Re: Nevada's Comment Regarding SST Staff's 9/24/09 Recertification Analysis.

Dear Mr. Peterson:

This is in response to SST Staff's statement that Nevada has not fully implemented ACH Credit payments.

The Department did complete the necessary account balance process for accepting ACH Credit in conjunction with the State's Treasurer's Office, with verification through the State's Controller's Office. We had every intention in working with our vendor "Accenture" to build the programmatic processing capability "interface" between the State Treasurer's Office and our unified computer system at the Department. Unfortunately, given Nevada's current budget problems we did not receive the necessary funding in order to pay Accenture for the completion of the "interface" with our computer system. At this time, Nevada can not provide for ACH Credit processing until it receives the funding to do so. If and when we do receive the funding we will complete the "interface." Regrettably, Nevada will amend its Certificate of Compliance in Section 319 accordingly. In the alternative, we do afford taxpayers the ability to pay electronically through other types of electronic funds transfers.

I am available to respond to any questions the SST Staff has concerning this matter.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Dino DiCianno".

Dino DiCianno, Executive Director
Nevada Department of Taxation
