A. A member state is in compliance with the Agreement if the effect of the state's laws, rules, regulations, and policies is substantially compliant with each of the requirements set forth in the Agreement.

B. Unless the governing board specifies a different time period, no member state shall be found out of compliance under subsection A for failing to substantially comply with any amendment to the Agreement adopted under section 901 of the Agreement or an interpretation or interpretive rule adopted under section 902 of the Agreement, if substantial compliance with the amendment, interpretation or interpretive rule requires the state to make a statutory change, until the later of the first day of January at least two years after the adoption of the amendment, interpretation or interpretive rule or the first day of a calendar quarter following the end of one full session of the state's legislature.

C. Unless the governing board specifies a different time period, no member state shall be found out of compliance under subsection A if its noncompliance is a result of a judicial ruling in that state that interprets that term of the Agreement in a manner inconsistent with an interpretation by, or interpretive rule of, the governing board adopted under section 902 of the Agreement and the member state comes into substantial compliance with the interpretation of the governing board by amending its statutes before the later of the first day of January at least two years after the issuance of the judicial decision or the first day of a calendar quarter following one full session of the state's legislature.
