (H) was added.

24 The amendment to this section became effective upon adoption.

25 (b) On June 23, 2007 subsection (I) was added.

26 **Section 306: RELIEF FROM CERTAIN LIABILITY**

27 *Compiler’s note: On October 1, 2005 Section 306 was amended as follows: “Each member state shall relieve sellers*
28 *and CSPs using databases pursuant to subsections (F), (G) and (H) from liability to the member state and local*
29 *jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the seller or*
30 *CSP relying on erroneous data provided by a member state on tax rates, boundaries, or taxing jurisdiction*
31 *assignments. After providing adequate notice as determined by the governing board, a A member state that provides*
32 *an address-based ~~system~~ database for assigning taxing jurisdictions pursuant to Section 305, subsection (G) ~~or~~*
33 *pursuant to the federal Mobile Telecommunications Sourcing Act will not be required to provide or (H) may cease*
34 *providing liability relief for errors resulting from the reliance on the ~~information~~ database provided by the member*
35 *state under the provisions of Section 305, subsection (F). If a seller demonstrates that requiring the use of the*

1 address-based database would create an undue hardship, a member state and the governing board may extend the
2 relief from liability to such seller for a designated period of time.”

3 *The amendment to this section became effective upon adoption.*

4 **Section 307: DATABASE REQUIREMENTS AND EXCEPTIONS**

5 *Compiler’s note: On October 1, 2005 the following amendments were made to Section 307:*

6 *Section 307 (A) was amended by adding the last three sentences.*

7 *Section 307 (C) was amended by adding “and (G)” after “(F),” deleting the second sentence (~~The~~
8 ~~governing board shall establish the effective dates for availability and use of the databases.~~) and adding*
9 *the last two sentences.*

10 *The amendment to this section became effective upon adoption.*

11 **Section 308: STATE AND LOCAL TAX RATES**

12 *Compiler’s note: (a) On April 18, 2006 Section 308A was amended by deleting “~~after December 31, 2005~~”*
13 *following “or services” and by adding the second sentence. The amendment to this section became effective upon*
14 *adoption.*

15 *(b) On December 13, 2010 Section 308C was amended as follows:*

16 *C. The provisions of this section do not apply to sales or use taxes levied on fuel used to power motor vehicles,*
17 *aircraft, locomotives, or watercraft, or to electricity, piped natural or artificial gas, or other ~~heating~~ fuels delivered*
18 *by the seller, or the retail sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured*
19 *homes, or mobile homes.*

20 **Section 309: APPLICATION FO GENERAL SOURCING RULES AND EXCLUSIONS** 21 **FROM THE RULES**

22 *Compiler’s note: (a) On October 1, 2005 Section 309 (B)(4) was amended by deleting 2005 and inserting 2007. The*
23 *amendment to this section became effective upon adoption.*

24 *(b) On December 14, 2006 Section 309 (b) was amended as follows: “~~Section Sections 310 and 312 does do~~”, and*
25 *309 (B) (3) was amended by adding “and ancillary services” following “services” and “and Internet access*
26 *service” before “shall”.*

27 *(c) On June 23, 2007 the date in subsection (B)(4) was changed from “December 31, 2007” to December 31, 2009.”*

28 *(d) On September 5, 2008 Section 309 (B)(4) was amended to delete “Until December 31, 2009,” at the beginning*
29 *of the first sentence and to replace “Prior to this date, these items” at the start of the second sentence with “Such*
30 *sales.” The amendment became effect upon its adoption.*

31 *(e) On October 7, 2010, subsection (A) was amended by inserting “or Section 310.1” at the end of the first sentence*
32 *and after “Section 310” in third sentence; the first clause was added in the second and third sentences; and “to all*
33 *sales” was added after “apply” in the second sentence. In addition, number 5 was added to subsection (B). The*
34 *amendments to this section became effective upon their adoption.*

35 **Section 310: GENERAL SOURCING RULES**

1 *Compiler's note: (a) The Governing Board issued Interpretation 2006-03 on April 18, 2006 relating to the sourcing*
2 *of initial lease payments made to dealers. That interpretation can be found in the Library of Interpretations in*
3 *Appendix D.*

4 *(b) The Governing Board issued Interpretation 2007-02 on September 20, 2007 relating to the sourcing of sales*
5 *when a third party shipping company picks up the product at the seller's location. That interpretation can be found*
6 *in the Library of Interpretations in Appendix D.*

7 *(c) On December 12, 2007 Section 310 (A) was amended as follows: "~~The~~ Except as provided in Section 310.1, the*
8 *retail sale, excluding lease or rental, of a product shall be sourced as follows:"*. The amendment was effective upon
9 *its adoption.*

10 **Section 310.1: ELECTION FOR ORIGIN-BASED SOURCING**

11 *Compiler's note: (a) On December 12, 2007 Section 310.1 was adopted. This section becomes effective on and after*
12 *January 1, 2010. (b) On September 30, 2009 Section 310.1 was amended to delete "On or after January 1, 2010, a"*
13 *in D 2 and to delete the following after "2010" in D 3: ", provided that at least five (5) states which are not full*
14 *member states on December 31, 2007, have been found to be in substantial compliance with each of the provisions*
15 *of the Agreement other than sourcing sales of tangible personal property and digital goods pursuant to Section 310*
16 *of the Agreement and have notified the governing board of an election pursuant to paragraph 8 of subsection (C) of*
17 *this section to source sales pursuant to this section and have been found to be in substantial compliance with the*
18 *provisions of this section. States electing to source sales under this section after that time may become full member*
19 *states if all other requirements for membership are satisfied". This amendment became effective upon its adoption.*

20 *(c) On October 7, 2010 "product" was replaced by "sale" in the first sentence of C 2; "on that sale" was added to*
21 *the end of the second sentence in C2; and "from the purchaser" was added to the second sentence in C 5. The*
22 *amendments to this section were effective upon their adoption.*

23 *(d) On May 23, 2012 the following section D was repealed. This amendment was effective upon adoption:*

24 *"D. Compliance with the provisions of this section shall satisfy a state's eligibility for membership in this*
25 *Agreement as follows:*

26 *1. If a state is in substantial compliance with each of the provisions of this Agreement other than*
27 *sourcing of sales of tangible personal property and digital goods as provided in Section 310 and elects*
28 *to source sales of tangible personal property and digital goods pursuant to this section, such state may*
29 *become an associate member state in the same manner as provided for states to become full member*
30 *states pursuant to Article VIII of this Agreement.*

31 *2. A state which becomes an associate member state pursuant to this subsection shall automatically*
32 *become a full member state, provided that at least five (5) states which are not full member states on*
33 *December 31, 2007, have been found to be in substantial compliance with each of the provisions of the*
34 *Agreement other than sourcing sales of tangible personal property and digital goods pursuant to*
35 *Section 310 of the Agreement and have notified the governing board of an election pursuant to*

1 paragraph 8 of subsection (C) of this section to source sales pursuant to this section and have been
2 found to be in substantial compliance with the provisions of this section.

3 3. The provisions of this section shall be fully effective for all purposes on or after January 1, 2010.”

4 **Section 312: MULTIPLE POINTS OF USE (Repealed)**

5 *Compiler’s note: (a) The following is the section that would have gone into effect on January 1, 2008 had it not been*
6 *repealed:*

7 *Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit*
8 *that knows at the time of its purchase of a digital good, computer software, or a service that the digital*
9 *good, computer software, or service will be concurrently available for use in more than one jurisdiction*
10 *shall deliver to the seller in conjunction with its purchase an exemption certificate claiming multiple points*
11 *of use or meet the requirements of Section 312, subsections (B) or (C). Computer software, for purposes of*
12 *this section includes, but is not limited to computer software delivered electronically, by load and leave, or*
13 *in tangible form. Computer software received in-person by a business purchaser at a business location of*
14 *the seller is not included.*

15 *Upon receipt of an exemption certificate claiming multiple points of use, the seller is relieved of all obligation*
16 *to collect, pay, or remit the applicable tax and the purchaser shall be obligated to collect, pay, or remit the*
17 *applicable tax on a direct pay basis.*

18 *A purchaser delivering an exemption certificate claiming multiple points of use may use any reasonable, but*
19 *consistent and uniform, method of apportionment that is supported by the purchaser's books and records as*
20 *they exist at the time the transaction is reported for sales or use tax purposes.*

21 *A purchaser delivering an exemption certificate claiming multiple points of use shall report and pay the*
22 *appropriate tax to each jurisdiction where concurrent use occurs. The tax due will be calculated as if the*
23 *apportioned amount of the digital good, computer software or service had been delivered to each*
24 *jurisdiction to which the sale is apportioned pursuant to Section 312, subdivision (A)(2).*

25 *The exemption certificate claiming multiple points of use will remain in effect for all future sales by the seller to*
26 *the purchaser (except as to the subsequent sale's specific apportionment that is governed by the principles*
27 *of Section 312, subdivisions (A)(2) and (A)(3)) until it is revoked in writing.*

28 *Notwithstanding Section 312, subsection (A), when the seller knows that the product will be concurrently*
29 *available for use in more than one jurisdiction, but the purchaser does not provide an exemption certificate*
30 *claiming multiple points of use as required in subsection (A), the seller may work with the purchaser to*
31 *produce the correct apportionment. The purchaser and seller may use any reasonable, but consistent and*
32 *uniform, method of apportionment that is supported by the seller’s and purchaser’s business records as*
33 *they exist at the time the transaction is reported for sales or use tax purposes. If the purchaser certifies to*
34 *the accuracy of the apportionment and the seller accepts the certification, the seller shall collect and remit*
35 *the tax pursuant to Section 312, subdivision (A)(3). In the absence of bad faith, the seller is relieved of any*

1 further obligation to collect tax on any transaction where the seller has collected tax pursuant to the
2 information certified by the purchaser.

3 When the seller knows that the product will be concurrently available for use in more than one jurisdiction and
4 the purchaser does not have a direct pay permit and does not provide the seller with an exemption
5 certificate claiming multiple points of use exemption as required in Section 312, subsection (A), or
6 certification pursuant to Section 312, subsection (B), the seller shall collect and remit the tax based on the
7 provisions of Section 310.

8 A holder of a direct pay permit shall not be required to deliver an exemption certificate claiming multiple points
9 of use to the seller. A direct pay permit holder shall follow the provisions of Section 312 subdivisions (A)(2)
10 and (A)(3) of this section in apportioning the tax due on a digital good, computer software, or a service
11 that will be concurrently available for use in more than one jurisdiction.

12 Nothing in this section shall limit a person's obligation for sales or use tax to any state in which the qualifying
13 purchases are concurrently available for use, nor limit a person's ability under local, state, federal, or
14 constitutional law, to claim a credit for sales or use taxes legally due and paid to other jurisdictions.
15

16 (b) The following is the section as first enacted:

17 Notwithstanding the provisions of Section 310, a business purchaser that is not a holder of a direct pay permit
18 that knows at the time of its purchase of a digital good, computer software delivered electronically, or a service
19 that the digital good, computer software delivered electronically, or service will be concurrently available for
20 use in more than one jurisdiction shall deliver to the seller in conjunction with its purchase a form disclosing
21 this fact ("Multiple Points of Use or MPU" Exemption Form).

22 A. Upon receipt of the MPU Exemption Form, the seller is relieved of all obligation to collect, pay, or remit
23 the applicable tax and the purchaser shall be obligated to collect, pay, or remit the applicable tax on a
24 direct pay basis.

25 B. A purchaser delivering the MPU Exemption Form may use any reasonable, but consistent and uniform,
26 method of apportionment that is supported by the purchaser's business records as they exist at the time of
27 the consummation of the sale.

28 C. The MPU Exemption Form will remain in effect for all future sales by the seller to the purchaser (except
29 as to the subsequent sale's specific apportionment that is governed by the principle of subsection (B) and
30 the facts existing at the time of the sale) until it is revoked in writing.

31 D. A holder of a direct pay permit shall not be required to deliver a MPU Exemption Form to the seller. A
32 direct pay permit holder shall follow the provisions of subsection (B) in apportioning the tax due on a
33 digital good or a service that will be concurrently available for use in more than one jurisdiction.

34 **Section 313: DIRECT MAIL SOURCING**

35 *Compiler's note: On September 30, 2009 Section 313 was replaced in its entirety. The following is the section as it*
36 *was previously:*

1 A. “Notwithstanding Section 310, a purchaser of direct mail that is not a holder of a direct pay permit shall
2 provide to the seller in conjunction with the purchase either a Direct Mail Form or information to show
3 the jurisdictions to which the direct mail is delivered to recipients.

4 1. Upon receipt of the Direct Mail Form, the seller is relieved of all obligations to collect, pay, or
5 remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct
6 pay basis. A Direct Mail Form shall remain in effect for all future sales of direct mail by the seller
7 to the purchaser until it is revoked in writing.

