

Canceling Registrations

Canceling your registration does not remove any tax liability you have with any state. Please contact the state if you owe any taxes.

It is *your responsibility* to contact each state to determine your licensing and reporting requirements.

Are you currently under contract with a Certified Service Provider?

Contact your CSP to cancel or end your registration for a specific state. The CSP will work with you to determine when their services will end and will file returns through that date.

If you do not contract with a CSP, you can end your registration in a selected state(s) or all states registered in through the Streamlined Registration System (SSTRS) at www.sstregister.org.

To end a single state:

- Select Edit State Registrations
- Uncheck the box in column 1 next to the state you want to end
- In the box that opens enter the date to end this registration
- If you still need a registration in that state but did not want to be registered through the SSTRS, check the box "Need registration in state". Click "Accept." The state will continue your registration. You will need to contact the state for any changes to that state's registration after this is submitted.
- Click "Submit" at the bottom of the page.

Only the registration for the state you edited will be ended. You may reregister in that state or register in additional states at any time by logging in and selecting "Edit State Registrations."

To end registrations in all states (if you have a new FEIN, you will need end your current registration and register using the new FEIN):

Important

You are required to file returns for each state in which you were registered through the date you end your registration. Failure to file this final return in each state may result in estimated tax, late fees, interest and penalties being imposed.

- Select "End Registration in All States"
- Enter your Last Date of Sales
- Submit

You will not have access to this SSTRS registration after you cancel the registration. If you end a registration in error or restart your business, you will need to reregister.

If you need to end your registration **more than 60 days prior to the current date** email Registration@sstgb.org with you SSTID and explanation to request the registration be canceled.
