

Streamlined Sales Tax Registration Notice

We have received and approved your sales tax application from the Streamlined Sales Tax Registration System. Enclosed is your Nebraska sales tax permit.

If you are a Certified Service Provider, please forward the permit to your client.

Sales tax must be remitted monthly quarterly annually, on either the Simplified Electronic Return, or on the Nebraska and Local Sales and Use Tax Return, Form 10. A return must be filed by the 20th of the month following the close of the reporting period, to avoid penalty and interest assessments. If no sales are recorded for a given reporting period, a “zero” return must be filed by the due date. Additional information is available on our website at www.revenue.ne.gov.