8 2. Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is
9 delivered to recipients, the seller shall collect the tax according to the delivery information provided
10 by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to
11 collect tax on any transaction where the seller has collected tax pursuant to the delivery information
12 provided by the purchaser.

13 B. If the purchaser of direct mail does not have a direct pay permit and does not provide the seller with
14 either a Direct Mail Form or delivery information, as required by subsection (A) of this section, the seller
15 shall collect the tax according to Section 310, subsection (A)(5). Nothing in this paragraph shall limit a
16 purchaser’s obligation for sales or use tax to any state to which the direct mail is delivered.

17 C. If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser
18 shall not be required to provide a Direct Mail Form or delivery information to the seller.”

19 The amendment to this section became effective upon its adoption.

20 **Section 313.1: ELECITON FOR ORIGIN-BASED DIRECT MAIL SOURCING**

21 *Compiler’s note: (a) On September 5, 2008 Section 313.1 was adopted. This section became effective upon its*
22 *approval.*

23 *(b) On September 30, 2009 a new subsection (D) was added, those subsections following were renumbered and*
24 *subsections (B) and (C) were amended as follows:*

25 B. If the purchaser provides the seller with a direct pay permit or ~~an exemption~~ an Agreement certificate
26 of exemption claiming direct mail (or other written statement approved, authorized or accepted by the
27 state), the seller, in the absence of bad faith, is relieved of all obligations to collect, pay, or remit the
28 applicable tax and on any transaction involving “direct mail.” ~~the~~ The purchaser is obligated to pay
29 or remit the must report and pay any applicable tax on a direct pay basis due. An exemption An
30 Agreement certificate of exemption claiming direct mail shall remain in effect for all future sales of
31 direct mail by the seller to the purchaser until it is revoked in writing.

32 C. Except as provide in subsection (B) and the second sentence of this subsection, the seller shall collect
33 the tax according to Section 310, ~~subsection (A)(5)~~ A.5. To the extent the seller knows that a portion of
34 the sale of direct mail will be delivered or distributed to a location in another state, the seller shall
35 collect the tax on that portion according to Section 313.”

36 **Section 314: TELECOMMUNICATION AND RELATED SOURCING RULE**

1 *Compiler's note: (a) On April 16, 2005 Section 314, subdivision (C)(3) was amended by inserting "or a sale of a*
2 *prepaid wireless calling service" after "service" in the first line; and by deleting "mobile telecommunications*
3 *service that is a prepaid telecommunications" and inserting "prepaid wireless calling" in its place. Member states*
4 *shall comply with this amendment no later than January 1, 2008.*

5 *(b) On December 14, 2006 Section 314 was amended by the addition of D and E.*

6 **Section 315: TELECOMMUNICATION SOURCING DEFINITIONS**

7 *Compiler's note: (a) On April 16, 2005 Section 315 (J) was amended by inserting ", except a prepaid wireless*
8 *calling service," after "telecommunications service in the second sentence. The former 315 (L) and (M) were*
9 *renumbered 315 (M) and (N) and a new Section 315 (L) was inserted. The cross references in 315 (N) were*
10 *changed to account for the renumbering. Member states shall comply with amendments to this section no later than*
11 *January 1, 2008.*

12 *Compiler's note: (b) On December 14, 2006 Section 315 was amended to add a new subsection (B) "ancillary*
13 *services" and a renumbering of the remaining subsections and cross references.*

14 **Section 316: ENACTMENT OF EXEMPTIONS**

15 *Compiler's note: (a) On October 1, 2005 all of Section 316 was repealed and replaced with the current language.*
16 *The following language was repealed:*

17 *A member state may enact a product-based exemption without restriction if the Agreement does not have a*
18 *definition for the product or for a term that includes the product. If the Agreement has a definition for the*
19 *product or for a term that includes the product, a member state may exempt all items included within the*
20 *definition but shall not exempt only part of the items included within the definition unless the Agreement*
21 *sets out the exemption for part of the items as an acceptable variation.*

22 *A member state may enact an entity-based or a use-based exemption without restriction if the Agreement*
23 *does not have a definition for the product whose use or purchase by a specific entity is exempt or for a term*
24 *that includes the product. If the Agreement has a definition for the product whose use or specific purchase*
25 *is exempt, a member state may enact an entity-based or a use-based exemption that applies to that product*
26 *as long as the exemption utilizes the Agreement definition of the product. If the Agreement does not have a*
27 *definition for the product whose use or specific purchase is exempt but has a definition for a term that*
28 *includes the product, a member state may enact an entity-based or a use-based exemption for the product*
29 *without restriction.*

30 *For purposes of complying with the requirements in this section, the inclusion of a product within the*
31 *definition of tangible personal property is disregarded.*

32
33 *(b) The following was the section prior to January 1, 2008.*

34 *A. A member state may enact a product-based exemption without restriction if the Agreement does not have a*
35 *definition for the product or for a term that includes the product. If the Agreement has a definition for the*
36 *product or for a term that includes the product, a member state may exempt all items included within the*

1 definition but shall not exempt only part of the items included within the definition unless the Agreement
2 sets out the exemption for part of the items as an acceptable variation.

3 B. A member state may enact an entity-based or a use-based exemption without restriction if the Agreement
4 does not have a definition for the product whose use or purchase by a specific entity is exempt or for a
5 term that includes the product. If the Agreement has a definition for the product whose use or specific
6 purchase is exempt, a member state may enact an entity-based or a use-based exemption that applies to
7 that product as long as the exemption utilizes the Agreement definition of the product. If the Agreement
8 does not have a definition for the product whose use or specific purchase is exempt but has a definition for
9 a term that includes the product, a member state may enact an entity-based or a use-based exemption for
10 the product without restriction.

11 C. For purposes of complying with the requirements in this section, the inclusion of a product within the
12 definition of tangible personal property is disregarded.

13 **Section 317: ADMINISTRATION OF EXEMPTIONS**

14 *Compiler's note: (a) On April 16, 2005 Subsection (A)(8) was added. Subsection (B) was amended to delete "any"*
15 *and insert "the" after "from" in the first sentence and by inserting all the material after "claim an exemption" in*
16 *the second sentence. Subsection (C) was inserted. Each member state shall comply with the April 16, 2005*
17 *amendments to this section no later than January 1, 2008.*

18 *(b) On December 14, 2006 Section 312 was repealed making the last clause in the January 1, 2008 version of*
19 *Section 317 B obsolete.*

20 *(c) On April 30, 2010 "After December 31, 2007," was deleted from subsection (A)(8);" ; or to a seller who accepts*
21 *an exemption certificate claiming multiple points of use for tangible personal property other than computer software*
22 *for which an exemption claiming multiple points of use is acceptable under Section 312" was deleted from the last*
23 *sentence of subsection (B); "A member state may provide for a period longer than 90 days for the seller to obtain*
24 *necessary information." was added to the end of subsection (C); subsection (G) was added; and subsection (C) was*
25 *changed as follows:*

26 C. Each state shall relieve a seller of the tax otherwise applicable if the seller obtains a fully
27 completed exemption certificate or captures the relevant data elements required under the Agreement
28 within 90 days subsequent to the date of sale. A member state may provide for a period longer than 90
29 days for the seller to obtain necessary information.

30 D.

31 1. If the seller has not obtained an exemption certificate or all relevant data elements as provided in
32 Section 317, subsection (C) a member state shall provide the seller ~~may, within~~ with 120 days
33 subsequent to a request for substantiation by a member state, to either ~~prove that the transaction was~~
34 ~~not subject to tax by other means or obtain:~~

35 a. Obtain a fully completed exemption certificate from the purchaser, taken in good faith-

36 ~~For purposes of this section, member states may continue to apply their own standards of good~~

1 faith until such time as a uniform standard for good faith is defined in the Agreement which means
2 that the seller obtain a certificate that claims an exemption that (i) was statutorily available on the
3 date of the transaction in the jurisdiction where the transaction is sourced, (ii) could be applicable
4 to the item being purchased, and (iii) is reasonable for the purchaser's type of business; or
5 b. Obtain other information establishing that the transaction was not subject to the tax.
6 A member state may provide for a period longer than 120 days for sellers to obtain the necessary
7 information.

8 2. If the seller obtains the information described in subsection (D)(1) of this section, the member
9 state shall relieve the seller of any liability for the tax o the transaction unless it is discovered through
10 the audit process that the seller had knowledge or had reason to know at the time such information was
11 provided that the information relating to the exemption claimed was materially false or the seller
12 otherwise knowingly participated in activity intended to purposefully evade the tax that is properly due
13 o the transaction. The state must establish that the seller had knowledge or had reason to know at the
14 time the information was provided that the information was materially false.

15 E. Nothing in this section shall affect the ability of member states to require purchasers to update
16 exemption certificate information or to reapply with the state to claim certain exemptions.

17 F. ~~Notwithstanding the aforementioned, each~~ Each member state shall relieve a seller of the tax
18 otherwise applicable if it obtains a blanket exemption certificate ~~for from~~ a purchaser with which the seller
19 has a recurring business relationship. ~~States Notwithstanding the provisions of subsection (E) of this~~
20 ~~section, a member state~~ may not request from the seller renewal of blanket certificates or updates of
21 exemption certificate information or data elements when there is a recurring business relationship between
22 the buyer and seller. For purposes of this section a recurring business relationship exists when a period of
23 no more than twelve months elapses between sales transactions.

24 The amendments to this section became effective upon their adoption.

25 (d) On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-03 related to the meaning of
26 "120 days" in Section 317.D 1. That interpretation can be found in the Library of Interpretations in Appendix D.

27 **Section 318: UNIFORM TAX RETURNS**

28 Compiler's note: (a) On September 20, 2009 Section 318 was amended as follows: "Each member state shall:

29 A. Require that only ~~one~~ a single tax return for each taxing period for each seller be filed for the member
30 state ~~and~~ to include all the taxing jurisdictions within the member state.

31 B. Require that returns be due no sooner than the twentieth day of the month following the month in
32 which the transaction occurred.

33 C. ~~Allow any Model 1, Model 2, or Model 3 seller to submit its sales and use tax returns in a simplified~~
34 ~~format that does not include more data fields than permitted by the governing board. A member state~~
35 ~~may require additional informational returns to be submitted not more frequently than every six~~
36 ~~months under a staggered system developed by the governing board. Make available to all sellers,~~

1 whether or not registered under the Agreement, except sellers of products qualifying for exclusion
2 from the provisions of Section 308 of this Agreement, a simplified return that is filed electronically as
3 follows:

- 4 1. The simplified electronic return (hereinafter SER) shall be in a form approved by the
5 governing board and shall contain only those fields approved by the governing board. The
6 SER shall contain two parts. Part 1 shall contain information relating to remittances and
7 allocations and part 2 shall contain information relating to exempt sales.
- 8 2. Each member state must notify the governing board if it requires the submission of the part 2
9 information. Provided, no state may require the submission of part 2 information from a
10 model 4 seller which has no legal requirement to register in such state.
- 11 3. Returns shall be required as follows:

12 a) Certified service providers must file a SER in all member states on behalf of model 1
13 sellers. Certified service providers, on behalf of such sellers, shall file the audit
14 reports provided for in Article V of the governing board's rules and procedures for
15 such states, and in addition, shall be required to file part 1 of the SER each month
16 for each member state. A state shall allow a model 1 seller to file both part 1 and
17 the part 2 of the SER. A model 1 seller which chooses to file both part 1 and the part
18 2 of the SER shall still be required to file the audit reports provided for in Article V
19 of the governing board's rules and procedures.

20 b) Model 2 and model 3 sellers must file a SER in all member states other than states
21 for which they have indicated that they anticipate making no sales. Such sellers
22 shall file part 1 or the SER every month for all states in which they anticipate making
23 sales. Such sellers need not file part 2 information until January 1, 2012. After such
24 date they shall have the following options for meeting their obligation to furnish part
25 2 information:

- 26 i. File part 2 of the SER together with part 1 of the SER every month; or
- 27 ii. File part 2 of the SE at the same time part 1 of the SER for the month of
28 December is due. Part 2 information filed pursuant to this option shall
29 cover the month of December and all previous months of the same calendar
30 year and shall only require annual and not monthly totals.

31 Such sellers shall only be required to file part 2 of the SER for any state which
32 has notified the governing board that it will require the submission of the part 2
33 information pursuant to paragraph 2 of this subsection.

34 c. No later than January 1, 2011, every member state shall allow model 4 sellers to
35 file a SER. Such sellers shall file part 1 of the SER every month unless a state allows less
36 frequent filing. Model 4 sellers which have a legal requirement to register in such state

1 shall have the following options for meeting their obligation to furnish part 2
2 information:

3 i) File part 2 of the SER together with part 1 of the SER; or

4 ii) File part 2 of the SER at the same time part 1 of the SER for the month
5 of December is due. Part 2 information filed pursuant to this option shall cover the
6 months of December and all previous months of the same calendar year and shall only
7 require annual and not monthly totals.

