

A motion by Ohio to amend Section 310 of the Streamlined Sales and Use Tax Agreement relating to Sourcing by providing an alternative statewide tax rate:

Section 310: GENERAL SOURCING RULES

- A. Except as provided in subsection (E) of this section, the ~~The~~ retail sale, excluding lease or rental, of a product shall be sourced as follows:
1. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.
 2. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser (or the purchaser's donee, designated as such by the purchaser) occurs, including the location indicated by instructions for delivery to the purchaser (or donee), known to the seller.
 3. When subsections (A)(1) and (A)(2) do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith.
 4. When subsections (A)(1), (A)(2), and (A)(3) do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith.
 5. When none of the previous rules of subsections (A)(1), (A)(2), (A)(3), or (A)(4) apply, including the circumstance in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided (disregarding for these purposes any location that merely provided the digital transfer of the product sold).

- B. The lease or rental of tangible personal property, other than property identified in subsection (C) or subsection (D), shall be sourced as follows:
1. For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsection (A). Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.
 2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (A).
 3. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.
- C. The lease or rental of motor vehicles, trailers, semi-trailers, or aircraft that do not qualify as transportation equipment, as defined in subsection (D), shall be sourced as follows:
1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations.
 2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection (A).

3. This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.
- D. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection (A), notwithstanding the exclusion of lease or rental in subsection (A).
“Transportation equipment” means any of the following:
1. Locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce.
 2. Trucks and truck-tractors with a Gross Vehicle Weight Rating (GVWR) of 10,001 pounds or greater, trailers, semi-trailers, or passenger buses that are:
 - a. Registered through the International Registration Plan; and
 - b. Operated under authority of a carrier authorized and certificated by the U.S. Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.
 3. Aircraft that are operated by air carriers authorized and certificated by the U.S. Department of Transportation or another federal or a foreign authority to engage in the carriage of persons or property in interstate or foreign commerce.
 4. Containers designed for use on and component parts attached or secured on the items set forth in subsections (D)(1) through (D)(3).
- E.
1. A member state that has local jurisdictions that levy sales or use taxes may elect to provide sellers that make delivery sales of tangible personal property or services from permanent locations in that state with the option to pay or collect tax on such delivery sales at a single statewide rate, in lieu of sourcing such sales under subsection (A) of this section. The single statewide rate shall be established by the laws of the member state and shall not be higher than the highest combined state and local rate applicable in that state.
 2. Any member state that elects to use the provisions of subsection (E)(1) of this section shall also provide sellers that make delivery sales from locations outside

that state that are sourced to a jurisdiction in that state under subsection (A) of this section with the option to pay or collect tax at the same single statewide rate as provided in subdivision (E)(1) of this section.

3. A purchaser that has paid the single statewide rate authorized by a member state under subsection (E)(1) or (E)(2) of this section shall not be held liable for additional local use tax as a consumer unless the purchaser subsequently moves the item purchased to another jurisdiction within the member state or to another state.
4. Any state that provides a single statewide rate under subsection (E)(1) and (E)(2) of this section shall provide a purchaser that pays the single statewide rate on any delivery sale that would otherwise be sourced under subsection (A) of this section to a local jurisdiction with a combined state and local tax rate that is less than the single statewide rate with at least one year to apply for a refund of the difference between the two rates.
5. Distribution of the tax revenue collected for local jurisdictions under the single statewide rate authorized by a member state under subsections (E)(1) and (E)(2) of this section shall be made pursuant to the laws of that member state.
6. As used in subdivisions (E) of this section, “delivery sale” means a sale of tangible personal property or a service that is sourced under subdivision (A) of this section to a taxing jurisdiction within a member state where the seller does not have a permanent location.
7. The use of an alternative rate in subdivisions (E) of this section shall not violate Section 308 of this Agreement.
