2025 Issue 5: Failure to accept SER and to compensate CSP for Model 1 Sellers who only sell food in DeKalb County.						Out of compliance Vote:
On February 22, 2018, the Georgia Department of Revenue issued policy bulletin SUT-2018-01 to explain the new DeKalb County Local Sales and Use Taxes. That policy bulletin stated: "The Streamlined Sales Tax Simplified Electronic Return (SER) cannot accommodate the proper DeKalb County rate for exempt food. Therefore, taxpayers selling food in Georgia are not permitted to use the SER to report sales and use taxes." Since the issuance of the bulletin Georgia has stopped all SERs submitted for any seller whose receipts are for the sale of food in DeKalb County. The department then sends a notice to the seller for penalty, interest, and the CSP compensation claimed on the SER.

			which is located within the corporate limits of a city or village. This rate is identified in the Nebraska sales and use tax rates and boundaries quarterly files. In Section 308 of the SSUTA, a member state is prohibited from having multiple state sales and use tax rates on items of personal property or services, except that a member state may impose a single additional rate, which may be zero, on food and food ingredients and drugs as defined by state law pursuant to the SSUTA. Effective October 1, 2025, the state sales and use tax rate will return to 5.5% (which is the Nebraska state rate) on transactions made within a GLD, putting Nebraska back in substantial compliance with all terms of the Agreement.

Sales Tax Holiday	Sec. 322.B.1.	ORC 5739.02 ORC 5739.41	In 2024, Ohio was found out of compliance with the Streamlined Agreement for including all tangible personal property in the expanded sales tax holiday, which previously did not allow for exclusion of items which had no definition within the Agreement. Due to the Governing Board's vote to adopt Agreement language that allows for the inclusion of all tangible personal property in a holiday, whether defined or not, Ohio is no longer out of compliance with the Agreement under that finding. However, Ohio's expanded sales tax holiday includes all tangible personal property that that is \$500 or less but does not include watercraft or outboard motor required to be titled pursuant to Chapter 1548. of the Revised Code, a motor vehicle, an alcoholic beverage, tobacco, a vapor product as defined in R.C. 5743.01 , or an item that contains marijuana as defined in section R.C. 3796.01. Since "vapor products" is excluded from Ohio's 2025 expanded sales tax holiday and is not a defined term within the Agreement, Ohio may be out of compliance with regards to this provision.