8 Such sellers shall only be required to file part 2 of the SER for any state which has
9 notified the governing board that it will require the submission of the part 2 information
10 pursuant to paragraph 2 of this subsection. Model 4 sellers which elect not to file a SER
11 shall file returns in the form and pursuant to schedules afforded to sellers not registered
12 under the Agreement according to the requirements of each member state.

13 d. No later than January 1, 2013 every member state shall allow sellers not
14 registered under the Agreement that are registered in the state to file a SER. Such sellers
15 shall file part 1 of the SER every month unless a state allows less frequent filing and shall
16 have the following options for meeting their obligation to furnish part 2 information:

17 i) File part 2 of the SER together with part 1 of the SER; or

18 ii) File part 2 of the SER at the same time part 1 of the SER for the month
19 of December is due. Part 2 information filed pursuant to this option shall cover the
20 month of December and all previous months of the same calendar year and shall only
21 require annual and not monthly totals.

22 Such seller shall only be required to file part 2 of the SER for any state which has notified
23 the governing board that it will require the submission of the part 2 information pursuant
24 to paragraph 2 of this subsection.

25 4. A state which requires the submission of part 2 information pursuant to paragraph 2 of this
26 subsection may provide an exemption from this requirement to a seller under terms and conditions set out
27 by the state.

28 5. A state may require a seller which elects to file a SER to give at least three months notice of the
29 seller's intent to discontinue filing a SER.

30 ~~D. Allow any~~ Not after January 1, 2010 require the filing of a return from a seller that is registered
31 under the Agreement which has indicated at the time of registration that it anticipates making no
32 sales which would be sourced to the state under the Agreement. A seller shall lose such exemption
33 upon making any taxable sales into such state and shall file a return in the month following such sale.
34 A state may, but is not required to, allow a seller to regain such filing exemption upon such terms and
35 condition as the state may impose, which does not have a legal requirement to register in the member
36 state, and is not a Model 1, 2, or 3 seller, to submit its sales and use tax returns as follows:

- 1 ~~1. Upon registration, a member state shall provide to the seller the returns required by that state.~~
- 2 ~~2. A member state may require a seller to file a return anytime within one year of the month of initial~~
- 3 ~~registration, and future returns may be required on an annual basis in succeeding years.~~
- 4 ~~3. In addition to the returns required in subsection (D)(2), a member state may require sellers to submit~~
- 5 ~~returns in the month following any month in which they have accumulated state and local tax funds for~~
- 6 ~~the state in the amount of one thousand dollars or more.~~

7 E. Participate with other member states in developing a more ~~Adopt a standardized transmission process to~~
8 allow for receipt of uniform sales and use tax return that, when completed, would be available to all sellers
9 returns and other formatted information as approved by the governing board. Such a process will provide for
10 the filing of separate returns for multiple legal entities in a single transmission for each state and will not
11 include any requirement for manual entry or input by the seller of any of the aforementioned information.
12 This process will allow a certified service provider, a tax preparer, or any other person authorized to do so, to
13 file returns for more than one seller in a single electronic transmission. However, sellers filing returns for
14 multiple legal entities may only do so for affiliated legal entities.

15 F. Require, at each member state's discretion, all Model 1, 2, and 3 sellers to file returns electronically. It is
16 the intent of the member states that all member states have the capability of receiving electronically filed
17 returns by January 1, 2004 After January 1, 2010 give notice to a seller registered under this Agreement
18 which has no legal requirement to register in the state, or a failure to file a required return and a minimum of
19 thirty days to file thereafter prior to establishing a liability amount for taxes based solely on the seller's
20 failure to timely file a return. Provided, a member state may establish a liability amount for taxes based
21 solely on the seller's failure to timely file a return if such seller has a history of non-filing or late filing.

22 G. Nothing in this section shall prohibit a state from allowing additional return options or the filing of returns
23 less frequently.” The amendment to this section became effective upon adoption.

24 (b) On December 13, 2010 subsection (B) was amended as follows:

- 25 1. Require that returns be due no sooner than the twentieth day of the month following the
- 26 month in which the transaction occurred.
- 27 2. When the due date for a return falls on a Saturday or Sunday or legal holiday in the subject
- 28 member state, the return shall be due on the next succeeding business day. If the return is
- 29 filed in conjunction with a remittance and the remittance cannot be made pursuant to Section
- 30 319.E.2, the return shall be accepted as timely filed on the same day as the remittance under
- 31 that subsection.

32 **Section 319: UNIFORM RULES FOR REMITTANCES OF FUNDS**

33 *Compiler's note: (a) On October 1, 2005 the second sentence in subsection (A) was amended as follows: “The state*
34 *shall allow the amount of the any additional remittance shall to be determined through a calculation method rather*
35 *than actual collections. Any additional remittances and shall not require the filing of an additional return.” The*
36 *amendment to this section became effective upon adoption.*

1 (b) On September 30, 2009 subsection (G) was added and subsections (B) and (C) were amended as follows

2 "A. Require, at each member state's discretion, all remittances ~~from sellers under Models 1, 2, and 3~~ in
3 payment of taxes reported on the approved simplified return format to be remitted electronically.

4 B. Allow for electronic payments by all remitters by both ACH Credit and ACH Debit."

5 The amendment so this section became effective upon adoption.

6 (c) On December 13, 2010 subsection (E) was amended as follows:

7 1. Provide that if a due date for a payment falls on a Saturday, Sunday, or legal banking holiday in a
8 member state, the payment, including any related payment voucher information, is ~~taxes are due~~
9 to that state on the next succeeding business day.

10 2. Additionally, if the Federal Reserve Bank is closed on a due date that prohibits a person from
11 being able to make a payment by ACH Debit or Credit, the payment shall be accepted as timely if
12 made on the next day the Federal Reserve Bank is open.

13 **Section 321: CONFIDENTIALITY AND PRIVACY PROTECTIONS UNDER MODEL 1**

14 *Compiler's note: On September 5, 2008 Section 321(D)(2) was amended to add "and proper identification of taxing*
15 *jurisdictions" after "purchasers" and Section 321(D)(4) was amended to add "and for documentation of the correct*
16 *assignment of taxing jurisdictions" after "purchased." The amendment became effective upon its adoption.*

17 **Section 322: SALES TAX HOLIDAYS**

18 *Compiler's note: On September 5, 2008 Section 322(A)(1) was amended to delete the obsolete date and to replace*
19 *"the Agreement" with "Part II or Part III(B) of the Library of Definitions." In addition, subdivisions 3 and 4 were*
20 *added. The amendment became effective upon its adoption.*

21 **Section 323: CAPS AND THRESHOLDS**

22 *Compiler's note: On February 26, 2009 Section 323C was amended as follows:*

23 ~~A—Each No member state shall:~~

24 ~~1.—Not may have caps or thresholds on the application of state sales or use tax rates or exemptions that are~~
25 ~~based on the value of the transaction or item after December 31, 2005. A member state may continue to~~
26 ~~have caps and thresholds until that date.~~

27 ~~2. Not or have caps that are based on the application of the rates unless the member state assumes the~~
28 ~~administrative responsibility in a manner that places no additional burden on the retailer.~~

29 ~~B Each No member state that has local jurisdictions that levy a sales or use tax shall ~~not may~~ place caps or~~
30 ~~thresholds on the application of local rates or use tax rates or exemptions that are based on the value of the~~
31 ~~transaction or item after December 31, 2005. A member state may continue to have caps and thresholds until~~
32 ~~that date.~~

33 ~~C The provisions of this section do not apply to sales or use taxes levied on the retail sale or transfer of motor~~
34 ~~vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes or to instances where the~~
35 ~~burden of administration has been shifted from the retailer.~~

1 *D For states that have a cap or threshold on clothing before January 1, 2006 the provisions of this section do not*
2 *apply to sales or use tax thresholds for exemptions that are based on the value of “essential clothing” except as*
3 *provided in the Library of Definitions.*

4 *This provision became effective upon its approval.*

5 **Section 327: LIBRARY OF DEFINITIONS**

6 *Compiler’s note: (a) The Governing Board issued an interpretation of Section 327C on August 29, 2006. That*
7 *interpretation can be found in the Library of Interpretations in Appendix D.*

8 *(b) On September 5, 2008 Section 327C was amended by adding “and 332” in the first line; by adding “Part II or*
9 *Part III(B)” after “each” in line three; by adding “such” after “each” in line four; and by adding the last sentence.*

10 *This amendment became effective upon its adoption.*

11 **Section 328: TAXABILITY MATRIX**

12 *Compiler’s note: (a) On September 20, 2007 Section 328 was amended as follows. The amendment was effective on*
13 *January 1, 2008:*

14 *A. To ensure uniform application of terms defined in the Library of Definitions each member state shall*
15 *complete a taxability matrix adopted by the governing board. The member state’s entries in the matrix shall*
16 *be provided and maintained in a database that is in a downloadable format approved by the governing*
17 *board. A member state shall provide notice of changes in the taxability of the products or services listed in*
18 *the taxability matrix as required by the governing board.*

19 *~~B. Until such time as sufficient additional definitions are adopted to provide for a uniform application of the~~*
20 *~~definition of tangible personal property, each member state shall certify to the Governing Board its tax~~*
21 *~~treatment of photographs delivered electronically. This information shall be included in the taxability~~*
22 *~~matrix. A uniform application of the definition of tangible personal property requires an amendment to~~*
23 *~~Section 327 of this Agreement. Notice of changes in the taxability of such goods shall be made in the same~~*
24 *~~manner as required for notice of changes in the taxability of other products or services listed in the~~*
25 *~~taxability matrix.~~*

26 *~~C. A member state shall relieve sellers and CSPs from liability to the member state and its local jurisdictions~~*
27 *~~for having charged and collected the incorrect amount of sales or use tax resulting from the seller or CSP~~*
28 *~~relying on erroneous data provided by the member state in the taxability matrix ~~or in the certification of the~~~~*
29 *~~state’s tax treatment of photographs delivered electronically.~~*

30 *~~D. If a state levies sales and use tax on a specified digital product and provides an exemption for an item~~*
31 *~~within the definition of such specified digital product pursuant to Section 332 (H) of this Agreement, such~~*
32 *~~exemption must be noted in the taxability matrix.~~*

33 *~~E. Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement shall, in a format~~*
34 *~~approved by the Governing Board, give notice in the taxability matrix of the products for which a tax~~*
35 *~~exemption is provided.~~*

1 F. For purposes of this section, the term “transferred electronically” means obtained by the purchaser by
2 means other than tangible storage media.

3 (b) On September 5, 2008 subsection (F) was repealed. This amendment became effective upon its adoption.

4 (c) On October 29, 2013, Section 328 was amended to read as follows and became effective upon its adoption:

5 A. Taxability Matrix

6 (1) Library of Definitions: To ensure uniform application of terms defined in the Library of
7 Definitions adopted by the governing board pursuant to Section 327, each member state shall complete, to
8 the best of its ability, Section 1 of the taxability matrix~~adopted by the governing board.~~

9 (2) Best Practices: To inform the general public of its practices regarding certain products,
10 procedures, services, or transactions as adopted by the governing board pursuant to Section 335, each
11 member state shall complete, to the best of its ability, Section 2 of the taxability matrix.

12 B. The member state’s entries in the matrix shall be provided and maintained in a database that is in a
13 downloadable format approved by the governing board. A member state shall provide notice of changes in
14 the taxability of the products or services listed in the taxability matrix as required by the governing board.

15 ~~B.C.~~ A member state shall relieve sellers and CSPs from liability to the member state and its local
16 jurisdictions for having charged and collected the incorrect amount of sales or use tax resulting from the
17 seller or CSP relying on erroneous data provided by the member state in the taxability matrix. If a member
18 state amends an existing provision of its taxability matrix, the member state shall, to the extent possible,
19 relieve sellers and CSPs from liability to the member state and its local jurisdictions until the first day of
20 the calendar month that is at least 30 days after notice of a change to a member state’s taxability matrix is
21 submitted to the governing board, provided the seller or CSP relied on the prior version of the taxability
22 matrix.

23 ~~C.D.~~ If a state levies sales and use tax on a specified digital product and provides an exemption for an item
24 within the definition of such specified digital product pursuant to Section 332~~40~~ (H) of this Agreement,
25 such exemption must be noted in the taxability matrix.

26 ~~C.E.~~ Each state that provides for a sales tax holiday pursuant to Section 322 of this Agreement shall, in a
27 format approved by the Governing Board, give notice in the taxability matrix of the products for which a
28 tax exemption is provided.

