Streamlined Sales Tax Governing Board
Section 328 Best Practices Matrix

Effective Date: January 13, 2014

Best Practice from Appendix E	Brief Description of Best Practice	Does Your State Follow this Best Practice?		Add Additional Comments if Desired. If You Answered No, Describe the Difference Between the Best Practice as adopted by the Governing Board and Your State's Treatment
		Yes	No	
Best Practice 1 – Vouchers				
Vouchers 1.1	The member state administers the difference between the value of a voucher allowed by the seller and the amount the purchaser paid for the voucher as a discount that is not included in the sales price (i.e., same treatment as a seller's in-store coupon), provided the seller is not reimbursed by a third party, in money or otherwise, for some or all of that difference. Vouchers 1.2	The member state provides that when the discount on a voucher will be fully reimbursed by a third party the seller is to use the face value of the voucher (i.e., same as the treatment of a manufacturer's coupon) and not the price paid by the purchaser as the measure (sales price) that is subject to tax.	X		See Tax Release titled: "Sales of Discounted Certificates and Product Vouchers", published in Wisconsin Tax Bulletin #176 (August 2012) beginning on page 10.
Vouchers 1.3	The member state provides that costs and expenses of the seller are not deductible from the sales price and are included in the measure (sales price) that is subject to tax. Further, reductions in the amount of consideration received by the seller from the third party that issued, marketed, or distributed the vouchers, such as advertising or marketing expenses, are costs or expenses of the seller.