29 **SECTION 330: BUNDLED TRANSACTIONS**

30 *Compiler’s note: (a) On April 16, 2005 Section 330 was added. Member States shall comply with the provisions of*
31 *this Section no later than January 1, 2008.*

32 *(b) On December 6, 2008 Section 330 D was added. This provision became effective upon its adoption.*

33 **SECTION 331: RELIEF FROM CERTAIN LIABILITY**

1 *Compiler's note: (a) On August 29, 2006 Section 331 was added. Member States shall comply with the provisions*
2 *of this Section no later than January 1, 2009.*

3 *(b) On December 14, 2006 Section 331 was amended by inserting "provided that" in lieu of "except" after "Section*
4 *331 A," and to add the clause following "Section 328" in B, and by adding the clause starting with "however" in E.*

5 **SECTION 332: SPECIFIED DIGITAL PRODUCTS**

6 *Compiler's note: (a) On September 20, 2007 Section 332 was added and became effective on January 1, 2008.*

7 *(b) On April 2, 2008 Subsection (G) was amended by adding "or product "transferred electronically"" after*
8 *"specified digital product" in the first sentence and by deleting ""specified digital products" from within one or*
9 *more specified digital product categories" and inserting "such products" in the third sentence.*

10 **SECTION 333: USE OF SPECIFIED DIGITAL PRODUCTS**

11 *Compiler's note: On September 20, 2007 Section 332 was added and became effective on January 1, 2010.*

12 **SECTION 334: PROHIBITED REPLACEMENT TAXES**

13 *Compiler's note: On May 12, 2009 Section 334 was added and became effective upon its approval.*

14 **SECTION 335: BEST PRACTICES**

15 *Compiler's note: On October 29, 2013, Section 335 was added and became effective upon its approval.*

16 **SECTION 402: AMNESTY FOR PARTICIPATION**

17 *Compiler's note: (a) The Governing Board issued interpretations of Section 402B and 402C on April 18, 2006.*

18 *Those interpretations can be found in the Library of Interpretations in Appendix D.*

19 *(b) The Governing Board issued an interpretation of Section 402 on August 29, 2006. That interpretation can be*
20 *found in the Library of Interpretations in Appendix D.*

21 *(c) The Governing Board issued two interpretations of Section 402 on December 14, 2006. Those interpretations*
22 *can be found in the Library of Interpretations in Appendix D.*

23 **SECTION 502: STATE REVIEW AND APPROVAL OF CERTIFIED AUTOMATE** 24 **SYSTEM SOFTWARE AND CERTAIN LIABILITY RELIEF**

25 *Compiler's note: (a) On January 13, 2006 Section 502 was added. Member States shall comply with the provisions*
26 *of this Section no later than January 1, 2008.*

27 *(b) On June 23, 2007 subsections (A) and (D) were amended as follows:*

28 *A. Each member state shall review software submitted to the governing board for certification as a CAS under*
29 *Section 501. Such review shall include a review to determine that the program ~~adequately classifies the~~*
30 *~~state's product based exemptions~~ accurately reflects the taxability of the product categories included in the*
31 *program. Upon ~~completion of the review~~ approval by the state, the state shall certify to the governing*
32 *board its acceptance of the ~~classifications made by the system~~ determination of the taxability of the product*
33 *categories included in the program.*

34 *D. The governing board and the member states shall not be responsible for classification of an item or*
35 *transaction within the ~~product based exemptions~~ product categories certified. The relief from liability*

1 provided in this section shall not be available for a CSP or model 2 seller that has incorrectly classified an
2 item or transaction into a ~~product based exemption~~ product category certified by a member state. This
3 paragraph shall not apply to the individual listing of items or transactions within a product definition
4 approved by the governing board or the member states.

5 **SECTION 603: MONETARY ALLOWANCES FOR MODEL 3 SELLERS AND ALL**
6 **OTHER SELLERS NOT UNDER MODESL 1 OR 2 (Repealed)**

7 *Compiler's note: The following was repealed on October 7, 2010.*

8 *The member states anticipate that they will provide a monetary allowance to sellers under Model 3 and to all*
9 *other sellers that are not under Models 1 or 2 based on the following:*

10 A. *For a period not to exceed twenty-four months following a voluntary seller's registration through the*
11 *Agreement's central registration process, a percentage of tax revenue generated for a member state by*
12 *the voluntary seller for each member state for which the seller does not have a requirement to register*
13 *to collect the tax.*

14 B. *Vendor discounts afforded under each member state's law.*

15 **SECTION 604: ADDITIONAL MONETARY ALLOWANCE REQUIRED FOR**
16 **MEMBERS MAKING CERTAIN ELECTIONS (Repealed)**

17 *Compiler's note: This section was adopted on December 12, 2007, became effective on January 1, 2010 and was*
18 *repealed on October 7, 2010.*

19 *In addition to the monetary allowance provided pursuant to Sections 601, 602 and 603 of this Agreement, each*
20 *state that makes the election by Section 310.1 of this Agreement, upon becoming a full member state, shall*
21 *provide reasonable compensation for the incremental expenses incurred in establishing or maintaining a*
22 *uniform origin system for administering, collection and remitting sales and use taxes on origin-based sales.*

23 **SECTION 605: VENDOR COMPENSATION DEFINITIONS (Repealed)**

24 *Compiler's note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

25 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

26 *"The following definitions apply to Sections 606 through Sections 613, inclusive.*

27 A. *"Remote sales" are sales into a state in which the seller would not legally be required to collect sales or use*
28 *tax, but for the ability of that state to require such "remote seller" to collect sales or use tax under federal*
29 *authority.*

30 B. *"Remote seller" is a seller that would not register in a state but for the ability of that state to require such*
31 *"remote seller" to collect sales or use tax under federal authority.*

32 C. *"In-state seller" is any seller that is not a "remote seller" in a state and is legally required to collect sales*
33 *or use tax in that state.*

34 D. *"New remote seller" is a "remote seller" who registers with the online registration system established*
35 *pursuant to Section 303 and was not previously required to collect sales or use taxes. A seller merely*

1 reincorporating, changing its name or having a change in ownership or any other similar change in its business
2 structure or operations does not constitute a “new remote seller”.”

3
4 **SECTION 606: COMPENSATION REQUIREMENT (Repealed)**

5 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

6 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

7 “A. 1. A member state may require “remote sellers” to collect state and local sales and use tax on “remote
8 sales” provided such member state authorizes compensation to all sellers in accordance with the requirements
9 of Section 605 through Section 613, inclusive.

10
11 2. A member state shall not be required to comply with the requirements for compensation in Section 605
12 through Section 613, inclusive, but if such member state does not comply with the requirements for
13 compensation, it shall not exercise collection authority over “remote sellers”.”

14
15 **SECTION 607: PETITION FRO COLLECTION AUTHORITY AND COMPENSAITON**
16 **COMPLIANCE DETERMINATIONS (Repealed)**

17 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

18 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

19 “A. Upon a petition by the member state, the governing board shall certify which member states are in
20 compliance with the compensation requirements of the Agreement and shall reevaluate such certification
21 on an annual basis. The process for certification is as follows:

22 1. A member state shall petition the governing board for certification that it meets all the
23 compensation requirements of this section. The petition must include the most recent certificate of
24 compliance showing such member state to be in full compliance with the minimum simplification
25 requirements of the Agreement, other than compensation.

26 2. A petition for collection authority may be submitted to the governing board at any time but the
27 governing board shall not grant state specific authorization to begin remote seller collections until
28 at least 6 months after the general remote seller collection authority has been granted by federal
29 authority.

30 3. Upon certification by the governing board, the member state will be authorized to require
31 collection by remote sellers. This authority will commence for such state on the first day of the
32 next calendar quarter at least 60 days after the date the governing board makes its compensation
33 determination. Such collection authority will continue as long as the member state provides the
34 minimum compensation to all sellers as required or permitted under the Agreement and consistent

1 with subdivision C of this section and maintains its certification and compliance with the
2 Agreement.

3
4 B. The governing board shall establish within its bylaws a compensation certification and review
5 committee comprised of no less than 11 members. Membership shall be drawn from the business advisory
6 council, the state and local advisory council and delegates to the governing board. The chair of the
7 compliance review and interpretations committee shall be *ex officio*.

8
9 The purpose of this committee is to:

- 10 1. Review each member state's petition pursuant to subdivision A of this section;
11 2. Perform annual reviews of state compensation plans; and
12 3. Provide timely recommendations to the governing board for action on member states' petitions
13 made pursuant to subdivision 1 of this section.

14
15 C. At any time after the governing board has made the determinations required by the Agreement to grant
16 remote seller collection authority to a member state, any person affected by the Agreement may petition the
17 governing board for a determination of a member state's compliance with the Agreement. Such request
18 shall be deemed a petition for matters of compliance under Section 1002 of the Agreement and shall
19 comply with the rules and procedures for issue resolution in Section 1001 of the Agreement.

20
21 D. Upon final determination by the governing board that a member state's compensation is not in
22 compliance with the compensation requirements of the Agreement, a member state's authority to require
23 collection by remote sellers shall automatically terminate 30 days following the date of such final
24 determination.

25
26 E. Upon final determination by the governing board that a member state is not in compliance with the
27 minimum simplification parts of the Agreement, other than compensation, that member state shall lose its
28 remote seller collection authority on the earlier of:

- 29 1. The date specified by the governing board, or
30 2. The later of the first day of January at least 2 years after the governing board finally
31 determined the member state was not in compliance or the first day of a calendar quarter
32 following the end of one full session of the member state's legislature beginning after the
33 governing board finally determined the state was not in compliance.

34
35 F. Any member state that loses its collection authority must file a petition with the governing board to have
36 its remote seller collection authority restored. The petition, which may be submitted at any time, should

1 identify how the issues which caused loss of certification have been addressed and why certification should
2 be restored. Restoration of collection authority, if granted, will commence for such state on the first day of
3 the next calendar quarter at least 60 days after the governing board makes its compensation
4 determination.”
5

6 **SECTION 608: STANDARDS FOR COMPENSATION (Repealed)**

7 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

8 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

9 *“A. The member state shall provide at least the minimum compensation to all sellers for expenses incurred*
10 *in administering, collecting, and remitting sales and use taxes (other than taxes paid on goods and services*
11 *purchased for consumption by the seller) to that member state that is reasonably related to actual costs*
12 *incurred in collecting and remitting sales and use taxes.*
13

14 *The governing board may allow compensation to:*

- 15 *1. Vary from state to state;*
- 16 *2. Vary according to collection costs of sellers of different sizes;*
- 17 *3. Vary according to the complexity of a state’s laws, including having a single state rate versus*
18 *many local jurisdictions, clothing caps or thresholds, intra-state origin sourcing;*
- 19 *4. Exceed the minimum standard;*
- 20 *5. Be reasonably capped;*
- 21 *6. Be adjusted in relationship to changes in the size of the small business exemption adopted by*
22 *the governing board;*
- 23 *7. Be decreased as additional simplifications and improvements in technology reduce collection*
24 *costs;*
- 25 *8. Be increased if provisions of the Agreement are adopted that increase collection costs.*
26

27 *B. Compensation will be paid as a percentage applied to tax remitted on a return. The governing board*
28 *shall promulgate rules to provide appropriate adjustments to accommodate differing filing periods of*
29 *member states.*
30

31 *C. Each member state shall establish three rates of compensation which shall be a percentage of a portion*
32 *of sales and use taxes remitted by a seller in the reported month. Rate 1 shall be paid on the first \$6,250.00*
33 *of the sales and use tax remitted by a seller in the reported month. Rate 2, which shall not be less than fifty*
34 *percent (50%) of a rate 1, shall be paid on the amount of sales and use tax remitted in the reported month*
35 *exceeding \$6,250.00 and less than or equal to \$62,500.00. Rate 3, which shall not be less than twenty-five*

1 *percent (25%) of rate 1, shall be paid on the sales and use tax remitted by a seller in the reported month*
2 *exceeding \$62,500.00.*

3
4 *Each member state shall establish rates 1, 2, 3 to provide total compensation not less than:*

- 5 1. *Three-fourths of one percent (0.75%) of state and local sales and use tax collections for states*
6 *that require sellers to report tax by local jurisdiction; or*
- 7 2. *One-half of one percent (0.5%) of sales and use tax collections for states that do not require*
8 *sellers to report tax by local jurisdiction.*

9
10 *Calculation of the compensation rate for the next succeeding calendar year shall be based on remittances*
11 *for the previous 12 months ending June 30 of the immediately prior calendar year and the methodology*
12 *prescribed in the rules to be promulgated by the governing board.*

13
14 *D. No member state shall be required by the Agreement to pay compensation to a seller in any month on*
15 *sales and use taxes remitted for such month in excess of:*

- 16 1. *Seven hundred fifty thousand dollars (\$750,000.00) for member states with sales and use tax*
17 *collections in the twelve month period ending June 30 of the previous calendar year of not more*
18 *than one billion dollars (\$1,000,000,000.00); or*
- 19 2. *One million dollars (\$1,000,000.00) for states with sales and use tax collections in the twelve*
20 *month period ending June 30 of the previous calendar year of more than one billion dollars*
21 *(\$1,000,000,000.00) and not more than two billion five hundred million dollars*
22 *(\$2,500,000,000.00); or*
- 23 3. *Three million dollars (\$3,000,000.00) for states with sales and use tax collections in the twelve*
24 *month period ending June 30 of the previous calendar year of more than two billion five hundred*
25 *million dollars (\$2,500,000,000.00) and not more than five billion dollars (\$5,000,000,000.00); or*
- 26 4. *Five million dollars (\$5,000,000.00) for states with sales and use tax collections in the twelve*
27 *month period ending June 30 of the previous calendar year of more than five billion dollars*
28 *(\$5,000,000,000.00) and not more than seven billion five hundred million dollars*
29 *(\$7,500,000,000.00); or*
- 30 5. *Seven million dollars (\$7,000,000.00) for states with sales and use tax collections in the twelve*
31 *month period ending June 30 of the previous calendar year of more than seven billion five*
32 *hundred million dollars (\$7,500,000,000.00) and not more than ten billion dollars*
33 *(\$10,000,000,000.00); or*
- 34 6. *Ten million dollars (\$10,000,000.00) for member states with sales and use tax collections in*
35 *the twelve month period ending June 30 of the previous calendar year of more than ten billion*
36 *dollars (\$10,000,000,000.00).*

1
2 *The governing board may adjust the above caps as necessary due to inflation, growth in sales tax revenues*
3 *or other relevant factors. The compensation certification and review committee must review any proposed*
4 *adjustments to these caps and make a recommendation to the governing board on such proposed*
5 *adjustments prior to any vote by the governing board on changes to the above caps.*

6
7 *E. Member states that have a second state rate on groceries or drugs or clothing thresholds will be*
8 *required to pay additional compensation as provided by rule adopted by the governing board.*

9
10 *F. Rules setting forth calculations of minimum compensation amounts and procedures to facilitate*
11 *payment of compensation shall be approved by the governing board prior to any member state exercising*
12 *its collection authority.*

13
14 *G. All rules relating to compensation or changes to the minimum compensation amounts shall be reviewed*
15 *every two years by the governing board in time for member states to incorporate any changes into their*
16 *next legislative session.*

17
18 *H. Member states may restrict sellers from altering the number of returns filed in order to enhance their*
19 *own compensation or that of another person.*

20
21 *I. Compensation, addressed by this amendment, is applicable only to sales and use taxes.*

22
23 *J. Compensation shall be paid for any period that a return is timely filed and fully paid. No member state*
24 *is required to pay compensation for an untimely or partially paid return. Absent fraud, a return filed and*
25 *fully paid in good faith does not constitute a partially paid return if it is subsequently determined that*
26 *additional tax is due from the seller. A member state is not required to provide compensation on additional*
27 *tax found due.*

28
29 *K. Member states will not be required to pay compensation on sales for which a seller is using a certified*
30 *service provider and such certified service provider is being compensated for that service by the state.*

31
32 *L. Member states are not required to provide compensation for transactions in which the seller is not*
33 *responsible for collecting and remitting the tax, and for persons with direct pay permits.*

1 M. Member states shall not assess penalty or interest on tax due pursuant to paragraph A 3 of Section 607
2 on remote sales transactions occurring during the first six months following commencement of remote
3 seller collection authority.

4
5 N. Each member state, at its option, shall be permitted to lower, reduce, or eliminate the amount or rate of
6 compensation otherwise provided for by this section paid to public utilities providing gas, electric, water or
7 sewer services.”

9 **SECTION 609: OBLIGATION TO PAY (Repealed)**

10 Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.

11 (b) On December 13, 2010 this section was amended as follows:

12 A. For purposes of this section the term “small remote seller” shall mean a new remote seller which has gross
13 national remote sales of no more than five million dollars (\$5,000,000.00) as calculated pursuant to Section
14 610 of this Agreement and shall include sellers which would be “new remote sellers” but for the fact that they
15 had gross national remote sales of less than five hundred thousand dollars (\$500,000.00) as calculated
16 pursuant to Section 610 of this Agreement.

17
18 B. Member states shall begin paying compensation to a “new remote seller” upon submission of the seller’s
19 initial return filed after the effective date of the member state’s authorization for compensation that meets the
20 standards of Section 608. Notwithstanding the rates of compensation established by a member state pursuant to
21 Section 608, compensation paid to a “new small remote sellers” may elect to receive for a six months period
22 beginning with the first month that such sellers collect a Member State’s tax shall be calculated based on the
23 following rates: Rate 1 shall be three percent (3%), rate 2 shall be one and one half percent (1.5%) and rate 3
24 shall three fourths of one percent (0.75%) twenty percent (20%) of the tax collected and due (except for the
25 compensation amount to be retained by the small remote seller) to a state in a month not to exceed
26 compensation of eighty-five dollars (\$85.00) in any month in lieu of compensation calculated using the rates of
27 compensation established by a member state pursuant to Section 608. Such election shall be for a six month
28 period beginning with the first month that such seller collects a member state’s tax. After such six month
29 period, the rates used to calculate compensation for such sellers shall be those rates established by the member
30 state pursuant to Section 608. The increased amount of compensation allowed by this subsection shall be
31 available to a “small remote seller” which begins collecting tax for a member state within the first 12 months
32 following the date of the member state’s authorization for the collection of taxes on remote sales.

33
34 A seller subsequently found not to meet the qualifications of a “new small remote seller” may be denied and
35 assessed, including any applicable penalties and interest, for any compensation it was not qualified to claim.
36

1 The provisions of this section shall apply to each state which is currently a full member of the Agreement and to
2 each state which becomes a full member of the Agreement after the adoption of this section.

3
4 ~~B. C.~~ If a member state determines that a “new remote seller” had previously been registered in that state,
5 compensation for that seller may be delayed until the state is required to pay compensation for all “in-state
6 sellers” as set forth in ~~subdivision 3~~ subsection (D) of this section of Section 609.” The remaining subsections
7 were renumbered.

8 (c) This section was repealed effective October 7, 2012 based on Section 611.

9 “A. For purposes of this section the term “small remote seller” shall mean a new remote seller which has
10 gross national remote sales of no more than five million dollars (\$5,000,000.00) as calculated pursuant to
11 Section 610 of this Agreement and shall include sellers which would be “new remote sellers” but for the
12 fact that they had gross national remote sales of less than five hundred thousand dollars (\$500,000.00) as
13 calculated pursuant to Section 610 of this Agreement.

14
15 B. Member states shall begin paying compensation to a “new remote seller” upon submission of the
16 seller’s initial return filed after the effective date of the member state’s authorization for compensation that
17 meets the standards of Section 608. Notwithstanding the rates of compensation established by a member
18 state pursuant to Section 608, a “small remote seller” may elect to receive twenty percent (20%) of the tax
19 collected and due (except for the compensation amount to be retained by the small remote seller) to a state
20 in a month not to exceed compensation of eighty-five dollars (\$85.00) in any month in lieu of compensation
21 calculated using the rates of compensation established by a member state pursuant to Section 608. Such
22 election shall be for a six month period beginning with the first month that such seller collects a member
23 state’s tax. After such six month period, the rates used to calculate compensation for such seller shall be
24 those rates established by the member state pursuant to Section 608. The increased amount of
25 compensation allowed by this subsection shall be available to a “small remote seller” which begins
26 collecting tax for a member state within the first 12 months following the date of the member state’s
27 authorization for the collection of taxes on remote sales.

28
29 A seller subsequently found not to meet the qualifications of a “small remote seller” may be denied and
30 assessed, including any applicable penalties and interest, for any compensation it was not qualified to
31 claim.

32
33 The provisions of this section shall apply to each state which is currently a full member of the Agreement
34 and to each state which becomes a full member of the Agreement after the adoption of this section.

1 C. If a member state determines that a “new remote seller” had previously been registered in that state,
2 compensation for that seller may be delayed until the state is required to pay compensation for all “in-state
3 sellers” as set forth in subsection (D) of this section.

4
5 D. A member state shall elect one of the following methods (Option 1, Option 2, or Option 3) for
6 commencing payment of compensation for “in-state sellers” or “new remote sellers” previously registered
7 in that state.

8
9 1. Option 1. Pay “in-state sellers” and “new remote sellers” previously registered in that state
10 when tax collections from “new remote sellers” reaches the dollar threshold established by the
11 following method:

12 a) A state utilizing this option shall track and report its total collections from “new
13 remote sellers to the governing board.

14 b) When the amount of monthly collections received from such sellers for each of four
15 consecutive months occurring sometime after the date remote seller collection authority
16 began meets or exceeds the amount that would be required to pay the approved average
17 monthly level of compensation for all other sellers, then compensation will be due and
18 owing beginning the first day of the following quarter and thereafter for all sellers.

19 c) In a state that is already compensating its sellers, only the difference above the
20 currently paid amount and the amount that would be required to pay the approved
21 average monthly level of compensation for all other sellers will be required to
22 accumulate before implementing the approved compensation.

23 2. Option 2. Begin paying “in-state sellers” and “remote sellers” that had been previously
24 registered in that state on the next return remitted fifteen months following the grant of collection
25 authority.

26
27 3. Option 3. Continue paying compensation to all the sellers previously receiving such payment
28 as long as such compensation meets the requirements of this section.

29
30 E. A member state that does not receive sufficient sales and use tax collections from remote sellers to
31 justify the state’s continued participation may notify the governing board that its remote collection
32 authority should expire and may terminate its obligation to pay compensation at the governing board-
33 approved rate. A member state which exercises this option shall give not less than 60 days’ notice of its
34 intent to relinquish remote collection authority.”

1
2 **SECTION 610: SMALL SELLER EXCEPTION (Repealed)**

3 *Compiler's note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

4 *(b) Subsection (G) was adopted on November 8, 2010 and became effective upon its adoption.*

5 *(c) This section was repealed effective October 7, 2012 based on Section 611.*

6 *“A. The governing board shall develop a sales volume threshold for determining which small “remote*
7 *sellers” qualify for an exemption from the requirement to collect sales or use taxes on “remote sales.” In*
8 *making such a determination the governing board shall consider whether:*

- 9 *1. The sales are occasional or isolated;*
10 *2. The sales are of such low volume that the administrative expense of collection imposes too great*
11 *a burden on both seller and member state;*
12 *3. The collection burden on the remote seller is offset by compensation;*
13 *4. The remote seller has a monthly filing requirement in a member state;*
14 *5. Certified service providers for sellers in that industry group are readily available; and*
15 *6. Technology solutions are available to mitigate the filing burden.*

16
17 *In making such determination, the governing board shall identify the total annual dollar volume of gross*
18 *remote sales nationwide of the seller above which would trigger a collection responsibility for remote*
19 *sellers. The exemption threshold shall be set at a relatively low level and over time adjusted downward so*
20 *that only sellers making isolated or occasional sales are excluded from the collection requirement.*

21
22 *The threshold shall be based on national remote sales volume.*

23
24 *B. “Remote sellers” shall be required to annually determine if the small seller exemption applies based on*
25 *(1) sales volume of the seller and (2) the annual policy determination of the governing board. To*
26 *determine whether a remote seller qualifies for the small seller exception, the seller computes the total*
27 *gross national remote sales volume for the most recent 12-month period beginning July 1 of one calendar*
28 *year and ending June 30 of the next calendar year. If the total gross national remote sales volume for such*
29 *period exceeds the exemption threshold amount in effect for such period, then the remote seller shall begin*
30 *collection and remittance of sales and use tax on remote sales on January 1 of the following year.*

31
32 *C. Once a seller has exceeded the exemption threshold, the seller must be allowed until the beginning of*
33 *the first calendar quarter commencing within 60 days following the date such threshold is exceeded in*
34 *order to prepare before the collection obligation becomes effective. If gross national remote sales volume*
35 *for a seller that is currently collecting and remitting sales and use tax on remote sales falls below the small*

1 seller exemption threshold amount then in effect, such seller shall continue to collect and remit such taxes
2 until the end of the following calendar quarter.

3
4 D. In determining whether a “remote seller” has exceeded the small seller exemption threshold, the
5 remote sales of such seller should be totaled with the remote sales of any affiliated business owned in
6 whole or substantial part by another “remote seller” selling the same or substantially similar products and
7 doing business under the same or substantially similar business. No “remote seller” that is part of an
8 affiliated group with a gross national remote sales volume above the small seller exemption threshold is
9 eligible to qualify for the small seller exemption, even if such seller’s gross national remote sales volume is
10 below such threshold.

11
12 E. The governing board shall post information about the small seller exception on its website at least 90
13 days prior to the date on which it becomes effective on the first day of a calendar quarter.

14
15 F. The governing board shall review the small seller exemption threshold every two years, and such
16 threshold may be adjusted no more frequently than annually with not less than 90 days notice. Remote
17 sellers claiming the small seller exemption must file an exemption certificate with the online registration
18 system, stating that they qualify for the small seller exception and meet such threshold. Prior to the
19 implementation of remote collection authority in any state, the governing board shall enact rules that
20 provide for the registration of remote sellers and the implementation of the requirement for remote sellers
21 to begin collecting.

22
23 G. The governing board shall adopt rules to establish the amount of annual gross remote sales necessary
24 to require a seller to register with the online registration system and the amount of annual gross remote
25 sales necessary to require a seller to collect sales and use tax.”

26 27 **SECTION 611: REPEAL (Repealed)**

28 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

29 *(b) This section was repealed effective October 7, 2012.*

30 “Sections 605 through Sections 613, inclusive, are repealed twenty four months after their adoption by the
31 governing board if Congress has not granted states authority to require remote sellers to collect sales and
32 use tax.”

33 34 **SECTION 612: VOLUNTARY COMPENSATION FOR REMOTE SELLERS (Repealed)**

35 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

36 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

1 *“States may choose to compensate remote sellers as a measure of good faith, and offer such compensation*
2 *as an inducement to registering to collect through the online registration system.”*

3
4 **SECTION 613: OPTIONAL COMPENSATION FOR REMOTE SELLERS (Repealed)**

5 *Compiler’s note: (a) This section was adopted on October 7, 2010 and became effective upon its adoption.*

6 *(b) This section was repealed effective October 7, 2012 based on Section 611.*

7 *“States may choose to not compensate remote sellers until such time federal legislation authorizes states to*
8 *require remote sellers to collect sales and use tax.”*

9
10 **SECTION 701: EFFECTIVE DATE**

11 *Compiler’s note: (a) On April 16, 2005 Section 701 was amended by inserting “either” after “and have” in the first*
12 *sentence; inserting “or have been found to be an associate member pursuant to Section 704” at the end of the first sentence;*
13 *and deleting “, but cannot take effect prior to July 1, 2003” and inserting “or is found to be an associate member” at the end*
14 *of the second sentence. The April 16, 2005 amendments to this section were effective upon adoption.*

15 *(b) On April 18, 2006 Section 701 was amended by inserting “as of October 1, 2005” after “sales tax.” The April 18, 2006*
16 *amendment to this section was effective upon adoption.*

17 **SECTION 702: APPROVAL OF INITIAL STATES (Repealed)**

18 *Compiler’s note: (a) On April 16, 2005 this section was amended by deleting “that has adopted changes to its statutes, rules,*
19 *regulations, or other authorities necessary to bring a state into compliance as provided in Section 805,” after “a state” in*
20 *the first sentence; inserting the second sentence; inserting “to a state’s statutes, rules, regulations, or other authorities” after*
21 *“changes” in the third sentence; and deleting “, but shall not be earlier than the date the relevant statutes, rules, regulations,*
22 *or other authorities of the requisite number of petitioning states are effective” after “Section 701” in the second sentence in*
23 *the second paragraph. The April 16, 2005 amendments to this section were effective upon adoption.*

24 *(b) On December 17, 2009 this section was repealed. The following is the section when it was repealed:*

25 *Prior to the effective date of the Agreement, a state may seek membership by forwarding a petition for membership and*
26 *certificate of compliance to the Co-Chairs of the Streamlined Sales Tax Implementing States. The certificate of*
27 *compliance shall meet the requirements of Section 802. If some changes to a state’s statutes, rules, regulations, or other*
28 *authorities have been adopted, but are not yet in effect, the petition for membership shall include the date on which those*
29 *changes will be effective. A petitioning state shall also provide a copy of its petition for membership and certificate of*
30 *compliance to each of the Streamlined Sales Tax Implementing States. A petitioning state shall also post a copy of its*
31 *petition for membership and certificate of compliance on that state’s web site.*

32
33 *Upon receipt of the requisite number of petitions as provided in Section 701, the Co-Chairs shall convene and preside*
34 *over a meeting of the petitioning states for the purpose of determining if the petitioning states are in compliance with the*
35 *Agreement. The meeting shall be convened as soon as practicable after receipt of the requisite number of petitions*

1 provided in Section 701. An affirmative vote of three-fourths of the other petitioning states is necessary for a petitioning
2 state to be found in compliance with the Agreement. A petitioning state shall not vote on its own petition for
3 membership.

4
5 The Co-Chairs shall provide the public with an opportunity to comment prior to any vote on a state's petition for
6 membership.

7 **SECTION 703: STREAMLINED SALES TAX IMPLEMENTING STATES (Repealed)**

8 *Compiler's note: (a) On April 16, 2005 Section 703 was amended by inserting the second sentence in 703 (A) and inserting*
9 *"without the use of associate members" after "are met" in 703 (C). The April 16, 2005 amendments to this section were*
10 *effective upon adoption.*

11 *(b) On August 29, 2006 Section 703 was amended by inserting subsection (D). The August 29, 2006 amendment to this*
12 *section was effective upon adoption.*

13 *(c) On December 17, 2009 this section was repealed. The following is the section when it was repealed:*

14 *A. From the time of ratification of this Agreement until the provisions of Section 701 have been met, the Streamlined*
15 *Sales Tax Implementing States shall maintain responsibility for the Agreement, including the disposition of all proposed*
16 *amendments to the Agreement. If the provisions of Section 701 have been met with the use of associate members as*
17 *defined in Section 704, the Streamlined Sales Tax Implementing States shall be responsible for the disposition of all*
18 *proposed amendments to and interpretations of the Agreement until such time as the provisions of Section 701 have been*
19 *met without the use of associate members.*

20 *B. Amendments to the Agreement considered by the Streamlined Sales Tax Implementing States shall follow the*
21 *provisions as set forth in Article IX, Section 901.*

22 *C. For a period of not less than six months nor longer than one year after the provisions of Section 701 are met without*
23 *the use of associate members, the Streamlined Sales Tax Implementing States shall provide advice to the governing*
24 *board of the Agreement and shall be consulted by the governing board before amending the Agreement.*

25 *D. Upon the expiration of the duties of the Streamlined Sales Tax Implementing States as set forth in subsection (C), any*
26 *state that previously held Implementing State status shall become an advisor state to the governing board.*

- 27 1. *Advisor states shall serve in an ex officio capacity on the governing board, with non-voting status, but may*
28 *speak to any matter presented to the governing board for consideration.*
- 29 2. *Each state's delegation to the Streamlined Sales Tax Implementing States may serve as the state's*
30 *delegation to the governing board as established herein or the state may appoint a new delegation, of up to*
31 *four representatives, who shall be members of state or local government.*
- 32 3. *Representatives of advisor states may serve on standing committees of the governing board except they may*
33 *not serve as officers or directors on the executive committee or as members on the finance committee or the*
34 *compliance review and interpretations committee.*
- 35 4. *A state that was not previously an implementing state may become an advisor state by:*

1 a. Enacting legislation authorizing the state's participation in interstate discussions to develop a
2 simplified sales and use tax system; or

3 b. Executing a memorandum of understanding or similar written document by the governor and
4 legislative leaders expressing the intent of the state to participate in interstate discussions to
5 develop a simplified sales and use tax system.

6 Any question over whether or not a state qualifies as an advisor state shall be resolved by a
7 majority vote of the governing board.

8 E. Neither the governing board nor a member state may share or grant any advisor state access to any seller information
9 from the seller's registration pursuant to Section 401. Neither the governing board nor a member state may share or
10 grant any advisor state access to any seller information from an audit conducted by the governing board or a member
11 state on behalf of the governing board.

12 F. An advisor state may not participate in a closed session of the governing board or a governing board committee.

13 **SECTION 704: CONSIDERATION OF PETITIONS (Repealed)**

14 *Compiler's note: (a) On April 16, 2005 Section 704 was added and was effective upon adoption.*

15 *(b) On December 17, 2009 this section was repealed. The following is the section when it was repealed:*

16
17 A. A petitioning state that is found to be in compliance pursuant to Section 805 of the Agreement and the
18 changes to their statutes, rules, regulations or other authorities necessary to bring them into compliance are in
19 effect shall be designated a member state.

20 B. A petitioning state that is found to be in compliance pursuant to Section 805 of the Agreement and the
21 changes to their statutes, rules, regulations or other authorities necessary to bring them into compliance are not
22 in effect, but are scheduled to take effect on or before January 1, 2008, shall be designated an associate
23 member. Provided the statutes, rules, regulations or other authorities remain in effect, the state shall
24 automatically become a member state upon the effective date of the conforming legislation.

25 C. A petitioning state that fails to receive an affirmative vote of three-fourths of the petitioning states as
26 required under Section 702 may request associate membership. If such a request is made, the petitioning states
27 may grant such membership by majority vote upon a finding that the state has achieved substantial compliance
28 with the terms of the Agreement taken as a whole, but not necessarily each provision as required by Section
29 805, measured qualitatively, and there is a reasonable expectation that the state will achieve compliance by
30 January 1, 2008. A state that is granted associate membership by this section shall be required to re-petition
31 for full membership under the requirements of the Agreement.

32 **SECTION 705: ASSOCIATE MEMBERSHIP (Repealed)**

33 *Compiler's note: (a) On April 16, 2005 Section 705 was added and was effective upon adoption.*

34 *(b) On June 23, 2007 Section 705 was amended as follows:*

35 "A. An associate member shall have all the rights and privileges of a member state except that;

1 1. An associate member may not vote on amendments to or interpretations of the Agreement when the
2 provisions of Section 701 have been met without the use of associate members; and

3 2. An associate member may not vote to determine if a petitioning state is in compliance with the Agreement
4 pursuant to Section 804 of the Agreement. Associate members may vote on amendments to or interpretations of the
5 Agreement as an Implementing State under Section 703 (A).

6 3. A representative of an associate member state shall not be eligible to serve on the compliance review and
7 interpretations committee.

8 ~~B. An associate member~~ A state which is an associate member on January 1, 2007, shall retain such status until the
9 Governing Board finds such state to be in compliance pursuant to Section 805 or December 31, 2007, whichever is
10 earlier, without regard to whether the population requirement of Section 701 has been met. Any such associate member
11 that has not been found in compliance by December 31, 2007 shall forfeit its status as an associate member. No state
12 may be an associate member after December 31, 2007. The Co-Chairs of the Streamlined Sales Tax Implementing
13 States president of the governing board shall provide an associate member state with the reasons why such state is not in
14 compliance with the Agreement. Forfeiture of its status as an associate member does not preclude a state from re-
15 petitioning for membership pursuant to Section 801.

16 F. An associate member state shall provide amnesty pursuant to the provisions of Section 402, provided, the amnesty
17 shall be in effect from the date the associate member status is attained until 12 months after the associate member state
18 has been found to be in compliance with the Agreement becomes a full member state."

19 The June 23, 2007 amendments became effective upon their adoption.

20 (c) On December 12, 2007 Section 705 B was amended by changing the dates from "December 31, 2007" to "July 1, 2009"
21 and deleting ", without regard to whether the population requirement of Section 701 has been met" at the end of the first
22 sentence.

23 (d) On September 30, 2009 Section 705 B was amended as follows:

24 "B. A state which is an associate member on January 1, 2007, shall retain such status until: 1) the state rescinds its
25 election under Section 310.1 and the governing board finds such state to be in compliance pursuant to Section 805, at
26 which time the state shall become a full member state; 2) the state has become a full member state pursuant to Section
27 310.1 D. 2; or 3) the governing board determines that the state is not in substantial compliance with the Agreement, as
28 amended by Section 310.1 at which time the state or July 1, 2009, whichever is earlier. Any such associate member that
29 has not been found in compliance by July 1, 2009 shall forfeit its status as an associate member. The president of the
30 governing board shall provide an associate member state with the reasons why such state is not in compliance with the
31 Agreement. Forfeiture of its status as an associate member does not preclude a state from re-petitioning for membership
32 pursuant to Section 801." The amendment was effective upon its adoption.

33 (e) On December 17, 2009 this section was repealed. The following is the section when it was repealed:

34 A. An associate member shall have all the rights and privileges of a member state except that:

35 1. An associate member may not vote on amendments to or interpretations of the Agreement when the
36 provisions of Section 701 have been met without the use of associate members; and

1 2. An associate member may not vote to determine if a petitioning state is in compliance with the Agreement
2 pursuant to Section 804 of the Agreement.

3 3. A representative of an associate member state shall not be eligible to serve on the compliance review and
4 interpretations committee.

5 B. A state which is an associate member on January 1, 2007, shall retain such status until: 1) the state rescinds its
6 election under Section 310.1 and the governing board finds such state to be in compliance pursuant to Section 805, at
7 which time the state shall become a full member state; 2) the state has become a full member state pursuant to Section
8 310.1 D. 2; or 3) the governing board determines that the state is not in substantial compliance with the Agreement, as
9 amended by Section 310.1 at which time the state shall forfeit its status as an associate member. The president of the
10 governing board shall provide an associate member state with the reasons why such state is not in compliance with the
11 Agreement. Forfeiture of its status as an associate member does not preclude a state from re-petitioning for membership
12 pursuant to Section 801.

13 C. Notwithstanding any provision of this Agreement to the contrary, a seller may, but is not required to collect sales or
14 use tax on sales into an associate member state unless the seller is otherwise required to collect such taxes under
15 applicable law. Notwithstanding the provisions of Section 401 (B), a seller that volunteers to collect tax in an associate
16 member state is not required to collect tax in any other associate member state. An associate member shall be
17 responsible for payment of costs as provided in Article VI for those sellers that volunteer to collect tax in an associate
18 member state.

19 D. Neither the governing board nor a member state may share or grant access to an associate member state any seller
20 information from the seller's registration pursuant to Section 401. Neither the governing board nor a member state may
21 share or grant access to an associate member state any seller information from an audit conducted by the governing
22 board or a member state on behalf of the governing board unless the associate member state is a party to the audit.

23 E. An associate member shall be responsible for the payment of the petition fee and the annual cost allocation as
24 determined by the Streamlined Sales Tax Implementing States or governing board.

25 F. An associate member state shall provide amnesty pursuant to the provisions of Section 402, provided, the amnesty
26 shall be in effect from the date the associate member status is attained until 12 months after the associate member state
27 becomes a full member state.

28 **SECTION 801: ENTRY INTO AGREEMENT**

29 *Compiler's note: (a) On June 23, 2007 subsections (A) and (B) were numbered and subsections (C) and (D) were added.*
30 *These changes became effective upon their adoption.*

31 *(b) On December 17, 2009 this section was amended as follows:*

32 A. ~~After the effective date of the Agreement, a~~ A state may apply to become a ~~party to~~ full member, a
33 contingent member, or an associate member of the ~~Agreement~~ governing board by submitting a petition for
34 membership and certificate of compliance to the governing board. ~~The petition for membership shall include such~~
35 ~~state's proposed date of entry. The petitioning state's proposed date of entry shall be on the first day of a calendar~~
36 ~~quarter. The proposed date of entry shall be a date on which all provisions necessary for the state to be in~~

1 ~~compliance with the Agreement are in place and effective. The president shall provide the public with an~~
2 ~~opportunity to comment prior to any vote on a state's petition for membership.~~

3 B. ~~The petitioning state governing board shall provide a copy of its petitioning state's petition for~~
4 ~~membership and the certificate of compliance to each all member state states when the petitioning state submits its~~
5 ~~petition for membership to the governing board. A petitioning state shall also post a copy of its petition for~~
6 ~~membership and certificate of compliance on that state's web site. The governing board shall post a copy of the~~
7 ~~state's petition for membership and certificate of compliance on the governing board's web site.~~

8 C. ~~A state that petitions for membership after January 1, 2007, that is found to be in compliance~~
9 ~~pursuant to Sections 804 and 805 of the Agreement except that the changes to their statutes, rules,~~
10 ~~regulations or other authorities necessary to bring them into compliance are not yet in effect, shall be~~
11 ~~designated an associate member effective on the first day of the calendar quarter that is not more than~~
12 ~~twelve months before its proposed date of entry as a member state. Such twelve month period may be~~
13 ~~extended to eighteen months if the governing board, by unanimous vote approves such extension. Such~~
14 ~~extension shall be granted only if the petitioning state can present adequate justification of the necessity for~~
15 ~~the future effective date and that the application of the future effective date beyond twelve months is limited~~
16 ~~to the provisions of the law for which such necessity is demonstrated. Such states shall be subject to the~~
17 ~~annual recertification requirement set forth in Section 803 of this Agreement for all issues other than the~~
18 ~~delayed effective date issues identified at the time the state becomes an associate member. Extensions of~~
19 ~~effective date delays beyond those identified at the time the state becomes an associate member shall~~
20 ~~require the state to submit a statement of non compliance pursuant to Section 803. Provided the statutes,~~
21 ~~rules, regulations or other authorities remain in effect, the state shall automatically become a member state~~
22 ~~on the state's proposed date of entry.~~

23 D. ~~A state which becomes an associate member after January 1, 2007 shall forfeit its status as an associate~~
24 ~~member on the date provided for compliance pursuant to subsection C of this section, if the state's laws are not in~~
25 ~~compliance at that time. A state that forfeits its status as an associate member because it has extended its effective~~
26 ~~date for required law changes beyond the date set forth in its petition for membership may not file another petition~~
27 ~~for membership for a period of twelve months after such state forfeits its status as an associate member.~~

28 *This amendment became effective upon its adoption.*

29 **SECTION 801.1: FULL MEMBERSHIP**

30 *Compiler's note: Section 801.1 was adopted on December 17, 2009 and became effective upon its adoption.*

31 **SECTION 801.2: CONTINGENT MEMBERSHIP**

32 *Compiler's note: Section 801.2 was adopted on December 17, 2009 and became effective upon its adoption.*

33 **SECTION 801.3: ASSOCIATE MEMBERSHIP**

34 *Compiler's note: Section 801.3 was adopted on December 17, 2009 and became effective upon its adoption.*

35 **SECTION 806: AGREEMENT ADMINISTRATION**

1 *Compiler’s note: (a) On August 29, 2006 the second paragraph of Section 806 was amended as follows and became effective*
2 *upon its approval.*

3 *“The governing board is responsible for the administration and operation of the Agreement, including the*
4 *appointment of all manner of committees. The governing board may employ staff, advisors, consultants or agents.*
5 *The governing board may issue interpretive opinions and promulgate such rules and procedures it deems necessary*
6 *to carry out its responsibilities. Rules may take one of two forms: procedural rules, which shall require an*
7 *affirmative vote of a majority of the governing board present and voting to adopt; and interpretative rules which*
8 *shall require an affirmative vote of three-fourths of the entire governing board to adopt. The governing board may*
9 *take any action that is necessary and proper to fulfill the purposes of the Agreement. The governing board may*
10 *allocate the cost of administration of the Agreement among the member states.”*

11 *(b) On May 12, 2009 the phrase “or of a local government in that state” was added at the end of the third sentence*
12 *and became effective upon its approval.*

13 **SECTION 807: OPEN MEETINGS**

14 *Compiler’s note: Compiler’s note: On April 16, 2005, Section 807 (F) was added and became effective upon its*
15 *adoption.*

16 **SECTION 809: SANCTION OF MEMBER STATES**

17 *Compiler’s note: On December 14, 2006 Section 809 was amended by adding subsections (B) and (C) and became*
18 *effective upon its adoption.*

19 **SECTION 810: STATE AND LOCAL ADVISORY COUNCIL**

20 *Compiler’s note: On April 16, 2005 Section 810 was amended by deleting “and Taxpayer” after “Business” in the*
21 *last sentence and was effective upon its adoption.*

22 **SECTION 811: BUSINESS ADVISORY COUNCIL**

23 *Compiler’s note: On April 16, 2005, Section 811 was amended by deleting “AND TAXPAYER” from the title line;*
24 *deleting “create” and inserting “recognize” after “shall” in the first sentence and deleting “and Taxpayer” after*
25 *“Business” from the first and third sentences. These amendments were effective upon their adoption.*

26 **SECTION 812: LOCAL ADVISORY COUNCIL**

27 *Compiler’s note: On May 23, 2012, Section 812 was created by AM12003. This amendment became effective upon*
28 *its adoption.*

29 **SECTION 901: AMENDMENTS TO AGREEMENT**

30 *Compiler’s note: On June 18, 2008 Section 901 was amended by deleting “sixty” in the second and third sentences*
31 *and inserting “thirty.” This amendment was effective upon its adoption.*

32 **SECTION 902: INTERPRETATIONS OF AGREEMENT**

33 *Compiler’s note: (a) On August 29, 2006 Section 902 was amended by adding the second, third, fourth, and last sentences.*
34 *The fifth sentence was amended as follows: “~~All~~ Both forms of”. The August 29, 2006 amendment to this section became*
35 *effective upon its adoption.*

1 (b) On September 5, 2008 Section 902 was amended by adding “, including all definitions in the Library of
2 Definitions,” after “Agreement” in the first line. The amendment to this section was effective upon its adoption.

3 **SECTION 903: DEFINITION REQUESTS**

4 *Compiler’s note: On September 5, 2008 Section 903 was amended by adding “In addition to the requests for interpretations
5 authorized under Section 902 of this Agreement, any” at the beginning and “Part II or Part III(B)” before “definition” at the
6 end of the first sentence. The amendment to this section was effective upon its adoption.*

7 8 **Appendix C: LIBRARY OF DEFINITIONS – Part II**

9 *Compiler’s Note: On September 5, 2008 the description of Part II was amended to add “impose sales and use
10 taxes” before the comma. The amendment became effective upon its adoption.*

11 12 **PART I – ADMINISTRATIVE DEFINITIONS – COMPILER’S NOTES**

13 **BUNDLED TRANSACTION - DEFINITION**

14 *Compilers note: On April 16, 2005 the definition of a” bundled transaction” was added. Member States were
15 required to comply with this definition no later than January 1, 2008.*

16 **DELIVERY CHARGES - DEFINITION**

17 *Compiler’s note: (a)On September 20, 2007 the definition of ”delivery charges” was amended as follows: “A
18 member state may exclude from “delivery charges” any of the following, ~~the charges for delivery of “direct mail”~~ if
19 the charges are separately stated on an invoice or similar billing document given to the purchaser:*

20 *A Handling, crating, packing, preparation for mailing or delivery, and similar charges;*

21 *B Transportation, shipping, postage, and similar charges, or*

22 *C The “delivery charges” for “direct mail.”*

23 *This amendment became effective upon its adoption.*

24 *(b) On December 6, 2008 the definition of “delivery charges” was amended by adding the following to subsection
25 (C): “The exclusion of “delivery charges” for “direct mail” shall apply to any sale involving the delivery or mailing
26 of “direct mail” or printed material that would otherwise be direct mail that results from a transaction that a state
27 considers the sales of a service.” This provision became effective upon its adoption.*

28 *(c) On May 12, 2009 the definition of “delivery charges” was amended as follows:*

29 ***“Delivery charges”** means charges by the seller of personal property or services for preparation and
30 delivery to a location designated by the purchaser of personal property or services including, but not
31 limited to, transportation, shipping, postage, handling, crating, and packing.*

32 *A A member state may exclude from “delivery charges” any of the following, if the charges are
33 separately stated on an invoice or similar billing document given to the purchaser all delivery charges
34 from the sales price of all personal property and services, or choose to exclude from the sales price of*

1 personal property or services one or more of the following components, and may amend the definition of
2 delivery charges accordingly:

3 ~~A.1.~~ Handling, crating, packing, preparation for mailing or delivery, and similar charges; or

4 ~~B.2.~~ Transportation, shipping, postage, and similar charges, ~~or~~

5 ~~C.~~ The “delivery charges” for “direct mail.” The exclusion of “delivery charges” for “direct mail”
6 shall apply to any sale involving the delivery or mailing of “direct mail” or printed material that would
7 otherwise be direct mail that results from a transaction that a state considers the sales of a service.

8 B. In addition, a member state may treat “delivery charges” for “direct mail” differently than it
9 treats “delivery charges” for other personal property or services. A member state may exclude all
10 “delivery charges” from the “sales price” for “direct mail” or choose to exclude from the “sales price” of
11 “direct mail” one or more of the following components, and may amend the definition of “delivery charges”
12 accordingly:

13 1. Handling, crating, packing, preparation for mailing or delivery, and similar charges;

14 2. Transportation, shipping, and similar charges; or

15 3. Postage.

16 C. Unless a seller separately states the “delivery charges” or components of “delivery charges” on
17 the invoice or similar billing document given to the purchaser, those non-separately stated charges will not
18 qualify for the exclusion from “sales price.” No member state may require a seller to separately state any
19 “delivery charge” or component thereof.

20 D. The exclusion of “delivery charges” for “direct mail” shall apply to any sale involving the
21 delivery or mailing of: “direct mail;” printed material that would otherwise be “direct mail” that results
22 from a transaction that a state considers the sale of a service; or printed material delivered or mailed to a
23 mass audience when the costs of the printed materials are not billed directly to the recipients and is the
24 result of a transaction that includes the development of billing information or the provision of data
25 processing services.

26 E. If a shipment includes exempt property and taxable property, the seller should allocate the
27 delivery charge by using:

28 A.1. a percentage based on the total sales prices of the taxable property compared to the total sales
29 prices of all property in the shipment; or

30 ~~B. 2.~~ a percentage based on the total weight of the taxable property compared to the total weight of all
31 property in the shipment.

32 The seller must tax the percentage of the delivery charge allocated to the taxable property but does not
33 have to tax the percentage allocated to the exempt property.”

34 *This amendment became effective upon its adoption.*

35 **DIRECT MAIL - DEFINITION**

1 *Compiler's note: The Governing Board issued interpretations of "direct mail" on December 14, 2006 and*
2 *September 5, 2008. Those interpretations can be found in the Library of Interpretations in Appendix D.*

3 **SALES PRICE - DEFINITION**

4 *Compiler's note: (a) On April 16, 2005 the following amendments were made to the definition of "Sales*
5 *Price".*

6 *Deleting "F. The value of exempt personal property given to the purchaser where taxable and*
7 *exempt personal property have been bundled together and sold by the seller as a single product or*
8 *piece of merchandise;" and renumbering "G" to "F".*

9 *Changing the cross reference to reflect the renumbering, inserting the second and third sentences*
10 *in the paragraph following (F), and inserting the definition of "telecommunications nonrecurring*
11 *charges".*

12 *Inserting all of the material starting with "Sales price" shall include consideration received by*
13 *the seller from third parties".*

14 *Member states had to comply with the changes to this definition no later than January 1, 2008.*

15 *(b) The following definition was in effect through December 31, 2007.*

16 *"Sales price" applies to the measure subject to sales tax and means the total amount of consideration,*
17 *including cash, credit, property, and services, for which personal property or services are sold, leased, or*
18 *rented, valued in money, whether received in money or otherwise, without any deduction for the following:*

- 19 *A. The seller's cost of the property sold;*
- 20 *B. The cost of materials used, labor or service cost, interest, losses, all costs of*
21 *transportation to the seller, all taxes imposed on the seller, and any other expense of*
22 *the seller;*
- 23 *C. Charges by the seller for any services necessary to complete the sale, other than delivery*
24 *and installation charges;*
- 25 *D. Delivery charges;*
- 26 *E. Installation charges;*
- 27 *F. The value of exempt personal property given to the purchaser where taxable and exempt*
28 *personal property have been bundled together and sold by the seller as a single*
29 *product or piece of merchandise; and*
- 30 *G. Credit for any trade-in, as determined by state law.*

31 *States may exclude from "sales price" the amounts received for charges included in paragraphs (C)*
32 *through (G) above, if they are separately stated on the invoice, billing, or similar document given to the*
33 *purchaser.*

34 *"Sales price" shall not include:*

- 35 *A. Discounts, including cash, term, or coupons that are not reimbursed by a third party*
36 *that are allowed by a seller and taken by a purchaser on a sale;*

- 1 B. *Interest, financing, and carrying charges from credit extended on the sale of personal*
2 *property or services, if the amount is separately stated on the invoice, bill of sale or*
3 *similar document given to the purchaser; and*
4 C. *Any taxes legally imposed directly on the consumer that are separately stated on the*
5 *invoice, bill of sale or similar document given to the purchaser.*

6 *(c) On December 19, 2011 the following (AM11002A01) was added to the definition of “Sales Price”.*

7 *Notwithstanding (B) above, a state may elect, by statute or administrative regulation, to exclude from sales*
8 *price the following types of taxes, but only if that tax is separately stated on the invoice, bill of sale or similar*
9 *document given to the purchaser:*

- 10 1. *Any or all state and local taxes on a retail sale that are imposed on the seller if the state statute authorizing*
11 *or imposing the tax provides that the seller may, but is not required, to collect such tax from the consumer. If*
12 *there is no state statute authorizing or imposing the local tax, the language in the local ordinance will*
13 *determine if the local tax may, but is not required, to be collected from the consumer; and/or*
14 2. *Tribal taxes on a retail sale that are imposed on the seller if the Tribal law authorizing or imposing the tax*
15 *provides that the seller may, but is not required, to collect such tax from the consumer.*

16 *Such tax exclusion from sales price shall be listed on the state’s taxability matrix. The exclusion of a specific tax*
17 *from sales price may not be based on the type of consumer or product sold.*

18 **TANGIBLE PERSONAL PROPERTY - DEFINITION**

19 *Compiler’s Note: The Governing Board issued Interpretation Opinion 2009-1 relating to the definition of “tangible*
20 *personal property” on May 12, 2009. That interpretation can be found in the Library of Interpretations in Appendix*
21 *D.*

23 **PART II – PRODUCT DEFINITIONS – COMPILER’S NOTES**

24 **ESSENTIAL CLOTHING – DEFINITION**

25 *Compiler’s note: On February 26, 2009 the definition of “essential clothing” was approved.*

26 **CLOTHING – DEFINITIO**

27 *Compiler’s note: The Governing Board issued Interpretation 2006-05 relating to the definition of clothing on*
28 *August 29, 2006. That interpretation can be found in the Library of Interpretations in Appendix D.*

29 **FUR CLOTHING – DEFINITION**

30 *Compiler’s note: On December 14, 2006 the definition of “fur clothing” was approved.*

31 **COMPUTER SOFTWARE – DEFINITION**

32 *Compiler’s note: On May 12, 2009 the Governing Board issued an interpretation of the definition of “computer*
33 *software.” That interpretation can be found in the Library of Interpretations in Appendix D.*

34 **PREWRITTEN COMPUTER SOFTWARE – DEFINITION**

1 *Compiler’s note: On May 12, 2009 the Governing Board issued Interpretative Opinion 2009-1 relating to the*
2 *definition of “prewritten computer software.” That interpretation can be found in the Library of Interpretations in*
3 *Appendix D.*

4 **OPTIONAL COMPUTER SOFTWARE MAINTENANCE CONTRACT – DEFINITION**

5 *Compiler’s note: (a) On December 6, 2008 software maintenance contract definitions were adopted. This*
6 *provision became effective upon its adoption.*

7 *(b) On April 30, 2010 the last sentence was added. This provision became effective upon its adoption.*

8 **DIGITAL PRODUCTS DEFINITIONS**

9 *Compiler’s note: The Digital Product Definitions were adopted on September 20, 2007 and became effective on*
10 *January 1, 2008.*

11 **BOTTLED WATER – DEFINITION**

12 *Compiler’s note: The bottled water definition was adopted on April 30, 2010 and became effective upon its*
13 *adoption.*

14 **CANDY – DEFINITION**

15 *Compiler’s note: On September 20, 2007 the Governing Board issued Interpretation 2007-03 relating to the*
16 *definition of “candy.” That interpretation can be found in the Library of Interpretations in Appendix D.*

17 **FOOD AND FOOD INGREDIENTS – DEFINITION**

18 *Compiler’s note: (a) On April 30, 2010 this definition was amended by adding “bottled water” in the third sentence.*
19 *This change became effective upon its adoption.*

20 *(b) On October 7, 2010 the Governing Board issued Interpretative Opinion 2010-03 relating to the definition of*
21 *“food and food ingredients.” That interpretation can be found in the Library of Interpretations in Appendix D.*

22 *(c) On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-01 relating to the definition of*
23 *“food and food ingredients.” That interpretation can be found in the Library of Interpretations in Appendix D.*

24 **PREPARED FOOD – DEFINITION**

25 *Compiler’s note: (a) On April 18, 2006 the Governing Board issued Interpretation 2006-04 relating to the definition*
26 *of “prepared food.” That interpretation can be found in the Library of Interpretations in Appendix D.*

27 *(b) On December 14, 2006, the Governing Board issued Interpretation 2006-11 relating to “prepared food.” That*
28 *interpretation can be found in the Library of Interpretations in Appendix D.*

29 *(c) On April 30, 2010 this definition was amended by adding “bottled water” in the last sentence. This change*
30 *became effective upon its adoption.*

31 **DRUG – DEFINITION**

32 *Compiler’s note: On June 23, 2007 the Governing Board issued Interpretation 2007-01 relating to the definition of*
33 *“drug.” That interpretation can be found in the Library of Interpretations in Appendix D.*

34 **DURABLE MEDICAL EQUIPMENT – DEFINITION**

1 *Compiler’s note: (a) On October 1, 2005 the durable medical equipment definition was amended by deleting: “A*
2 *member state may limit its exemption to “durable medical equipment” used for home use only. A member state may*
3 *limit the application of this definition by requiring a “prescription,” or limit an exemption based on Medicare or*
4 *Medicaid payments or reimbursements” after D and inserting:*

5 “A member state may limit its exemption to “durable medical equipment:”

6 A. By requiring a prescription;

7 B. Based on Medicare or Medicaid payments or reimbursement; or

8 C. For home use.

9 A member state may limit the exemption using any combination of the above but in no case shall an exemption
10 certificate be required.”

11 *Member states shall adopt and utilize this definition no later than January 1, 2008.*

12 *Compiler’s note: On August 29, 2006 the durable medical equipment definition was amended by adding all the*
13 *language starting with “A member state may exclude...” The August 29, 2006 amendment to this section*
14 *became effective upon its approval.*

15 *(b) On June 23, 2007 the definition of durable medical equipment was amended by adding:*

16 *“Repair and replacement parts as used in this definition include all components or attachments used in*
17 *conjunction with the “durable medical equipment.” A member state may exclude from repair and replacement*
18 *parts items which are for single patient use only.”*

19 *(c) The following is the definition effective through December 31, 2007.*

20 **“Durable medical equipment”** means equipment including repair and replacement parts for same, but does not
21 include “mobility enhancing equipment,” which:

22 A. Can withstand repeated use; and

23 B. Is primarily and customarily used to serve a medical purpose; and

24 C. Generally is not useful to a person in the absence of illness or injury; and

25 D. Is not worn in or on the body.

26 *A member state may limit its exemption to “durable medical equipment” used for home use only. A member*
27 *state may limit the application of this definition by requiring a “prescription,” or limit an exemption based on*
28 *Medicare or Medicaid payments or reimbursements.*

29
30 *A member state may exclude from the product definition of “durable medical equipment” any of the following*
31 *for purposes enacting a product-based exemption:*

32
33 1. *Oxygen delivery equipment not worn in or on the body, including repair and replacement parts;*

34 2. *Kidney dialysis equipment not worn in or on the body, including repair and replacement parts; or*

35 3. *Enteral feeding systems not worn in or on the body, including repair and replacement parts.*

36

1 *A member state choosing to enact a product-based exemption for oxygen delivery equipment, kidney dialysis*
2 *equipment, or enteral feeding systems, if those items are not worn in or on the body, must also enact a product-*
3 *based exemption for oxygen delivery equipment, kidney dialysis equipment, or enteral feeding systems, if those*
4 *are worn in or on the body.*

5
6 *A member state may limit the product-based exemption for oxygen delivery equipment, kidney dialysis*
7 *equipment, or enteral feeding systems using any combination of the following:*

- 8
9 *a. By requiring a prescription;*
10 *b. Based on Medicare or Medicaid payments or reimbursement; or*
11 *c. For home use.*

12 **TELECOMMUNICATION SERVICES DEFINITIONS**

13 *Compiler's note: On April 16, 2005 the telecommunications definitions were added to the Agreement. Member*
14 *states shall adopt and utilize these definitions no later than January 1, 2008.*

15 **PAGING SERVICE – DEFINITION**

16 *Compiler's note: On August 17, 2010 the Governing Board issued Interpretative Opinion 2010-02 relating to the*
17 *definition of "paging service." That interpretation can be found in the Library of Interpretations in Appendix D.*

18 **PREPAID WIRELESS CALLING SERVICE – DEFINITION**

19 *Compiler's note: On May 19, 2011 the "prepaid wireless calling service" definition was changed to correct a*
20 *typographical error. The phrase "units of dollars" in the last clause was incorrect. The correct phrase is "units or*
21 *dollars." The word "of" was changed to the correct word "or."*

22 23 **PART III – SALES TAX HOLIDAY DEFINITIONS**

24 *Compiler's note: On September 5, 2008 Part III was divided into "Administrative Definitions" and Product*
25 *Definitions." The amendment became effective upon its adoption.*

26 **SCHOOL SUPPLY - DEFINITION**

27 *Compiler's note: On December 19, 2011 the Governing Board issued Interpretative Opinion 2011-02 relating to the*
28 *definition of "school supply." That interpretation can be found in the Library of Interpretations in Appendix D.*

29 **DISASTER PREPAREDNESS DEFINITIONS**

30 *Compiler's note: On September 30, 2009 the disaster preparedness definitions were adopted and became effective*
31 *upon adoption.*
